CHAPTER NO. 651

[HB 528]

AN ACT REQUIRING THE DEPARTMENT OF INSTITUTIONS TO DEVELOP A REQUEST FOR PROPOSALS TO SOLICIT PROPOSALS FROM MONTANA LOCAL GOVERNMENTAL UNITS FOR THE SITING OF A WOMEN'S CORRECTIONAL CENTER; REQUIRING THE DEPARTMENT TO SOLICIT PROPOSALS ACCORDING TO THE REQUEST; SPECIFYING CERTAIN CRITERIA FOR THE SITE OF THE CENTER; CREATING A COMMITTEE TO EVALUATE THE PROPOSALS; PROVIDING FOR THE EVALUATION OF THE PROPOSALS AND SELECTION OF A CENTER SITE; APPROPRIATING MONEY FOR THE PURPOSES OF THE SITE SELECTION COMMITTEE; AMENDING SECTIONS 53-1-202, 53-30-101, AND 53-30-102, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE.

WHEREAS, Article II, section 28, of the Montana Constitution states that laws for the punishment of crime should be founded on the principles of prevention and reformation; and

WHEREAS, the current Women's Correction Center was created in 1982 as a temporary facility; and

WHEREAS, the current Women's Correction Center is a totally inadequate correctional facility consisting of a vacant nurses' dormitory at Warm Springs State Hospital, which provides inadequate security; inadequate medical, vocational, and other educational and rehabilitative services; and inadequate space for the state's rising population of female inmates; and

WHEREAS, population projections by the Department of Institutions estimate 124 female inmates will be incarcerated in a state facility, including prerelease and community-based facilities, by the year 1995; and

WHEREAS, Chapter 518, Laws of 1989, required the Department of Institutions, in cooperation with the Governor's Criminal Justice and Corrections Advisory Council, to develop a comprehensive plan for housing female inmates and required submission of the plan to the 52nd Legislature; and

WHEREAS, the Department of Institutions has begun a request for proposal process by which it is soliciting proposals from various Montana communities to construct a women's correctional center; and

WHEREAS, the Legislature believes that decisions concerning the site selection process and the financing and construction of the center must be made with the interests of crime prevention and reformation of female inmates as the state's highest priority and are matters of statewide concern and appropriate for legislative action.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Legislative findings.** The legislature finds that the incarceration and management of female felony offenders is a matter of state responsibility and that the location and design of a women's correctional center providing for these services determines the proper management of those offenders, so that it is necessary to provide proper guidelines for the location and construction of the women's correctional center.

(2) The committee shall determine a maximum numeric value for each of the criteria required in [section 3]. Criteria that the committee determines to be of more relative importance must be awarded a greater maximum value. The committee shall rate each proposal considered by it by using a weighted scale process that assigns a numeric score for each criteria and then totals the score for each proposal. The score for each criteria and proposal must be determined by the extent to which each criteria is satisfied, based upon a documented demonstration of:

(a) the proximity, availability, and number of resources satisfying the criteria;

(b) the strength and quality of the resources satisfying the criteria; and

(c) the strength of the community's willingness and ability to provide resources satisfying the criteria.

Section 6. **Site visitation and hearings required.** The site selection committee shall determine the four proposals with the highest numeric scores. The committee shall eliminate the other proposals from further consideration. As soon as possible after elimination of the other sites, the committee shall conduct on-site reviews of the four remaining candidate sites by conducting both an on-site tour of each of the four candidate sites and holding a public hearing on the subject of the center in the community where each proposed site is located. The purpose of the tour and hearing is to receive information concerning the extent to which each candidate site satisfies the criteria in [section 3] and [section 7(2)]. The hearings must be conducted under procedures determined by the committee, and the committee shall give notice of each hearing by advertisement in a newspaper of general circulation in the county of each candidate site.

Section 7. **Site selection.** (1) After completing the on-site reviews required by [section 6], the committee shall again score each of the four candidate sites by applying the criteria and scoring method provided in [section 5].

(2) If two or more proposals receive the same total score, the committee shall determine the leading proposal by assigning maximum point values for and scoring those proposals on the following criteria for the community in which the center would be located:

(a) strength of community volunteer resources;

(b) ability of the community's post-secondary educational programs to provide appropriate interns for the facility;

(c) the receptiveness of the public school district or districts to enrolling the children of center inmates in their schools; and

(d) the ethnic and cultural diversity of the community.

(3) The center must be located at the site proposed by the local governmental unit whose proposal receives the highest numeric score using the procedure provided in this section. Upon selection of the winning proposal

by the committee, the committee will inform the director of the department of its selection. The director shall review the selection process to ensure that the committee has not made an error in process or in fact. If the director determines that an error has been made, he shall remand the recommendation to the committee for further evaluation. The director shall make a public announcement of the committee's selection upon determining that no errors have been made. The committee shall submit its selection to the director of the department no later than 150 days after [the effective date of this act].

CHAPTER NO. 652

[HB 781]

AN ACT AUTHORIZING THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES TO ADOPT RULES FOR THE COLLECTION OF FEES FOR THE ISSUANCE AND RENEWAL OF AIR QUALITY CONSTRUCTION AND OPERATING PERMITS; PROVIDING FOR THE EXPIRATION OF THE PERMITS; ALLOWING FEE ASSESSMENTS TO FUND DEPARTMENTAL AIR QUALITY ACTIVITIES FOR PARTICULAR GEOGRAPHIC AREAS IF THE LEGISLATURE AUTHORIZES THE ACTIVITIES AND APPROPRIATES THE FUNDS FOR THE ACTIVITIES; CLARIFYING THE AUTHORITY OF THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES TO ISSUE AN OPERATING PERMIT; AMENDING SECTIONS 75-2-111 AND 75-2-211, MCA; AND PROVIDING AN EFFECTIVE DATE AND RETROACTIVE APPLICABILITY DATES.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 1] requires the board of health and environmental sciences to adopt by rule fees for air quality permit applications. The purpose of this bill is to allow the collection of an ongoing annual fee to cover the costs associated with the development and administration, including implementation and enforcement, of an air quality permitting program. While there is a need for a fee system to cover these costs, it is not the legislature's intent that these fees be used to recover other costs not delineated in this bill. The legislature recognizes that the identification of actual costs associated with specific permits and permitting activities may be difficult and envisions that a fee schedule may be established with generic applicability. This may result in fees for classes of sources according to the type or amount of emissions or the type of source. For example, it may be determined that the costs associated with the development and administration of a permitting program vary directly with the amount or type of regulated pollutants emitted. In such a case, a fee based upon the tons of a regulated pollutant emitted may be appropriate.

The board's rules defining the fee structure to be used by the department shall ensure that the fees charged will not collect, in the aggregate, more than is authorized and appropriated by the legislature to the department for the development and administration of the permitting program.

This bill also clarifies the authority of the department of health and environmental sciences to issue an operating permit for air contaminant sources. It is the legislature's intent that all air contaminant sources operating within the state obtain an operating permit, including those sources that are "grandfathered" under current air quality regulations. Reasonable exemptions from this requirement may be approved by the board and implemented based upon the size or nature of the source or its emissions.

For sources of air contaminants that are subject to Title V of the federal Clean Air Act, 42 U.S.C. 7401, et seq., as amended, the board may provide for the expiration and renewal of permits issued to those sources, as necessary to meet the requirements of Title V. To provide for the orderly transition to Title V permits for both current permitholders and grandfathered sources, the board shall establish a transition schedule. The transition schedule may not specify dates for obtaining Title V permits that are earlier than the times contained in the Act.

This bill also allows for the assessment of those fees necessary to fund activities of the department that are intended to address specific air quality problems in the state if the legislature authorizes the activities and appropriates the funds for the activities. For example, it may be necessary to conduct additional ambient monitoring in a particular geographic area in order to determine the compliance status of that area with applicable ambient air quality standards. The legislature intends that this provision be used only to fund those activities that examine specific problems in particular geographic areas. The assessments for funding should be levied in an equitable fashion and only upon those sources whose emissions are both of the type being focused upon and thought to impact the geographic area.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-2-111, MCA, is amended to read:

"**75-2-111. Powers of board.** The board shall:

(1) adopt, amend, and repeal rules for the administration, implementation, and enforcement of this chapter, for issuing orders under and in accordance with 42 U.S.C. 7419, and for fulfilling the requirements of 42 U.S.C. 7420 and regulations adopted pursuant thereto;

(2) hold hearings relating to any aspect of or matter in the administration of this chapter at a place designated by the board. The board may compel the attendance of witnesses and the production of evidence at hearings. The board shall designate an attorney to assist in conducting hearings and shall appoint a reporter who shall be present at all hearings

and take full stenographic notes of all proceedings thereat, transcripts of which will be available to the public at cost.

(3) issue orders necessary to effectuate the purposes of this chapter;

(4) by rule require access to records relating to emissions;

(5) by rule adopt a schedule of fees required for permits *and permit applications, consistent with* ~~under~~ this chapter;

(6) have the power to issue orders under and in accordance with 42 U.S.C. 7419."

Section 2. Section 75-2-211, MCA, is amended to read:

"**75-2-211. Permits for construction, installation, alteration, or use.** (1) The department shall provide for the issuance, suspension, revocation, and renewal of a permit issued under this ~~section~~ *part.*

(2) For all sources of air contaminants that are subject to the provisions of Title V of the federal Clean Air Act, 42 U.S.C. 7401, et seq., as amended, the provisions of this section apply in addition to the other applicable provisions of this chapter.

(a) The board shall by rule require that permits issued to sources described in subsection (2) be of limited duration, but it may not limit the duration of the permits beyond that required by the federal Clean Air Act, 42 U.S.C. 7401, et seq., as amended.

(b) The board shall by rule provide for the renewal of permits issued to the sources.

(c) The board shall by rule establish a transition schedule for air quality permits held by sources of air contaminants subject to the provisions of subsection (2). The transition schedule must specify dates for the expiration of the permits, absent an application for renewal by the source. The transition schedule may not specify expiration dates that are earlier in time than those required by Title V of the federal Clean Air Act, 42 U.S.C. 7401, et seq., as amended. The transition schedule established by the board also applies to existing sources of air contaminants that are subject to the provisions of Title V of the federal Clean Air Act, 42 U.S.C. 7401, et seq., as amended, and that do not hold an air quality permit from the department as of November 2, 1992.

~~(2)~~*(3)* Not later than 180 days before construction, ~~begins~~ *installation, or alteration begins or as a condition of use* of any machine, equipment, device, or facility which the board finds may directly or indirectly cause or contribute to air pollution or which is intended primarily to prevent or control the emission of air pollutants ~~and not later than 120 days before installation, alteration, or use begins~~, the owner or operator shall file with the department the appropriate permit application on forms available from the department. ~~and pay to the department a fee sufficient to cover:~~

~~(a) the reasonable costs of reviewing and acting upon the application for such permit; and~~

~~(b) the reasonable costs of implementing and enforcing the terms and conditions of such permit if the permit is granted (not including any court costs or other costs associated with any enforcement action). The fee shall be deposited in the state special revenue fund to be used by the department for administration of this section.~~

(4) Concurrent with the submittal of a permit application required by subsection (3) and annually for the duration of the permit, the applicant shall submit to the department a fee sufficient to cover the reasonable costs, both direct and indirect, of developing and administering the permitting requirements in this chapter, including the reasonable costs of:

(a) reviewing and acting upon the application;

(b) implementing and enforcing the terms and conditions of the permit if the permit is issued. However, this amount does not include any court costs or other costs associated with any enforcement action. If the permit is not issued, the department shall return this portion of the fee to the applicant.

(c) emissions and ambient monitoring;

(d) preparing generally applicable regulations or guidance;

(e) modeling, analysis, and demonstrations; and

(f) preparing inventories and tracking emissions.

(5) In addition to the fee required under subsection (4), the board may order the assessment of additional fees required to fund specific activities of the department that are directed at a particular geographic area if the legislature authorizes the activities and appropriates the funds for the activities, including emissions or ambient monitoring, modeling analysis or demonstrations, or emissions inventories or tracking. Additional assessments may be levied only on those sources that are within or are believed by the department to be impacting the geographic area. Before the board may require the assessments, it shall first determine, after opportunity for hearing, that the activities to be funded are necessary for the administration or implementation of this chapter, that the assessments apportion the required funding in an equitable manner, and that the department has obtained legislative authorization for the expenditure and the necessary appropriation.

(6) As a condition of the continuing validity of permits issued by the department under this part prior to October 1, 1991, the department may require the permitholder to pay an annual fee sufficient to cover the costs identified in subsection (4).

(7) For any existing source of air contaminants that is subject to Title V of the federal Clean Air Act, 42 U.S.C. 7401, et seq., as amended, and that is not required to hold an air quality permit from the department as of October 1, 1991, the board may, as a condition of continued operation,

require by rule that the owner or operator of the source pay the annual fee provided for in subsection (4). Nothing in this subsection may be construed as allowing the department to charge any source of air contaminants more than one annual fee that is designed to cover the costs identified in subsection (4).

(8) The fees collected by the department pursuant to this section must be deposited in the state special revenue fund to be appropriated by the legislature to the department for the development and administration of the permitting requirements in this chapter.

(9) (a) The department shall give written notice of the amount of the fee to be assessed and the basis for the department's fee assessment under this section to the owner or operator of the air contaminant source. The owner or operator may appeal the department's fee assessment to the board within 20 days after receipt of the written notice.

(b) An appeal must be based upon the allegation that the fee assessment is erroneous or excessive. An appeal may not be based only on the amount of the fee schedule adopted by the board.

(c) If any part of the fee assessment is not appealed, it must be paid to the department upon receipt of the notice in subsection (9)(a).

(d) The contested case provisions of the Montana Administrative Procedure Act provided for in Title 2, chapter 4, apply to any hearing before the board under this subsection (9).

~~(3)~~*(10)* Nothing in this section shall restrict the board's authority to adopt regulations providing for a single air quality permit system.

~~(4)~~*(11)* The department may, for good cause shown, waive or shorten the time required for filing the appropriate applications.

~~(5)~~*(12)* The department shall require that applications for permits be accompanied by any plans, specifications, and other information it considers necessary.

~~(6)~~*(13)* An application is not considered filed until the applicant has submitted all *fees and* information and completed all application forms required by subsections ~~(2),~~ (3)~~,~~ ~~and (5)~~ *through (7) and (12)*. However, if the department fails to notify the applicant in writing within 30 days after the purported filing of an application that the application is incomplete and fails to list the reasons why the application is considered incomplete, the application is considered filed as of the date of the purported filing.

~~(7)~~*(14)* (a) Where an application for a permit requires the compilation of an environmental impact statement under the Montana Environmental Policy Act, the department shall notify the applicant in writing of the approval or denial of the application within:

(i) 180 days of the receipt of a filed application, as defined in subsection ~~(6)~~ *(13)*, if the department prepares the environmental impact statement; or

(ii) within 30 days after issuance of the final environmental impact statement by the lead agency if a state agency other than the department has been designated by the governor as lead agency for preparation of the environmental impact statement.

(b) However, where an application does not require the compilation of an environmental impact statement, the department shall notify the applicant in writing within 60 days of the receipt of a filed application, as defined in subsection ~~(6)~~ *(13)*, of the approval or denial of the application. Notification of approval or denial may be served personally or by registered or certified mail on the applicant or his agent.

~~(8)~~*(15)* When the department approves or denies the application for a permit under this section, a person who is jointly or severally adversely affected by the department's decision may request, within 15 days after the department renders its decision, upon affidavit setting forth the grounds therefor, a hearing before the board. A hearing shall be held under the provisions of the Montana Administrative Procedure Act.

~~(9)~~*(16)* The department's decision on the application is not final unless 15 days have elapsed and there is no request for a hearing under this section. The filing of a request for a hearing postpones the effective date of the department's decision until the conclusion of the hearing and issuance of a final decision by the board."

Section 3. **Retroactive applicability.** (1) [Subsections (2) and (6) of section 2] apply retroactively, within the meaning of 1-2-109, to all permits issued by the department of health and environmental sciences pursuant to Title 75, chapter 2, and prior to [the effective date of those subsections].

(2) [Subsections (2), (3), and (7) of section 2] apply retroactively, within the meaning of 1-2-109, to all uses identified in those subsections that are not subject to a permit issued by the department of health and environmental sciences pursuant to Title 75, chapter 2, as of [the effective dates of those subsections].

Section 4. **Effective date — rulemaking authority.** (1) [Section 1, subsections (1) and (3) through (16) of section 2, section 3, and this section] are effective October 1, 1991, but the department may proceed with the rulemaking process under Title 2, chapter 4, prior to that date. The effective date of any rule adopted to implement those parts of [this act] may be effective no earlier than October 1, 1991.

(2) [Subsection (2) of section 2] is effective November 1, 1992, but the department may proceed with the rulemaking process under Title 2, chapter 4, prior to that date. The effective date of any rule adopted to implement those parts of [this act] may be effective no earlier than November 1, 1992.

Approved April 26, 1991.

CHAPTER NO. 653

[SB 384]

AN ACT IMPOSING A 2-MILL LEVY UPON THE TAXABLE VALUE OF ALL REAL AND PERSONAL PROPERTY SUBJECT TO TAXATION IN MONTANA FOR THE SUPPORT AND MAINTENANCE OF VOCATIONAL AND TECHNICAL EDUCATION; REPLACING REVENUE FROM THE SCHOOL DISTRICT LEVY FOR VOCATIONAL-TECHNICAL CENTERS; SUBMITTING THE LEVY TO THE QUALIFIED ELECTORS OF MONTANA; PROVIDING FOR THE RESTRICTED USE OF THE STATEWIDE MILL LEVY AT COMMUNITY COLLEGES; AMENDING SECTIONS 15-10-402, 15-10-412, 20-15-311, AND 20-16-205, MCA; REPEALING SECTION 20-16-207, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Tax levy for vocational and technical education.** (1) There is levied annually upon the taxable value of all real and personal property subject to taxation in the state of Montana 2 mills for the support and maintenance of vocational and technical education. The revenue from the 2-mill levy must be distributed as follows:

(a) not more than 4% of the total revenue collected from the mill levy to the center for vocational education research, curriculum, and personnel development at northern Montana college in Havre; and

(b) the remainder to the vocational-technical center system and community college districts of Montana.

(2) The funds raised from the 2-mill levy are allocated to the board of regents for the purposes set forth in subsection (1).

Section 2. Section 15-10-402, MCA, is amended to read:

"**15-10-402. Property tax limited to 1986 levels.** (1) Except as provided in subsections (2) ~~and (3)~~ *through (4)*, the amount of taxes levied on property described in 15-6-133, 15-6-134, 15-6-136, 15-6-142, and 15-6-144 may not, for any taxing jurisdiction, exceed the amount levied for taxable year 1986.

(2) The limitation contained in subsection (1) does not apply to levies for rural improvement districts, Title 7, chapter 12, part 21; special improvement districts, Title 7, chapter 12, part 41; elementary and high school districts, Title 20; or bonded indebtedness.

(3) The limitation contained in 15-10-411, 15-10-412, or subsection (1) of this section does not apply to the 2-mill levy imposed in [section 1] for the support and maintenance of vocational and technical education.

~~(3)~~*(4)* New construction or improvements to or deletions from property described in subsection (1) are subject to taxation at 1986 levels.

~~(4)~~*(5)* As used in this section, the "amount of taxes levied" and the "amount levied" mean the actual dollar amount of taxes imposed on an individual piece of property, notwithstanding an increase or decrease in value due to inflation, reappraisal, adjustments in the percentage multiplier used to convert appraised value to taxable value, changes in the number of mills levied, or increase or decrease in the value of a mill."

Section 3. Section 15-10-412, MCA, is amended to read:

"**15-10-412. Property tax limited to 1986 levels — clarification — extension to all property classes.** Section 15-10-402 is interpreted and clarified as follows:

(1) The limitation to 1986 levels is extended to apply to all classes of property described in Title 15, chapter 6, part 1.

(2) The limitation on the amount of taxes levied is interpreted to mean that, except as otherwise provided in this section, the actual tax liability for an individual property is capped at the dollar amount due in each taxing unit for the 1986 tax year. In tax years thereafter, the property must be taxed in each taxing unit at the 1986 cap or the product of the taxable value and mills levied, whichever is less for each taxing unit, except in a taxing unit that levied a tax in tax years 1983 through 1985 but did not levy a tax in 1986, in which case the actual tax liability for an individual property is capped at the dollar amount due in that taxing unit for the 1985 tax year.

(3) The limitation on the amount of taxes levied does not mean that no further increase may be made in the total taxable valuation of a taxing unit as a result of:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property;

(e) reclassification of property;

(f) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(g) transfer of property from tax-exempt to taxable status;

(h) revaluations caused by:

(i) cyclical reappraisal; or

(ii) expansion, addition, replacement, or remodeling of improvements; or

(i) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.

(4) The limitation on the amount of taxes levied does not mean that no further increase may be made in the taxable valuation or in the actual tax liability on individual property in each class as a result of:

(a) a revaluation caused by:

(i) construction, expansion, replacement, or remodeling of improvements that adds value to the property; or

(ii) cyclical reappraisal;

(b) transfer of property into a taxing unit;

(c) reclassification of property;

(d) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(e) annexation of the individual property into a new taxing unit;

(f) conversion of the individual property from tax-exempt to taxable status; or

(g) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.

(5) Property in classes four, twelve, and fourteen is valued according to the procedures used in 1986, including the designation of 1982 as the base year, until the reappraisal cycle beginning January 1, 1986, is completed and new valuations are placed on the tax rolls and a new base year designated, if the property is:

(a) new construction;

(b) expanded, deleted, replaced, or remodeled improvements;

(c) annexed property; or

(d) property converted from tax-exempt to taxable status.

(6) Property described in subsections (5)(a) through (5)(d) that is not class four, class twelve, or class fourteen property is valued according to the procedures used in 1986 but is also subject to the dollar cap in each taxing unit based on 1986 mills levied.

(7) The limitation on the amount of taxes, as clarified in this section, is intended to leave the property appraisal and valuation methodology of the department of revenue intact. Determinations of county classifications, salaries of local government officers, and all other matters in which total taxable valuation is an integral component are not affected by 15-10-401 and 15-10-402 except for the use of taxable valuation in fixing tax levies. In fixing tax levies, the taxing units of local government may anticipate the deficiency in revenues resulting from the tax limitations in 15-10-401 and 15-10-402, while understanding that regardless of the amount of mills

levied, a taxpayer's liability may not exceed the dollar amount due in each taxing unit for the 1986 tax year unless:

(a) the taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year. If a taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year, it may levy additional mills to compensate for the decreased taxable valuation, but in no case may the mills levied exceed a number calculated to equal the revenue from property taxes for the 1986 tax year in that taxing unit.

(b) a levy authorized under Title 20 raised less revenue in 1986 than was raised in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, raise each year thereafter an additional number of mills but may not levy more revenue than the 3-year average of revenue raised for that purpose during 1984, 1985, and 1986;

(c) a levy authorized in 50-2-111 that was made in 1986 was for less than the number of mills levied in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, levy each year thereafter an additional number of mills but may not levy more than the 3-year average number of mills levied for that purpose during 1984, 1985, and 1986.

(8) The limitation on the amount of taxes levied does not apply to the following levy or special assessment categories, whether or not they are based on commitments made before or after approval of 15-10-401 and 15-10-402:

(a) rural improvement districts;

(b) special improvement districts;

(c) levies pledged for the repayment of bonded indebtedness, including tax increment bonds;

(d) city street maintenance districts;

(e) tax increment financing districts;

(f) *the* satisfaction of judgments against a taxing unit;

(g) street lighting assessments;

(h) revolving funds to support any categories specified in this subsection (8);

(i) levies for economic development authorized pursuant to 90-5-112(4); ~~and~~

(j) *the statewide levy for vocational and technical education authorized in [section 1]; and*

(k) elementary and high school districts.

(9) The limitation on the amount of taxes levied does not apply in a taxing unit if the voters in the taxing unit approve an increase in tax liability following a resolution of the governing body of the taxing unit containing:

(a) a finding that there are insufficient funds to adequately operate the taxing unit as a result of 15-10-401 and 15-10-402;

(b) an explanation of the nature of the financial emergency;

(c) an estimate of the amount of funding shortfall expected by the taxing unit;

(d) a statement that applicable fund balances are or by the end of the fiscal year will be depleted;

(e) a finding that there are no alternative sources of revenue;

(f) a summary of the alternatives that the governing body of the taxing unit has considered; and

(g) a statement of the need for the increased revenue and how it will be used.

(10) (a) The limitation on the amount of taxes levied does not apply to levies required to address the funding of relief of suffering of inhabitants caused by famine, conflagration, or other public calamity.

(b) The limitation set forth in this chapter on the amount of taxes levied does not apply to levies to support a city-county board of health as provided in Title 50, chapter 2, if the governing bodies of the taxing units served by the board of health determine, after a public hearing, that public health programs require funds to ensure the public health. A levy for the support of a local board of health may not exceed the 5-mill limit established in 50-2-111.

(11) The limitation on the amount of taxes levied by a taxing jurisdiction subject to a statutory maximum mill levy does not prevent a taxing jurisdiction from increasing its number of mills beyond the statutory maximum mill levy to produce revenue equal to its 1986 revenue.

(12) The limitation on the amount of taxes levied does not apply to a levy increase to repay taxes paid under protest in accordance with 15-1-402."

Section 4. Section 20-15-311, MCA, is amended to read:

"**20-15-311. Funding sources.** The annual operating budget of a community college district ~~shall~~ *must* be financed from the following sources:

(1) the estimated revenues to be realized from student tuition and fees, except those related to community service courses as defined by the board of regents;

(2) a mandatory mill levy on the community college district;

(3) the 1-mill adult education levy authorized under provisions of 20-15-305;

(4) the state general fund appropriation;

(5) an optional voted levy on the community college district that ~~shall~~ *must* be submitted to the electorate in accordance with general school election laws;

(6) all other income, revenue, balances, or reserves not restricted by a source outside the community college district to a specific purpose;

(7) income, revenue, balances, or reserves restricted by a source outside the community college district to a specific purpose. Student fees paid for community service courses as defined by the board of regents ~~shall~~ *and revenue from the 2-mill levy imposed in [section 1] must* be considered restricted to a specific purpose;

(8) income from a political subdivision that is designated a community college service region under 20-15-241."

Section 5. Section 20-16-205, MCA, is amended to read:

"**20-16-205. Tuition rates.** (1) Tuition may be charged to any resident or nonresident of the state of Montana by the director of any vocational-technical center at rates to be determined by the board of regents ~~and the provisions of subsection (3)~~. The board of regents shall prescribe permissible uses for any tuition authorized.

(2) For the purposes of this section, the eligibility of a student for resident status ~~shall~~ *must* be determined in the same manner as that prescribed for use by the Montana university system, except that those provisions referring to "high school graduates" or "graduation from high school" ~~shall~~ *must* be considered to refer to a person who has attended school or who was in attendance at a school.

~~(3) If an additional levy for a center is approved under 20-16-207, the board of regents may charge an additional tuition amount not to exceed $40 a quarter to a student at the center who is a resident of Montana but who is not a property taxpayer of the county or an owner of a vehicle registered within the county where the center is located.~~"

Section 6. **Repealer.** Section 20-16-207, MCA, is repealed.

Section 7. **Codification instruction.** [Section 1] is intended to be codified as an integral part of Title 15, chapter 10, part 1, and the provisions of Title 15, chapter 10, part 1, apply to [section 1].

Section 8. **Submission to electorate.** The question of whether this act will become effective shall be submitted to the qualified electors of Montana at the primary election to be held in June 1992 by printing on the ballot the full title of this act and the following:

☐ FOR imposing a levy of 2 mills for the support and maintenance of vocational and technical education.

☐ AGAINST imposing a levy of 2 mills for the support and maintenance of vocational and technical education.

Section 9. **Effective date — applicability.** If approved by the electorate, [this act] is effective December 31, 1992, and applies to tax years beginning after December 31, 1992.

CHAPTER NO. 659

[SB 313]

AN ACT CLARIFYING STATE WATER STORAGE POLICY AND THE ROLE OF STORAGE IN SOLVING WATER PROBLEMS; ESTABLISHING GUIDELINES FOR SETTING PRIORITIES AMONG NEW STORAGE AND REHABILITATION STORAGE PROJECTS; REQUIRING A STUDY OF THE FEASIBILITY OF ASSESSING RECREATIONAL USER FEES TO REPAY WATER STORAGE PROJECT COSTS; REQUIRING A STUDY OF THE FEASIBILITY OF COLLECTING LARGER FEES FROM CONSUMPTIVE WATER USERS WHO BENEFIT FROM THE DEVELOPMENT OF NEW STATE-OWNED WATER STORAGE PROJECTS OR FROM THE REHABILITATION OF EXISTING STATE-OWNED WATER STORAGE PROJECTS; REQUIRING A STUDY OF WATER STORAGE LAWS AND REGULATIONS BY THE WATER POLICY COMMITTEE; CREATING A WATER STORAGE STATE SPECIAL REVENUE ACCOUNT; ALLOCATING ADDITIONAL TAX REVENUES FOR WATER DEVELOPMENT; ALLOCATING 25% OF THE MONEY AVAILABLE AS GRANTS IN THE WATER DEVELOPMENT STATE SPECIAL REVENUE ACCOUNT AND RENEWABLE RESOURCE DEVELOPMENT ACCOUNT TO THE DEVELOPMENT OF WATER STORAGE PROJECTS; ELIMINATING THE 10-YEAR LIMIT ON PROJECT DEVELOPMENT PLANS REQUIRED IN APPLICATIONS FOR LARGE WATER USE PERMITS; AMENDING SECTIONS 85-1-604, 85-2-310, AND 90-2-111, MCA; AND PROVIDING AN EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill to provide guidance in the preparation of rules and other matters pertaining to the allocation of grants and loans from the water storage state special revenue account. This bill is introduced as a result of and should be interpreted consistently with the 1990 state water plan section on water storage. It is the legislature's intent that money may not be expended from the water storage state special revenue account during fiscal years 1992 and 1993. Rather, money deposited in the account is to accumulate for expenditure during fiscal years 1994 and 1995. Deposits to the account are to be placed in short-term investments and accrue interest, which is also to be deposited in the water storage state special revenue account.

Rules are to be adopted and implemented that govern the process of application, administrative application review and ranking, and conditions for the disbursal of grants and loans as soon as possible after this bill is enacted. Applications for grants and loans from the account are to be accepted by May 1992. These application and administrative recommendations will be considered during the 1993 legislative session, and that legislature may appropriate money accumulated in the account for expenditure during fiscal years 1994 and 1995.

It is also the legislature's intent that rules governing the allocation of money from the water storage state special revenue account do not limit the amount that may be provided to any one applicant. Also, private entities, as well as public entities, are to be eligible for grants and loans from the account.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [Sections 1 through 4] may be cited as the "Water Storage Policy Act".

Section 2. **Purpose.** The purpose of [sections 1 through 4] is to define the role of water storage in solving water management problems and, if water storage projects provide the best solutions to those problems, to facilitate the development of the projects.

Section 3. **Water storage policy.** (1) The legislature recognizes that water resource needs are growing, existing water facilities are aging and in need of repair, and new water storage projects have become more difficult to complete. Other types of action will be needed to solve many emerging problems, but if water storage is the best way to meet growing water needs and solve problems, then it should be actively pursued.

(2) In determining the best solution for a particular water management problem, the state shall:

(a) carefully define the problem;

(b) identify all options to solve the problem, including water storage;

(c) determine whether water is physically and legally available to solve the problem; and

(d) select the option that best meets the following criteria:

(i) technical feasibility;

(ii) financial feasibility;

(iii) economic feasibility;

(iv) political feasibility;

(v) legal feasibility; and

(vi) environmental feasibility.

Section 4. **Prioritization of water storage projects — governor's report.** (1) The governor shall submit to each regular session of the legislature a report identifying specific water storage projects proposed for development, including the rehabilitation of existing projects and new project proposals. The report must contain:

(a) a list of water storage project priorities;

(b) an implementation strategy for each priority project that identifies the resources (including specific budget requests), government actions, and other actions needed to accomplish the project; and

(c) a progress report on the development of water storage projects during the previous 2 years.

(2) In setting priorities among new water storage projects, the governor shall consider whether a project:

(a) solves a severe water problem;

(b) provides multiple uses and benefits;

(c) provides for public uses;

(d) shows strong evidence of broad citizen support;

(e) is able to obtain nonstate sources of funding;

(f) protects and seeks to enhance social, ecological, cultural, and aesthetic values;

(g) improves local and state economic development;

(h) could resolve Indian and federal reserved water rights issues;

(i) supports water conservation activities; and

(j) promotes the use of water reserved under Montana law.

(3) In setting priorities among water storage rehabilitation projects, the governor shall consider whether the project:

(a) is needed to protect public safety;

(b) has impacts if not repaired or rehabilitated; and

(c) accomplishes the goals listed in subsections (2)(a) through (2)(j).

(4) In establishing budget priorities for the allocation of state water storage development funds:

(a) first preference must be given to projects that resolve threats to life and property posed by high-hazard facilities that are in an unsafe condition;

(b) second preference must be given to projects that improve or expand existing water storage facilities; and

(c) third preference must be given to the planning and construction of new water storage facilities.

Section 5. **Study of recreational user fees.** (1) The department of fish, wildlife, and parks, with the cooperation of the department of natural resources and conservation, shall conduct and coordinate a study that assesses the feasibility of charging recreational beneficiaries of water storage projects fees to assist in the repayment of a portion of those project costs associated with recreational opportunities. Options to be assessed include but are not limited to:

(a) requiring entrance fees for the recreational use of water storage facilities;

(b) requiring purchase of a water development stamp as a prerequisite for purchase of a fishing, duck hunting, boating, or other license for which water is an integral part of the recreational experience;

(c) increasing the motorboat fuels tax;

(d) requiring purchase of a land and water conservation license by anyone using public lands or water; and

(e) obtaining funding from the department of fish, wildlife, and parks that is derived from taxes or fees on recreational activities.

(2) A written report of the study findings must be submitted to the water policy committee by July 1, 1992.

Section 6. **Study of water user fees.** (1) The department of natural resources and conservation shall conduct and coordinate a study to assess the feasibility of increasing the fees charged to diversionary water users to assist in the repayment of a greater portion of new state-owned water storage projects' costs or existing state-owned water storage projects' rehabilitation costs. This study should include a historical analysis of existing state-owned water storage projects' costs and associated fees.

(2) A written report of the study findings must be submitted to the water policy committee by July 1, 1992.

Section 7. **Study of dam safety and water reservation laws and regulations.** (1) The water policy committee, with the cooperation of the department of natural resources and conservation, shall conduct a study of the Montana Dam Safety Act and implementing regulations to determine:

(a) the acceptable degree of risk to public safety and the appropriate allocation of responsibility for that risk among the public, government, and dam owners;

(b) whether the definition of a high-hazard dam should be modified;

(c) whether the high-hazard dam classification should be expanded into a risk scale that allows structural design requirements to reflect probable risk to life and property; and

(d) whether the department of natural resources and conservation should be given greater discretion to substitute alternative means of addressing risks, such as early warning systems, for structural design requirements.

(2) The water policy committee shall also conduct a study to determine whether the statutory restriction against allowing private entities to obtain water reservations is an impediment to the development of water storage projects. Specifically, the study must evaluate the desirability of:

(a) allowing private entities to apply for and obtain water reservations; and

(b) designating a public entity with responsibility to advance water reservation applications for private entities that are precluded from applying for and receiving a water reservation under 85-2-316.

Section 8. **Water storage state special revenue account created — revenues allocated — appropriations from account.** (1) There is a water storage state special revenue account within the state special revenue fund established in 17-2-102.

(2) There must be paid into the water storage state special revenue account:

(a) money from the water development state special revenue account as provided in 85-1-604; and

(b) money from the renewable resource development account as provided in 90-2-111.

(3) Money that was not encumbered or expended from the water storage state special revenue account during the previous biennium must remain in the account.

(4) The purpose of the water storage state special revenue account is to provide money for loans and grants exclusively for water storage projects, including the purchase or lease of property; planning, feasibility, and design studies; and other costs related to construction, rehabilitation, expansion, and modification of water storage projects.

(5) The department shall administer this section as an integral part of the water development program, using, to the extent possible, the same procedures for soliciting, determining eligibility, and rating water storage

project proposals and for administering grants and loans, subject to the same limitations, as applied to other water development grants and loans.

(6) The following preferences must be considered in ranking proposals for water storage grants and loans:

(a) first preference is for the rehabilitation of water storage projects that resolve threats to life and property;

(b) second preference is for the improvement or expansion of existing water storage projects; and

(c) third preference is for the development of new water storage projects.

Section 9. Section 85-1-604, MCA, is amended to read:

"**85-1-604. Water development state special revenue account created — revenues allocated — limitations on appropriations from account.** (1) There is created a water development state special revenue account within the state special revenue fund established in 17-2-102.

(2) Except to the extent that they are required to be credited to the water development debt service fund pursuant to 85-1-603, there shall be paid into the water development state special revenue account:

(a) all revenues of the works and other money as provided in 85-1-332;

(b) 30% of the interest income of the resource indemnity trust fund as provided in and subject to the conditions of 15-38-202;

(c) the excess of the coal severance tax proceeds allocated by 85-1-603 to the water development debt service fund above debt service requirements as provided in and subject to the conditions of 85-1-619; and

(d) any fees or charges collected by the department pursuant to 85-1-616 for the servicing of loans, including arrangements for obtaining security interests.

(3) Appropriations may be made from the water development state special revenue account for the following purposes and subject to the following conditions:

(a) An amount less than or equal to that paid into the account under 85-1-332 and only that amount may be appropriated for the operation and maintenance of state-owned projects and works. If the amount of money available for appropriation under this subsection (3)(a) is greater than that necessary for operation and maintenance expenses, the excess may be appropriated as provided in subsection (3)(b).

(b) An amount less than or equal to that paid into the account from the resource indemnity trust account plus any excess from subsection (3)(a) and only that amount may be appropriated from the account for:

(i) the rehabilitation of state-owned projects and works, including the rehabilitation of spillways of state-owned dams;

(ii) the formulation of downstream emergency warning and evacuation plans for state-owned dams;

(iii) the development of the hydropower potential of state-owned dams;

(iv) assistance in the implementation of the water reservations established under 85-2-316 of conservation districts;

(v) the promotion of the development of offstream and tributary storage;

(ix) any other expenditures that meet the policies and objectives of the state water development program.

(c) An amount less than or equal to that paid into the account from the sources provided for in (c) and (d) of subsection (2) and only that amount may be appropriated from the account for loans and grants for water development projects and activities; for purchase of liens and operation of property as provided in 85-1-615; for administrative expenses, including but not limited to the salaries and expenses of personnel, equipment, and office space; for the servicing of loans, including arrangements for obtaining security interests; and for other necessities incurred in administering the loans and grants.

(4) An amount equal to 25% of the money available for grants under subsection (3)(c) must be transferred to the water storage state special revenue account created in [section 8]."

Section 10. Section 85-2-310, MCA, is amended to read:

"85-2-310. **Action on application.** (1) The department shall grant, deny, or condition an application for a permit in whole or in part within 120 days after the last date of publication of the notice of application if no objections have been received and within 180 days if a hearing is held or objections have been received. However, in either case the time may be extended upon agreement of the applicant, or, in those cases where an environmental impact statement must be prepared or in other extraordinary cases, not more than 60 days upon order of the department. If the department orders the time extended, it shall serve a notice of the extension and the reasons therefor by certified mail upon the applicant and each person who has filed an objection as provided by 85-2-308.

(2) However, an application may not be approved in a modified form or upon terms, conditions, or limitations specified by the department or denied, unless the applicant is first granted an opportunity to be heard. If no objection is filed against the application but the department is of the opinion that the application should be approved in a modified form or upon terms, conditions, or limitations specified by it or that the application should be denied, the department shall prepare a statement of its opinion and the reasons therefor. The department shall serve a statement of its opinion by certified mail upon the applicant, together with a notice that the applicant may obtain a hearing by filing a request therefor within 30 days after the notice is mailed. The notice shall further state that the application will be modified in a specified manner or denied, unless a hearing is requested.

(3) The department may cease action upon an application for a permit and return it to the applicant when it finds that the application is not in good faith or does not show a bona fide intent to appropriate water for a beneficial use. An application returned for any of these reasons shall be accompanied by a statement of the reasons for which it was returned, and there shall be no right to a priority date based upon the filing of the application. Returning an application pursuant to this subsection shall be deemed a final decision of the department.

(4) For all applications filed after July 1, 1973, the department shall find that an application is not in good faith or does not show a bona fide intent to appropriate water for a beneficial use if:

(a) an application is not corrected and completed as required by 85-2-302;

(b) the appropriate filing fee is not paid;

(c) the application does not document:

(i) a beneficial use of water;

(ii) the proposed place of use of all water applied for;

(iii) for an appropriation of 4,000 acre-feet a year or more and 5.5 cubic feet per second or more, a detailed project plan describing when and how much water will be put to a beneficial use. The project plan must include a reasonable time line~~, not to exceed 10 years from the time of issuance of a permit,~~ for the completion of the project and the actual application of the water to a beneficial use.

(iv) for appropriations not covered in subsection (4)(c)(iii), a general project plan stating when and how much water will be put to a beneficial use; and

(v) if the water applied for is to be appropriated above that which will be used solely by the applicant or if it will be marketed by the applicant to other users, information detailing:

(A) each person who will use the water and the amount of water each person will use;

(B) the proposed place of use of all water by each person;

(C) the nature of the relationship between the applicant and each person using the water; and

(D) each firm contractual agreement for the specified amount of water for each person using the water; or

(d) the appropriate environmental impact statement fee, if any, is not paid as required by 85-2-124."

Section 11. Section 90-2-111, MCA, is amended to read:

"**90-2-111. Grants to state and local government.** (1) The department of natural resources and conservation may recommend to the governor that grants from the renewable resource development account provided for by this part be made to any department, agency, board, commission, or other division of state government or to any political subdivision of state government.

(2) The department shall solicit and consider in its evaluation of proposed projects the views of interested and affected departments, boards, agencies, and other subdivisions of state and federal government and of other interested and affected persons.

(3) The governor shall submit those grant proposals having his approval to the legislature by the 20th day of any legislative session. Those grant proposals approved by the legislature shall be administered by the department.

(4) The grants provided for by this section may be made for the purchase, lease, or construction of projects for the conservation, management, utilization, development, or preservation of the land, vegetation, fish, wildlife, recreational, and other renewable resources in the state; for the purpose of feasibility and design studies for such projects; for development of plans for the rehabilitation, expansion, or modification of existing projects; and for such other and further similar purposes as the legislature may approve.

(5) In recommending grants under this section, the department and the governor shall consider the special requirements and benefits of proposals that provide for the long-term compilation and management of information on the natural resources of Montana. These proposals contribute to the efficient management of renewable resources, benefit a variety of public and private users, and require a continuing commitment of resources to maintain currency and utility. In consequence of these values and conditions, projects providing for the long-term compilation and management of

natural resource information may be considered for funding in consecutive funding cycles and may not be penalized for having received funds previously from the renewable resource development program.

(6) An amount equal to 25% of the money available for grants from the renewable resource development program must be transferred to the water storage state special revenue account created in [section 8].

~~(6)~~*(7)* The department may adopt rules as required to govern the terms and conditions for making grants pursuant to this section."

Section 12. **Codification instruction.** (1) [Sections 1 through 4] are intended to be codified as an integral part of Title 85, chapter 1, and the provisions of Title 85, chapter 1, apply to [sections 1 through 4].

(2) [Section 8] is intended to be codified as an integral part of Title 85, chapter 1, part 6, and the provisions of Title 85, chapter 1, part 6, apply to [section 8].

Section 13. **Effective date.** [This act] is effective July 1, 1991.

Approved April 26, 1991.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Coroner's authority to seize and preserve evidence.** (1) A county coroner may enter any room, dwelling, building, or other place in which he has probable cause to believe that a dead human body or evidence of the circumstances of a death that requires investigation may be found. If refused entry, a coroner who is investigating a death pursuant to his authority may apply to a judge authorized to issue search warrants for a warrant to enter the premises and to search for and seize evidence of the cause of a death, including a dead human body.

(2) The application for a search warrant must:

(a) state facts sufficient to show probable cause that a human body or evidence of the circumstances of death is present in the place to be searched;

(b) particularly describe the place to be searched; and

(3) To preserve evidence of the cause of death, a coroner may:

(a) place under his custody and control any dwelling, building, item, vehicle, aircraft, railroad engine or train, vessel, enclosure, or open area for a period of not more than 10 days; and

(b) forbid entrance by an unauthorized person into any area specified in subsection (3)(a).

(4) A person may not enter an area that is restricted pursuant to subsection (3) without the permission of the coroner or the law enforcement agency having jurisdiction if there is also a criminal investigation in progress.

Section 3. **Inquiry defined.** For the purposes of [sections 1 through 8], an inquiry by a county coroner is an informal examination of a death and its attendant circumstances to determine whether:

(1) an inquest, which is a formal inquiry, should be held;

(2) the reporting physician should certify the death;

(3) any further action or examination should be made concerning a death; or

(4) there is anything unusual or remarkable about a death that may warrant further action by the county attorney or the law enforcement agency that has jurisdiction.

Section 4. **Human deaths requiring inquiry by coroner.** The coroner shall inquire into and determine the cause and manner of death and all circumstances surrounding a human death:

(1) that was caused or is suspected to have been caused:

(a) in any degree by an injury, either recent or remote in origin; or

(b) by the deceased or any other person that was the result of an act or omission, including but not limited to:

(i) a criminal or suspected criminal act;

(ii) a medically suspicious death, unusual death, or death of unknown circumstances, including any fetal death; or

(iii) an accidental death;

(c) by an agent, disease, or medical condition that poses a threat to public health;

(2) whenever the death occurred:

(a) while the deceased was incarcerated in a prison or jail or confined to a correctional or detention facility owned and operated by the state or a political subdivision of the state;

(b) while the deceased was in the custody of, or was being taken into the custody of, a law enforcement agency or a peace officer;

(c) during or as a result of the deceased's employment;

(d) less than 24 hours after the deceased was admitted to a medical facility or if the deceased was dead upon arrival at a medical facility; or

(e) in a manner that was unattended or unwitnessed and the deceased was not attended by a physician at any time in the 30-day period prior to death;

(3) if the dead human body is to be cremated or lacks proper medical certification or burial or transmit permits; or

(4) that occurred under suspicious circumstances.

Section 5. **Inquiry report.** The coroner shall make a full report of the facts discovered in all human deaths requiring an inquiry under the provisions of [section 4]. The report must be made in triplicate on a form provided by the division of forensic science of the department of justice. The coroner and the medical examiner shall each retain one copy and shall deliver the other copy to the county attorney. If the coroner orders an autopsy during the course of an inquiry, he shall also provide the medical examiner with a copy of the autopsy report. The forms must be completed and distributed as provided in this section as promptly as practicable.

Section 6. **Reporting fetal deaths.** A licensed nurse, a midwife, a physician's assistant-certified, an emergency medical technician, a birthing assistant, or any other person who assists in the delivery that occurs outside a licensed medical facility of a fetus that is believed or declared to be dead shall report the death by the earliest means available to the coroner of the county in which the death occurred.

(3) Disobedience of a subpoena issued under 46-4-203 or this section is punishable in the same manner as disobedience of a subpoena issued by a justice of the peace as provided in Title 3, chapter 10, part 4.

Section 8. **Examinations and tests.** The coroner may direct a properly qualified expert to conduct any test or examination that he reasonably believes is necessary to determine the cause, manner, and circumstances of a death or to identify a dead human body. The coroner may also require examination by the next of kin or any other person when necessary to identify a dead human body.

Section 9. Section 3-15-203, MCA, is amended to read:

"3-15-203. **Fees in courts not of record and coroner's inquests.** (1) A jury panel member~~,~~ in ~~both~~ civil ~~and~~ *actions,* criminal actions, ~~shall receive~~ *and coroner inquests is entitled to* a fee of $12 per day for attendance before a court not of record and a mileage allowance, as provided in 2-18-503, for traveling each way between his residence and the court. CHAPTER NO. 664

[SB 393]

AN ACT AUTHORIZING THE BOARD OF PHARMACY TO ESTABLISH STANDARDS FOR DRUG UTILIZATION REVIEW AND PATIENT COUNSELING BY PHARMACISTS; REQUIRING OUT-OF-STATE MAIL SERVICE PHARMACIES TO BE LICENSED BY THE BOARD AND TO COMPLY WITH PATIENT COUNSELING REQUIREMENTS THROUGH TOLL-FREE TELEPHONE NUMBERS; PROVIDING ADDITIONAL STANDARDS FOR OUT-OF-STATE MAIL SERVICE PHARMACIES; AND PROVIDING A PENALTY.

WHEREAS, the United States Congress has enacted a requirement in 42 U.S.C. 1396r-8 of the Social Security Act that states participating in Medicaid institute programs of drug utilization review and patient counseling by pharmacists; and

WHEREAS, similar changes in pharmacy practice could benefit the health and welfare of all Montanans and not just Medicaid recipients, and to that end the Board of Pharmacy should have the authority to set standards for pharmacists concerning drug utilization review and patient counseling, including standards for pharmacists who fill prescriptions by mail order from outside this state.

STATEMENT OF INTENT

A statement of intent is needed for this bill because it grants the board of pharmacy additional regulatory and rulemaking authority. In order to benefit all patient-consumers, the board may adopt rules similar to medicaid regulations governing drug utilization review and patient counseling. The board is also required to adopt rules to regulate the activities of out-of-state mail service pharmacies, including their licensing, reporting requirements, drug utilization review and patient counseling, and site inspections.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Standards for prospective drug utilization review and patient counseling.** (1) The board may by rule set standards for the provision of prospective drug utilization review information from a pharmacist to a patient before a prescription is dispensed to the patient or his representative. The review may include, when applicable, an appropriate level of screening for potential drug therapy problems due to therapeutic duplication, drug disease contraindications, drug interactions, incorrect drug dosage or duration of drug treatment, drug-allergy interactions, and clinical abuse or misuse. The sources for the standards must be nationally recognized compendia as the board may designate.

(2) Under the standards provided for in this section, the pharmacist should offer to discuss those matters that, in his professional judgment, he considers significant to the patient's safe and proper use of the prescribed drug. The counseling should encompass the topics set forth in section 42 U.S.C. 1396r-8 of the Social Security Act.

(3) Communications between a pharmacist and a patient pursuant to the standards provided for in this section constitute health care information for the purposes of Title 50, chapter 16, part 5.

(4) Standards established by the board under this section apply to all patients seen by a pharmacist or to categories of patients as the board may designate. However, standards provided for in this section may not apply to inpatients of a health care facility in which a nurse or other licensed health care professional is authorized to administer the prescribed drug.

Section 2. **Legislative declaration.** The legislature recognizes that with the proliferation of alternate methods of health care delivery, there has arisen among third-party payers and insurance companies the desire to control the cost and utilization of pharmacy services through a variety of mechanisms, including the use of mail service pharmacies located outside this state. As a result, the legislature finds and declares that to continue to protect the consumer-patients of this state, all out-of-state mail service pharmacies that provide services to this state's residents must be licensed with the board, disclose specific information about their services, and provide pharmacy services at a high level of competence.

Section 3. **Out-of-state mail service pharmacy defined.** "Out-of-state mail service pharmacy" means a pharmacy located outside this state that:

(1) ships, mails, or delivers by any lawful means a dispensed legend drug to a resident in this state pursuant to a legally issued prescription;

(2) provides to a resident of this state information on drugs or devices that may include but is not limited to advice relating to therapeutic values, potential hazards, and uses; or

(3) counsels pharmacy patients residing in this state concerning adverse and therapeutic effects of drugs.

Section 4. **License requirements.** Every out-of-state mail service pharmacy must be licensed by the board. In order to be licensed by the board to do business in this state and for annual renewal of its license, an out-of-state mail service pharmacy:

(1) (a) must be licensed and in good standing in the state in which its dispensing facilities are located; and

(b) shall comply with all applicable laws, regulations, and standards of that state and the United States and, if requested by the board, provide evidence that it has so complied;

(2) shall submit an application in form and content as determined by the board, including information on ownership and location and the identity of a licensed pharmacist in charge of the out-of-state mail service pharmacy; and

(3) shall pay an initial license fee and annual renewal fee in an amount to be determined by the board.

Section 5. **Inspections.** If the licensing or regulatory agency of the state in which an out-of-state mail service pharmacy is domiciled fails or refuses to inspect the out-of-state mail service pharmacy after receiving a request for an inspection from the board of this state, the board may cancel the out-of-state pharmacy's right to do business in this state unless the out-of-state pharmacy agrees to an onsite inspection by the board of this state.

Section 6. **Product selection of prescribed drugs — notification.** (1) An out-of-state mail service pharmacy may not substitute a prescription drug unless the substitution is made in compliance with the laws of this state and the rules and regulations of the board.

(2) An out-of-state mail service pharmacy may not dispense a substitute drug product to a resident of this state without notifying the patient of the substitution either by telephone or in writing.

Section 7. **Patient communication — telephone service.** Every out-of-state mail service pharmacy shall provide a toll-free telephone service, available at least 6 days a week and for 40 hours a week, to facilitate communication as may be required under [sections 1 through 8], between patients in this state and a pharmacist who has access to the patient's records at the out-of-state mail service pharmacy. The toll-free telephone number must be affixed to all drug product containers dispensed to patients in this state.

Section 8. **Penalty.** In addition to all other penalties provided by law, a person violating [section 1 and sections 4 through 7] shall be fined not more than $250 for each violation.

Section 9. **Codification instruction.** [Sections 1 through 8] are intended to be codified as an integral part of Title 37, chapter 7, and the provisions of Title 37, chapter 7, apply to [sections 1 through 8].

Section 10. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Approved April 26, 1991.

(2) A determination made on appeal or reconsideration, as provided in [section 6], that health care services rendered or to be rendered are medically inappropriate may not be made unless the health care professional performing the utilization review has made a reasonable attempt to consult with the patient's attending health care provider concerning the necessity or appropriateness of the health care service.

Section 5. **Commissioner not to approve or disapprove plans.** Nothing in [sections 1 through 9] may be construed as authorizing the commissioner to approve or disapprove a utilization review plan required in [section 3].

Section 6. **Appeal and assignment of claim.** (1) A patient or provider affected by an adverse decision has at least 30 days in which to appeal or seek reconsideration of the adverse decision by the person conducting the utilization review.

(c) The county sheriff shall receive a longevity payment amounting to 1% of the base salary set forth in subsection (1) for each year of service with the sheriff's department, but years of service during any year in which the salary was set at the level of the salary of the prior fiscal year may not be included in any calculation of longevity increases. The additional salary amount provided for in this subsection may not be included in the base salary for purposes of computing the compensation for undersheriffs and deputy sheriffs as provided in 7-4-2508.

(3) (a) In each county with a population in excess of 30,000, the county attorney shall be a full-time official under 7-4-2704, and his salary for the fiscal year beginning July 1, ~~1981~~ *1991*, shall be ~~$36,500~~ *$50,000 per year.*

In counties with a population less than 30,000, the county attorney who is a part-time official for a county of the first, second, or third class is entitled to receive an annual salary equal to 60% of the annual salary of a full-time county attorney. A county attorney who is a part-time official for a county of the fourth, fifth, sixth, or seventh class is entitled to receive an annual salary equal to 50% of the annual salary of a full-time county attorney.

(b) In those counties where the office of the county attorney has been established as a full-time position pursuant to 7-4-2706, the salary of the county attorney for the fiscal year beginning July 1, ~~1981~~ *1991*, shall be ~~$36,500~~ *the same as that established for full-time county attorneys in subsection (3)(a).*

(c) Beginning on July 1, ~~1982~~ *1991*, and on July 1 of each succeeding year, each county attorney shall be entitled to an increase in salary calculated by adding to his annual salary on July 1, ~~1981~~ *1991*, an increment of ~~70%~~ *100%* of the last previous calendar year's consumer price index for all urban consumers, U.S. department of labor, bureau of labor statistics, or other index that the bureau of business and economic research of the university of Montana may in the future recognize as the successor to that index. However, the county commissioners may, for all or the remainder of each fiscal year, in conjunction with setting salaries for other officers as provided in 7-4-2504(1), set the salary at the prior fiscal year level if that level is lower than the level required by this subsection (3)(c). The cost-of-living increment for the fiscal year beginning July 1, 1983, and for each subsequent fiscal year shall be added to all cost-of-living increments granted for previous years unless salaries were set for the fiscal year at the level of salaries received in the prior fiscal year. Unless restored pursuant to 7-4-2504(2), any cost-of-living increment that would have been received for such fiscal year, computed on the prior fiscal year, may not be added to previous increments.

(d) (i) After completing 4 years of service as deputy county attorney, each deputy county attorney is entitled to an increase in salary of $1,000 on the anniversary date of his employment as deputy county attorney. After completing 5 years of service as deputy county attorney, each deputy county attorney is entitled to an additional increase in salary of $1,500 on the anniversary date of his employment. After completing 6 years of service as deputy county attorney and for each year of service thereafter up to completion of the 11th year of service, each deputy county attorney is entitled to an additional annual increase in salary of $500.

(ii) The years of service as a deputy county attorney accumulated prior to July 1, 1985, must be included in the calculation of the longevity increase, but, unless longevity increases are restored pursuant to 7-4-2504(2), the years of service during any year in which the salary was set at the level of the salary of the prior fiscal year may not be included in any calculation of longevity increases.

(4) For each 10th year after the fiscal year beginning July 1, 1981, the latest federal decennial census statistics shall be the basis for computation of population increments under this section. During the intervening 9 years,

the computation of population increments applicable on July 1 of each year shall be based on the last calendar year's annual estimates of counties' populations compiled by the federal-state cooperative program for estimates of the university of Montana bureau of business and economic research and the U.S. bureau of the census or other estimate that the bureau of business and economic research may certify."

Section 3. Section 3-10-601, MCA, is amended to read:

(2) All fines, penalties, and forfeitures that this code requires to be imposed, collected, or paid in a justice's court must, for each calendar month, be paid by the justice's court on or before the 5th day of the following month to the treasurer of the county in which the justice's court is situated.

(3) The county treasurer shall, in the manner provided in 15-1-504, distribute money received under subsection (2) as follows:

(a) 50% to the state treasurer; and

(b) 50% to the county general fund.

(4) The state treasurer shall distribute money received under subsection (3) as follows:

(a) ~~23%~~ *27.88%* to the state general fund;

(b) ~~10%~~ *9.09%* to the fish and game account in the state special revenue fund;

(c) ~~12.5%~~ *11.76%* to the state highway account in the state special revenue fund;

(d) ~~36%~~ *33.86%* to the traffic education account in the state special revenue fund;

(e) ~~0.6%~~ *0.57%* to the department of livestock account in the state special revenue fund;

(f) ~~16.9%~~ *15.9%* to the crime victims compensation account in the state special revenue fund; and

(g) ~~1%~~ *0.94%* to the department of family services special revenue account for the battered spouses and domestic violence grant program."

Section 4. Section 46-18-236, MCA, is amended to read:

"**46-18-236. Imposition of charge upon conviction or forfeiture — administration.** (1) Except as provided in subsection (2), there must be imposed by all courts of original jurisdiction on a defendant upon his conviction for any conduct made criminal by state statute or upon forfeiture of bond or bail a charge that is in addition to other taxable court costs, fees, or fines, as follows:

(a) ~~$10~~ *$15* for each misdemeanor charge; and

(b) the greater of $20 or 10% of the fine levied for each felony charge.

(2) If a convicting court determines under 46-18-231 and 46-18-232 that the defendant is not able to pay the fine and costs or that he is unable to pay within a reasonable time, the court must waive payment of the charge imposed by this section.

(3) The charge imposed by this section is not a fine and must be imposed in addition to any fine and may not be used in determining the jurisdiction of any court.

(4) When the payment of a fine is to be made in installments over a period of time, the charge imposed by this section must be collected from the first payment made and each subsequent payment as necessary if the first payment is not sufficient to cover the charge.

(5) The charges collected under subsection (1), except those collected by a justice's court, must be deposited with the appropriate local government finance officer or treasurer. If a city municipal court or city or town court is the court of original jurisdiction, the charges collected under subsection (1) must be deposited with the city or town finance officer or treasurer. If a district court is the court of original jurisdiction, the charges collected under subsection (1) must be deposited with the county finance officer or treasurer. If the court of original jurisdiction is a court within a consolidated city-county government within the meaning of Title 7, chapter 3, the charges collected under subsection (1) must be deposited with the finance officer or treasurer of the consolidated government.

(6) (a) A city or town finance officer or treasurer may retain the charges collected under subsection (1) by a city municipal court or a city or town court and may use that money for the payment of salaries of the city or town attorney and his deputies.

(b) Each county finance officer or treasurer may retain the charges collected under subsection (1) by district courts for crimes committed or alleged to have been committed within that county. The county finance officer or treasurer shall use the money for the payment of salaries of its deputy county attorneys and for the payment of other salaries in the office of the county attorney, and any funds not needed for such salaries may be used for the payment of any other county salaries."

CHAPTER NO. 668

[HB 738]

AN ACT TO AUTHORIZE A COUNTY, CITY, OR TOWN TO LEVY AN ADDITIONAL 2 MILLS FOR THE SUPPORT OF AMBULANCE SERVICES IF AUTHORIZED BY THE ELECTORATE; PROVIDING THAT THE ADDITIONAL MILLS AUTHORIZED BY THE ELECTORATE ARE NOT SUBJECT TO THE PROPERTY TAX LIMITATIONS OF TITLE 15, CHAPTER 10, PART 4; AMENDING SECTIONS 7-34-102 AND 15-10-412, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-34-102, MCA, is amended to read:

"**7-34-102. Special mill levy permitted.** *(1)* In addition to all other levies authorized by law, each county, city, or town may levy an annual tax up to 1 mill on the dollar of the taxable value of all taxable property within the county, city, or town to defray the costs incurred in providing ambulance service.

(2) In addition to the levy authorized by subsection (1), a county, city, or town may levy an additional 2 mills for the support of ambulance services if, at a regularly scheduled election, the electorate of the county, city, or town approves the imposition of the additional levy."

Section 2. Section 15-10-412, MCA, is amended to read:

"**15-10-412. Property tax limited to 1986 levels — clarification — extension to all property classes.** Section 15-10-402 is interpreted and clarified as follows:

(1) The limitation to 1986 levels is extended to apply to all classes of property described in Title 15, chapter 6, part 1.

(2) The limitation on the amount of taxes levied is interpreted to mean that, except as otherwise provided in this section, the actual tax liability for an individual property is capped at the dollar amount due in each taxing unit for the 1986 tax year. In tax years thereafter, the property must be taxed in each taxing unit at the 1986 cap or the product of the taxable value and mills levied, whichever is less for each taxing unit, except in a taxing unit that levied a tax in tax years 1983 through 1985 but did not levy a tax in 1986, in which case the actual tax liability for an individual property is capped at the dollar amount due in that taxing unit for the 1985 tax year.

(3) The limitation on the amount of taxes levied does not mean that no further increase may be made in the total taxable valuation of a taxing unit as a result of:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property;

(e) reclassification of property;

(f) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(g) transfer of property from tax-exempt to taxable status;

(h) revaluations caused by:

(i) cyclical reappraisal; or

(ii) expansion, addition, replacement, or remodeling of improvements; or

(i) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.

(4) The limitation on the amount of taxes levied does not mean that no further increase may be made in the taxable valuation or in the actual tax liability on individual property in each class as a result of:

(a) a revaluation caused by:

(i) construction, expansion, replacement, or remodeling of improvements that adds value to the property; or

(ii) cyclical reappraisal;

(b) transfer of property into a taxing unit;

(c) reclassification of property;

(d) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(e) annexation of the individual property into a new taxing unit;

(f) conversion of the individual property from tax-exempt to taxable status; or

(g) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.

(5) Property in classes four, twelve, and fourteen is valued according to the procedures used in 1986, including the designation of 1982 as the base year, until the reappraisal cycle beginning January 1, 1986, is completed and new valuations are placed on the tax rolls and a new base year designated, if the property is:

(a) new construction;

(b) expanded, deleted, replaced, or remodeled improvements;

(c) annexed property; or

(d) property converted from tax-exempt to taxable status.

(6) Property described in subsections (5)(a) through (5)(d) that is not class four, class twelve, or class fourteen property is valued according to the procedures used in 1986 but is also subject to the dollar cap in each taxing unit based on 1986 mills levied.

(7) The limitation on the amount of taxes, as clarified in this section, is intended to leave the property appraisal and valuation methodology of the department of revenue intact. Determinations of county classifications, salaries of local government officers, and all other matters in which total taxable valuation is an integral component are not affected by 15-10-401 and 15-10-402 except for the use of taxable valuation in fixing tax levies. In fixing tax levies, the taxing units of local government may anticipate the deficiency in revenues resulting from the tax limitations in 15-10-401 and 15-10-402, while understanding that regardless of the amount of mills levied, a taxpayer's liability may not exceed the dollar amount due in each taxing unit for the 1986 tax year unless:

(a) the taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year. If a taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year, it may levy additional mills to compensate for the decreased taxable valuation, but in no case may the mills levied exceed a number calculated to equal the revenue from property taxes for the 1986 tax year in that taxing unit.

(b) a levy authorized under Title 20 raised less revenue in 1986 than was raised in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, raise each year thereafter an additional number of mills but may not levy more revenue than the 3-year average of revenue raised for that purpose during 1984, 1985, and 1986;

(c) a levy authorized in 50-2-111 that was made in 1986 was for less than the number of mills levied in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, levy each year thereafter an additional number of mills but may not levy more than the 3-year average number of mills levied for that purpose during 1984, 1985, and 1986.

(8) The limitation on the amount of taxes levied does not apply to the following levy or special assessment categories, whether or not they are based on commitments made before or after approval of 15-10-401 and 15-10-402:

(a) rural improvement districts;

(b) special improvement districts;

(c) levies pledged for the repayment of bonded indebtedness, including tax increment bonds;

(d) city street maintenance districts;

(e) tax increment financing districts;

(f) satisfaction of judgments against a taxing unit;

(g) street lighting assessments;

(h) revolving funds to support any categories specified in this subsection (8);

(i) levies for economic development authorized pursuant to 90-5-112(4); and

(j) elementary and high school districts.

(9) The limitation on the amount of taxes levied does not apply in a taxing unit if the voters in the taxing unit approve an increase in tax liability following a resolution of the governing body of the taxing unit containing:

(a) a finding that there are insufficient funds to adequately operate the taxing unit as a result of 15-10-401 and 15-10-402;

(b) an explanation of the nature of the financial emergency;

(c) an estimate of the amount of funding shortfall expected by the taxing unit;

(d) a statement that applicable fund balances are or by the end of the fiscal year will be depleted;

(e) a finding that there are no alternative sources of revenue;

(f) a summary of the alternatives that the governing body of the taxing unit has considered; and

(g) a statement of the need for the increased revenue and how it will be used.

(10) (a) The limitation on the amount of taxes levied does not apply to levies required to address the funding of relief of suffering of inhabitants caused by famine, conflagration, or other public calamity.

(b) The limitation set forth in this chapter on the amount of taxes levied does not apply to levies to support*:*

(i) a city-county board of health as provided in Title 50, chapter 2, if the governing bodies of the taxing units served by the board of health determine, after a public hearing, that public health programs require funds to ensure the public health. A levy for the support of a local board of health may not exceed the 5-mill limit established in 50-2-111.

(ii) county, city, or town ambulance services authorized by a vote of the electorate under 7-34-102(2).

(11) The limitation on the amount of taxes levied by a taxing jurisdiction subject to a statutory maximum mill levy does not prevent a taxing jurisdiction from increasing its number of mills beyond the statutory maximum mill levy to produce revenue equal to its 1986 revenue.

(12) The limitation on the amount of taxes levied does not apply to a levy increase to repay taxes paid under protest in accordance with 15-1-402."

Section 3. **Effective date.** [This act] is effective on passage and approval.

Approved April 26, 1991.

CHAPTER NO. 669

[HB 753]

"**15-24-1802. Business incubator tax exemption — procedure.** (1) A business incubator owned *or leased* and operated by a local economic development organization is eligible for an exemption from ~~certain local~~ property taxes as provided in this section.

(2) In order to qualify for the tax exemption described in this section, the governing body of the ~~affected~~ county, consolidated government, incorporated city or town, or school district *in which the property is located* shall approve the tax exemption by resolution, after *due* notice, *as defined in 76-15-103,* and hearing. *The governing body may approve or disapprove the tax exemption provided for in subsection (1). The governing body may not grant approval for the business incubator until all of the applicant's taxes have been paid in full or, if the property is leased to a business incubator, until all of the owner's property taxes on that property have been paid in full. Taxes paid under protest do not preclude approval.* Prior to holding the hearing, the governing body shall determine that the local economic development organization:

(a) is a private nonprofit corporation as provided in Title 35, chapter 2, and is exempt from taxation under section 501(c)(3) or 501(c)(6) of the Internal Revenue Code;

(b) is engaged in economic development and business assistance work in the area; and

(c) owns *or leases* and operates or will operate the business incubator.

(3) Upon receipt of approval of the governing body of the affected taxing jurisdiction, the assessor shall make the assessment change for the tax exemption provided for in this section.

~~(3)~~*(4)* The tax exemption described in subsection (1) applies only to the number of mills levied and assessed by the governing body approving the exemption over which the governing body has sole discretion. ~~The exemption may not apply~~ *If the governing body of a county, consolidated government, or incorporated city or town approves the exemption, the exemption applies* to levies ~~or~~ *and* assessments required under Title 15, chapter 10, 20-9-331, or 20-9-333 or otherwise required under state law."

Section 2. **Effective date — retroactive applicability.** [This act] is effective on passage and approval and applies retroactively, within the meaning of 1-2-109, to taxable years beginning after December 31, 1990.

Approved April 26, 1991.

Restrictions on contracting for personal insurance — insurable interests — violation.** (1) Any individual of competent legal capacity may procure or effect an insurance contract upon his own life or body for the benefit of any person. But no person shall procure or cause to be procured any insurance contract upon the life or body of another individual unless the benefits under such contract are payable to the individual insured or his personal representatives or to a person having, at the time when such contract was made, an insurable interest in the individual insured.

(2) If the beneficiary, assignee, or other payee under any contract made in violation of this section receives from the insurer any benefits thereunder accruing upon the death, disablement, or injury of the individual insured, the individual insured or his personal representative may maintain an action to recover such benefits from the person so receiving them.

(3) "Insurable interest" with reference to personal insurance includes only interests as follows:

(a) in the case of individuals related closely by blood or by law, a substantial interest engendered by love and affection;

(b) in the case of other persons, a lawful and substantial economic interest in having the life, health, or bodily safety of the individual insured continue, as distinguished from an interest which would arise only by or would be enhanced in value by the death, disablement, or injury of the individual insured.

(4) An individual heretofore or hereafter party to a contract or option for the purchase or sale of an interest in a business partnership or firm or of shares of stock of a closed corporation or of an interest in such shares has an insurable interest in the life of each individual party to such contract and for the purposes of such contract only, in addition to any insurable interest which may otherwise exist as to the life of such individual.

(5) A charitable institution has an insurable interest in an individual if:

A statement of intent is required for this bill because it grants the board of psychologists the authority to make rules for establishing and administering a continuing education program for psychologists. It is intended that rules require the number of hours of continuing education necessary to maintain professional competency.

Be it enacted by the Legislature of the State of Montana:

(2) A person demonstrating good cause for failing to obtain the required number of hours of continuing education through attendance of regularly accredited programs may comply with the continuing education requirement by completing an alternative program prescribed by the board. The board shall establish or approve alternative programs equivalent to the regularly accredited continuing education programs. The alternative programs may include home study courses, videotapes, examinations, or any other programs approved by the board.

Section 2. Section 2-15-1851, MCA, is amended to read:

"**2-15-1851. Board of psychologists.** (1) There is a board of psychologists.

(2) The board consists of five members appointed by the governor with the consent of the senate. One member must be a licensed psychologist in private practice, one member must be a licensed psychologist in public health, one member must be a licensed psychologist engaged in the teaching of psychology, and two members must be from the general public. A member may not ~~succeed himself~~ *serve consecutive 5-year terms* but may be reappointed after ~~3~~ *5* years following the termination of his previous appointment.

(e) adopt rules for the administration of a continuing education program, including but not limited to accrediting education programs and establishing the number of hours of continuing education required for license renewal."

"**37-17-302. Application — qualifications.** (1) Application for examination for licensing a psychologist shall be made on forms prescribed by the board.

(2) The board shall license as a psychologist any person who pays the prescribed fee, passes the prescribed examination, and submits evidence by oath that he:

This notice shall be mailed to each licensed psychologist at his listed address at least 1 month before the expiration of the license.

(2) Renewal may be made by application during the 60 days prior to the expiration date. Failure on the part of a person licensed to pay his

renewal fee by the expiration date does not deprive him of the right to renew his license, but the fee shall be increased 10% for each month or major portion thereof that the payment of the renewal fee is delayed after the expiration date. The maximum fee for delayed renewal may not exceed twice the normal renewal fee. Application for renewal following a lapse of 1 year or more will be subject to review by the board, and the applicant may be requested to complete an examination successfully if the board so determines.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-10-104, MCA, is amended to read:

"**61-10-104. Length — *definitions.*** (1) A single truck, bus, or any self-propelled vehicle, unladen or with load, may not have an overall length, inclusive of front and rear bumpers, in excess of ~~40~~ *45* feet.

(2) (a) When used in a truck tractor-semitrailer combination, the semitrailer may not exceed 53 feet in length, excluding those portions not designed to carry a load, except as provided by 61-10-124. When used in a truck tractor-semitrailer-trailer or a truck tractor-semitrailer-semitrailer combination, the semitrailer and trailer or the two semitrailers may not exceed 28 1/2 feet each in length, excluding those portions not designed to carry a load, except as provided by 61-10-124. Truck tractor-semitrailer, truck tractor-semitrailer-trailer, and truck tractor-semitrailer-semitrailer combinations are not subject to ~~an overall~~ *a* combination length limit.

(b) A stinger-steered automobile or boat transporter may not exceed 75 feet in length plus a maximum 3 feet of front overhang and 4 feet of rear overhang except as provided by 61-10-124. "Stinger-steered automobile or boat transporter" means a truck tractor-semitrailer combination that has a fifth wheel on a drop frame located behind and below the rear axle of the truck tractor and that is designed and used for the transportation of vehicles or assembled boats or boat hulls.

(c) All other combinations of vehicles may not have ~~an overall~~ *a combination* length~~, inclusive of front and rear bumpers,~~ in excess of 75 feet, except as provided by 61-10-124. If the combination consists of more than two units, the rear units of the combination shall be equipped with breakaway brakes.

(3) A motor vehicle may not tow more than one motor vehicle, and a motor vehicle may not draw more than three motor vehicles attached to it by the triple saddle-mount method (that is, by mounting the front wheels of one vehicle on the bed of another, leaving only the rear wheels of the vehicle in contact with the roadway), nor may this combination have ~~an overall~~ *a combination* length~~, inclusive of front and rear bumpers,~~ in excess of 65 feet.

(4) A passenger vehicle or truck of less than 2,000 pounds "manufacturers' rated capacity" may not tow more than one trailer or semitrailer, nor may this combination have ~~an overall~~ *a* length~~, inclusive of front and rear bumpers,~~ in excess of 65 feet.

(5) As used in this chapter, the following definitions apply:

(b) "Combined trailer length" means the total length of a combination of trailers measured from the front of the first trailer to the back of the last trailer, including the connection tongues and loads.

(c) "Length" means the total longitudinal dimension of a single vehicle, a trailer, or a semitrailer. The length of a trailer or semitrailer is measured from the front of the cargo-carrying unit to its rear, exclusive of safety or energy efficiency devices, air-conditioning units, air compressors, flexible fender extensions, splash and spray suppressant devices, bolsters, mechanical fastening devices, and hydraulic lift gates.

(d) "Rocky mountain double" means a combination of vehicles that includes a truck tractor pulling a long semitrailer and a shorter trailer."

Section 2. Section 61-10-124, MCA, is amended to read:

"**61-10-124. Special permits — fee — cranes.** (1) As used in this section, "crane" means a self-propelled single-unit vehicle consisting of not more than four axles and used for raising, shifting, and lowering heavy weights by means of a projecting swinging arm.

(2) Except as provided in subsections (3)(b), (3)(d), and (6), in addition to the regular registration and gross vehicle weight fees, a fee of $10 for each trip permit and a fee of $75 for each term permit issued for size and weight in excess of that specified in 61-10-101 through 61-10-110 must be paid for all movements under special permits on the public highways under the jurisdiction of the department of highways.

(3) (a) Except as provided in subsections (3)(b), (3)(d), and (6), term or blanket permits may not be issued for an overwidth vehicle, combination of vehicles, load, or other thing in excess of 15 feet; an overlength vehicle, combination of vehicles, load, object, or other thing in excess of 95 feet; and an overheight vehicle, combination of vehicles, load, or other thing in excess of 14 feet, or of a limit determined by the department. A vehicle, combination of vehicles, load, or other thing in excess of these dimensions is limited to trip permits. *A rocky mountain double may not exceed 81 feet in combined trailer length, the long semitrailer cargo unit of the combination may not exceed 48 feet in length. A rocky mountain double is not subject to a combination length limit.* Special permits for vehicle combinations of more than two trailers or more than two units designed for or used to carry a load are not permitted except as provided in subsection (6). Special permits for vehicle combinations may specify and special permits under subsection (6) must specify highway routing and otherwise limit or prescribe conditions of operation of the vehicle or combination, including but not limited to required equipment, speed, stability, operational procedures, and insurance.

(b) A term permit may be issued to a dealer in implements of husbandry and self-propelled machinery for an overwidth or overlength vehicle referred to in subsection (3)(a). The fee for this permit is $75. This permit covers a period of 1 year and expires on December 31 of each year with no grace period.

(c) With payment of the appropriate gross weight ~~fee~~ *fees* required by ~~61-10-203~~ *61-10-201 and 61-10-202* and with payment of the fee prescribed in subsection (2), allowable gross weight of a five-axle combination logging vehicle is 80,000 pounds.

(d) A term permit may be issued for any combination of vehicles that exceeds 95 feet in length but does not exceed 100 feet in *combination* length, except a truck-trailer-trailer or a truck tractor-semitrailer-trailer-trailer combination, for travel only on highways that are part of the federal-aid interstate system, as defined in 60-1-103, or on other highways within a 2-mile radius of an interchange on the interstate system in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange. The fee for this permit is $125.

(4) Except as provided in subsection (3)(b), a permit may not be issued for a period of time greater than the period for which the GVW license is valid as provided in this title, including grace periods allowed by this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department of highways, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit.

(5) The owner or operator of a crane with a gross vehicle weight of less than 80,000 pounds may purchase a 30-day special permit for overweight if the crane has a current special mobile equipment identification plate and if the department of highways has approved the configuration of the crane

through a weight analysis completed within the same calendar year. The permit is not transferable, and the fee for the permit is $200.

(6) The department may issue special permits to the operating company for a truck-trailer-trailer or truck tractor-semitrailer-trailer-trailer combination of vehicles under the following conditions:

(a) the combination may be operated only on highways that are part of the federal-aid interstate system as defined in 60-1-103 and within a 2-mile radius of an interchange on the interstate system on other highways only in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange.

(b) a combination of vehicles powered by a cab-over (tilt cab) type truck-tractor or a truck may not exceed overall length of 105 feet, inclusive of front and rear bumpers and overhang;

(c) a combination of vehicles powered by a conventional truck-tractor may not exceed overall length of 110 feet, inclusive of front and rear bumpers and overhang;

(d) no individual cargo unit of the combination may exceed 28 ½ feet in length and 102 inches in width;

(e) gross weight fees under 61-10-203 must be paid on the truck or truck tractor for the declared registered gross weight of the special vehicle combination, but not to exceed the formula in 61-10-107;

(f) the combination must have a restricted route permit under 61-10-107(3) and a special overlength permit issued at a fee of $200 for a term permit or $20 for each trip permit;

(g) travel of the combination may be restricted to specific routes, hours of operation, specific days, or seasonal periods; and

(h) the department may enforce any other restrictions determined by the department to be necessary. The permit is not transferable, and the fee for the permit is $200."

Section 3. Section 61-10-129, MCA, is amended to read:

"**61-10-129. Rules regarding overlength vehicles.** The department of highways may adopt rules to implement 61-10-124~~(4)~~ and may by rule prescribe standards for the qualifications of drivers operating special vehicle combinations under 61-10-124~~(4)~~ and for the equipping and operation of such combinations to enhance highway traffic safety."

Section 4. **Turnpike doubles — study.** (1) The department of highways shall conduct a study over the next 2 years of:

(a) all interchanges in Montana and the ability of the interchanges to accommodate twin 45s as turnpike doubles;

(b) the impact on highways of permitting twin 45s as turnpike doubles;

(c) terminal positions to interchanges; and

(d) the concept of permitting twin 45s as turnpike doubles.

(2) Except as provided in subsection (3), interest is allowed on overpayments at the same rate as is charged on deficiency assessments from the due date of the return or from the date of overpayment, whichever date is later, to the date the department of revenue approves refunding or crediting of the overpayment.

(3) (a) Interest does not accrue during any period in which the processing of a claim for a refund is delayed more than 30 days by reason of failure of the taxpayer to furnish information requested by the department of revenue for the purpose of verifying the amount of the overpayment.

(b) Interest is not allowed:

(i) if the overpayment is refunded within 6 months from the date the return is due or from the date the return is filed, whichever is later; or

(ii) if the amount of interest is less than $1.

(c) Only a payment made incident to a bona fide and orderly discharge of actual tax liability or one reasonably assumed to be imposed by this chapter is considered an overpayment with respect to which interest is allowable.

Section 12. **Credit for overpayment — interest on overpayment.** (1) If the department of revenue determines that the amount of tax, penalty, or interest paid for any year is more than the amount due, the amount of the overpayment must be credited against any tax, penalty, or interest then due from the taxpayer and the balance refunded to the taxpayer, to the taxpayer's successor through reorganization, merger, or consolidation, or to the taxpayer's shareholders upon dissolution.

(2) Except as provided in subsection (3), interest is allowed on overpayments at the same rate as is charged on deficiency assessments from the due date of the return or from the date of overpayment, whichever is later, to the date the department approves refunding or crediting of the overpayment.

(3) (a) Interest does not accrue during any period in which the processing of a claim for refund is delayed more than 30 days by reason of failure of the taxpayer to furnish information requested by the department for the purpose of verifying the amount of the overpayment.

(b) Interest is not allowed:

(i) if the overpayment is refunded within 6 months from the date the return is due or from the date the return is filed, whichever is later; or

(ii) if the amount of interest is less than $1.

(c) Only a payment made incident to a bona fide and orderly discharge of actual tax liability or one reasonably assumed to be imposed by this chapter is considered an overpayment with respect to which interest is allowable.

Section 13. **Credit for overpayment — interest on overpayment.** (1) If the department of revenue determines that the amount of the assessment, penalty, or interest paid for any year is more than the amount due, the amount of the overpayment must be credited against any assessment, penalty, or interest then due from the taxpayer and the balance refunded to the taxpayer, to the taxpayer's successor through reorganization, merger, or consolidation, or to the taxpayer's shareholders upon dissolution.

(2) Except as provided in subsection (3), interest is allowed on overpayments at the same rate as is charged on deficiency assessments provided in 23-2-715(2) from the due date of the return or from the date of overpayment, whichever is later, to the date the department of revenue approves refunding or crediting of the overpayment.

(3) (a) Interest does not accrue during any period in which the processing of a claim for refund is delayed more than 30 days by reason of failure of the taxpayer to furnish information requested by the department of revenue for the purpose of verifying the amount of the overpayment.

(b) Interest is not allowed:

(i) if the overpayment is refunded within 6 months from the date the return is due or from the date the return is filed, whichever is later; or

(ii) if the amount of interest is less than $1.

(c) Only a payment made incident to a bona fide and orderly discharge of actual tax liability or one reasonably assumed to be imposed by this chapter is considered an overpayment with respect to which interest is allowable.

Section 14. **Statute of limitations.** (1) Except as provided in subsection (3), a deficiency may not be assessed or collected with respect to the year for which a statement of gross receipts is filed unless the notice of the proposed additional assessment is mailed within 5 years from the date the statement of gross receipts was filed. For purposes of this section, a statement of gross receipts filed before the last day prescribed for filing is considered as filed on the last day. If the taxpayer, before the expiration of the period prescribed for assessment, consents in writing to an extended time, the assessment may be made at any time prior to the expiration of the period agreed upon.

(2) A refund or credit may not be allowed or paid with respect to the year for which a statement of gross receipts is filed after 5 years from the

last day prescribed for filing the statement of gross receipts or after 1 year from the date of the overpayment, whichever period expires later, unless before the expiration of the period the taxpayer files a claim or the department of revenue determines the existence of the overpayment and approves the refund or credit. If the taxpayer has agreed in writing under the provisions of subsection (1) to extend the time within which the department of revenue may propose an additional assessment, the period within which a claim for refund or credit may be filed or a credit or refund allowed if no claim is filed is automatically extended.

(3) If a statement of gross receipts is required to be filed and the taxpayer fails to file the statement of gross receipts, the tax may be assessed or an action to collect the tax may be brought at any time. If a statement of gross receipts is required to be filed and the taxpayer files a fraudulent statement of gross receipts, the 5-year period provided for in subsection (1) does not begin until discovery of the fraud by the department of revenue.

Section 15. **Statute of limitations.** (1) Except as provided in subsection (3), a deficiency may not be assessed or collected with respect to the year for which a return is filed unless the notice of the additional fee proposed to be assessed is mailed within 5 years from the date the return was filed. For purposes of this section, a return filed before the last day prescribed for filing is considered as filed on the last day. If the taxpayer, before the expiration of the period prescribed for assessment of the fee, consents in writing to an assessment after that time, the fee may be assessed at any time prior to the expiration of the period agreed upon.

(2) A refund or credit may not be allowed or paid with respect to the year for which a return is filed after 5 years from the last day prescribed for filing the return or after 1 year from the date of the overpayment, whichever period expires later, unless before the expiration of the period the taxpayer files a claim or the department of revenue determines the existence of the overpayment and approves the refund or credit. If the taxpayer has agreed in writing under the provisions of subsection (1) to extend the time within which the department of revenue may propose an additional assessment, the period within which a claim for refund or credit may be filed or a credit or refund allowed if no claim is filed is automatically extended.

(3) If a return is required to be filed and the taxpayer fails to file the return, the tax may be assessed or an action to collect the tax may be brought at any time. If a return is required to be filed and the taxpayer files a fraudulent return, the 5-year period provided for in subsection (1) does not begin until discovery of the fraud by the department of revenue.

Section 16. **Penalty and interest for delinquency — waiver.** (1) Fees due under this chapter become delinquent if not paid on or before July 1 for the previous calendar year. The department of revenue shall add to the amount of each delinquent fee a penalty of 10% of the amount of the fee plus interest at the rate of 1% per month or fraction of a month computed on the total fee. Interest is computed from the date the fees were due to the date of payment.

(2) The 10% penalty may be waived by the department if reasonable cause for the failure or neglect to pay the fee required by 35-18-503 is provided to the department.

Section 17. **Deficiency assessment — hearing — interest.** (1) If the department of revenue determines that the amount of fee due is greater than the amount reported, it shall mail to the taxpayer a notice of the additional fee proposed to be assessed. Within 30 days after mailing of the notice, the taxpayer may file with the department a written protest against the proposed additional fee, setting forth the grounds upon which the protest is based, and may request in his protest an oral hearing or an opportunity to present additional evidence relating to his additional liability. If a protest is not filed, the amount of the additional fee proposed to be assessed becomes final upon expiration of the 30-day period. If a protest is filed, the department shall reconsider the proposed assessment and, if the taxpayer has requested, shall grant the taxpayer an oral hearing. After consideration of the protest and the evidence presented at an oral hearing, the department's action upon the protest is final when it mails notice of its action to the taxpayer.

(2) (a) When a deficiency is determined and the additional fee becomes final, the department shall mail a notice and demand for payment to the taxpayer. The fee is due and payable at the expiration of 10 days after the notice and demand were mailed. Interest on any deficiency assessment bears interest until paid, at the rate of 1% a month or fraction of a month, computed from the original due date of the return.

(b) If payment is not made within 10 days, the amount of the deficiency is considered delinquent. A 10% penalty must be added to the amount of the deficiency.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-7-102, MCA, is amended to read:

"**15-7-102. Notice of classification and appraisal to owners — appeals.** (1) It shall be the duty of the department of revenue, through its agent as specified in subsection (2), to cause to be mailed to each owner and purchaser under contract for deed a notice of the classification of the land owned or being purchased by him and the appraisal of the improvements on the land only if one or more of the following changes pertaining to the land or improvements have been made since the last notice:

(a) change in ownership;

(b) change in classification;

(c) change in valuation; or

(d) addition or subtraction of personal property affixed to the land.

(2) *(a)* The county assessor shall assign each assessment to the correct owner or purchaser under contract for deed and mail the notice of classification and appraisal on a standardized form, adopted by the department, containing sufficient information in a comprehensible manner designed to fully inform the taxpayer as to the classification and appraisal of his property and of changes over the prior tax year.

(b) If the valuation of the property described in subsection (1) increased from the prior tax year, the notice must include the following information:

(i) the valuation of the property in the prior tax year; and

(ii) a statement showing the amount of taxes that would be due on the property in the current tax year if the property were subject to the same mill levies imposed in the prior tax year.

(3) If the owner of any land and improvements is dissatisfied with the appraisal *as it reflects the market value of the property as determined by the department* or *with the* classification of his land or improvements, he may submit his objection in writing to the department's agent. *In an objection to the appraisal of the property, the department may consider the actual selling price of the property, independent appraisals of the property, and other relevant information presented by the taxpayer as evidence of the market value of the property.* The department shall give reasonable notice to the taxpayer of the time and place of hearing and hear any testimony or other evidence that the taxpayer may desire to produce at that time and afford the opportunity to other interested persons to produce evidence at the hearing. After the hearing, the department shall determine the true and correct appraisal and classification of the land or improvements and notify the taxpayer of its determination. In the notification, the department must state its reasons for revising the classification or appraisal. When the proper appraisal and classification have been determined, the land shall be classified and the improvements appraised in the manner ordered by the department.

(4) Whether a hearing as provided in subsection (3) is held or not, the department or its agent may not adjust an appraisal or classification upon taxpayer's objection unless:

(a) the taxpayer has submitted his objection in writing; and

(b) the department or its agent has stated its reason in writing for making the adjustment.

(5) A taxpayer's written objection to a classification or appraisal and the department's notification to the taxpayer of its determination and the reason for that determination are public records. Each county appraiser shall make the records available for inspection during regular office hours.

(6) *(a)* If any property owner feels aggrieved at the classification and/or the appraisal made by the department, he shall have the right to appeal to the county tax appeal board and then to the state tax appeal board, whose findings shall be final subject to the right of review in the courts. The property owner may appeal the base ~~year~~ valuation and the classification determination. *A county tax appeal board or the state tax appeal board may consider the actual selling price of the property, independent appraisals of the property, and other relevant information presented by the taxpayer as evidence of the market value of the property. If the county tax appeal board or the state tax appeal board determines that an adjustment should be made, the department shall adjust the base value of the property in accordance with the board's order. If any percentage adjustment required by the sales assessment ratio study provided in 15-7-111 is applied to the base value, the valuation of the property for the current year must be the same as the board's determination of market value and the property must continue to be assessed in the area designated by the department.* ~~The property owner may not appeal the yearly percentage adjustments that are specified in 15-7-111 and that may be made as a result of the sales assessment ratio study, the stratum, or area designations as specified in 15-7-111.~~

(b) If a property owner feels aggrieved by either the percentage adjustment or the area designation established by the department pursuant to 15-7-111, he may, within 60 days of the date the rules provided for in subsection (7) are adopted to implement 15-7-111(4)(b), file suit seeking a declaratory judgment action to review the department's determination of the percentage adjustment or area designation.

(c) The district court shall consolidate all such actions brought by property owners into one proceeding. If the suit encompasses more than one judicial district, the venue for action is the first judicial district of Lewis and Clark County.

(d) During the pendency of the action, the court may not restrain or enjoin the department from implementing either the percentage adjustments or area designations made by the department, but the court may direct that the increase in the property owner's tax be paid into the property tax protest fund of the county in which the property is located. Upon final judgment, the court may order all or a portion of the protested tax to be refunded to the property owner or such other remedy as the court considers appropriate.

(7) The percentage adjustments, stratum, and area designations must be adopted by administrative rule. An annual hearing must be held to accept testimony on the percentage adjustments, stratum, and area designations. The department shall present its findings and the proposed rules to the revenue oversight committee."

Section 2. Section 15-7-111, MCA, is amended to read:

"**15-7-111. Periodic revaluation of taxable property — publication of sales assessment ratio studies — appeal of revaluations —** ***public hearing.*** (1) The department of revenue shall administer and supervise a program for the revaluation of all taxable property within the state at least every 5 years. A comprehensive written reappraisal plan shall be promulgated by the department. The reappraisal plan adopted shall provide that all property in each county shall be revalued at least every 5 years. The department shall furnish a copy of the plan and all amendments to the plan to the board of county commissioners in each county.

(2) The new values determined during a revaluation cycle must be provided to the taxpayers at the end of the revaluation cycle but may not be placed on the tax rolls until 1 year following the completion of the revaluation cycle.

(3) A taxpayer shall appeal the new value in advance of its placement on the tax rolls by filing an appeal pursuant to 15-15-102 before the first Monday in June or 15 days after receiving notice of the new valuation amount, whichever is later, or be barred from appealing for untimeliness.

(4) *(a)* For the taxable year beginning January 1, 1990, and for every taxable year thereafter, the department shall conduct a stratified sales assessment ratio study of all residential land and improvements, agricultural 1-acre homesites and improvements, and commercial land and improvements. *Residential improvements include condominiums but do not*

include mobile homes or housetrailers that are not taxed as an improvement as defined in 15-1-101. The sales assessment ratio based on property sales finalized and recorded by no later than November 1 must be used to determine appraisals for the immediately succeeding tax year.

(b) (i) For tax year 1991, if the result of the stratified sales assessment ratio performed pursuant to subsection (4)(a) on residential property for tax year 1990 shows for any area an assessment level of less than 80%, the department shall perform a reappraisal of the residential property in the area. The reappraisal must be performed using a computer-assisted mass appraisal system based on the market approach to value, using comparable sales of similar property. If insufficient sales are available for market modeling, the department shall reappraise the property using the cost approach to value.

(ii) For tax year 1992, if the result of the stratified sales assessment ratio performed pursuant to subsection (4)(a) on residential property for tax year 1991 shows for any area an assessment level of less than 80% or a coefficient of dispersion with respect to the value weighted mean ratio of more than 20%, rounded to the nearest 0.1%, and an adjustment multiplier of 1.01 or greater, the department shall perform a reappraisal of the residential property in the area. The reappraisal must be performed using the same criteria provided in (4)(b)(i).

(iii) For tax year 1993, if the result of the stratified sales assessment ratio performed pursuant to subsection (4)(a) on residential property for tax year 1992 shows for any area an adjustment multiplier of 1.01 or greater, the department shall perform a reappraisal of the residential property in the area. The reappraisal must be performed using the same criteria provided in (4)(b)(i).

(iv) For those areas subject to reappraisal under the provisions of subsection (4)(b)(i) for tax year 1992, the department shall compare the stratified sales assessment ratio performed in 1991 to the 1991 assessed value to determine whether the area will be subject to further appraisal. If that comparison of residential property shows for the area a coefficient of dispersion with respect to the value weighted mean ratio of more than 20%, rounded to the nearest 0.1%, and an adjustment multiplier of 1.01 or greater, the department shall reappraise the area. The reappraisal must be performed using the same criteria provided in (4)(b)(i).

(5) The study required in subsection (4) must be based on:

(a) commonly accepted statistical standards and methodology;

(b) a statistically valid sample of sales, using data from realty transfer certificates filed for up to 3 taxable years prior to the year the study is made, taking into account the dates of the included sales in the statistical analysis; and

(c) the assessments and sales for areas of the state that are economically, demographically, and geographically similar in order to determine the sales assessment ratios for a specific area.

(6) For purposes of conducting the study required by subsection (4), the department shall partition the state into as many as 100 areas for residential property and as many as 20 areas for commercial property. The areas must contain statistically sufficient numbers of sales and be as economically and demographically homogeneous as reasonably practicable.

(7) The department shall use the following procedure to validate sales information:

(a) Department staff who did not participate in the determination of appraised values are required to review the sales transactions evidenced by a realty transfer certificate. The review must be conducted to determine whether each sale used in the study was a valid, arm's-length transaction. Only valid, arm's-length sales may be used in the sales assessment ratio study.

(b) The sales information entered in the computer-assisted appraisal system is considered confidential, as provided in 15-7-308. However, the department shall annually publish a report containing the results of all sales assessment ratio studies done in each of the areas described in subsection (6). The report containing the results of the study must be made available to the public by request or by general disclosure.

(c) The department shall exclude from the sales assessment ratio study any parcels in which the improvements have been remodeled, reconstructed, or expanded between the time of the assessment and the time of the sales.

(d) The department shall exclude sales assessment ratios of less than 50% or greater than 200%.

(8) (a) The department shall have equalized property values throughout the state and may not make further adjustments to values under this section when the assessments for each stratum within each area identified in subsection (6) are rescaled to bring all ratios to *within plus or minus 5% of* common value 1 and when the sample size produces a standard error of less than 5%.

(b) Under the method described in subsection (8)(a), taxable property in each area is considered revalued for each tax year, based on the results of the sales assessment ratio study and the adjustments required by that study.

(c) Assessments in an area are considered equalized under subsection (8)(a) if the ratio for the area is within plus or minus 5% of common value 1.

(9) If the results of the stratified sales assessment ratio study required under this section show an increase in the percentage adjustment in excess of 10% in an area designation, the department shall conduct a public hearing in that area designation to present information showing the reasons for the increase."

Section 3. Section 15-7-201, MCA, is amended to read:

"**15-7-201. (Applicable to ~~1991~~ *1993* land valuation schedules) Legislative intent — value of agricultural property.** (1) Since the market value of many agricultural properties is based upon speculative purchases which do not reflect the productive capability of agricultural land, it is the legislative intent that bona fide agricultural properties shall be classified and assessed at a value that is exclusive of values attributed to urban influences or speculative purposes.

(2) Agricultural land shall be classified according to its use, which classifications shall include but not be limited to irrigated use, nonirrigated use, and grazing use.

(3) Within each class, land shall be assessed at a value that is fairly based on its productive capacity.

(4) In computing the agricultural land valuation schedules to take effect on ~~January 1, 1991, or on~~ the date that the revaluation cycle commencing January 2, 1986, takes effect pursuant to 15-7-111~~,~~ *and, thereafter, upon the effective date when each revaluation cycle takes effect,* the department of revenue shall determine the productive capacity value of all agricultural lands using the formula $V = I/R$ where:

(a) V is the per-acre productive capacity value of agricultural land in each land use and production category;

(b) I is the per-acre net income of agricultural land in each land use and production category and is to be determined by the department using the formula $I = (P - C) U$ where:

(i) I is the per-acre net income;

(ii) P is the per-unit price of the commodity being produced;

(iii) C is the per-unit production cost of the commodity being produced; and

(iv) U is the yield in units per acre; and

(c) R is the capitalization rate to be determined by the department as provided in subsection (9).

(5) Net income shall be:

(a) calculated for each year of a base period, which is the most recent 3-year period for which data are available, prior to a revaluation of property as provided in 15-7-111; and

(b) based on commodity price and production cost data for the base period from such sources as may be considered appropriate by the department, which sources shall include Montana state university.

(6) To the degree available, the department shall compile:

(a) commodity price data reflecting the average prices received per unit of measure by Montana farmers and ranchers. Such data may be obtained from all geographical areas of the state. Commodity prices may include wheat, barley, alfalfa hay, grass hay, corn for grain, corn for silage, sugar beets, dry beans, potatoes, cattle, and sheep. Government payments may be considered. Typical rental arrangements may be considered.

(b) production cost data reflecting average costs per unit of measure paid by Montana farmers and ranchers. Such data may be obtained from all geographical areas of the state. Such production costs may include costs relating to irrigation, fertilization, fuel, seed, weed control, hired labor, management, insurance, repairs and maintenance, and miscellaneous items. Variations in specific production cost data, when affected by different levels of production, and typical rental arrangements may be considered.

(7) The department shall appoint an advisory committee of persons knowledgeable in agriculture and agricultural economics to review the data prepared by Montana state university and advise the department on the implementation of subsections (2) through (6). The advisory committee shall include one member of the Montana state university staff.

(8) Net income shall be determined separately for lands in irrigated use, nonirrigated use, and grazing use and shall be calculated for each use and production level according to the provisions of subsections (4) through (7).

(9) The capitalization rate shall be calculated for each year of the base period and is the annual average interest rate on agricultural loans as reported by the federal land bank association of Spokane, Washington, plus the effective tax rate in Montana.

(10) The effective tax rate shall be calculated by the department for each year of the base period by dividing the total estimated tax due on agricultural land in the state by the total productive capacity value of agricultural land in the state."

Section 4. Section 15-6-143, MCA, is amended to read:

"**15-6-143.** ~~*(Temporary)*~~ **Class thirteen property — description — taxable percentage.** (1) Class thirteen property includes all timberland.

(2) Timberland is contiguous land exceeding 15 acres in one ownership that is capable of producing timber that can be harvested in commercial quantity.

(3) Class thirteen property is taxed at ~~the percentage rate "P"~~ *4%* of the combined appraised value of the standing timber and grazing productivity of the property.

~~(4) For taxable years beginning January 1, 1986, and thereafter, the taxable percentage rate "P" applicable to class thirteen property is 30%/B, where B is the certified statewide percentage increase to be determined by the department of revenue as provided in subsection (5). The taxable~~

~~percentage rate "P" shall be rounded downward to the nearest 0.01% and shall be calculated by the department before July 1, 1986.~~

~~(5) (a) Prior to July 1, 1986, the department shall determine the certified statewide percentage increase for class thirteen property using the formula B = X/Y, where:~~

~~(i) X is the appraised value, as of January 1, 1986, of all property in the state, excluding use changes occurring during the preceding year, classified under class thirteen as class thirteen is described in this section; and~~

~~(ii) Y is the appraised value, as of January 1, 1985, of all property in the state that, as of January 1, 1986, would be classified under class thirteen as class thirteen is described in this section.~~

~~(b) B shall be rounded downward to the nearest 0.0001%.~~

~~(6) After July 1, 1986, no adjustment may be made by the department to the taxable percentage rate "P" until a valuation has been made as provided in 15-7-111.~~ ~~*(Terminates January 1, 1991—sec. 10, Ch. 681, L. 1985.)*~~"

Section 5. Section 10, Chapter 681, Laws of 1985, is amended to read:

~~(c) Assessments in an area are considered equalized under subsection (8)(a) if the ratio for the area is within plus or minus 5% of common value 1.~~"

Section 9. Section 15-10-412, MCA, is amended to read:

"**15-10-412. Property tax limited to 1986 levels — clarification — extension to all property classes.** Section 15-10-402 is interpreted and clarified as follows:

(1) The limitation to 1986 levels is extended to apply to all classes of property described in Title 15, chapter 6, part 1.

(2) The limitation on the amount of taxes levied is interpreted to mean that, except as otherwise provided in this section, the actual tax liability for an individual property is capped at the dollar amount due in each taxing unit for the 1986 tax year. In tax years thereafter, the property must be taxed in each taxing unit at the 1986 cap or the product of the taxable value and mills levied, whichever is less for each taxing unit, except in a taxing unit that levied a tax in tax years 1983 through 1985 but did not levy a tax in 1986, in which case the actual tax liability for an individual property is capped at the dollar amount due in that taxing unit for the 1985 tax year.

(3) The limitation on the amount of taxes levied does not mean that no further increase may be made in the total taxable valuation of a taxing unit as a result of:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property;

(e) reclassification of property;

(f) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(g) transfer of property from tax-exempt to taxable status; *or*

(h) revaluations caused by:

(i) cyclical reappraisal; or

(ii) expansion, addition, replacement, or remodeling of improvements~~;~~ ~~or~~.

~~(i) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.~~

(4) The limitation on the amount of taxes levied does not mean that no further increase may be made in the taxable valuation or in the actual tax liability on individual property in each class as a result of:

(a) a revaluation caused by:

(i) construction, expansion, replacement, or remodeling of improvements that adds value to the property; or

(ii) cyclical reappraisal;

(b) transfer of property into a taxing unit;

(c) reclassification of property;

(d) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(e) annexation of the individual property into a new taxing unit; *or*

(f) conversion of the individual property from tax-exempt to taxable status~~; or~~.

~~(g) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.~~

(5) Property in classes four, twelve, and fourteen is valued according to the procedures used in 1986, including the designation of 1982 as the base year, until the reappraisal cycle beginning January 1, 1986, is completed and new valuations are placed on the tax rolls and a new base year designated, if the property is:

(a) new construction;

(b) expanded, deleted, replaced, or remodeled improvements;

(c) annexed property; or

(d) property converted from tax-exempt to taxable status.

(6) Property described in subsections (5)(a) through (5)(d) that is not class four, class twelve, or class fourteen property is valued according to the procedures used in 1986 but is also subject to the dollar cap in each taxing unit based on 1986 mills levied.

(7) The limitation on the amount of taxes, as clarified in this section, is intended to leave the property appraisal and valuation methodology of the department of revenue intact. Determinations of county classifications, salaries of local government officers, and all other matters in which total taxable valuation is an integral component are not affected by 15-10-401 and 15-10-402 except for the use of taxable valuation in fixing tax levies. In fixing tax levies, the taxing units of local government may anticipate the deficiency in revenues resulting from the tax limitations in 15-10-401 and 15-10-402, while understanding that regardless of the amount of mills levied, a taxpayer's liability may not exceed the dollar amount due in each taxing unit for the 1986 tax year unless:

(a) the taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year. If a taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year, it may levy additional mills to compensate for the decreased taxable valuation, but in no case may the mills levied exceed a number calculated to equal the revenue from property taxes for the 1986 tax year in that taxing unit.

(b) a levy authorized under Title 20 raised less revenue in 1986 than was raised in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, raise each year thereafter an additional number of mills but may not levy more revenue than the 3-year average of revenue raised for that purpose during 1984, 1985, and 1986;

(c) a levy authorized in 50-2-111 that was made in 1986 was for less than the number of mills levied in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, levy each year thereafter an additional number of mills but may not levy more than the 3-year average number of mills levied for that purpose during 1984, 1985, and 1986.

(8) The limitation on the amount of taxes levied does not apply to the following levy or special assessment categories, whether or not they are based on commitments made before or after approval of 15-10-401 and 15-10-402:

(a) rural improvement districts;

(b) special improvement districts;

(c) levies pledged for the repayment of bonded indebtedness, including tax increment bonds;

(d) city street maintenance districts;

(e) tax increment financing districts;

(f) satisfaction of judgments against a taxing unit;

(g) street lighting assessments;

(h) revolving funds to support any categories specified in this subsection (8);

(i) levies for economic development authorized pursuant to 90-5-112(4); and

(j) elementary and high school districts.

(9) The limitation on the amount of taxes levied does not apply in a taxing unit if the voters in the taxing unit approve an increase in tax liability following a resolution of the governing body of the taxing unit containing:

(a) a finding that there are insufficient funds to adequately operate the taxing unit as a result of 15-10-401 and 15-10-402;

(b) an explanation of the nature of the financial emergency;

(c) an estimate of the amount of funding shortfall expected by the taxing unit;

(d) a statement that applicable fund balances are or by the end of the fiscal year will be depleted;

(e) a finding that there are no alternative sources of revenue;

(f) a summary of the alternatives that the governing body of the taxing unit has considered; and

(g) a statement of the need for the increased revenue and how it will be used.

(10) (a) The limitation on the amount of taxes levied does not apply to levies required to address the funding of relief of suffering of inhabitants caused by famine, conflagration, or other public calamity.

(b) The limitation set forth in this chapter on the amount of taxes levied does not apply to levies to support a city-county board of health as provided in Title 50, chapter 2, if the governing bodies of the taxing units served by the board of health determine, after a public hearing, that public health programs require funds to ensure the public health. A levy for the support of a local board of health may not exceed the 5-mill limit established in 50-2-111.

(11) The limitation on the amount of taxes levied by a taxing jurisdiction subject to a statutory maximum mill levy does not prevent a taxing jurisdiction from increasing its number of mills beyond the statutory maximum mill levy to produce revenue equal to its 1986 revenue.

(12) The limitation on the amount of taxes levied does not apply to a levy increase to repay taxes paid under protest in accordance with 15-1-402."

Section 10. **Repealer.** Sections 15-7-132 and 15-7-133, MCA, are repealed.

Section 11. **Sales assessment advisory board — duties.** (1) The board of county commissioners of each county shall appoint a seven-member sales assessment advisory board. The members of the board must be residents of the county in which they serve. The members of the board must be appointed as follows:

(a) two members who are certified appraisers;

(b) two members who are realtors; and

(c) three members who are from the general public.

(2) The term of membership is 3 years.

(3) The advisory board shall meet from time to time to review the department of revenue's determination of area designations, stratum, and percentage adjustments within the county and to recommend to the department changes the board considers necessary regarding the determination of area designations.

Section 12. **Coordination instruction.** If House Bill No. 340 is passed and approved and if it includes a section that amends 15-6-143, then the amendments made by [this act] to 15-6-143 are void.

Section 13. **Applicability dates.** (1) [Section 2] applies retroactively, within the meaning of 1-2-109, to property tax year 1991 and is applicable to taxable years 1992 and 1993.

(2) [Sections 6 through 9] apply to all taxable years beginning after December 31, 1993.

(3) [Section 5] applies retroactively, within the meaning of 1-2-109, to taxable years beginning after December 31, 1990.

Section 14. **Termination.** [Sections 1 and 2] terminate December 31, 1993.

Section 15. **Effective dates.** (1) Except as provided in subsection (2), [this act] is effective on passage and approval.

(2) [Sections 6 through 10] are effective July 1, 1993.

Approved April 27, 1991.

CHAPTER NO. 682

[HB 24]

AN ACT ESTABLISHING THE BEST INTERESTS OF THE CHILD AS THE STANDARD IN ADOPTION PROCEEDINGS; ALLOWING THE DEPARTMENT OF FAMILY SERVICES AND LICENSED CHILD-PLACING AGENCIES TO CONSIDER AGE, MARITAL STATUS, AND RELIGION IN ADOPTION PROCEEDINGS; AMENDING THE LAWS RELATING TO DISCRIMINATION TO ALLOW THE CONSIDERATION IN ADOPTION PROCEEDINGS OF INFORMATION CONCERNING FACTORS THAT MIGHT OTHERWISE BE PROHIBITED; AMENDING SECTIONS 49-1-102, 49-2-308, 49-3-204, AND 49-3-205, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Adoption policy — best interest of child standard — factors to be considered.** (1) It is the policy of the state of Montana to ensure that the best interests of the child are met by adoption proceedings.

(2) The primary purpose of adoption is to help a child become a permanent member of a nurturing family that can give him the care, protection, and opportunities essential for his healthy personal growth and development.

(3) The well-being of the adopted child is the main objective in the placement of children for adoption. The needs of the child must be the primary focus of adoption proceedings, with full recognition of the interdependent needs and interests of birth parents and adoptive parents.

(4) All relevant factors must be considered in determining the best interests of the child in an adoption proceeding. Factors relevant to the determination of a prospective adoptive parent's parenting ability, the future security for a child, and familial stability must be considered. In determining the best interests of the child, the following factors with regard to a prospective adoptive parent may be considered:

(a) age, as it relates to health, earning capacity, provisions for the support of a child, or other relevant circumstance;

(b) marital status, as it relates to the ability to serve as a parent in particularized circumstances; and

(c) religion, as it relates to the ability to provide the child with an opportunity for religious or spiritual and ethical development and as it relates to the express preference of a birth parent to have a child placed with or the express preference of a child to be placed with adoptive parents of a particular religious faith or denomination.

(5) For purposes of ensuring that the best interests of the child are met, the department and licensed child-placing agencies are authorized to gather and use, in an appropriate, nonarbitrary manner, information concerning the age, marital status, and religious beliefs of prospective adoptive parents. The authority granted by this subsection includes the authority to receive and to consider, consistent with the best interests of the child, the preferences of birth parents relating to the age, marital status, or religious beliefs of adoptive parents. Consideration of religious factors by a licensed child-placing agency that is affiliated with a particular religious faith is not arbitrary consideration of religion within the meaning of this section.

Section 2. Section 49-1-102, MCA, is amended to read:

"**49-1-102. Freedom from discrimination.** *(1)* The right to be free from discrimination because of race, creed, religion, color, sex, physical or mental handicap, age, or national origin is recognized as and declared to be a civil right. This right ~~shall~~ *must* include but not be limited to:

~~(1)~~*(a)* the right to obtain and hold employment without discrimination; and

~~(2)~~*(b)* the right to the full enjoyment of any of the accommodation facilities or privileges of any place of public resort, accommodation, assemblage, or amusement.

(2) This section does not prevent the nonarbitrary consideration in adoption proceedings of relevant information concerning the factors listed in subsection (1). Consideration of religious factors by a licensed child-plac-

ing agency that is affiliated with a particular religious faith is not arbitrary consideration of religion within the meaning of this section."

Section 3. Section 49-2-308, MCA, is amended to read:

"49-2-308. **Discrimination by the state.** *(1)* It is an unlawful discriminatory practice for the state or any of its political subdivisions:

~~(1)~~*(a)* to refuse, withhold from, or deny to a person any local, state, or federal funds, services, goods, facilities, advantages, or privileges because of race, creed, religion, sex, marital status, color, age, physical or mental handicap, or national origin, unless based on reasonable grounds;

~~(2)~~*(b)* to publish, circulate, issue, display, post, or mail a written or printed communication, notice, or advertisement which states or implies that any local, state, or federal funds, services, goods, facilities, advantages, or privileges of the office or agency will be refused, withheld from, or denied to a person of a certain race, creed, religion, sex, marital status, color, age, physical or mental handicap, or national origin or that the patronage of a person of a particular race, creed, religion, sex, marital status, color, age, or national origin or possessing a physical or mental handicap is unwelcome or not desired or solicited, unless based on reasonable grounds;

~~(3)~~*(c)* to refuse employment to a person, to bar him from employment, or to discriminate against him in compensation or in a term, condition, or privilege of employment because of his political beliefs. However, this prohibition does not apply to policymaking positions on the immediate staff of an elected officer of the executive branch provided for in Article VI, section 1, of the Montana constitution, to the appointment by the governor of a director of a principal department provided for in Article VI, section 7, of the Montana constitution, or to the immediate staff of the majority and minority leadership of the Montana legislature.

(2) This section does not prevent the nonarbitrary consideration in adoption proceedings of relevant information concerning the factors listed in subsection (1)."

Section 4. Section 49-3-204, MCA, is amended to read:

"49-3-204. **Licensing.** (1) A state or local governmental agency may not grant, deny, or revoke the license or charter of a person on the grounds of race, color, religion, creed, political ideas, sex, age, marital status, physical or mental handicap, or national origin. Each state or local governmental agency shall take such appropriate action in the exercise of its licensing or regulatory power as will assure equal treatment of all persons, eliminate discrimination, and enforce compliance with the policy of this chapter. *This subsection does not prevent the department of family services from licensing a child-placing agency that gives nonarbitrary consideration in adoption proceedings to relevant information concerning the factors listed in this subsection. Consideration of religious factors by a licensed child-placing agency that is affiliated with a particular religious faith is not arbitrary consideration of religion within the meaning of this section.*

(2) The state may not issue or renew a license under Title 16, chapter 4, to an applicant or licensee that excludes from its membership or from its goods, services, facilities, privileges, or advantages any individual on the grounds of race, color, religion, creed, political ideas, sex, age, marital status, physical or mental handicap, or national origin. This subsection does not apply to any lodge of a recognized national fraternal organization."

Section 5. Section 49-3-205, MCA, is amended to read:

"**49-3-205. Governmental services.** (1) All services of every state or local governmental agency must be performed without discrimination based upon race, color, religion, creed, political ideas, sex, age, marital status, physical or mental handicap, or national origin.

(2) No state or local facility may be used in the furtherance of any discriminatory practice, nor may a state or local governmental agency become a party to an agreement, arrangement, or plan which has the effect of sanctioning discriminatory practices.

(3) Each state or local governmental agency shall analyze all of its operations to ascertain possible instances of noncompliance with the policy of this chapter and shall initiate comprehensive programs to remedy any defect found to exist.

(4) This section does not prevent the nonarbitrary consideration in adoption proceedings of relevant information concerning the factors listed in this section."

Section 6. **Codification instruction.** [Section 1] is intended to be codified as an integral part of Title 40, chapter 8, part 1, and the provisions of Title 40, chapter 8, part 1, apply to [section 1].

Section 7. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 8. **Effective date.** [This act] is effective July 1, 1991.

Approved April 27, 1991.

CHAPTER NO. 683

[HB 25]

AN ACT AMENDING THE LAWS RELATING TO ADOPTIONS TO REQUIRE A 72-HOUR PERIOD AFTER BIRTH BEFORE A RELINQUISHMENT OF PARENTAL RIGHTS MAY BE EXECUTED; AMEND-

ING SECTIONS 40-6-125, 40-6-135, AND 40-8-109, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-6-125, MCA, is amended to read:

"**40-6-125. Children born out of wedlock — relinquishment — consent.** (1) If the mother of a child born out of wedlock proposes to relinquish the child for adoption and the relinquishment or consent of the birth father cannot be obtained, the child may not be placed for adoption until the parental rights of the father are terminated by the court as provided in this part, by the court pursuant to Title 41, chapter 3, or by a court of competent jurisdiction in another state or country.

(2) Pending the termination or other disposition of the rights of the father of the child born out of wedlock, the mother may execute a relinquishment, *in accordance with 40-6-135(2) through (5),* terminating her rights to the child. If the mother relinquishes the child, the agency of the state of Montana ~~or the~~, *a* licensed adoption agency, *or the person* to whom the child is relinquished may file a petition under this part or a petition of dependency or neglect pursuant to Title 41, chapter 3. Pending disposition of the petition, the court may enter an order authorizing temporary care of the child.

(3) At the request of the mother, her execution of a relinquishment ~~shall~~ *must* be delayed until after the court has determined the identity of the father and has awarded custody of the child to the father or terminated his rights under this part."

Section 2. Section 40-6-135, MCA, is amended to read:

"**40-6-135. Relinquishment of parental rights — form, execution, and revocation.** (1) ~~Any~~ *A* parent or guardian who proposes to relinquish custody of a child for purposes of placing the child for adoption may do so by executing a relinquishment by which all parental rights to the child are voluntarily relinquished to the department of family services ~~or~~, a licensed adoption agency, *or the prospective adoptive parents*. A parent may not execute a relinquishment to the department or a licensed adoption agency unless the department or the agency has agreed to accept custody of the child until the child is adopted.

(2) A relinquishment may be executed at any time, except that a birth mother may not execute a relinquishment before the child is 72 hours old.

~~(2)~~*(3)* Except as otherwise provided in this section, a relinquishment ~~shall~~ *must* be by a separate instrument executed before a notary public.

~~(3)~~*(4)* If the person from whom a relinquishment is required is a member of any of the armed services or is in prison, the relinquishment may be executed and acknowledged before any person authorized by law to administer oaths.

~~(4)~~*(5)* If the relinquishment is executed in another state or country, the court having jurisdiction over the adoption proceeding in this state shall determine whether the relinquishment was executed in accordance with the laws of that state or country and may not proceed unless it finds that the relinquishment was so executed.

~~(5)~~*(6)* Upon the filing of a properly and voluntarily executed relinquishment of a child by a parent or guardian, the court shall immediately issue an order terminating the rights of that parent or guardian to that child. If the rights of both parents, the surviving parent, or the guardian have been terminated and if the department of family services or a licensed adoption agency has agreed to accept custody of the child until the child is adopted, the court shall issue an order committing the child to the department or to the licensed adoption agency to which the relinquishment was given.

~~(6)~~*(7)* Entry of an order terminating the rights of both parents pursuant to subsection ~~(5)~~ *(6)* terminates the jurisdiction of the district court over the child in any divorce or separate maintenance action.

~~(7)~~*(8)* Upon petition of a person who executed a relinquishment and of the department of family services or the licensed adoption agency to which the child was relinquished, the court with which the relinquishment was filed may grant a hearing to consider whether the relinquishment should be revoked. A relinquishment may not be revoked if the child has been placed for adoption. A verbatim record of testimony related to the petition ~~shall~~ *must* be made."

Section 3. Section 40-8-109, MCA, is amended to read:

"**40-8-109. Placement for adoption by parents.** (1) ~~No~~ *A* parent may *not* make a placement of a child for adoption with an individual who is not a stepparent or a member of the child's extended family unless the parent files with the district court for the county in which the prospective adoptive parent or the parent making the placement resides:

(a) a notice of parental placement; and

(b) a relinquishment of parental rights to the prospective adoptive parents executed voluntarily and in accordance with 40-6-135(2) through ~~(4)~~ *(5)*.

(2) The notice of parental placement and the relinquishment ~~shall~~ *must* be filed prior to a parent's placement of the child with an individual who intends to adopt the child. The notice of parental placement ~~shall~~ *must* contain the following information:

(a) the name and address of each birth parent, if known, and if unknown, the steps taken to ascertain the whereabouts of the parent or parents;

(c) the name and address or expected date and place of birth of the child; and

(d) the name and address of counsel, guardian ad litem, or other representative, if any, for each of the parties in (a) through (c) of subsection (2).

(3) Upon receipt of a notice of parental placement and a relinquishment, the court shall require that the department examine the child and conduct interviews with the birth parents and prospective adoptive parents and report to the court within 30 days but not earlier than 5 days after the birth of the child. The report must state whether the following requirements for placement have been met:

(a) that the decision to place was voluntarily made by the birth parents;

(b) that the department has no temporary authority to investigate or provide protective services to the family under 41-3-402;

(c) that the birth parents or their representatives have provided the court with the report required by 40-8-136;

The relationships referred to herein include blood relationships without regard to legitimacy, relationships of parent and child by adoption, and relationships involving a stepson or stepdaughter.

Such belief shall not be deemed reasonable if the child is less than 14 years old.

~~(2) Whenever the definition of an offense excludes conduct with a spouse, the exclusion shall be deemed to extend to persons living as husband and wife regardless of the legal status of their relationship. The exclusion shall be inoperative as respects spouses living apart whether under a decree of judicial separation or otherwise. Where the definition of an offense excludes conduct with a spouse, this shall not preclude conviction of a spouse in a sexual act which he or she causes another person, not within the exclusion, to perform.~~

~~(3) In a prosecution under the preceding sections on sexual crimes (45-5-502 through 45-5-504) in which the victim's lack of consent is based solely upon his incapacity to consent because he was mentally incapacitated, it is a defense to such prosecution that the victim was a voluntary social companion of the defendant and the intoxicating substance was voluntarily and knowingly taken.~~

~~(4)~~*(2)* No evidence concerning the sexual conduct of the victim is admissible in prosecutions under this part except~~:~~

~~(a)~~ evidence of the victim's past sexual conduct with the offender~~;~~

~~(b)~~ *or* evidence of specific instances of the victim's sexual activity to show the origin of semen, pregnancy, or disease which is at issue in the prosecution.

~~(5)~~*(3)* If the defendant proposes for any purpose to offer evidence described in subsection ~~(4)(a) or (4)(b)~~*(2)*, the trial judge shall order a hearing out of the presence of the jury to determine whether the proposed evidence is admissible under subsection ~~(4)~~*(2)*.

~~(6)~~*(4)* Evidence of failure to make a timely complaint or immediate outcry does not raise any presumption as to the credibility of the victim.

~~(7)~~*(5)* Resistance by the victim is not required to show lack of consent. Force, fear, or threat is sufficient alone to show lack of consent."

Section 7. Section 45-5-505, MCA, is amended to read:

"45-5-505. **Deviate sexual conduct.** (1) A person who knowingly engages in deviate sexual relations or who causes another to engage in deviate sexual relations commits the offense of deviate sexual conduct.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 72-33-108, MCA, is amended to read:

"**72-33-108. Definitions.** As used in chapters 33 through 36, unless the context requires otherwise, the following definitions apply:

(1) "Beneficiary" means a person who has any present or future interest, vested or contingent, and also includes the owner of an interest by assignment or other transfer and, as it relates to a charitable trust, includes any person entitled to enforce the trust.

(2) "Person" means an individual, a corporation, an organization, or other legal entity.

(3) "Property" includes both real and personal property or any interest therein and means anything that may be the subject of ownership.

(4) "Trust" when not qualified by the word "resulting" or "constructive", includes any express trust, private or charitable, with additions thereto, wherever and however created. It also includes a trust created or determined by judgment or decree under which the trust is to be administered in the manner of an express trust *and, unless otherwise provided in the trust instrument, a trust established in connection with bonds issued under Title 90, chapters 2 and 4 through 7.* The term does not include conservatorships, personal representatives, custodial arrangements pursuant to chapter 26

of this title, business trusts providing for certificates to be issued to beneficiaries, common trust funds, voting trusts, security arrangements, liquidation trusts, and trusts for the primary purpose of paying debts, dividends, interest, salaries, wages, profits, pensions, or employee benefits of any kind and any arrangement under which a person is nominee or escrowee for another.

"**72-36-206. Effects on real property transactions.** (1) This section relates only to conveyances of real property to or from a trust, and supplements, but does not modify other substantive provisions of chapters 33 through 36 relating to the creation or validity of trusts. This section does not affect conveyances recorded prior to October 1, 1989.

(2) Except as otherwise provided in chapters 33 through 36, a conveyance of real property to a trustee designated as such in the conveyance vests the whole estate conveyed in the trustee, subject only to the trustee's duties. The beneficiaries of the trust take no estate or interest in the real property, but may determine or enforce the terms of the trust as provided in chapters 33 through 36.

(3) An instrument creating or amending a trust need not be recorded, but may be if properly acknowledged.

(4) If there is no clear reference to or designation of a grantee as trustee in a conveyance (nor in a separately recorded instrument recorded in the same county as the conveyance and describing the same property as described in the conveyance), the conveyance shall be considered to be absolute to the grantee, in favor of purchasers or encumbrancers from the grantee, who were without actual knowledge and who acted for a valuable consideration, despite any valid trust which may exist.

(5) Unless limitations upon a trustee's power or authority are set forth in the recorded conveyance of real property to the trustee or in a separate trust instrument (or portion thereof, or abstract thereof) recorded in the same county, there are no limitations upon the trustee's power or authority to convey or encumber the real property in favor of third persons who were without actual knowledge and who acted for a valuable consideration. A separate trust instrument incorporated by reference in a conveyance to a trustee cannot limit the trustee's power or authority to convey or encumber unless the limitations are set forth in the trust instrument (or portion

thereof or abstract thereof) which is also recorded in the county where the real property is located. An amendment to a recorded trust instrument may not affect the power or authority of a trustee to convey or encumber unless it is also recorded in the same place.

(6) A subsequent conveyance from a person designated in the original conveyance as trustee (or from his successor trustee) conveys the whole estate vested in the trustee, except as limited by the terms of the conveyance. The identity of any successor trustee may be established by a recorded affidavit of the successor trustee specifying his name and address and the date and circumstances of his succession, and confirming that he is currently lawfully serving in such capacity.

(7) In an action or proceeding by a third person involving the real property granted to a trustee, the person designated as trustee in the original conveyance, or the successor trustee as established in subsection (6), or, if none, the person then actually serving as trustee, or, if none, any beneficiary designated by the court to represent the interests of the beneficiaries, shall be considered the only necessary representative of the trust and of all persons with an interest therein. A judgment is binding upon and conclusive against the trust and all persons interested therein as to all matters finally adjudicated in the judgment.

(8) The designation of the name of a trust in a recorded conveyance vests the estate in the trustee of the trust. A subsequent conveyance may be made by the trustee. The identity of a party serving as trustee may be established by a recorded affidavit of the party or by other recorded instrument, specifying the trustee's name and address and confirming that he is currently serving as the trustee."

Section 3. **Effective date.** [This act] is effective on passage and approval.

Approved April 27, 1991.

Section 1. **Net proceeds for vermiculite — statement — value.** (1) A statement of gross yield and value, required in 15-23-502, that is filed by a producer of vermiculite must contain the following:

(a) the name and address of the owner, lessee, or operator of the mine, together with the name and address of any person owning or claiming a royalty interest in the mineral product of the mine or the proceeds derived from the sale of the mineral product, and the amount or amounts paid or yielded as royalty to each person during the period covered by the statement;

(b) the description and location of the mine;

(c) the number of tons of vermiculite extracted, produced, and treated or sold from the mine during the period covered by the statement;

(2) (a) For the purposes of this section, the gross yield or value of vermiculite is determined by multiplying the number of tons of vermiculite reported under subsection (1)(c) by:

(i) for the taxable year beginning January 1, 1991, $27; and

(ii) for the taxable years beginning January 1, 1992, and thereafter, the product obtained by multiplying $27 by the quotient of the PCE for the first quarter of the year previous to the taxable year for which the net proceed value is being calculated, divided by the PCE for the first quarter of the 1991 taxable year.

(b) "PCE" means the implicit price deflator for personal consumption expenditures as published quarterly in the Survey of Current Business by the bureau of economic analysis of the U.S. department of commerce.

Section 2. **Gross value of product for vermiculite.** As used in this part, when referring to vermiculite, "gross value of product" is the gross yield or value of vermiculite as determined in [section 1(2)].

(c) Except as provided in subsection (3), the market value of all motor trucks; agricultural tools, implements, and machinery; and vehicles of all kinds, including but not limited to boats and all watercraft, is the average wholesale value shown in national appraisal guides and manuals or the value of the vehicle before reconditioning and profit margin. The department of revenue shall prepare valuation schedules showing the average wholesale value when no national appraisal guide exists.

(3) The department of revenue or its agents may not adopt a lower or different standard of value from market value in making the official assessment and appraisal of the value of property, except:

(a) the wholesale value for agricultural implements and machinery is the loan value as shown in the Official Guide, Tractor and Farm Equipment, published by the national farm and power equipment dealers association, St. Louis, Missouri;

(b) for agricultural implements and machinery not listed in the official guide, the department shall prepare a supplemental manual where the values reflect the same depreciation as those found in the official guide; and

(c) as otherwise authorized in Title 15 and Title 61.

(4) For purposes of taxation, assessed value is the same as appraised value.

(5) The taxable value for all property is the percentage of market or assessed value established for each class of property.

(d) Properties in 15-6-143, under class thirteen, are assessed at 100% of the combined appraised value of the standing timber and grazing productivity of the land when valued as timberland.

(3) If the court determines that the youth's parents or guardians are financially able to pay a contribution as provided in subsection (2), the court shall order the youth's parents or guardians to pay an amount based on the uniform child support guidelines adopted by the department of social and rehabilitation services pursuant to 40-5-209.

(4) (a) Except as provided in subsection (4)(b), contributions ordered under this section and each modification of an existing order are enforceable by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 4. (b) A court-ordered exception from contributions under this section must be in writing and be included in the order. An exception from the immediate income withholding requirement may be granted if the court finds there is:

(i) good cause not to require immediate income withholding; or

(ii) there is an alternative arrangement between the department and the person who is ordered to pay contributions.

(c) A finding of good cause not to require immediate income withholding must, at a minimum, be based upon:

(6) (a) If the court orders the payment of contributions under this section, the department shall apply to the department of social and rehabilitation services for support enforcement services pursuant to Title IV-D of the Social Security Act.

(b) The department of social and rehabilitation services may collect and enforce a contribution order under this section by any means available under law, including the remedies provided for in Title 40, chapter 5, parts 2 and 4."

(5) If the court determines that the youth's parents or guardians are financially able to pay a contribution as provided in subsection (4), the court shall order the youth's parents or guardians to pay an amount based on the uniform child support guidelines adopted by the department of social and rehabilitation services pursuant to 40-5-209.

(b) commit the youth to the department if the court determines that the youth is in need of placement in other than the youth's own home; provided, however, that:

(i) in the case of a youth in need of supervision, the court shall determine whether continuation in the home would be contrary to the welfare of the youth and whether reasonable efforts have been made to prevent or eliminate the need for removal of the youth from his home. The court shall include such determination in the order committing the youth to the department.

Only the department may, pursuant to subsection (1)(b), place a youth in a residential treatment facility.

(j) commit the youth to a mental health facility if, based upon the testimony of a professional person as defined in 53-21-102, the court finds that the youth is seriously mentally ill as defined in 53-21-102. The youth is entitled to all rights provided by 53-21-114 through 53-21-119. Upon release or discharge from the mental health facility, the youth must be returned to the court for further disposition in accordance with this section unless the court order has expired or the court no longer retains jurisdiction under 41-5-205.

(2) When a youth is committed to the department, the department shall determine the appropriate placement and rehabilitation program for the youth after considering the recommendations made under 41-5-527 by the youth placement committee. Placement is subject to the following limitations:

(a) A youth in need of supervision may not be placed in a youth correctional facility.

(b) A youth may not be held in a youth correctional facility for a period of time in excess of the maximum period of imprisonment that could be imposed on an adult convicted of the offense or offenses that brought the youth under the jurisdiction of the youth court. The department shall determine the place and manner of evaluation.

(5) No evaluation of a youth may be performed at the Montana state hospital unless such youth is transferred to the district court under 41-5-206.

(6) Any order of the court may be modified at any time. In the case of a youth committed to the department, an order pertaining to the youth may be modified only upon notice to the department and subsequent hearing.

(7) Whenever the court commits a youth to the department, it must transmit with the dispositional judgment copies of a medical report and such other clinical, predisposition, or other reports and information pertinent to the care and treatment of the youth.

41-5-523. *(Effective July 1, 1991)* **Disposition of delinquent youth and youth in need of supervision.** (1) If a youth is found to be *a* delinquent *youth* or *a youth* in need of supervision, the youth court may enter its judgment making any of the following dispositions:

The court shall include such determination in the order committing the youth to the department.

(ii) in the case of a delinquent youth who is determined by the court to be a serious juvenile offender, the judge may specify that the youth be placed in a *state* youth correctional facility if the judge finds that such placement is necessary for the protection of the public;

(i) order such further care, treatment, evaluation, or relief that the court considers beneficial to the youth and the community and that does not obligate funding from the department without the department's approval, except that a youth may not be placed by a youth court in a residential treatment facility as defined in 50-5-101. Only the department may, pursuant to subsection (1)(b), place a youth in a residential treatment facility.

(j) commit the youth to a mental health facility if, based upon the testimony of a professional person as defined in 53-21-102, the court finds that the youth is seriously mentally ill as defined in 53-21-102. Upon release or discharge from the mental health facility, the youth must be returned to the court for further disposition in accordance with this section unless the court order has expired or the court no longer retains jurisdiction under 41-5-205.

(2) When a youth is committed to the department, the department shall determine the appropriate placement and rehabilitation program for the youth after considering the recommendations made under 41-5-527 by the youth placement committee. Placement is subject to the following limitations:

(b) A youth may not be held in a *state* youth correctional facility for a period of time in excess of the maximum period of imprisonment that could be imposed on an adult convicted of the offense or offenses that brought the youth under the jurisdiction of the youth court. (c) No youth may be placed in or transferred to a penal institution or other facility used for the execution of sentence of adults convicted of crimes.

(3) A youth placed by the department in a youth correctional facility must be supervised by the department. A youth placed in any other placement must be supervised by the youth probation officer of the youth court having jurisdiction over the youth.

(4) At any time after the youth has been taken into custody and before final disposition, the court may, with the consent of the youth in the manner provided in 41-5-303 for consent by a youth to a waiver of his constitutional rights or after the youth has been adjudicated delinquent or in need of supervision, order the youth to be evaluated for a period not to exceed 45 days. The county commissioners are responsible for the cost of the evaluation and may contract with the department or other public or private agencies to obtain evaluation services.

(5) No evaluation of a youth may be performed at the Montana state hospital unless such youth is transferred to the district court under 41-5-206.

(6) Any order of the court may be modified at any time. In the case of a youth committed to the department, an order pertaining to the youth may be modified only upon notice to the department and subsequent hearing.

(7) Whenever the court commits a youth to the department, it must transmit with the dispositional judgment copies of a medical report and such other clinical, predisposition, or other reports and information pertinent to the care and treatment of the youth.

(8) If a youth is committed to the department, the court shall examine the financial ability of the youth's parents or guardians to pay a contribution covering all or part of the costs for the care, commitment, and treatment of the youth, including the costs of necessary medical, dental, and other health care.

(9) If the court determines that the youth's parents or guardians are financially able to pay a contribution as provided in subsection (8), the court shall order the youth's parents or guardians to pay an amount based on the uniform child support guidelines adopted by the department of social and rehabilitation services pursuant to 40-5-209.

(10) (a) Except as provided in subsection (10)(b), contributions ordered under this section and each modification of an existing order are enforceable by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 4. An order for contribution that is inconsistent with this section is nevertheless subject to withholding for the payment of the contribution without need for an amendment of the support order or for any further action by the court.

(b) A court-ordered exception from contributions under this section must be in writing and be included in the order. An exception from the immediate income withholding requirement may be granted if the court finds there is:

(i) good cause not to require immediate income withholding; or

(ii) there is an alternative arrangement between the department and the person who is ordered to pay contributions.

(c) A finding of good cause not to require immediate income withholding must, at a minimum, be based upon:

(i) a written determination and explanation by the court of the reasons why the implementation of immediate income withholding is not in the best interests of the child; and

(ii) proof of timely payment of previously ordered support in cases involving modification of contributions ordered under this section.

(d) An alternative arrangement must:

(i) provide sufficient security to ensure compliance with the arrangement;

(ii) be in writing and be signed by a representative of the department and the person required to make contributions; and

(iii) if approved by the court, be entered into the record of the proceeding.

(11) Upon a showing of a change in the financial ability of the youth's parents or guardians to pay, the court may modify its order for the payment of contributions required under subsection (9).

The court's order continuing the child under supervision under this section shall be known as a "consent decree". The procedures used and dispositions permitted under this section shall conform to the procedures and dispositions specified in 41-5-401 through 41-5-403 relating to consent adjustments without petition *and the responsibility of the youth's parents or guardians to pay a contribution for the costs of placement in substitute care*.

(2) If the youth or his counsel objects to a consent decree, the court shall proceed to findings, adjudication, and disposition of the case.

(3) If, either prior to discharge by probation services or expiration of the consent decree, a new petition alleging ~~delinquency or~~ *that the youth is a delinquent youth or a youth in* need of supervision is filed against the youth or if the youth fails to fulfill the expressed terms and conditions of the consent decree, the petition under which the youth was continued under supervision may be reinstated in the discretion of the county attorney in consultation with probation services. In the event of reinstatement, the proceeding on the petition shall be continued to conclusion as if the consent decree had never been entered.

(4) A youth who is discharged by probation services or who completes a period under supervision without reinstatement of the original petition may not again be proceeded against in any court for the same offense alleged in the petition, and the original petition shall be dismissed with prejudice.

Nothing in this subsection precludes a civil suit against the youth for damages arising from his conduct.

(5) In all cases where the terms of the consent decree shall extend for a period in excess of 6 months, the probation officer shall at the end of each 6-month period submit a report which shall be reviewed by the court."

(d) that the youth has, or will reasonably obtain, money sufficient to pay for financial obligations incurred as a result of limited emancipation;

(e) that the youth, as shown by prior conduct and preparation, understands and may be expected to responsibly exercise those rights and responsibilities incurred as a result of limited emancipation;

(5) If ~~no order for contribution is made under 41-3-1124 and~~ the court determines that a youth to whom limited emancipation is granted does not have sufficient funds to finance transition to limited emancipated status, the court may order the department to provide such funds, not to exceed $500, directly to the youth. The youth shall account to the court for the disposition of such funds and shall repay all such money to the department within 1 year of the order of limited emancipation unless the court for cause orders an extension.

(6) The court, on its own motion or on the motion of any parties to the dispositional hearing, may modify or revoke the order upon a showing that:

(2) Before conducting the dispositional hearing, the court shall direct that a social summary or predisposition report be made in writing by a probation officer concerning the youth, his family, his environment, and other matters relevant to the need for care or rehabilitation or disposition of the case. The youth court may have the youth examined, and the results of the examination shall be made available to the court as part of the social summary or predisposition report. (5) If the court finds that it is in the best interest of the youth, the youth, his parents, or guardian may be temporarily excluded from the hearing during the taking of evidence on the issues of need for treatment and rehabilitation.

CHAPTER NO. 699

[HB 672]

AN ACT TO GENERALLY REVISE THE LAWS RELATING TO INSURANCE; ESTABLISHING CONSUMER PROTECTION MEASURES RELATING TO RELATIONSHIPS WITH LONG-TERM CARE

FACILITIES, PREMIUM INCREASES, DISCRIMINATION IN INSURANCE, AND PREEXISTING CONDITIONS; AND AMENDING SECTIONS 33-1-502, 33-15-1106, 33-18-210, 33-20-101, 33-20-121, 33-20-131, AND 33-22-508, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Prohibited relations with long-term care facility.** An insurance producer that owns, manages, supervises, operates, maintains, or works in a long-term care facility as defined in 37-9-101 may not solicit, negotiate, transact, or effectuate a life or disability policy or certificate of insurance for a resident of a long-term care facility.

Section 2. **Premium increase restriction — exception.** (1) An insurer may not increase a premium in an individual's or an individual group's disability insurance policy more frequently than once during a 12-month period unless failure to increase the premium more frequently than once during the 12-month period would:

(a) place the insurer in violation of the laws of this state; or

(b) cause the financial impairment of the insurer to the extent that further transaction of insurance by the insurer injures or is hazardous to its policyholders or to the public.

(2) Subsection (1) does not apply to a premium increase necessitated by a state or federal law, court decision, or rule adopted by an agency of competent jurisdiction of the state or federal government.

Section 3. **Preexisting conditions.** (1) A policy or certificate of disability insurance may not exclude coverage for a condition for which medical advice or treatment was recommended by or received from a provider of health care services unless the condition occurred within 5 years preceding the effective date of coverage of an insured person. The condition may only be excluded for a maximum of 12 months.

(2) An insurer may use an application form designed to elicit the complete health history of an applicant and, on the basis of the answers on that application, perform underwriting in accordance with the insurer's established underwriting standards.

Section 4. Section 33-15-1106, MCA, is amended to read:

"**33-15-1106. Renewal with altered terms.** (1) If an insurer offers or purports to renew a policy but on less favorable terms, at a higher rate, or at a higher rating plan, the new terms, rate, or rating plan take effect on the policy renewal date only if the insurer has mailed or delivered notice of the new terms, rate, or rating plan to the insured at least 30 days before the expiration date. If the insured has not been so notified, he may cancel the renewal policy within 30 days after receiving the notice. The insurer shall continue coverage for a period of not less than 30 days after mailing or delivery of the notice. If the insured terminates the policy within the 30-day period, the insurer shall calculate *the* earned premium pro rata based upon the prior policy's rate. The new rate is effective only after the required 30-day notification period has been met. If the insured does not terminate the policy, the premium increase and other changes are effective the day following the prior policy's expiration or anniversary date.

(2) This section does not apply if~~:~~

~~(a) the change is a rate or rating plan filed with the commissioner and applicable to the entire classification or classification system to which the policy belongs; or~~

~~(b)~~ the increase in the rate or the rating plan, or both, results from a classification change based on the altered nature or extent of the risk insured against."

Section 5. Section 33-18-210, MCA, is amended to read:

"**33-18-210. Unfair discrimination and rebates prohibited — property, casualty, and surety insurances.** (1) ~~No~~ *A* title, property, casualty, or surety insurer or ~~any~~ *an* employee, representative, insurance producer, or solicitor ~~thereof~~ *of an insurer* may *not,* as an inducement to purchase insurance or after insurance has been effected, pay, allow, or give or offer to pay, allow, or give, directly or indirectly, ~~any~~ *a:*

(a) rebate, discount, abatement, credit, or reduction of the premium named in the insurance policy; ~~any~~

(b) special favor or advantage in the dividends or other benefits to accrue ~~thereon~~ *on the policy*; or ~~any~~

(c) valuable consideration or inducement not specified in the policy, except to the extent provided for in an applicable filing with the commissioner as provided by law.

(2) ~~No~~ *An* insured named in a policy or ~~any~~ *an* employee of the insured may *not* knowingly receive or accept, directly or indirectly, ~~any such~~ *a:*

(a) rebate, discount, abatement, credit, or reduction of premium;

(b) special favor or advantage; or

(c) valuable consideration or inducement.

(3) ~~No such~~ *An* insurer may *not* make or permit ~~any~~ unfair discrimination in the premium or rates charged for insurance, in the dividends or other benefits payable ~~thereon~~ *on insurance,* or in any other of the terms and conditions of the insurance either between insureds or property having like insuring or risk characteristics or between insureds because of race, color, creed, religion, or national origin.

(4) ~~Nothing in this~~ *This* section may *not* be construed as prohibiting the payment of commissions or other compensation to duly licensed insurance producers or solicitors or as prohibiting an insurer from allowing or

returning lawful dividends, savings, or unabsorbed premium deposits to its participating policyholders, members, or subscribers.

(5) ~~No such~~ *An* insurer may *not* make or permit ~~any~~ unfair discrimination between individuals or risks of the same class and of essentially the same hazards by refusing to issue, refusing to renew, canceling, or limiting the amount of insurance coverage on a property or casualty risk because of the geographic location of the risk, unless:

(a) the refusal, cancellation, or limitation is for a business purpose ~~which~~ *that* is not a mere pretext for unfair discrimination; or

(b) the refusal, cancellation, or limitation is required by law or regulatory mandate.

(6) ~~No such~~ *An* insurer may *not* make or permit ~~any~~ unfair discrimination between individuals or risks of the same class and of essentially the same hazards by refusing to issue, refusing to renew, canceling, or limiting the amount of insurance coverage on a residential property risk, or the personal property contained therein, because of the age of the residential property, unless:

(a) the refusal, cancellation, or limitation is for a business purpose ~~which~~ *that* is not a mere pretext for unfair discrimination; or

(b) the refusal, cancellation, or limitation is required by law or regulatory mandate.

(7) ~~No such~~ *An* insurer may *not* refuse to insure, refuse to continue to insure, or limit the amount of coverage available to an individual because of the sex or marital status of the individual, but an insurer may take marital status into account for the purpose of defining persons eligible for dependents' benefits.

(8) ~~No such~~ *An* insurer may *not* terminate or modify coverage or refuse to issue or refuse to renew ~~any~~ *a* property or casualty policy or contract of insurance solely because the applicant or insured or any employee of either is mentally or physically impaired; however, this subsection does not apply to accident and health insurance sold by a casualty insurer, and this subsection ~~is~~ *may* not ~~to~~ be interpreted to modify any other provision of law relating to the termination, modification, issuance, or renewal of any insurance policy or contract.

(9) An insurer may not refuse to insure, refuse to continue to insure, charge higher rates, or limit the amount of coverage available to an individual based solely on adverse information contained in a driving record that is 3 years old or older.

(10) An insurer may not charge points or surcharge a private passenger motor vehicle policy because of a claim submitted under the insured's policy if the insured was not at fault."

Section 6. Section 33-20-101, MCA, is amended to read:

"**33-20-101. Scope.** ~~Parts~~ *(1) Except as provided in subsection (2), parts* 1 through 5 of this chapter apply only to contracts of life insurance and annuities, other than reinsurance, group life insurance, and group annuities.

(2) Section 33-20-131 applies to group life insurance and group annuities."

Section 7. Section 33-20-121, MCA, is amended to read:

"**33-20-121. Prohibited provisions — limitations on liability.** (1) ~~No~~ *A* policy of life insurance may *not* be delivered or issued for delivery in this state if it contains ~~any of the following provisions~~ *a provision*:

(a) ~~a provision~~ for a period shorter than that provided by statute within which an action at law or in equity may be commenced on the policy; *or*

(b) ~~a provision which~~ *that* excludes or restricts liability for death caused in a certain specified manner or occurring while the insured has a specified status, except that a policy may contain provisions excluding or restricting coverage as specified ~~therein~~ *in the policy* in the event of death ~~under any one or more of the following circumstances~~:

(i) ~~death~~ as a result, directly or indirectly, of war, declared or undeclared, or of action by military forces or of any act or hazard of ~~such~~ war or action or of service in the military, naval, or air forces or in civilian forces auxiliary thereto or from any cause while a member of ~~such~~ military, naval, or air forces of any country at war, declared or undeclared, or of any country engaged in ~~such~~ military action;

(ii) ~~death~~ as a result of aviation or any air travel or flight;

(iii) ~~death~~ as a result of a specified hazardous occupation or occupations;

(iv) ~~death~~ while the insured is a resident outside the continental United States and Canada; or

(v) ~~death~~ within 2 years from the date of issue of the policy as a result of suicide, while seriously mentally ill or otherwise. *If a life insurance policy contains a dependent rider, the dependent coverage may be continued upon payment of the premium for the dependent rider.*

(2) A policy ~~which~~ *that* contains ~~any~~ *an* exclusion or restriction pursuant to subsection (1) ~~of this section shall~~ *must* also provide that in the event of death under the circumstances to which ~~any such~~ *the* exclusion or restriction is applicable, the insurer will pay an amount not less than a reserve determined according to the commissioner's reserve valuation method ~~upon~~ *on* the basis of the mortality table and interest rate specified in the policy for the calculation of nonforfeiture benefits (or if the policy provides for no such benefits, computed according to a mortality table and interest rate determined by the insurer and specified in the policy), with adjustment for indebtedness or dividend credit.

(3) This section does not apply to industrial life insurance, group life insurance, disability insurance, reinsurance, or annuities or to ~~any~~ *a* provision in a life insurance policy relating to disability benefits or to additional benefits in the event of death by accident or accidental means.

(4) ~~Nothing contained in this~~ *This* section ~~prohibits any~~ *does not prohibit a* provision ~~which~~ *that* in the opinion of the commissioner is more favorable to the policyholder than a provision permitted by this section."

Section 8. Section 33-20-131, MCA, is amended to read:

"**33-20-131. Policy loan *or certificate loan.*** (1) ~~Except~~ *Subject to the provisions of 33-20-101(2) and except* as provided in 33-20-132 through 33-20-136, there ~~shall~~ *must* be a provision that after 3 full years' premiums have been paid and after the policy *or certificate* has a cash surrender value and while ~~no~~ *a* premium is *not* in default beyond the grace period for payment, the insurer will advance, on proper assignment or pledge of the policy *or certificate* and on the sole security ~~thereof~~ *of the policy or certificate,* at a specified rate of interest not exceeding 6% a year, an amount equal to or, at the option of the party entitled ~~thereto~~ *to the loan,* less than the loan value of the policy *or certificate.* The commissioner may authorize a rate of interest in excess of 6%, but not in excess of 8% a year (or 7.4% if payable annually in advance), for policies *or certificates* issued on or after January 1, 1980, if the insurer provides adequate written certification that the holders of ~~such~~ *the* policies will benefit fully from the increased earnings of the insurer resulting from the use of an interest rate in excess of the 6% per annum, such as from higher interest income to the company on policy *or certificate* loans, higher investment yield resulting from a reduction in policy *or certificate* loans because of the higher policy *or certificate* loan interest rate, and any additional income to the company resulting from the use of ~~such~~ *the* higher interest rate in any manner ~~whatsoever~~. These benefits to the policyholder ~~shall~~ *must* be reflected through higher dividends, ~~or~~ lower premiums, or both. The loan value of the policy ~~shall~~ *must* be at least equal to the cash surrender value at the end of the then current policy *or certificate* year, provided that the insurer may deduct, either from ~~such~~ *the* loan value or from the proceeds of the loan, any existing indebtedness not already deducted in determining ~~such~~ *the* cash surrender value (including ~~any~~ interest then accrued but not due), ~~any~~ *an* unpaid balance of the premium for the current policy *or certificate* year, and interest on the loan to the end of the current policy *or certificate* year unless the policyowner by written notice to the insurer elects to defer payment of interest until it has accrued. The policy *or certificate* may also provide that if interest on ~~any~~ indebtedness is not paid when due, it ~~shall then~~ *must* be added to the existing indebtedness and ~~shall~~ *must* bear interest at the same rate, and that if and when the total indebtedness on the policy *or certificate,* including interest due or accrued, equals or exceeds the amount of ~~the~~ *its* loan value ~~thereof~~, ~~then~~ the policy ~~shall terminate~~ *or certificate terminates* and ~~become~~ *is* void. The policy ~~shall~~ *or certificate must* reserve to the insurer the right to defer the granting of a loan, other than for the payment of ~~any~~ *a* premium to the insurer, for 6 months after application ~~therefor~~ *for the loan.* The policy *or certificate,* at the insurer's option, may provide for *an* automatic premium loan, subject to an election of the party entitled to elect.

(2) This section ~~shall~~ *does* not apply to term policies or to term insurance benefits provided by rider or supplemental policy provisions or to industrial life insurance policies."

Section 9. Section 33-22-508, MCA, is amended to read:

"**33-22-508. Conversion on termination of eligibility.** (1) A group disability insurance policy issued or renewed after October 1, 1981, ~~shall~~ *must* contain a provision that if the insurance or any portion of it on a person, his dependents, or family members covered under the policy ceases because of termination of his employment or of his membership in the class or classes eligible for coverage under the policy or as a result of his employer discontinuing his business or as a result of his employer discontinuing the group disability insurance policy and not providing for any other group disability insurance or plan, ~~such~~ *and if the* person ~~shall, provided he~~ had been insured for a period of 3 months, ~~be~~ *he is* entitled to have issued to him by the insurer, without evidence of insurability, *group coverage or* an individual policy *issued by the insurer or, in the absence of an individual policy issued by the insurer, a group policy issued by the insurer,* of hospital or medical service insurance on himself, his dependents, or family members~~;~~ ~~provided~~ *if* application for the individual policy ~~shall be~~ *is* made and the first premium tendered to the insurer within 31 days after the termination of group coverage.

(2) The individual policy *or group policy,* at the option of the insured, ~~shall~~ *may* be on any ~~of the forms~~ *form* then customarily issued by the insurer to individual *or group* policyholders, with the exception of ~~those policies whose~~ *a policy the* eligibility *for which* is determined by affiliation other than by employment with a common entity.

(3) The premium on the individual policy ~~shall~~ *or group policy must* be at the insurer's then customary rate applicable to the coverage of the individual *or group* policy."

Section 10. Section 33-1-502, MCA, is amended to read:

"**33-1-502. Grounds for disapproval.** The commissioner shall disapprove any form filed under 33-1-501 or withdraw any previous approval thereof only if the form:

(1) is in any respect in violation of or does not comply with this code;

(2) contains or incorporates by reference, where such incorporation is otherwise permissible, any inconsistent, ambiguous, or misleading clauses or exceptions and conditions which deceptively affect the risk purported to be assumed in the general coverage of the contract, including a provision in a casualty insurance form permitting defense costs within limits, except as permitted by the commissioner in his discretion;

(3) has any title, heading, or other indication of its provisions which is misleading;

(4) is printed or otherwise reproduced in such manner as to render any provision of the form substantially illegible;

(5) contains any provision that violates the provisions of 49-2-309."

(m) The term "property" includes moneys, credits, bonds, stocks, franchises, and all other matters and things, real, personal, and mixed, capable of private ownership. This definition must not be construed to authorize the taxation of the stocks of any company or corporation when the property of such company or corporation represented by the stocks is within the state and has been taxed.

(2) ~~Contiguous~~ *Except as provided in subsection (8), contiguous* or noncontiguous parcels of land totaling less than 20 acres under one ownership that are actively devoted to agricultural use shall be eligible for valuation, assessment, and taxation as herein provided each year the parcels meet any of the following qualifications:

(a) the parcels produce and the owner or the owner's agent, employee, or lessee markets not less than $1,500 in annual gross income from the raising of ~~livestock, poultry, field crops, fruit, and other animal and vegetable matter for food or fiber~~ *agricultural products as defined in 15-1-101*; or

(b) the parcels would have met the qualification set out in subsection (2)(a) were it not for independent intervening causes of production failure beyond the control of the producer or marketing delay for economic advantage, in which case proof of qualification in a prior year will suffice.

(3) Parcels that do not meet the qualifications set out in subsections (1) and (2) shall not be classified or valued as agricultural if they are part of a platted subdivision that is filed with the county clerk and recorder in compliance with the Montana Subdivision and Platting Act.

(4) Land shall not be classified or valued as agricultural if it is subdivided with stated restrictions prohibiting its use for agricultural purposes.

(5) The grazing on land by a horse or other animals kept as a hobby and not as a part of a bona fide agricultural enterprise shall not be considered a bona fide agricultural operation.

(6) If land has been valued, assessed, and taxed as agricultural land in any year, it shall continue to be so valued, assessed, and taxed until the department reclassifies the property. A reclassification does not mean revaluation pursuant to 15-7-111.

(7) For the purposes of this part, growing timber is not an agricultural use.

(8) Subject to the provisions of subsections (2)(a) and (2)(b), property upon which sod, ornamental, nursery, or horticultural crops are raised, grown, or produced must consist of at least 10 acres before the property is eligible to be classified as agricultural land. Improvements devoted to crop production described in this subsection may not be included in class fourteen property. (Subsection (7) terminates January 1, 1991—sec. 10, Ch. 681, L. 1985.) "

Section 3. **Effective date — retroactive applicability.** [This act] is effective on passage and approval and applies retroactively, within the meaning of 1-2-109, to taxable years beginning after December 31, 1990.

Approved April 29, 1991.

[HB 994]

AN ACT REQUIRING THE LICENSING OF PUBLIC SWIMMING POOLS AND PUBLIC BATHING PLACES; AUTHORIZING THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES TO ADMINISTER A LICENSING PROGRAM AND TO ADOPT RULES; ESTABLISHING LICENSE FEES; PROVIDING FOR THE VALIDATION OF LICENSES BY LOCAL HEALTH OFFICERS OR BOARDS; AUTHORIZING THE DEPARTMENT TO ENTER INTO COOPERATIVE AGREEMENTS FOR THE INSPECTION OF PUBLIC SWIMMING POOLS AND PUBLIC BATHING PLACES AND FOR ENFORCEMENT; PROVIDING FOR THE PAYMENT OF A PORTION OF THE FEES TO LOCAL GOVERNMENTS FOR INSPECTION AND ENFORCEMENT; PROVIDING FOR ADMINISTRATIVE AND JUDICIAL ENFORCEMENT; PROVIDING FOR THE RECOVERY OF ENFORCEMENT COSTS AND FOR CIVIL PENALTIES; AMENDING SECTIONS 50-2-118, 50-53-102, 50-53-103, AND 50-53-104, MCA; AND PROVIDING EFFECTIVE DATES.

A statement of intent is required for this bill because [section 2] requires the department of health and environmental sciences to adopt rules relating to licensing of public swimming pools and public bathing places, enforcement procedures, cooperative agreements, procedures for hearings to be held by local boards of health, and performance standards for local boards of health, health officers, and sanitarians. Sanitation and safety standards contained in rules already adopted by the department and currently published in Title 16, chapter 10, subchapters 12, 13, and 15, Administrative Rules of Montana, may be incorporated into new department rules as standards for licensing public swimming pools and public bathing places.

Be it enacted by the Legislature of the State of Montana:

"**50-53-102. Definitions.** As used in this chapter, unless the context clearly indicates otherwise, the following definitions apply:

Section 4. **License required — exemption — validation.** (1) Except as provided in subsection (3), a person may not operate a public swimming pool or public bathing place without annually obtaining a license from the department.

(2) A separate license is required for each public swimming pool or public bathing place unless more than one public swimming pool is operated on the same premises by the same person, in which case a single license is required for all public swimming pools on the premises.

(3) The state or a political subdivision of the state owning or operating a public swimming pool or public bathing place is not required to obtain a license under subsection (1) but must comply with the health and safety requirements in 50-53-101 through 50-53-109 and [sections 4 through 17] and the rules of the department.

(4) A license issued by the department is not valid unless signed in accordance with [section 7] or in accordance with [section 8], in the case of an appeal.

Section 5. **Application for and right to license.** (1) An application for both an original and renewal license to operate a public swimming pool or public bathing place must be made to the department, must contain the information required by the department, and must be accompanied by the fee provided for in [section 6].

(2) A license must be issued to an applicant who has satisfied the requirements for a license provided in 50-53-101 through 50-53-109, [sections 4 through 17], and department rules.

(3) Upon issuing a license, the department shall forward the license to the appropriate local health officer for validation as provided in [section 7].

Section 6. **License fee and late fee — disposition.** (1) (a) Except as provided in subsection (1)(b), each application for an original or renewal license must be accompanied by a license fee of $75.

(b) The fee for an original or renewal license for a public swimming pool or public bathing place operated in conjunction with a public accommodation is $50.

(2) An operator of a public swimming pool or public bathing place who fails to renew a license by the expiration date provided in [section 9] and who operates the public swimming pool or public bathing place in the license year for which no renewal fee was paid shall, upon renewal, pay to the department a late renewal fee of $25 in addition to the renewal fee required by subsection (1). Payment of the late renewal fee does not relieve the operator of responsibility for any operation without a license.

(3) The department shall deposit 85% of the fees collected under subsection (1) in the state special revenue fund to the credit of the local board inspection fund account created by 50-2-108. Money deposited in the local board inspection fund account is subject to appropriation by the legislature for the purposes of [section 17].

(4) The department shall deposit 15% of the fees collected under subsection (1) and all the fees collected under subsection (2) in an account in the state special revenue fund to be appropriated by the legislature to the department for the enforcement of 50-53-101 through 50-53-109 and [sections 4 through 17].

Section 7. **Validation of license required — validation by local officer.** (1) A license issued by the department under 50-53-101 through 50-53-109 and [sections 4 through 17] is not valid until it is signed by the local health officer of the jurisdiction in which the public swimming pool or public bathing place is located.

(2) The local health officer shall, within 15 days of receipt of the license, validate or refuse to validate the license. Failure of the officer to validate a license is a refusal for the purposes of [section 8].

Section 8. **Refusal of health officer to validate — appeal to board.** (1) A local health officer may refuse to validate a license issued by the department under 50-53-101 through 50-53-109 and [sections 4 through 17] only if the officer determines that the license applicant has not met the requirements for the issuance of a license under 50-53-101 through 50-53-109, [sections 4 through 17], and the rules of the department. If the local health officer refuses to validate a license, the officer shall notify the license applicant and the department of the refusal within 5 days of his decision. The notice must state the grounds for the refusal.

(2) The license applicant may appeal the decision of the local health officer to the local board of health by filing a written notice of appeal with the officer and the board within 30 days of the officer's refusal or within 30 days of the expiration of the period for the officer's decision under [section 7], whichever is first.

(3) Upon filing the notice of appeal, the license applicant is entitled to a hearing before the board to determine the applicant's eligibility for a license under 50-53-101 through 50-53-109, [sections 4 through 17], and the rules of the department. The hearing must be held pursuant to the contested case procedure of the Montana Administrative Procedure Act. If the board finds that the applicant is entitled to a validated license, the chairman of the board shall validate the license by signing the license.

Section 9. **License expiration — nontransferability.** (1) A license issued under 50-53-101 through 50-53-109 and [sections 4 through 17] expires on December 31 of the year of issuance unless it is suspended or canceled by the department before that date.

(2) A license issued under 50-53-101 through 50-53-109 and [sections 4 through 17] is not transferable.

Section 10. **Cooperative agreements — inspections.** (1) The department may enter into cooperative agreements with local boards of health to authorize those boards to act as agents of the department and to conduct inspections of and enforce applicable statutes and department rules relating to public swimming pools and public bathing places within the jurisdictions of the respective boards.

(2) The department or a local board of health, pursuant to a cooperative agreement, shall annually conduct:

(a) at least one full facility inspection and one critical point inspection of each public swimming pool or public bathing place operated throughout the year; and

(b) at least one full facility inspection of each seasonal public swimming pool or public bathing place.

Section 11. **Denial, suspension, or cancellation of license — multiple pool facility.** (1) The department may deny, suspend, or cancel a license if it finds that the license applicant or licensee has violated 50-53-101 through 50-53-109, [sections 4 through 17], or the rules of the department and has failed or refused to remedy or correct the violation in accordance with the procedure provided in [section 13].

(2) If the license of an operator who operates more than one public swimming pool under one license is denied, suspended, or canceled, the use of all of the public swimming pools on the premises must cease unless the department determines that the violation for which the license was denied, suspended, or canceled does not affect the operation or the use of all of the public swimming pools on the premises.

Section 12. **Administrative enforcement — notice — department hearing.** (1) A license may not be denied, suspended, or canceled or corrective action may not be ordered by the department unless the department delivers to the license applicant or licensee a written notice of violation that contains a written statement of the facts constituting the violation and a citation to the statute or rule of the department alleged to have been violated. No further administrative enforcement action may be taken by the department pursuant to the notice if within 10 days after receipt of the notice, the license applicant or licensee complies with the provisions of [section 13].

(2) The department may combine with any notice issued under subsection (1) an order for the suspension or cancellation of a license or for corrective action as the department finds necessary to remedy the violation evidenced in the notice. The order becomes final 10 days after service unless within that time the license applicant or licensee requests a hearing pursuant to subsection (4) or submits a corrective action plan in accordance with [section 13].

(3) The department may combine with any notice or order issued under subsection (1) or (2) an order for the license applicant or licensee to appear before the department within a time specified by the department and show cause why the department should not deny, suspend, or cancel the license or otherwise order compliance with 50-53-101 through 50-53-109, [sections 4 through 17], and the rules of the department.

(4) A hearing requested by a license applicant or licensee must be made in writing to the department and must specify the mistake in the facts or law relied on by the department. A hearing held pursuant to this section must be held in accordance with the contested case procedure of the Montana Administrative Procedure Act. Following a hearing, the department may issue an appropriate order. Service of notice or an order mailed by the department is complete upon mailing.

Section 13. **Compliance with corrective action plan as bar to further administrative enforcement.** The department may not deny, suspend, or cancel the license or require corrective action of an operator of a public swimming pool or public bathing place who received a notice of violation from the department pursuant to [section 12] if:

(1) the operator submits a plan to correct the violation to the department within 10 days of service of the notice;

(2) the department approves the plan in writing, including the time in which the plan must be complied with; and

(3) the operator complies with the plan within the time period prescribed by the department.

Section 14. **Return of license for alteration or destruction.** Upon cancellation of a license or the right to operate one or more public swimming pools under a single license for the premises, the operator of the public swimming pool shall return the license to the department for destruction of the license or deletion of the listing of the public swimming pool affected by the cancellation. Cancellation by the department of a license to operate a public swimming pool is effective notwithstanding the refusal or failure of an operator to return the license to the department.

Section 15. **Civil penalties — other enforcement not barred.** (1) A person who violates a provision of 50-53-101 through 50-53-109 and [sections 4 through 17], the rules of the department implementing those sections, an order of the department, or any condition of a license issued by the department is subject to a civil penalty not to exceed $500 for each violation.

(2) An action for collection of a civil penalty under this section does not bar administrative enforcement under [section 12], an action for injunctive relief under 50-53-104, or enforcement under 50-53-109.

Section 16. **Recovery of costs by department or local jurisdiction.** In a civil or criminal action brought by the department or a local jurisdiction to enforce the requirements of 50-53-101 through 50-53-109 and [sections 4 through 17], the rules of the department, or any condition of a license or to assess civil penalties and in an action brought by the department to enforce an order of the department, the court may, in the case of an intentional violation of 50-53-101 through 50-53-109 and [sections 4 through 17], assess the operator of the public swimming pool or public bathing facility for the costs of any investigation and the costs of the civil or criminal action, including reasonable attorney fees.

Section 17. **Department to pay board for inspections or enforcement, or both.** (1) By June 30 of each year, the department shall pay to a local board of health established under 50-2-104, 50-2-106, or 50-2-107 an amount from the local board inspection fund account, created by 50-2-108, for the purpose of inspecting public swimming pools and public bathing places licensed under 50-53-101 through 50-53-109 and [sections 4 through 17] or for taking appropriate enforcement action with respect to the public swimming pools and public bathing places, or for both inspection and enforcement. The payment required by this section must be made to a board only if the board and any local health officer and sanitarian for the jurisdiction of the board meet the program performance standards established by department rules.

(2) Money received by the board pursuant to subsection (1) may be used only for the purpose of inspections and enforcement under 50-53-101 through 50-53-109 and [sections 4 through 17] and must be used to supplement and not supplant other money received by the board for the same purpose.

(3) The department may use money in the local board inspection fund account appropriated to the department for the enforcement of 50-53-101 through 50-53-109, [sections 4 through 17], and the rules of the department and for inspections to determine compliance with those sections and rules in any local jurisdiction not receiving payment under subsection (1).

(a) shake or choose one or more dice, alone or with an owner or employee of the establishment, to determine whether the customer or the establishment shall pay for the customer's drink or to determine whether the customer or the establishment shall immediately pay a predetermined amount of money, not to exceed $2, for music from a jukebox in the establishment; or

(b) play the dice game commonly known as shake-a-day, in which a customer may once each day pay an amount of money predetermined by the establishment, but not more than 50 cents, and shake a number of dice predetermined by the establishment in an attempt to roll a certain combination simulating a poker hand predetermined by the establishment and, if the combination is rolled, win all money paid to play the game since the last winning combination was rolled. The establishment may, before a game begins, limit the amount that will be won and use the remaining money played on that game to start the pot for the next game, thus enhancing the incentive to play the next game in the early stages of the next game. All money paid to play games must be paid out as winnings.

(2) Nothing in this section authorizes the dice game of craps or any other dice game not specifically described in this section.

Section 2. **Codification instruction.** [Section 1] is intended to be codified as an integral part of Title 23, chapter 5, part 1, and the provisions of Title 23, chapter 5, parts 1 through 6, apply to [section 1].

CHAPTER NO. 710

[SB 57]

AN ACT ALLOWING THE USE OF TWO-WAY ELECTRONIC AUDIO-VIDEO COMMUNICATION IN CERTAIN CRIMINAL PROCEDURES; ALLOWING TWO-WAY ELECTRONIC AUDIO-VIDEO COMMUNICATION IN INITIAL APPEARANCES, BAIL HEARINGS, PRELIMINARY EXAMINATIONS, AND ARRAIGNMENTS; AND AMENDING SECTIONS 46-7-101, 46-9-201, 46-9-202, 46-10-202, 46-12-103, AND 46-12-201, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-7-101, MCA, is amended to read:

"**46-7-101. Bringing arrested person before a court — *use of two-way electronic audio-video communication.*** (1) ~~Any~~ *A* person making an arrest under a warrant shall take the arrested person without unnecessary delay before the judge issuing the warrant or, if he is absent or unable to act, before the nearest or most accessible judge of the same county. If an arrest is made in a county other than the one in which the warrant was issued, the arrested person ~~shall~~ *must* be taken without unnecessary delay before the nearest and most accessible judge in the county where the arrest was made.

(2) ~~Any~~ *A* person making an arrest without a warrant shall take the arrested person without unnecessary delay before the nearest or most accessible judge in the same county, and a complaint stating the charges against the arrested person ~~shall~~ *must* be filed ~~forthwith~~ *immediately.*

(3) A defendant's initial appearance before a judge may, in the discretion of the court, be satisfied either by the defendant's physical appearance before the court or by two-way electronic audio-video communication. The audio-video communication must operate so that the defendant and the judge can see each other simultaneously and converse with each other and so that the defendant and his counsel, if any, can communicate privately. A judge may order a defendant's physical appearance in court for an initial appearance hearing."

Section 2. Section 46-9-201, MCA, is amended to read:

"**46-9-201. Who may admit to bail.** ~~Any~~ *A* judge may admit *to bail* any defendant properly appearing before him in ~~such~~ *a bail* proceeding ~~to bail~~. When bound over to any court or judge having jurisdiction of the offense charged, bail ~~shall~~ *must* be continued provided *that* the court or judge having jurisdiction may increase, reduce, or substitute bail. On appeal, ~~any~~ *a* judge before whom the trial was had or ~~any~~ *a* judge having the power to issue a writ of habeas corpus may admit the defendant to bail. *For purposes of this section, a defendant's appearance before a judge may be either by physical appearance before the court or by two-way electronic audio-video communication as provided in 46-9-202.*"

Section 3. Section 46-9-202, MCA, is amended to read:

"**46-9-202. Giving bail before another court or judge — *use of two-way electronic audio-video communication.*** *(1)* The defendant, when arrested for a bailable offense, must be taken without unnecessary delay before the nearest or most accessible judge in order that bail may be fixed. If the defendant is brought before a judge other than the court in which the charge is pending, the judge ~~must~~ *shall* establish and accept bail and set the time for the appearance of the defendant in the court in which the charge is pending. Upon acceptance of bail, the judge ~~must~~ *shall* deliver the bail without delay to the court in which the charge is pending.

(2) The requirement that a defendant be taken before a judge for setting of bail may, in the discretion of the court, be satisfied either by the defendant's physical appearance before the court or by two-way electronic audio-video communication. The audio-video communication must operate so that the defendant and the judge can see each other simultaneously and converse with each other, so that the defendant and his counsel, if any, can communicate privately, and so that the defendant and his counsel are both physically present in the same place during the two-way electronic audio-video communication. The defendant may waive the requirement that his counsel be in the defendant's physical presence during the two-way electronic audio-video communication. A judge may order a defendant's physical appearance in court for the hearing of an application for admission to bail."

Section 4. Section 46-10-202, MCA, is amended to read:

"**46-10-202. Presentation of evidence.** (1) The defendant may not enter a plea. The justice shall hear the evidence without unnecessary delay. All witnesses must be examined in the presence of the defendant. The defendant may cross-examine witnesses against him and may introduce evidence in his own behalf. *For purposes of this section, a preliminary examination conducted by the use of two-way electronic audio-video communication that allows all of the participants to be observed and heard by all other participants and that allows the defendant to cross-examine witnesses is considered to be an examination of a witness in the presence of the defendant. Two-way electronic audio-visual communication may not be used unless the defendant's counsel is physically present with his client, unless this requirement is waived by the defendant.*

(2) During the examination of ~~any~~ *a* witness or when the defendant is making a statement or testifying, the justice may, and on the request of the defendant or state shall, exclude all other witnesses. He may also cause the witnesses to be kept separate and to be prevented from communicating with each other until all are examined.

(3) For purposes of a hearing under this chapter, a defendant may, in the discretion of the court, appear before the court either by physical appearance or by two-way electronic audio-video communication. The audio-video communication must operate so that the defendant and the judge can see each other simultaneously and converse with each other, so that the defendant and his counsel, if any, can communicate privately, and so that the defendant and his counsel are both physically present in the same place during the two-way electronic audio-video communication. The defendant may waive the requirement that his counsel be in the defendant's physical presence during the two-way electronic audio-video communication. A judge may order a defendant's physical appearance in court for a preliminary examination."

Section 5. Section 46-12-103, MCA, is amended to read:

"**46-12-103. Presence of defendant — *use of two-way electronic audio-video communication.*** If the offense charged is a felony, the defendant must be ~~personally~~ present for arraignment *either by physical appearance or by two-way electronic audio-video communication.* If the offense charged is a misdemeanor, he may appear by counsel *or be present either by physical appearance or by two-way electronic audio-video communication."*

Section 6. Section 46-12-201, MCA, is amended to read:

"**46-12-201. General rules of procedure for arraignment — *use of two-way electronic audio-video communication — exception.*** *(1)* The arraignment in any court in this state must be conducted in the following manner:

~~(1)~~*(a)* The arraignment must be in open court. *For purposes of this chapter, an arraignment that is conducted by the use of two-way electronic audio-video communication, allowing all of the participants to be observed and heard in the courtroom by all present, is considered to be an arraignment in open court.*

~~(2)~~*(b)* The court must inquire of the defendant or his counsel the defendant's true name, and if the defendant's true name ~~be~~ *is* given as any other than that used in the charge, the court must order the defendant's name to be substituted for the name under which he is charged. The subsequent proceedings must be conducted with the defendant charged under that name, but in the discretion of the court, the defendant may also be referred to by the name by which he was first charged.

~~(3)~~*(c)* The court must determine whether the defendant is under any disability ~~which~~ *that* would prevent the court in its discretion from proceeding with the arraignment. The arraignment may be continued until such time as the court determines the defendant is able to proceed.

(2) Whenever the law requires that a defendant in a misdemeanor or felony case be taken before a court for an arraignment, this requirement may, in the discretion of the court, be satisfied either by the defendant's physical appearance before the court or by two-way electronic audio-video communication. The audio-video communication must operate so that the defendant and the judge can see each other simultaneously and converse with each other, so that the defendant and his counsel, if any, can communicate privately, and so that the defendant and his counsel are both physically present in the same place during the two-way electronic audio-video communication. The defendant may waive the requirement that his counsel be in the defendant's physical presence during the two-way electronic audio-video communication.

(3) A judge may order a defendant's physical appearance in court for arraignment. In a felony case, a judge may not accept a plea of guilty from a defendant not physically present in the courtroom."

Approved April 27, 1991.

CHAPTER NO. 711

[SB 82]

AN ACT STANDARDIZING THE FUNDING MECHANISM FOR ELEMENTARY AND HIGH SCHOOL DISTRICT TRANSPORTATION SCHEDULES BY DIVIDING THE COSTS BETWEEN THE STATE AND COUNTY; REQUIRING A REPORT TO THE 1993 LEGISLATURE; AMENDING SECTIONS 15-23-607, 15-23-703, 17-3-213, 20-7-422, 20-9-212, 20-9-334, 20-9-366, 20-9-367, 20-9-368, 20-10-141, 20-10-142, 20-10-143, 20-10-144, 20-10-145, AND 20-10-146, MCA; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Legislature recognizes its responsibility to develop a more equalized system of funding school transportation. It is the intent of the Legislature that this bill, which allows the Office of Public Instruction to develop data not currently available to monitor current spending by the school, be considered simply the first step toward providing a long-term solution to school transportation equalization problems in Montana. The Legislature also intends, as provided in [section 16], that the Office of Public Instruction continue to collect school transportation data and that equitable funding methods for school transportation be addressed by the 53rd Legislature.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-3-213, MCA, is amended to read:

"**17-3-213. Allocation to general road fund and countywide school levies.** (1) The forest reserve funds so apportioned to each county must be apportioned by the county treasurer in each county as follows:

(a) to the general road fund, 66 ⅔% of the total amount received;

(b) to the following countywide school levies, 33 ⅓% of the total sum received:

(i) county equalization for elementary schools provided for in 20-9-331; and

(ii) county equalization for high schools provided for in 20-9-333;

(iii) the ~~high school~~ *county* transportation fund provided for in ~~20-10-143~~ *20-10-146*; and

(iv) the elementary and high school district retirement fund obligations provided for in 20-9-501.

(2) The apportionment of money to the funds provided for under subsection (1)(b) must be made by the county superintendent based on the proportion that the mill levy of each fund bears to the total number of mills for all the funds. Whenever the total amount of money available for apportionment under this section is greater than the total requirements of a levy, the excess money and any interest income must be retained in a separate reserve fund, to be reapportioned in the ensuing school fiscal year to the levies designated in subsection (1)(b).

(3) In counties in which special road districts have been created according to law, the board of county commissioners shall distribute a proportionate share of the 66 ⅔% of the total amount received for the general road fund to the special road districts within the county based upon the percentage that the total area of the road district bears to the total area of the entire county."

Section 2. Section 15-23-607, MCA, is amended to read:

"**15-23-607. County assessors to compute taxes.** (1) Immediately after the board of county commissioners has fixed tax levies on the second Monday in August, the county assessor shall, subject to the provisions of 15-23-612, compute the taxes on net proceeds, as provided in subsection (2) of this section, and royalty assessments and shall deliver the book to the county treasurer on or before September 15. The county treasurer shall proceed to give full notice of the assessments to the operator and shall collect the taxes as provided by law.

(2) For interim production or new production, as defined in 15-23-601, the county assessor may not levy or assess any mills against the value of the interim production or new production, but shall instead levy a tax as follows:

(a) for interim production or new production of petroleum or other mineral or crude oil, 7% of net proceeds, as described in 15-23-603(2); or

(b) for interim production or new production of natural gas, 12% of net proceeds, as described in 15-23-603(2).

(3) The amount of tax levied in subsections (2)(a) and (2)(b), divided by the appropriate tax rate and multiplied by 60%, must be treated as taxable value for county bonding purposes.

(4) The taxable value of net proceeds for the purpose of computing guaranteed tax base aid for schools *and counties under the provisions of 20-9-366* is the amount of tax received by a district in the previous year divided by the number of mills levied by the district in the previous year, multiplied by 1,000. This amount must be added to the district, county, and statewide taxable value when computing guaranteed tax base aid under 20-9-368.

(5) The operator or producer is liable for the payment of the taxes that, except as provided in 15-16-121, are payable by and must be collected from the operators in the same manner and under the same penalties as provided for the collection of taxes upon net proceeds of mines. However, the operator may at his option withhold from the proceeds of royalty interest, either in kind or in money, an estimated amount of the tax to be paid by him upon the royalty or royalty interest. After the withholding, any deviation between the estimated tax and the actual tax may be accounted for by adjusting subsequent withholdings from the proceeds of royalty interests."

Section 3. Section 15-23-703, MCA, is amended to read:

"**15-23-703. Taxation of gross proceeds — taxable value for bonding and guaranteed tax base aid to schools.** (1) The county assessor shall compute from the reported gross proceeds from coal a tax roll that he shall transmit to the county treasurer on or before September 15 each year. The county assessor may not levy or assess any mills against the reported gross proceeds of coal but shall levy a tax of 5% against the value of the reported gross proceeds as provided in 15-23-701(1)(d). The county treasurer shall proceed to give full notice to each coal producer of the taxes due and to collect the taxes as provided in 15-16-101.

(2) For bonding, county classification, and all nontax purposes, the taxable value of the gross proceeds of coal is 45% of the contract sales price as defined in 15-35-102(5).

(3) The taxable value of gross proceeds for the purpose of computing guaranteed tax base aid for schools *and counties under the provisions of 20-9-366* is the amount of tax received by a district in the previous year divided by the number of mills levied by the district in the previous year, multiplied by 1,000. This amount must be added to the district, county, and statewide taxable value when computing guaranteed tax base aid under 20-9-368.

(4) The county treasurer shall credit all taxes collected under this part:

(a) to the state and to the counties that levied mills against production in the relative proportions required by the levies for state and county purposes in the same manner as property taxes were distributed in the year 1989 in the taxing jurisdiction; and

(b) to school districts in the county that either levied mills against production or used nontax revenue, such as Public Law 81-874 money, in lieu of levying mills against production, in the same manner that property taxes collected or property taxes that would have been collected would have been distributed in 1989 in the school district."

Section 4. Section 20-7-442, MCA, is amended to read:

"**20-7-442. State transportation reimbursement for special education children.** Districts providing children with transportation to a special education class or program and complying with the special education transportation regulations promulgated by the superintendent of public instruction shall be eligible for a transportation reimbursement. The reimbursement shall be calculated from a schedule established by the superintendent of public instruction with the state providing ~~two-thirds~~ *100%* of the reimbursement ~~and the county in which the children reside providing the remainder~~."

Section 5. Section 20-9-212, MCA, is amended to read:

"**20-9-212. Duties of county treasurer.** The county treasurer of each county shall:

(1) receive and hold all school money subject to apportionment and keep a separate accounting of its apportionment to the several districts which are entitled to a portion of the money according to the apportionments ordered by the county superintendent. A separate accounting must be maintained for each county fund supported by a countywide levy for a specific, authorized purpose, including:

(a) the basic county tax in support of the elementary foundation programs;

(b) the basic special tax for high schools in support of the high school foundation programs;

(c) the county tax in support of the ~~county's high school~~ transportation ~~obligation~~ *schedules*;

(d) the county tax in support of the elementary and high school district retirement obligations; and

(e) any other county tax for schools, including the community colleges, which may be authorized by law and levied by the county commissioners~~;~~.

(2) whenever requested, notify the county superintendent and the superintendent of public instruction of the amount of county school money on deposit in each of the funds enumerated in subsection (1) of this section and the amount of any other school money subject to apportionment and apportion the county and other school money to the districts in accordance with the apportionment ordered by the county superintendent;

(3) keep a separate accounting of the expenditures for each budgeted fund included in the final budget of each district;

(4) keep a separate accounting of the receipts, expenditures, and cash balances for each budgeted fund included in the final budget of each district and for each nonbudgeted fund established by each district;

(5) except as otherwise limited by law, pay all warrants properly drawn on the county or district school money and properly endorsed by their holders;

(6) receive all revenue collected by and for each district and deposit these receipts in the fund designated by law or by the district if no fund is designated by law. Interest and penalties on delinquent school taxes shall be credited to the same fund and district for which the original taxes were levied.

(7) send all revenue received for a joint district, part of which is situated in his county, to the county treasurer designated as the custodian of the revenue, no later than December 15 of each year and every 3 months thereafter until the end of the school fiscal year;

(8) at the direction of the trustees of a district, assist the district in the issuance and sale of tax and revenue anticipation notes as provided in Title 7, chapter 6, part 11;

(9) register district warrants drawn on a budgeted fund in accordance with 7-6-2604 when there is insufficient money available in all funds of the district to make payment of the warrant. Redemption of registered warrants must be made in accordance with 7-6-2116, 7-6-2605, and 7-6-2606.

(10) invest the money of any district as directed by the trustees of the district within 3 working days of the direction;

(11) each month give to the trustees of each district an itemized report for each fund maintained by the district, showing the paid warrants, outstanding warrants, registered warrants, amounts and types of revenue received, and the cash balance;

(12) remit promptly to the state treasurer receipts for the county tax for a vocational-technical center when levied by the board of county commissioners under the provisions of 20-16-202; and

(13) invest the money received from the basic county tax in support of the elementary foundation programs and the basic special tax in support of the high school foundation programs within 3 working days of receipt. The money must be invested until the working day before it is required to be distributed to school districts within the county or remitted to the state. Permissible investments are specified in 20-9-213(4). All investment income must be deposited, and credited proportionately, in the funds established to account for the taxes received for the purposes specified in subsections (1)(a) and (1)(b)."

Section 6. Section 20-9-334, MCA, is amended to read:

"**20-9-334. Apportionment of county equalization moneys by county superintendent.** The county superintendent shall separately apportion the revenues deposited in the basic county tax account and the revenues deposited in the basic special tax for high schools account to the several districts of the county on a monthly basis. The apportionments shall be known as "county equalization moneys". Before the county superintendent makes the monthly apportionments, he shall~~:~~

~~(1) deduct from the revenues available in the basic county tax account the amount required for the month to pay the county's obligation for elementary transportation reimbursements; and~~

~~(2)~~ deduct from the revenues available in the basic special tax for high schools account the amount required for the month to pay the county's obligation for high school out-of-county tuition."

Section 7. Section 20-9-366, MCA, is amended to read:

"**20-9-366. Definitions.** As used in 20-9-366 through 20-9-369, the following definitions apply:

(1) "County *retirement* mill value per elementary ANB" or "county *retirement* mill value per high school ANB" means the sum of the current taxable valuation of all property in the county plus the taxable value of oil and gas net proceeds determined under 15-23-607(4) for production occurring after March 31, 1990, plus the taxable value of coal gross proceeds determined under 15-23-703(3) plus all the taxable value of nonlevy revenue for the support of schools, other than Public Law 81-874 funds, divided by 1,000, with the quotient divided by the total county elementary ANB count or the total county high school ANB count used to calculate the elementary school districts' and high school districts' current year foundation program amounts. The taxable value of nonlevy revenue for the purpose of computing guaranteed tax base aid for schools is the amount of nonlevy revenue received by a district in the previous year, including for fiscal year 1991 the revenue received in fiscal year 1990 from the net proceeds taxation of oil and natural gas and including for fiscal year 1992 and thereafter the local government severance tax, divided by the number of mills levied by the district in the previous year, multiplied by 1,000.

(2) "District mill value per ANB" means the current taxable valuation of all property in the district plus the taxable value of oil and gas net proceeds determined under 15-23-607(4) for production occurring after March 31, 1990, plus the taxable value of coal gross proceeds determined under 15-23-703(3) plus all the taxable value of nonlevy revenue for the support of schools, other than Public Law 81-874 funds, divided by 1,000, with the quotient divided by the ANB count of the district used to calculate the district's current year foundation program schedule amount. The taxable value of nonlevy revenue for the purpose of computing guaranteed tax base aid for schools is the amount of nonlevy revenue received by a district in the previous year, including for fiscal year 1991 the revenue received in fiscal year 1990 from the net proceeds taxation of oil and natural gas and including for fiscal year 1992 and thereafter the local government severance

tax, divided by the number of mills levied by the district in the previous year, multiplied by 1,000.

(3) "Guaranteed overschedule general fund budget" means that portion of a district's general fund budget in excess of the foundation program amount for the district, as provided in 20-9-316 through 20-9-321, but not exceeding 135% of the district's foundation program amount, and which excess is authorized under the provisions of 20-9-145 and 20-9-353.

(4) "Statewide mill value per elementary ANB" or "statewide mill value per high school ANB", *for permissive and retirement guaranteed tax base purposes,* means the sum of the current taxable valuation of all property in the state plus the taxable value of oil and gas net proceeds determined under 15-23-607(4) for production occurring after March 31, 1990, plus the taxable value of coal gross proceeds determined under 15-23-703(3) plus all the taxable value of nonlevy revenue for the support of schools, other than Public Law 81-874 funds, divided by 1,000, with the quotient divided by the total state elementary ANB count or the total state high school ANB count used to calculate the elementary school districts' and high school districts' current year foundation program amounts. The taxable value of nonlevy revenue for the purpose of computing guaranteed tax base aid for schools is the amount of nonlevy revenue received by a district in the previous year, including for fiscal year 1991 the revenue received in fiscal year 1990 from the net proceeds taxation of oil and natural gas and including for fiscal year 1992 and thereafter the local government severance tax, divided by the number of mills levied by the district in the previous year, multiplied by 1,000."

Section 8. Section 20-9-367, MCA, is amended to read:

"**20-9-367. Eligibility to receive guaranteed tax base aid.** (1) If the district mill value per ANB of any elementary or high school district is less than the corresponding statewide mill value per ANB, the district may receive guaranteed tax base aid based on the number of mills levied in the district in support of its guaranteed overschedule permissive amount of the general fund budget.

(2) If the county *retirement* mill value per elementary ANB or *county retirement mill value per* high school ANB is less than the corresponding statewide mill value per ANB, the county may receive guaranteed tax base aid based on the number of mills levied in the county in support of the retirement fund budgets of the respective elementary or high school districts in the county."

Section 9. Section 20-9-368, MCA, is amended to read:

"**20-9-368. Amount of guaranteed tax base aid — reversion.** (1) The amount of guaranteed tax base aid per ANB that a county may receive in support of the retirement fund budgets of the elementary school districts in the county is the difference between the county mill value per elementary ANB and the statewide mill value per elementary ANB, multiplied by the number of mills levied in support of the retirement fund budgets ~~of~~ *for* the elementary districts in the county.

(2) The amount of guaranteed tax base aid per ANB that a county may receive in support of the retirement fund budgets of the high school districts in the county is the difference between the county mill value per high school ANB and the statewide mill value per high school ANB, multiplied by the number of mills levied in support of the retirement fund budgets ~~of~~ *for* the high school districts in the county.

(3) The amount of guaranteed tax base aid per ANB that a district may receive in support of its guaranteed overschedule permissive amount of the general fund budget is the difference between the district mill value per ANB and the corresponding statewide mill value per ANB, multiplied by the number of mills levied in support of the district's guaranteed overschedule permissive amount of the general fund budget.

(4) Guaranteed tax base aid provided to any county or district under this section is earmarked to finance the fund or portion of the fund for which it is provided. If the actual expenditures from the fund or portion of the fund for which guaranteed tax base aid is earmarked are less than the amount budgeted, the guaranteed tax base aid reverts in proportion to the amount budgeted but not expended. If a county or district receives more guaranteed tax base aid than it is entitled to, the excess must be returned to the state as required by 20-9-344."

Section 10. Section 20-10-141, MCA, is amended to read:

"**20-10-141. Schedule of maximum reimbursement by mileage rates.** (1) The following mileage rates for school transportation constitute the maximum reimbursement to districts for school transportation from state and county sources of transportation revenue under the provisions of 20-10-145 and 20-10-146. These rates ~~shall~~ *may* not limit the amount ~~which~~ *that* a district may budget in its transportation fund budget in order to provide for the estimated and necessary cost of school transportation during the ensuing school fiscal year. All bus miles traveled on routes approved by the county transportation committee are reimbursable. Nonbus mileage is reimbursable for a vehicle driven by a bus driver to and from an overnight location of a school bus when the location is more than 10 miles from the school. A district may approve additional bus or nonbus miles within its own district or approved service area but may not claim reimbursement for ~~such~~ *the* mileage. Any vehicle, the operation of which is reimbursed for bus mileage under the rate provisions of this schedule, ~~shall~~ *must* be a school bus, as defined by this title, driven by a qualified driver on a bus route approved by the county transportation committee and the superintendent of public instruction.

(2) The rate per bus mile traveled ~~shall~~ *must* be determined in accordance with the following schedule when the number of eligible transportees that board a school bus on an approved route is not less than one-half of its rated capacity:

(a) ~~72 cents in fiscal 1984 and 80~~ *85* cents ~~in fiscal 1985 and each year thereafter~~ per bus mile for a school bus with a rated capacity of not less than 12 but not more than 45 children; and

(b) when the rated capacity is more than 45 children, an additional ~~2~~ *2.13* cents per bus mile for each additional child in the rated capacity in excess of 45 ~~shall~~ *must* be added to a base rate of ~~72 cents in fiscal 1984 and 80~~ *85* cents ~~in fiscal 1985 and each year thereafter~~ per bus mile.

(3) Reimbursement for nonbus mileage provided for in subsection (1) may not exceed 50% of the maximum reimbursement rate determined under subsection (2).

(4) When the number of eligible transportees boarding a school bus on an approved route is less than one-half of its rated capacity, the rate per bus mile traveled ~~shall~~ *must* be computed as follows:

(a) determine the number of eligible transportees that board the school bus on the route;

(b) multiply the number determined in subsection (4)(a) by two and round off to the nearest whole number; and

(c) use the adjusted rated capacity determined in subsection (4)(b) as the rated capacity of the bus to determine the rate per bus mile traveled from the rate schedule in subsection (2).

(5) The rated capacity ~~shall be~~ *is* the number of riding positions of a school bus as determined under the policy adopted by the board of public education."

Section 11. Section 20-10-142, MCA, is amended to read:

"**20-10-142. Schedule of maximum reimbursement for individual transportation.** The following rates for individual transportation constitute the maximum reimbursement to districts for individual transportation from state and county sources of transportation revenue under the provisions of 20-10-145 and 20-10-146. These rates also shall constitute the limitation of the budgeted amounts for individual transportation for the ensuing school fiscal year. The schedules provided in this section shall not be altered by any authority other than the legislature of the state of Montana. When the trustees contract with the parent or guardian of any eligible transportee to provide individual transportation for each day of school attendance, they shall reimburse the parent or guardian on the basis of the following schedule:

(1) When a parent or guardian transports an eligible transportee or transportees from the residence of the parent or guardian to a school or to schools located within 3 miles of one another, the total reimbursement per day of attendance shall be determined by multiplying the distance in miles between the residence and the school, or the most distant school if more than one, by 2, subtracting 6 miles from the product so obtained, and multiplying the difference by ~~20~~ *21.25* cents provided that:

(a) if two or more eligible transportees are transported by a parent or guardian to two or more schools located within 3 miles of one another and if such schools are operated by different school districts, the total amount of the reimbursement shall be divided equally between the districts;

(b) if two or more eligible transportees are transported by a parent or guardian to two or more schools located more than 3 miles from one another, the parent or guardian shall be separately reimbursed for transporting the eligible transportee or transportees to each school;

(c) if a parent transports two or more eligible transportees to a school and a bus stop which school and bus stop are located within 3 miles of one another, the total reimbursement shall be determined under the provisions of this subsection and shall be divided equally between the district operating the school and the district operating the bus;

(d) if a parent transporting two or more eligible transportees to a school or bus stop must, because of varying arrival and departure times, make more than one round-trip journey to the bus stop or school, the total reimbursement allowed by this section shall be limited to one round trip per day for each scheduled arrival or departure time;

(e) notwithstanding subsection (1)(a), (1)(b), (1)(c), or (1)(d), no reimbursement may be less than 25 cents a day.

(2) When the parent or guardian transports an eligible transportee or transportees from the residence to a bus stop of a bus route approved by the trustees for the transportation of the transportee or transportees, the total reimbursement per day of attendance shall be determined by multiplying the distance in miles between the residence and the bus stop by 2, subtracting 3 miles from the product so obtained, and multiplying the difference by ~~20~~ *22.5* cents provided that:

(a) if the eligible transportees transported attend schools in different districts but ride on one bus, the districts shall divide the total reimbursement equally; and

(b) if the parent or guardian is required to transport the eligible transportees to more than one bus, the parent or guardian shall be separately reimbursed for transportation to each bus.

(3) Where, due to excessive distances, impassable roads, or other special circumstances of isolation the rates prescribed in subsection (1) or (2) would be an inadequate reimbursement for the transportation costs or would result in a physical hardship for the eligible transportee, his parent or guardian may request an increase in the reimbursement rate. Such a request for increased rates due to isolation shall be made by the parent or guardian on the contract for individual transportation for the ensuing school fiscal year by indicating the special facts and circumstances which exist to justify the increase. Before any increased rate due to isolation can be paid to the requesting parent or guardian, such rate must be approved by the county transportation committee and the superintendent of public instruction after the trustees have indicated their approval or disapproval. Regardless of the action of the trustees and when approval is given by the county transportation committee and the superintendent of public instruc-

tion, the trustees shall pay such increased rate due to isolation. The increased rate shall be 1 1/2 times the rate prescribed in subsection (1) above.

(4) When the isolated conditions of the household where an eligible transportee resides require such eligible transportee to live away from the household in order to attend school, he shall be eligible for the room and board reimbursement. Approval to receive the room and board reimbursement shall be obtained in the same manner prescribed in subsection (3) above. The per diem rate for room and board shall be ~~$5~~ *$5.31* for one eligible transportee and ~~$3~~ *$3.19* for each additional eligible transportee of the same household.

(5) When the individual transportation provision is to be satisfied by supervised home study or supervised correspondence study, the reimbursement rate shall be the cost of such study, provided that the course of instruction is approved by the trustees and supervised by the district."

Section 12. Section 20-10-143, MCA, is amended to read:

"**20-10-143. Budgeting for transportation and transmittal of transportation contracts.** (1) The trustees of ~~any~~ *a* district furnishing transportation to pupils who are residents of ~~such~~ *the* district shall ~~have the authority and it shall be their duty to~~ provide a transportation fund budget that is adequate to finance ~~such~~ *the* district's transportation contractual obligations and any other transportation expenditures necessary for the conduct of its transportation program. The transportation fund budget ~~shall~~ *must* include:

(a) an adequate amount to finance the maintenance and operation of district owned and operated school buses;

(b) the annual contracted amount for the maintenance and operation of school buses by a private party;

(c) the annual contracted amount for individual transportation, including any increased amount due to isolation, which ~~shall~~ *may* not exceed the schedule amounts prescribed in 20-10-142;

(d) any amount necessary for the purchase, rental, or insurance of school buses; and

(e) any other amount necessary to finance the administration, operation, or maintenance of the transportation program of the district, as determined by the trustees.

(2) The trustees may include a contingency amount in the transportation fund budget for the purpose of enabling the district to fulfill ~~any~~ *an* obligation to provide transportation in accordance with ~~the transportation law~~ *this title* for*:*

(a) ~~any~~ pupils not residing in the district at the time of the adoption of the preliminary budget and who subsequently became residents of ~~such~~ *the* district during the school fiscal year*; or*

(b) pupils who have become eligible transportees since the adoption of the preliminary budget because their legal residence has been changed. The budgeted contingency amount ~~shall~~ *may* not exceed 10% of the transportation schedule amount as calculated under the provisions of 20-10-141 and 20-10-142 for all transportation services authorized by ~~such schedule~~ *the schedules* and provided by the district unless 10% of ~~such~~ *the* transportation schedule amount ~~shall be~~ *is* less than $100, in which case $100 ~~shall be~~ *is* the maximum limitation for ~~such~~ *the* budgeted contingency amount.

(3) ~~As provided in 20-9-162, an emergency~~ *A budget amendment to the* transportation fund budget may be adopted subject to the provisions of ~~the emergency budgeting law~~ *20-9-161 through 20-9-166.*

(4) The transportation fund budgeted expenditures appropriated by the trustees ~~shall~~ *must* be reported on the regular budget form prescribed by the superintendent of public instruction in accordance with 20-9-103, and the adoption of the transportation fund budget ~~shall~~ *must* be completed in accordance with the school budgeting laws. When the adopted preliminary budget is sent to the county superintendent, the trustees shall also send copies of all completed transportation contracts for school bus transportation and individual transportation to the county superintendent. ~~Such~~ *The* contracts ~~shall~~ *must* substantiate all contracted transportation services incorporated in the preliminary budget, and after the county superintendent has utilized the contracts for ~~such~~ *that* purpose but before the fourth Monday of July, he shall send all the transportation contracts received ~~by him~~ to the superintendent of public instruction. When the county superintendent determines a deviation between the preliminary transportation fund budget amount for contracted transportation services and the contracted amount for ~~such~~ *the* services, he shall immediately call the deviation to the attention of the appropriate trustees and shall allow the trustees to change the preliminary budgeted amount to compensate for ~~such~~ *the* deviation."

Section 13. Section 20-10-144, MCA, is amended to read:

"**20-10-144. Computation of revenues and net tax levy requirements for ~~the~~ *district* transportation fund budget.** Before the fourth Monday of July and in accordance with 20-9-123, the county superintendent shall compute the revenue available to finance the transportation fund budget of each district. The county superintendent shall compute the revenue for each district on the following basis:

(1) The "schedule amount" of the preliminary budget expenditures that is derived from the rate schedules in 20-10-141 and 20-10-142 must be determined by adding the following amounts:

(a) the sum of the maximum reimbursable expenditures for all approved school bus routes maintained by the district (to determine the maximum reimbursable expenditure, multiply the applicable rate per bus mile by the total number of miles to be traveled during the ensuing school fiscal year on each bus route approved by the county transportation committee and maintained by such district); plus

(b) the total of all individual transportation per diem reimbursement rates for the district as determined from the contracts submitted by the district multiplied by the number of pupil-instruction days scheduled for the ensuing school attendance year; plus

(c) any estimated costs for supervised home study or supervised correspondence study for the ensuing school fiscal year; plus

(d) the amount budgeted on the preliminary budget for the contingency amount permitted in 20-10-143, except if the amount exceeds 10% of the total of subsections (1)(a), (1)(b), and (1)(c) or $100, whichever is larger, the contingency amount on the preliminary budget must be reduced to the limitation amount and used in this determination of the schedule amount.

(2) *(a)* The schedule amount determined in subsection (1) or the total preliminary transportation fund budget, whichever is smaller, is divided by ~~3~~ *2* and ~~the resulting one-third amount~~ is used to determine the available state and county revenue to be budgeted on the following basis:

~~(a)~~*(i)* ~~the resulting one-third~~ *one-half* ~~amount~~ is the budgeted state transportation reimbursement, except that the state transportation reimbursement for the transportation of special education pupils under the provisions of 20-7-442 must be ~~two-thirds~~ *100%* of the schedule amount attributed to the transportation of special education pupils; *and*

~~(b)~~*(ii)* ~~the resulting one-third~~ *one-half* ~~amount, except as provided for joint elementary districts in subsection (2)(e),~~ is the budgeted county transportation *fund* reimbursement ~~for elementary districts~~ and must be financed ~~by the basic county tax under the provisions of 20-9-334;~~

~~(c) the resulting one-third amount multiplied by 2 is the budgeted county transportation reimbursement amount for high school districts financed under the provisions of subsection (5), except as provided for joint high school districts in subsection (2)(e), and~~ *in the manner provided in 20-10-146* ~~except that the county transportation reimbursement for the transportation of special education pupils under the provisions of 20-7-442 must be one-third of the schedule amount attributed to the transportation of special education pupils;~~.

~~(d)~~*(b)* ~~when~~ *When* the district has a sufficient amount of cash for reappropriation and other sources of district revenue, as determined in subsection (3), to reduce the total district obligation for financing to zero, any remaining amount of district revenue and cash reappropriated must be used to reduce the county financing obligation in subsection ~~(2)(b) or (2)(c)~~ *(2)(a)(ii)* and, if the county financing obligations are reduced to zero, to reduce the state financial obligation in subsection ~~(2)(a); and~~*(2)(a)(i).*

~~(e)~~*(c)* ~~the~~ *The* county revenue requirement for a joint district, after the application of any district money under subsection ~~(2)(d)~~ *(2)(b)*, must be prorated to each county incorporated by the joint district in the same proportion as the ANB of the joint district is distributed by pupil residence in each county.

(3) The total of the money available for the reduction of property tax on the district for the transportation fund must be determined by totaling:

(a) anticipated federal money received under the provisions of Title I of Public Law 81-874 or other anticipated federal money received in lieu of that federal act; ~~plus~~

(b) anticipated payments from other districts for providing school bus transportation services for the district; ~~plus~~

(c) anticipated payments from a parent or guardian for providing school bus transportation services for his child; ~~plus~~

(d) anticipated or reappropriated interest to be earned by the investment of transportation fund cash in accordance with the provisions of 20-9-213(4); ~~plus~~

(e) anticipated or reappropriated revenue from property taxes and fees imposed under 23-2-517, 23-2-803, 61-3-504(2), 61-3-521, 61-3-537, and 67-3-204; ~~plus~~

(f) ~~gross proceeds taxes from coal~~ *anticipated revenue from coal gross proceeds* under 15-23-703; ~~plus~~

(g) *anticipated* net proceeds taxes for interim production and new production, as defined in 15-23-601, and local government severance taxes on any other production occurring after December 31, 1988; ~~plus~~

(h) any other revenue anticipated by the trustees to be earned during the ensuing school fiscal year ~~which~~ *that* may be used to finance the transportation fund; ~~plus~~ *and*

(i) any ~~cash~~ *fund balance* available for reappropriation as determined by subtracting the amount of the end-of-the-year ~~cash~~ *fund* balance earmarked as the transportation fund ~~cash~~ *operating* reserve for the ensuing school fiscal year by the trustees from the end-of-the-year ~~cash~~ *fund* balance in the transportation fund. The ~~cash~~ *operating* reserve may not be more than 20% of the final transportation fund budget for the ensuing school fiscal year and is for the purpose of paying transportation fund warrants issued by the district under the final transportation fund budget.

(4) The district levy requirement for each district's transportation fund must be computed by:

(a) subtracting the schedule amount calculated in subsection (1) from the total preliminary transportation budget amount ~~and, for an elementary district, adding the difference to the district obligation to finance one-third of the schedule amount as determined in subsection (2)~~; and

(b) subtracting the amount of money available to reduce the property tax on the district, as determined in subsection (3), from the amount determined in subsection (4)(a).

(5) ~~The county levy requirement for the financing of the county transportation reimbursement to high school districts is computed by adding all requirements for all the high school districts of the county, including the county's obligation for reimbursements in joint high school districts.~~

~~(6)~~ The transportation fund levy requirements determined in subsection (4) for each district ~~and in subsection (5) for the county~~ must be reported to the county commissioners on the second Monday of August by the county superintendent as the transportation fund levy requirements for the district ~~and for the county~~, and the ~~levies~~ *levy* must be made by the county commissioners in accordance with 20-9-142."

Section 14. Section 20-10-145, MCA, is amended to read:

"**20-10-145. State transportation reimbursement.** (1) ~~Any~~ *A* district providing school bus transportation or individual transportation in accordance with ~~the transportation law~~ *this title*, board of public education transportation policy, and superintendent of public instruction transportation rules ~~shall~~ *must* receive a state reimbursement of its transportation expenditures under the transportation reimbursement rate provisions of 20-10-141 and 20-10-142. The state transportation reimbursement ~~shall not exceed one-third~~ *is one-half* of the reimbursement amounts ~~established in such sections or one-third~~ *or one-half* of the district's transportation fund budget, whichever is smaller, and ~~shall~~ *must* be computed on the basis of the number of days the transportation services were actually rendered, *not to exceed 180 pupil-instruction days*. In determining the amount of the state transportation reimbursement, ~~no~~ *an* amount claimed by a district ~~shall~~ *may not* be considered for reimbursement unless ~~such~~ *the* amount has been paid in the regular manner provided for the payment of other financial obligations of the district.

(2) Requests for the state transportation reimbursement ~~shall~~ *must* be made by each district semiannually during the school fiscal year on the claim forms and procedure promulgated by the superintendent of public instruction. The claims for state transportation reimbursements ~~shall~~ *must* be routed by the district to the county superintendent, who after reviewing ~~such~~ *the* claims shall send them to the superintendent of public instruction. The superintendent of public instruction shall establish the validity and accuracy of the claims for the state transportation reimbursements by determining ~~their~~ compliance with ~~the transportation law~~ *this title*, board of public education transportation policy, and the transportation rules of the superintendent of public instruction. After making any necessary adjustments to ~~such~~ *the* claims, ~~he shall cause their~~ *the superintendent of public instruction shall order* payment by ordering a disbursement from the state ~~moneys~~ *money* appropriated by the legislature of the state of Montana for the state transportation reimbursement. ~~Such~~ *The* payment of all the district's claims within one county ~~shall~~ *must* be made to the county treasurer of ~~such~~ *the* county, and the county superintendent shall apportion ~~such~~ *the* payment in accordance with the apportionment order supplied by the superintendent of public instruction."

Section 15. Section 20-10-146, MCA, is amended to read:

"**20-10-146. County transportation reimbursement.** (1) The apportionment of the county transportation reimbursement by the county superintendent for school bus transportation or individual transportation that is actually rendered by a district in accordance with ~~the transportation law~~ *this title,* board of public education transportation policy, and the transportation rules of the superintendent of public instruction ~~shall~~ *must* be the same as the state transportation reimbursement payment except that:

(a) ~~the high school apportionment of the county transportation reimbursement shall be twice the state transportation reimbursement payment;~~

~~(b)~~ if any cash was used to reduce the budgeted county transportation reimbursement under the provisions of 20-10-144~~(2)(d)~~*(2)(b),* the annual apportionment ~~shall be~~ *is* limited to ~~such~~ *the* budget amount;

~~(c) when a district receives a state transportation reimbursement of two-thirds the schedule amount for the transportation of special education pupils, the apportionment of the high school county transportation reimbursement shall be adjusted to provide only a one-third high school county reimbursement of the transportation of special education pupils;~~ and

~~(d)~~*(b)* when the county transportation reimbursement for a school bus has been prorated between two or more counties because ~~such~~ *the* school bus is conveying pupils of more than one district located in ~~such~~ *the* counties, the apportionment of the county transportation reimbursement ~~shall~~ *must* be adjusted to pay the amount computed under ~~such~~ *the* proration.

(2) The county transportation net levy requirement for the financing of the county transportation fund reimbursements to districts is computed by:

(a) totaling the net requirement for all districts of the county, including reimbursements to a special education cooperative or prorated reimbursements to joint districts;

(b) determining the sum of the money available to reduce the county transportation net levy requirement by adding:

(i) anticipated money that may be realized in the county transportation fund during the ensuing school fiscal year, including anticipated revenue from property taxes and fees imposed under 23-2-517, 23-2-803, 61-3-504(2), 61-3-521, 61-3-537, and 67-3-204;

CHAPTER NO. 712

[SB 111]

AN ACT ENCOURAGING BUSINESS INVOLVEMENT IN THE RECLAMATION AND RECYCLING OF MATERIALS; PROVIDING TAX CREDITS FOR INVESTMENTS IN DEPRECIABLE PROPERTY TO COLLECT OR PROCESS RECLAIMABLE MATERIAL OR TO MANUFACTURE A PRODUCT FROM RECLAIMED MATERIAL; PROVIDING A LIMITATION TO THE TAX CREDIT; PROVIDING AN ADDITIONAL 5 PERCENT TAX DEDUCTION FOR BUSINESS-RELATED USE OF RECYCLED MATERIALS; AND PROVIDING EFFECTIVE DATES, AN APPLICABILITY DATE, AND A TERMINATION DATE.

STATEMENT OF INTENT

A statement of intent is necessary for this bill because [section 5] grants rulemaking authority to the department of revenue. This bill allows rulemaking to proceed prior to the effective date of the act to allow the department ample time prior to the time the bill goes into effect to hold hearings and elicit the views of taxpayers, the public, and groups interested in the reclamation and recycling of materials.

The legislature expects the department to adopt rules that will promote the reclamation of materials that would normally be discarded, by encouraging the collection, processing, and reuse of reclaimable and recycled materials by businesses.

The bill addresses four levels of business involvement in the reclamation and recycling of materials:

(1) Retail businesses are encouraged to purchase equipment to collect reclaimable material from consumers.

(2) Recyclers are encouraged to purchase equipment to collect reclaimable material from businesses and other sources and process the material.

(3) Manufacturers are encouraged to purchase equipment to manufacture products from reclaimed material.

(4) All businesses are offered an additional business-related tax deduction to use recycled products in the course of their business.

The scope of the business activity to qualify for a tax credit should be broad. Retail grocery stores and other businesses should be encouraged to collect reclaimable material by receiving a tax credit for equipment they purchase to collect the material, even if they do not directly receive a business-related profit from the equipment or collection operation. Recyclers are encouraged to purchase collection and processing equipment, and manufacturers are encouraged to purchase equipment to make products from reclaimed material.

The rules should be inflexible in allowing dual roles for equipment—the qualifying equipment should be used primarily for the purposes of this bill. The rules should be flexible in determining the specifics of what are to be defined as reclaimable materials and recycled materials. The in-state advantages to building industry based upon reclamation and recycling may have local and interstate benefits that far outweigh the cost of a tax credit and additional deduction.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Definitions.** For the purposes of [sections 1 through 5], unless otherwise required by the context, the following definitions apply:

(1) "Collect" means the collection and delivery of reclaimable materials to a recycling or reclaimable materials processing facility.

(2) "Reclaimable material" means material that has useful physical or chemical properties after serving a specific purpose and that would normally be disposed of as solid waste, as defined in 75-10-203, by a consumer, processor, or manufacturer.

(3) "Recycled material" means a substance that is produced from at least 90% reclaimed material.

Section 2. **Amount and duration of credit — how claimed.** (1) An individual, corporation, partnership, or small business corporation, as defined in 15-31-201, may receive a credit against taxes imposed by Title 15, chapter 30 or 31, for investments in depreciable property to collect or process reclaimable material or to manufacture a product from reclaimed material, if the taxpayer qualifies under [section 3].

(2) Subject to [section 3(2)], a taxpayer qualifying for a credit under [section 3] is entitled to claim a credit in an amount equal to 25% of the cost of the property purchased to collect or process reclaimable material or to manufacture a product from reclaimed material only in the year in which the property was purchased. If qualifying property was purchased prior to January 1, 1992, but on or after January 1, 1990, a taxpayer is entitled to a credit for tax year 1992.

Section 3. **Credit for investment in property used to collect or process reclaimable material or to manufacture a product from reclaimed material.** (1) The following requirements must be met to be entitled to a tax credit for investment in property to collect or process reclaimable material or to manufacture a product from reclaimed material:

(a) The investment must be for depreciable property used primarily to collect or process reclaimable material or to manufacture a product from reclaimed material.

(b) (i) The taxpayer claiming a credit must be a person who, as an owner, including a contract purchaser or lessee, or who pursuant to an agreement owns, leases, or has a beneficial interest in a business that collects or processes reclaimable material or that manufactures a product from reclaimed material. For the purposes of this section, a business qualifies as a business that collects reclaimable material if it gathers reclaimable material for later sale or processing for another business that has as its primary business function the collection or processing of reclaimable material or the manufacture of a product from reclaimed material. The collection of reclaimable material may be a minor or nonprofit part of a business otherwise engaged in a retail trade or other business activity.

(ii) The taxpayer may but need not operate or conduct a business that collects or processes reclaimable material or manufactures a product from reclaimed material. If more than one person has an interest in a business with qualifying property, they may allocate all or any part of the investment cost among themselves and their successors or assigns.

(c) The business must be owned or leased during the tax year by the taxpayer claiming the credit, except as otherwise provided in subsection

(1)(b), and must have been collecting or processing reclaimable material or manufacturing a product from reclaimed material during the tax year for which the credit is claimed.

(d) The reclaimed material collected, processed, or used to manufacture a product may not be an industrial waste generated by the person claiming the tax credit.

(2) A credit under this section may be claimed by a taxpayer for a business only if the qualifying property was purchased on or after January 1, 1990, but before January 1, 1996.

(3) The credit provided by this section is not in lieu of any depreciation or amortization deduction for the investment or other tax incentive to which the taxpayer otherwise may be entitled under Title 15.

(4) A tax credit otherwise allowable under this section that is not used by the taxpayer in the taxable year may not be carried forward to offset a taxpayer's tax liability for any succeeding tax year.

(5) The taxpayer's adjusted basis for determining gain or loss may not be further decreased by any tax credits allowed under this section.

(6) If the taxpayer is a shareholder of an electing small business corporation, the credit must be computed using the shareholder's pro rata share of the corporation's cost of investing in equipment necessary to collect or process reclaimable material or to manufacture a product from reclaimed material. In all other respects, the allowance and effect of the tax credit apply to the corporation as otherwise provided by law.

Section 4. **Limitation of credit.** Notwithstanding the provisions of [sections 2 and 3], a tax credit may not be claimed for an investment in property used to produce energy from reclaimed material.

Section 5. **Deduction for purchase of recycled material.** In addition to all other deductions from adjusted gross individual income allowed in computing taxable income under Title 15, chapter 30, or from gross corporate income allowed in computing net income under Title 15, chapter 31, part 1, a taxpayer may deduct an additional amount equal to 5% of the taxpayer's expenditures for the purchase of recycled material that was otherwise deductible by the taxpayer as business-related expense in Montana.

Section 6. **Department to make rules.** The department of revenue shall prescribe rules necessary to carry out the purposes of [sections 1 through 6].

Section 7. **Reports by department of revenue.** The department of revenue shall report to the 53rd legislature and the 54th legislature on the amounts of the credit claimed under [sections 2 and 3], the number and types of businesses claiming the credit, and the general effectiveness of the credit.

Section 8. **Effective date — applicability — rulemaking.** (1) Except for the purposes of subsection (2), [this act] is effective December 31, 1991, and applies to tax years beginning after December 31, 1991.

(2) For the purposes of promulgating administrative rules to implement [sections 1 through 5], [this act] is effective on passage and approval.

Section 9. **Termination.** [This act] terminates December 31, 1995.

Approved April 29, 1991.

(d) Except as provided in subsection (1)(g), on the first day of the first pay period in fiscal year 1993, each employee hired before July 1, 1992, is entitled to the amount of the employee's base salary as it was on June 30, 1992, plus an increase calculated as follows:

(i) add 45 cents an hour to the employee's base salary as it was on June 30, 1992; then

(ii) add an amount equal to 1/8 of 1% of the amount computed in subsection (1)(d)(i) for each full percentage point that the employee's base salary, as it is after the 45-cent-an-hour increase, is below the market salary for the employee's assigned grade; then

(iii) from the sum calculated in subsection (1)(d)(ii), subtract 20 cents an hour.

(~~ii~~)*(e)* ~~The compensation of each employee~~ *Except as provided in subsection (1)(g),* on the first day of the first pay period in ~~fiscal year 1991~~ *January 1993,* ~~is that amount corresponding to the grade and step occupied~~ *each employee hired before January 1, 1993, is entitled to the amount of the employee's base salary as it was* on ~~the last day of fiscal year 1990.~~ *December 31, 1992, plus an increase of 20 cents an hour above the employee's base salary as it was on December 31, 1992.*

(f) The department shall determine the number of full percentage points that an employee's base salary is below the market salary by dividing the employee's base salary by the market salary for his assigned grade, multiplying the result by 100, and subtracting that total from 100.

(g) An employee's base salary may be no less than the entry salary for his assigned grade.

(h) Except as provided in subsections (5) through (8), an employee's base salary may not exceed the market salary by a percentage greater than the percentage that the market salary for the employee's grade exceeds the entry salary for that grade. The salary of an employee may not be reduced because of this provision.

(2) The pay schedules provided in 2-18-312 and the provisions of subsection (1) do not apply to those teachers, liquor store occupations, or blue-collar occupations compensated under the pay schedules provided in 2-18-313 through 2-18-315.

(3) The pay schedules provided in 2-18-313 through 2-18-315 must be implemented as follows:

(a) (i) The pay schedules provided for in 2-18-313 indicate the annual compensation for the contracted school term for teachers employed under the authority of the department of institutions or the department of family services for fiscal years ~~1990~~ *1992* and ~~1991~~ *1993*.

~~(ii) On the first day of the first pay period in July 1989, each teacher shall advance three steps on the appropriate pay schedule for fiscal year 1990 from the step that he occupied on June 30, 1989.~~

~~(iii)~~*(ii)* The compensation of each teacher on the first day of the first pay period in July ~~1990~~ *1991* is that amount corresponding to ~~his~~ *the teacher's* level of academic achievement and ~~the step occupied on June 30, 1990~~ *years of experience.*

(iii) On the first day of the first pay period of each fiscal year, each teacher shall advance one step on the appropriate pay schedule adopted in 2-18-313.

(b) (i) The pay schedules provided in 2-18-314 indicate the maximum hourly compensation for fiscal years ending June 30, ~~1990~~ *1992*, and June 30, ~~1991~~ *1993*, for those employees in liquor store occupations who have collectively bargained separate classification and pay plans.

(ii) The compensation of each employee on the first day of the first pay period in fiscal year ~~1990~~ *1992* or ~~1991~~ *1993* is that amount corresponding to the grade occupied on the last day of the preceding fiscal year.

(c) (i) The pay schedules provided in 2-18-315 indicate the maximum hourly compensation for fiscal years ending June 30, ~~1990~~ *1992*, and June 30, ~~1991~~ *1993*, for employees in apprentice trades and crafts and other blue-collar occupations recognized in the state blue-collar classification plan who are members of units that have collectively bargained separate classification and pay plans.

(ii) The compensation of each employee on the first day of the first pay period in fiscal year ~~1990~~ *1992* or ~~1991~~ *1993* is that amount corresponding to the grade occupied on the last day of the preceding fiscal year.

(4) (a) (i) A member of a bargaining unit may not receive the amounts indicated in the respective pay schedules provided in 2-18-312 through 2-18-315 until the bargaining unit of which he is a member ratifies a completely integrated collective bargaining agreement covering the biennium ending June 30, ~~1991~~ *1993*.

(ii) If negotiation and ratification of a completely integrated collective bargaining agreement as required by subsection (4)(a)(i) are not completed by July 1, ~~1989~~ *1991*, retroactivity to that date may be negotiated.

(iii) If negotiation and ratification of a completely integrated collective bargaining agreement as required by subsection (4)(a)(i) are not completed by July 1, ~~1989~~ *1991*, members of the bargaining unit involved must continue to receive the compensation they were receiving as of June 30, ~~1989~~ *1991*.

(b) Methods of administration not inconsistent with the purpose of this part and necessary to properly implement the pay schedules provided in 2-18-312 through 2-18-315 may be provided for in collective bargaining agreements.

(5) The current wage or salary of an employee may not be reduced by the implementation of the pay schedules provided for in 2-18-312 through 2-18-315.

(6) The department may authorize a separate pay schedule for medical doctors if the rates provided in 2-18-312 are not sufficient to attract and retain fully licensed and qualified physicians at the state institutions.

(7) The department may develop programs that enable the department to mitigate problems associated with difficult recruitment, retention, transfer, or other exceptional circumstances. Insofar as the program may apply to employees within a collective bargaining unit, it is a negotiable subject under 39-31-305. *To maintain the internal equity of the statewide pay plan provided for in 2-18-312 and subsection (1) of this section, when a majority of registered nurses classified under the provisions of part 2 of this chapter have been granted a pay plan exception through a collectively bargained agreement, then all other classified registered nurses, including those employed in the university system, must be paid a salary equivalent to the salary negotiated in the negotiated agreement, except that in no case may the salary of a classified registered nurse be reduced by this provision.*

(8) The department shall review the competitiveness of the compensation provided to ~~registered nurses and other~~ *all* occupations under this part. If the department finds that substantial problems exist with recruitment and retention because of inadequate salaries when compared to competing employers, the department may establish criteria allowing an adjustment in pay or classification to mitigate the problems. Insofar as these adjustments may apply to employees within a collective bargaining unit, the implementation of these adjustments is a negotiable subject under 39-31-305."

Section 4. Section 2-18-304, MCA, is amended to read:

"**2-18-304. Longevity allowance.** (1) *(a)* In addition to the compensation provided for in 2-18-312, 2-18-313, 2-18-314, or 2-18-315, each employee who has completed 5 years of uninterrupted state service shall receive the ~~larger~~ *greater* of*:*

(i) $10 a month*;* or

(ii) ~~10%~~ *9/10 of 1%* of ~~the difference between~~ the *employee's* base *salary* ~~compensation for his grade and step (where applicable) and the base compensation for the next highest grade and corresponding step (where applicable)~~ multiplied by the number of completed, contiguous 5-year periods of uninterrupted state service.

(b) Service to the state is not interrupted by authorized leaves of absence.

(2) (a) For the purpose of determining years of service under this section, an employee must be credited with 1 year of service for each period of:

(i) 2,080 hours of service following his date of employment; an employee must be credited with 80 hours of service for each biweekly pay period in which he is in a pay status or on an authorized leave of absence without pay, regardless of the number of hours of service in the pay period; or

(ii) 12 uninterrupted calendar months following his date of employment in which he was in a pay status or on an authorized leave of absence without pay, regardless of the number of hours of service in any one month. An employee of a school at a state institution or the university system must be credited with 1 year of service if he is employed for an entire academic year.

(b) State agencies, other than the university system and a school at a state institution, shall use the method provided in subsection (2)(a)(i) to calculate years of service under this section."

Section 5. Section 2-18-305, MCA, is amended to read:

"**2-18-305. Allocation between wages and group benefits.** (1) The dollar amounts shown in the respective pay schedules provided in ~~2-18-312,~~ 2-18-313, 2-18-314, ~~or~~ *and* 2-18-315~~, as the case may be,~~ represent the maximum amount allocated by the state for wages and group benefits, exclusive of longevity as defined in 2-18-304 *for an employee covered by a pay schedule provided in 2-18-313, 2-18-314, or 2-18-315.*

(2) Except as provided in subsection ~~(2)~~*(4)* ~~of this section~~, ~~that~~ *the* amount specifically allocated for group benefits ~~shall~~ *must* be determined by 2-18-703.

(3) (a) An employee covered under the pay schedules provided in 2-18-312 who elects not to be covered by a state employee group benefit plan under the provisions of 2-18-703 must receive as wages his base salary, including adjustments provided in 2-18-303(1)(c) through (1)(e) and 2-18-304.

(b) An employee *covered under the pay schedules provided in 2-18-313, 2-18-314, or 2-18-315* who elects not to be covered by a state employee group benefit plan ~~will~~ *shall, under the provisions of 2-18-703,* receive as wages the amount shown in the appropriate pay schedule less the state contribution for group benefits as determined by 2-18-703.

~~(2)~~*(4)* Employees may, through collective bargaining, determine the allocation ~~of the amounts shown in the pay schedules provided in 2-18-312, 2-18-313, 2-18-314, or 2-18-315, as the case may be,~~ between wages and group benefits, except that in no case may the group benefits allocation be less than the amounts provided in 2-18-703."

A statement of intent is required for this bill because it grants rulemaking authority to the department of natural resources and conservation. In adopting rules to implement this bill, the department should model its rules on the water development project loans that it currently administers.

(2) "Department" means the department of natural resources and conservation established in 2-15-3301.

(3) "Local government" means a county, consolidated government, incorporated city or town, and school district.

Section 2. **Clean coal technology tax exemption — procedure — termination.** (1) The buildings, facilities, or equipment installed under a clean coal technology project is eligible for an exemption from property taxes as provided in this section. CHAPTER NO. 723

[SB 77]

AN ACT EXTENDING THE TERMINATION OF THE TAX INCENTIVE FOR PRODUCTION OF ALCOHOL FOR BLENDING WITH GASOLINE UNTIL 2001; REVISING THE DEFINITION OF ALCOHOL DISTRIBUTOR; INCREASING THE MAXIMUM TOTAL INCENTIVE PAYMENTS IN ANY CONSECUTIVE 12-MONTH PERIOD TO $6 MILLION; INCREASING THE MAXIMUM INCENTIVE PAYMENT TO AN ALCOHOL DISTRIBUTOR IN ANY CONSECUTIVE 12-MONTH PERIOD TO $1.5 MILLION; PROVIDING FOR THE RESERVATION OF TAX INCENTIVES; AMENDING SECTIONS 15-70-503 AND 15-70-522, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A CONTINGENT RETROACTIVE APPLICABIITY DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 2(10)] grants rulemaking authority to the department of revenue to allow the reservation of alcohol tax incentives for alcohol distributors who begin production after July 1, 1991, and to reduce or cancel those incentives if a new alcohol distributor does not comply with the written plan. The legislature intends that the department adopt rules that specify the information that must be contained in the written plan. The department shall also develop procedures to verify that the alcohol distributor has obtained financing for the acquisition of the plant, land, and equipment and has secured an adequate supply of agricultural products for the production of alcohol. The rules may include procedures for the review of a new alcohol distributor's business plan or prospectus, architectural plans, and process flows. The department shall also develop procedures for reducing or canceling the reservation of alcohol tax incentives if the department determines that the new alcohol distributor does not comply with the written plan.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-70-503, MCA, is amended to read:

(i) was blended with gasoline for sale as gasohol in Montana; ~~or~~

(ii) was exported from Montana and has been blended with gasoline for sale as gasohol*; or*

(iii) was used in the production of ethyl butyl ether for use in reformulated gasoline.

(b) Payment ~~shall~~ *must* be made by the department of revenue out of the amount collected under 15-70-204.

(2) Except as provided in subsections ~~(3) through~~ *(4) and* (5), the tax incentive on each gallon of alcohol distilled in accordance with subsection (1) is:

(a) beginning July 1, 1983, 70 cents per gallon;

(b) beginning April 1, 1985, 50 cents per gallon;

(c) beginning April 1, 1987, 30 cents per gallon; and

Alcohol that is exported from Montana and eligible for the tax incentive must be included in the computations.~~

~~(4)~~*(3)* Regardless of the alcohol tax incentive provided in subsection (2) ~~or (3)~~, the total payments made for the incentive under this part may not exceed ~~$1,250,000~~ *$6 million* in any consecutive 12-month period beginning April 1, 1985.

~~(5)~~*(4)* ~~No~~ *An* alcohol distributor may *not* receive tax incentive payments under subsection (2) that exceed ~~$1,000,000~~ *$1.5 million* in any consecutive 12-month period beginning April 1, 1985~~, except as follows. (b) the anticipated source of agricultural products used in the production of gasohol; and

(c) the anticipated time, quantity, and duration of production of gasohol.

(6) The department shall provide to the department of highways the information received from the alcohol distributor under subsection (5).

(7) An alcohol distributor in production before July 1, 1991, is entitled to apply for the maximum tax incentive payment allowed under subsection (4) without providing a written plan as required in subsection (5).

(8) (a) Except as provided in subsection (8)(b), the department shall reserve, in the order that written plans required under subsection (5) are received by the department, alcohol tax incentives based on the anticipated time, quantity, and duration of production. Payment of the alcohol tax incentives must be based on actual production.

(b) No later than 1 year after the written plan is received under subsection (5), the department shall determine whether an alcohol distributor is complying with the written plan. The department may reduce or cancel the reservation of the tax incentive provided in this subsection if the department determines that the alcohol distributor has not materially complied with the written plan.

(9) A new tax incentive payment may not be made if the total tax incentive established in subsection (3) has been reserved or paid. If an alcohol tax incentive has been reduced or canceled, the amount by which the tax incentive has been reduced or canceled is available for reservation as provided in subsection (8)(a).

(10) The department shall prescribe rules necessary to carry out the provisions of this section."

Section 3. **Effective date.** [This act] is effective on passage and approval.

Section 4. **Contingent retroactive applicability.** If [this act] is passed and approved after April 1, 1991, the provisions of [this act] apply retroactively, within the meaning of 1-2-109, to April 1, 1991.

chapter to any other person without the consent of and without affecting the interest of the holder of the certificate of ownership and certificate of registration. Upon any assignment by a secured party of his security interest in any motor vehicle registered under this chapter, a copy of the assignment must be filed with the department and a record of the assignment made upon its records.

In years when number plates are not issued, the department shall provide nonremovable stickers bearing appropriate registration numbers that must be affixed to the license plates in use.

(3) Subject to the provisions of this section, the department shall create a new design for number plates as provided in this section, and it shall manufacture the newly designed number plates for issuance after January 1, 1991, to replace, at renewal as required in 61-3-312 and 61-3-314, number plates that were displayed on motor vehicles before that date.

(4) In the case of motorcars and trucks, plates must be of metal 6 inches wide and 12 inches in length. [SB 232]

AN ACT TO REQUIRE SURRENDER TO THE DEPARTMENT OF JUSTICE THE CERTIFICATE OF OWNERSHIP OF A VEHICLE THAT IS LESS THAN 5 YEARS OF AGE DETERMINED TO BE A SALVAGE VEHICLE; TO ALLOW THE DEPARTMENT TO ISSUE A SALVAGE CERTIFICATE FOR A SALVAGE VEHICLE CAPABLE OF BEING REBUILT; TO PROVIDE FOR THE RETITLING OF A SALVAGE VEHICLE; TO CREATE A VEHICLE IDENTIFICATION NUMBER INSPECTION PROGRAM; TO IMPOSE A VEHICLE IDENTIFICATION NUMBER INSPECTION FEE; TO AUTHORIZE THE DEPARTMENT TO INSPECT THE RECORDS OF LICENSED MOTOR VEHICLE WRECKING FACILITIES; TO ALLOW THE DEPARTMENT TO SUE TO COLLECT CIVIL PENALTIES FOR CERTAIN VIOLATIONS; TO PROVIDE AN APPROPRIATION; AND AMENDING SECTIONS 61-3-202, 75-10-512, AND 75-10-541, MCA.

STATEMENT OF INTENT

A statement of intent is necessary for this bill because it grants the department of justice additional rulemaking authority with respect to the implementation and administration of a vehicle identification and inspection program and additional rulemaking authority with respect to salvage vehicles.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Definitions.** As used in this part, the following definitions apply:

(1) "Cab" means the passenger compartment of a common truck or pickup truck. It is a unit of construction that includes the top or roof and the cowl and may or may not include glass, instrumentation, the steering column and a seat or seats.

(2) "Center structure" includes the section of either a unibody or frame-type passenger vehicle that consists of a unit of sheet metal that extends from the firewall to the back of the rear seat or the centerline of the rear wheels. The structure may comprise the roof, side and rear window posts, cowl panel, dash panel, floor pans, doors, and rocker panels if two or more of these parts are assembled together as one unit.

(3) "Component part" means the front-end assembly, center structure, or tail section of an automobile, the cab of a truck, the bed of a 1-ton or lighter truck, the frame of a vehicle, or any part of a vehicle that contains a vehicle identification number or a derivative of a vehicle identification number.

(4) "Frame" means the structure that supports the automobile body and other external component parts.

(5) "Front-end assembly" includes the hood, right front and left front fenders, grill, bumper, and radiator supports if two or more of these parts are assembled together as one unit forward of the firewall.

(6) "Salvage certificate" means a certificate of ownership issued by the department for a salvage vehicle that may be used to retitle the vehicle.

(7) "Salvage vehicle" means a vehicle damaged by collision, fire, flood, accident, trespass, or other occurrence to the extent that the owner, an insurer, or other person acting on behalf of the owner determines that the cost of parts and labor makes it uneconomical to repair the vehicle.

(8) "Salvage-vehicle purchaser" means a person, other than an insurer, who purchases or otherwise obtains possession of a salvage vehicle.

(9) "Tail section" includes the floor pan, right rear and left rear quarter panels, deck lid, upper rear and lower rear panels, and rear bumper if two or more of these parts are assembled together as one unit.

(10) "Vehicle identification number" means the number, letters, or combination of numbers and letters assigned by the manufacturer, by the department, or in accordance with the laws of another state or country for the purpose of identifying the vehicle or a component part of the vehicle.

Section 2. Section 61-3-202, MCA, is amended to read:

"**61-3-202. Certificate of ownership — issuance — contents — joint ownership — *inspection — fees*.** (1) Upon completion of the application for certificate of ownership, on forms furnished by the department, the county treasurer shall forward one copy of the application to the department, which shall enter the information contained in the application upon the corresponding records of its office and, except as provided in 61-3-103(1) and 61-3-201(2) concerning applications by creditors or secured parties, shall furnish the applicant a certificate of ownership subject to the provisions of 61-3-103.

(2) The certificate of ownership shall contain upon the face thereof:

(a) the date issued;

(b) the name and complete address of the owner or the names and addresses of joint owners;

(c) except as provided in 61-3-103, the name and complete address of any holder of a perfected security interest in the registered vehicle;

(d) a description of the registered vehicle, including the year built and ~~serial~~ *vehicle identification* number;

(e) except as provided in 61-3-103, the filing date of any lien against such motor vehicle; and

(f) such other statement of facts as may be determined by the department.

(3) When the names and addresses of more than one owner who are members of the same immediate family are listed on the certificate of ownership, joint ownership with right of survivorship, and not as tenants in common, is presumed.

(4) Upon receipt of the application, the department shall recheck the application. If there is any error in the application it may be returned to the county treasurer to effectively secure the correction of such error, who shall return the same to the department.

(5) The certificate of ownership shall contain a notice to the department of a transfer of interest of the owner and such other statements as may be determined by the department.

(6) A salvage vehicle for which a certificate of ownership is sought must be inspected for the vehicle identification number to authenticate the identity of the vehicle before a certificate of ownership can be issued. The inspection may not attest to the roadworthiness or safety condition of the vehicle and

must be performed by department employees or peace officers designated by the department.

(7) The department may contract with a person or entity for use of a facility as a regional inspection site for salvage vehicles.

(8) To defray the cost of the vehicle inspection program, the department shall collect a fee of $18.50 for the inspection of each salvage vehicle for which a certificate of ownership is sought. The fee must be distributed as follows:

(a) A portion of the inspection fee for each salvage vehicle must be remitted by the department to the state treasurer for deposit in the general fund.

(b) A portion of the inspection fee for each salvage vehicle must be remitted by the department to the inspection site that has contractually permitted the use of its facility for the inspection.

(9) (a) An authorized inspector may seize and hold a vehicle:

(i) the inspector has probable cause to believe is stolen;

(ii) on which a motor number or vehicle identification number has been defaced, altered, removed, covered, destroyed, or obliterated; or

(iii) that does not conform with the vehicle identification number on the certificate of ownership.

(b) A seized vehicle may be held until the identity of the vehicle is established and arrangements are made for its lawful disposition. An authorized inspector may use any means necessary to identify a vehicle by its vehicle identification number or numbers.

(10) The department may not issue a certificate of ownership for a vehicle until the identity of the vehicle is established.

(11) The department may adopt rules for the implementation and administration of the vehicle inspection program."

Section 3. **Surrender of certificate of ownership — issuance of salvage certificate — salvage retitling requirements.** (1) An insurer acquiring ownership of a vehicle that is less than 5 years of age that he determines to be a salvage vehicle shall surrender the certificate of ownership to the department within 15 days after acquiring the certificate. If the insurer has not sold the salvage vehicle prior to the time of surrendering the certificate of ownership, the insurer shall apply for a salvage certificate on a form prescribed by the department. If the certificate of ownership names one or more holders of a perfected security interest in the vehicle, the insurer shall secure and deliver to the department a release from each secured party of the secured interest.

(2) Upon receipt of a properly executed certificate of ownership and a salvage certificate application from an insurer, the department shall issue a salvage certificate to the insurer within 5 working days of the date of

receipt of the application. Upon receipt of a salvage certificate issued by the department, an insurer may possess, retain, transport, sell, transfer, or otherwise dispose of the salvage vehicle. The salvage certificate is prima facie evidence of ownership of a salvage vehicle.

(3) If the insurer sells a salvage vehicle within the 15-day period established in subsection (1) prior to surrendering the certificate of ownership, the insurer shall complete a salvage receipt on a form prescribed by the department. The insurer shall deliver the original salvage receipt to the salvage vehicle purchaser only after obtaining a clear title and lien release. Prior to disposing of the salvage vehicle, the salvage vehicle purchaser shall apply for a salvage certificate by completing the salvage receipt and submitting it to the department. The insurer shall deliver a copy of the salvage receipt with the surrendered certificate of ownership to the department. Upon receipt of the certificate of ownership from the insurer and the application from the salvage vehicle purchaser, the department shall issue a salvage certificate to the salvage vehicle purchaser that is prima facie evidence of ownership.

(4) If an insurer determines that a salvage vehicle will remain with the owner after an agreed settlement, the insurer shall notify the department of the settlement on a form prescribed by the department. Upon receipt of the notice, the department may require the owner to surrender the certificate of ownership in compliance with this part, regardless of whether ownership of the salvage vehicle was obtained in a jurisdiction not requiring the surrender of the certificate of ownership or a comparable ownership document.

(5) At the time of surrender of a certificate of ownership for a salvage vehicle not acquired by an insurer, the department shall issue a salvage certificate to the owner. Upon receipt of a salvage certificate issued by the department to a noninsurer, the owner may possess, retain, transport, sell, transfer, or otherwise dispose of the salvage vehicle. A salvage certificate is prima facie evidence of ownership of a salvage vehicle.

(6) A fee of $5 must be paid to the department for the issuance of a salvage certificate.

(7) A salvage vehicle owned by or in the inventory of a motor vehicle wrecking facility on October 1, 1991, is exempt from the provisions of this section if the owner of the facility has complied with the provisions of 75-10-513(2).

Section 4. **Retitling salvage vehicles and reconstructed vehicles — penalty.** (1) Prior to operating a salvage vehicle on the roads and highways of this state, the owner shall present the vehicle and the salvage certificate, if one has been issued, or the certificate of ownership, the appropriate receipts or bills of sale establishing ownership, and the source of component parts used to rebuild the vehicle to a department employee or designated peace officer for inspection at a regional inspection site authorized under 61-3-202(7). An owner may obtain a 72-hour temporary registration permit from the department or its designee for the purpose of moving a salvage vehicle to and from the designated inspection site.

(2) (a) The inspector shall inspect the vehicle to verify the identity of the vehicle.

(b) The inspector shall verify that the component parts used to rebuild the vehicle are evidenced by traceable receipts or bills of sale and that there are no indications the vehicle or any of its parts are stolen. Documentation provided by the owner or employee of a wrecking facility licensed under the provisions of Title 75, chapter 10, part 5, is prima facie evidence of the facts stated in the documentation.

(3) Following inspection and prior to operating the vehicle on the roads and highways of this state, the owner shall apply for a new certificate of ownership by submitting the application, the salvage certificate, receipts or bills of sale, and a copy of the inspection report to the department.

(4) Upon receipt of the application, required documentation, and payment of the fee for a salvage vehicle required in 61-3-202(8), the department shall issue a new certificate of ownership.

(5) A person failing to comply with the provisions of this part is guilty of a misdemeanor and upon conviction shall be fined an amount not to exceed $500. The salvage-vehicle purchaser shall produce the salvage certificate upon request of a public official legally entitled to request the certificate. A person may not operate or use a salvage vehicle on the roads or highways of this state except when a permit has been issued.

Section 5. Section 75-10-512, MCA, is amended to read:

"**75-10-512. Records required of facilities.** (1) Every motor vehicle wrecking facility shall maintain books or files in which are kept a record and description of every junk vehicle obtained by it, together with the name and address of the person from whom the vehicle was purchased.

(2) This record shall also contain:

(a) the certificate of ownership, sheriff's certificate of sale, notarized bill of sale from the former owner *or person selling the vehicle, release of ownership or interest in the motor vehicle,* or sheriff's release;

(b) the name of the state where the vehicle was last registered;

(c) the make of the vehicle;

(d) the motor or identification number or serial number;

(e) the date purchased;

(f) the disposition of the vehicle.

(3) An authorized representative of the department of justice who presents his credentials may also inspect, have access to, and copy records required under this section."

Section 6. Section 75-10-541, MCA, is amended to read:

"**75-10-541. Injunction — action to collect civil penalty — *authority of department of justice*.** (1) The department, through the attorney general or the county attorney of the county in which a facility is located, may sue to enjoin the operation or maintenance of a motor vehicle wrecking facility or graveyard either permanently or until compliance with this part, the rules of the department, or an order issued pursuant to this part has been demonstrated.

(2) The department, through the attorney general or the county attorney of the county in which a motor vehicle wrecking facility or graveyard is located, may sue in district court to collect a civil penalty as provided in 75-10-542.

(3) The department of justice, through the attorney general or the county attorney of the county in which a facility is located, may sue in district court to collect a civil penalty as provided in 75-10-542 for violations of 75-10-512 or 75-10-513(2) discovered during department of justice inspections."

Section 7. **Appropriation.** There is appropriated to the motor vehicle division in the department of justice from the general fund $42,750 in fiscal year 1992 and $57,000 in fiscal year 1993 to fund the creation and operation of the statewide vehicle identification number inspection program.

Section 8. **Codification instruction.** [Sections 1, 3, and 4] are intended to be codified as an integral part of Title 61, chapter 3, part 2, and the provisions of Title 61, chapter 3, part 2, apply to [sections 1, 3, and 4].

AN ACT INCREASING THE FEES FOR REGULAR DRIVER'S LICENSES AND COMMERCIAL VEHICLE OPERATOR'S ENDORSEMENTS; REVISING THE DISPOSITION OF FEES; AMENDING SECTIONS 61-5-111 AND 61-5-121, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-5-111, MCA, is amended to read:

"**61-5-111. Renewals, expirations, and fees for licenses, permits, and endorsements.** (1) The department has authority to appoint county treasurers and other qualified officers to act as its agents for the sale of driver's licenses receipts and shall make necessary rules governing sales.

In those areas where the department provides driver licensing services 3 days or more a week, the department is responsible for sale of receipts and may not appoint an agent. The department, upon receipt of payment of the fees specified in this section, shall issue a driver's license to every qualifying applicant. The license shall contain a full-face photograph of the licensee in the size and form prescribed by the department, except as provided in subsection (4); a distinguishing number issued to the licensee; the full name, date of birth, residence address, and a brief description of the licensee; and either a facsimile of the signature of the licensee or a space upon which he shall write his signature in pen and ink immediately upon receipt of the license. A license is not valid until it is signed by the licensee.

(2) (a) The department shall, when any person applies for renewal of a driver's license, test the applicant's eyesight and may also in the department's discretion have the applicant demonstrate his physical ability to operate and to exercise ordinary and reasonable care in the operation of a motor vehicle.

(b) In the case of commercial vehicle operator's endorsements, the department may also require that the applicant successfully complete a written examination as required by federal regulations.

(c) A person is considered to have applied for renewal of a Montana driver's license if the application is made within 3 months of the expiration of his license.

(3) A license expires on the anniversary of the date of birth of the licensee 4 years or less after the date of issue.

(4) A license issued to a person under the age of 21 years must contain a photograph of the licensee's profile.

(5) Whenever the department issues an original license to a person under the age of 18 years, the license shall be designated and clearly marked as a "provisional license". Any license designated and marked as provisional may be suspended by the department for a period of not more than 12 months, when its records disclose that the licensee, subsequent to the issuance of such license, has been guilty of careless or negligent driving. Upon renewal the department may, for any reasonable cause as shown by its records, designate the renewal of the license as provisional; otherwise, a license in usual form must be issued subject to other provisions of the laws of Montana.

(6) It is unlawful for any person to have in his possession or under his control more than one Montana driver's license at any one time. A license is not valid for the operation of a motorcycle or quadricycle until the holder thereof has completed the requirements of 61-5-110 and the license has been clearly marked with the words "motorcycle endorsement". A license is not valid for the operation of a commercial vehicle until the holder thereof has completed the requirements of 61-5-110 and the license has been clearly marked with the words "commercial vehicle operator's endorsement".

(7) Fees for driver's licenses are:

(9) The holder of a chauffeur's license may convert his chauffeur's license to a commercial vehicle operator's endorsement by paying the appropriate fee covering the remainder of the life of his license and complying with the requirements established by the department.

(10) The holder of a valid chauffeur's license who is renewing and wishes to obtain a commercial vehicle operator's endorsement may do so upon paying the appropriate fees and complying with the requirements established by the department."

Section 2. Section 61-5-121, MCA, is amended to read:

"**61-5-121. Disposition of fees.** (1) The disposition of the fees from driver's licenses provided for in 61-5-111(7)(a), motorcycle endorsements provided for in 61-5-111(7)(b), commercial vehicle operator's endorsements provided for in 61-5-111(7)(c), and duplicate driver's licenses provided for in 61-5-114 is as follows:

(a) The amount of ~~33-1/3%~~ *25%* of each driver's license fee and of each duplicate driver's license fee must be deposited into an account in the state special revenue fund. The department shall transfer the funds from this account to the Montana highway patrol officers' retirement pension trust fund as provided in 19-6-404. Funds transferred from the account are statutorily appropriated, as provided in 17-7-502, to the pension trust fund.

(b) (i) If the fees are collected by a county treasurer or other agent of the department, the amount of ~~5%~~ *3.75%* of each driver's license fee and of each duplicate driver's license fee must be deposited into the county general fund.

(d) The amount of ~~23-1/3%~~ *17.5%* of each driver's license fee and of each duplicate driver's license fee and the amount of 35% of each motorcycle endorsement fee must be deposited into the state traffic education account.

(e) The amount of ~~38-1/3%~~ *53.75%* of each driver's license fee and of each duplicate driver's license fee and the amount of 60% of each motorcycle endorsement fee must be deposited into the state general fund.

(f) If the fee is collected by the county treasurer or other agent of the department, the amount of ~~5%~~ *3.75%* of each commercial vehicle operator's endorsement fee must be deposited into the county general fund, otherwise all of the fee must be deposited in the state general fund.

(2) (a) If fees from driver's licenses, commercial vehicle operator's endorsements, motorcycle endorsements, and duplicate driver's licenses are collected by a county treasurer or other agent of the department, he shall deposit the amounts provided for in subsections (1)(b)(i) and (1)(c)(i) into the county general fund. He shall then remit to the state treasurer all remaining fees, together with a statement indicating what portion of each fee is to be deposited into the account in the state special revenue fund as provided in subsection (1)(a), the state traffic education account, and the state general fund. The state treasurer, upon receipt of the fees and statement, shall deposit the fees as provided in subsections (1)(a), (1)(d), (1)(e), and (1)(f).

(b) If fees from driver's licenses, commercial vehicle operator's endorsements, motorcycle endorsements, and duplicate driver's licenses are collected by the department, it shall remit all fees to the state treasurer, together with a statement indicating what portion of each fee is to be deposited into the account in the state special revenue fund as provided in subsection (1)(a), the state special revenue fund, the state traffic education account, and the state general fund. Section 3. **Coordination instruction.** If House Bill No. 2 or some other act of the 52nd legislature is passed and approved and does not contain provisions appropriating to the department of justice the money realized from the increases in fees contained in [section 1 of this act] for the purpose of increasing the number of field personnel engaged in driver's license examinations, [this act] is void.

Section 4. **Effective date.** [This act] is effective July 1, 1991.

Approved April 29, 1991.

CHAPTER NO. 727

[HB 719]

AN ACT RESTRICTING PERSONS WHO MAY CONDUCT A PHYSICAL EXAMINATION OR REVIEW OF CHIROPRACTIC RECORDS ON BEHALF OF AN INSURER; AMENDING SECTION 33-1-102, MCA; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the quality of chiropractic care provided to and received by Montana residents has been negatively affected in certain cases by the activities of independent chiropractic medical examiners; and

WHEREAS, health care insurers often employ persons who are not qualified to evaluate Montana claims, conduct a physical examination, or review chiropractic records to aid the insurer in making a determination regarding the propriety of chiropractic treatment and the costs of the treatment; and

WHEREAS, the ability of Montana chiropractors to meet uniform standards of treatment and patient care is impaired because the criteria applied by persons conducting the examinations or record reviews are subjective and differ widely among the persons, resulting in a wide variance in the procedures employed; and

WHEREAS, the ability of Montana chiropractors to provide timely and effective chiropractic care to Montana residents is impaired because the persons conducting the examinations or record reviews, especially those providing the services from outside Montana, are often inaccessible to Montana chiropractors.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Independent chiropractic physical examination or review of records.** (1) If a patient's attending health care professional is a licensed chiropractor, the following provisions govern the conduct of a utilization review of the health care services rendered to the patient by the chiropractor:

(a) If an independent physical examination is required by the insurer, it must be conducted by a chiropractor engaged in the practice of chiropractic in Montana.

(b) If a review of the patient's or the chiropractor's records is required by the insurer in the course of an appeal or a redetermination of an adverse determination of medical necessity or appropriateness made pursuant to an insurer's review, the review must be conducted by a person trained in the field of chiropractic. During an appeal or redetermination, the patient may, at his expense, request an independent review of the patient's or the chiropractor's records by a chiropractor engaged in the practice of chiropractic in Montana and may require that review to be considered by the insurer in reaching its decision. If the initial adverse determination of medical necessity or appropriateness is reversed, the insurer shall bear the expense of the independent review.

(2) Nothing in this section prevents a health care insurer from requesting additional medical review of a patient's condition or treatment by another chiropractor or medical provider.

(3) The provisions of this section do not apply to routine claim administration or determination by an insurer.

(4) As used in this section, "health care insurer" means:

(a) an insurer who provides disability insurance as defined in 33-1-207;

(b) a health service corporation as defined in 33-30-101;

(c) a health maintenance organization as defined in 33-31-102;

(d) a fraternal benefit society as defined in 33-7-102;

(e) an administrator as defined in 33-17-102; and

(f) any other entity regulated by the commissioner that provides health care coverage.

Section 2. Section 33-1-102, MCA, is amended to read:

"**33-1-102. Compliance required — exceptions — health service corporations — health maintenance organizations — governmental insurance programs.** (1) ~~No~~ *A* person ~~shall~~ *may not* transact a business of insurance in Montana or relative to a subject resident, located, or to be performed in Montana without complying with the applicable provisions of this code.

(2) ~~No provision~~ *The provisions* of this code ~~shall~~ *do not* apply with respect to:

(a) domestic farm mutual insurers as identified in chapter 4, except as stated in chapter 4;

(b) domestic benevolent associations as identified in chapter 6, except as stated in chapter 6; and

(c) fraternal benefit societies, except as stated in chapter 7.

(3) This code applies to health service corporations as prescribed in 33-30-102. The existence of ~~such~~ *the* corporations is governed by Title 35, chapter 2, and related sections of the Montana Code Annotated.

(4) This code does not apply to health maintenance organizations to the extent that the existence and operations of ~~such~~ *those* organizations are authorized by chapter 31.

(5) This code does not apply to workers' compensation insurance programs provided for in Title 39, chapter 71, parts 21 and 23, and related sections.

(6) This code does not apply to the state employee group insurance program established in Title 2, chapter 18, part 8.

(7) This code does not apply to insurance funded through the state self-insurance reserve fund provided for in 2-9-202.

(8) (a) This code does not apply to any arrangement, plan, or interlocal agreement between political subdivisions of this state ~~whereby~~ *in which* the political subdivisions undertake to separately or jointly indemnify one another by way of a pooling, joint retention, deductible, or self-insurance plan.

(b) This code does not apply to any arrangement, plan, or interlocal agreement between political subdivisions of this state or any arrangement, plan, or program of a single political subdivision of this state ~~whereby~~ *in which* the political subdivision provides to its officers, elected officials, or employees disability insurance or life insurance through a self-funded program."

Section 3. **Codification instruction.** [Section 1] is intended to be codified as an integral part of Title 33, chapter 22, part 1, and the provisions of Title 33, chapter 22, part 1, apply to [section 1].

Section 4. **Effective date.** [This act] is effective July 1, 1991.

Approved April 29, 1991.

CHAPTER NO. 728

[HB 833]

AN ACT TO GENERALLY REVISE THE LAWS RELATING TO WATERCRAFT; REVISING THE LAWS ON MARINE NOISE, SAFETY, AND SEWAGE REQUIREMENTS; INCREASING THE FEE FOR A CERTIFICATE OF NUMBER; PROVIDING AN APPROPRIATION; LIMITING WHO MAY OPERATE A WATERCRAFT; AUTHORIZING THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES TO ADOPT RULES ON VESSEL PUMPOUT STATIONS; AUTHORIZING THE FISH AND GAME COMMISSION TO ADOPT RULES ON THE PROPER OBSERVATION AND SAFE TOWING OF PERSONS ON WATER SKIS OR SIMILAR DEVICES; AMENDING SECTIONS 23-2-502, 23-2-512, 23-2-521, 23-2-523, 23-2-526, 23-2-529, AND 23-2-530, MCA; AND PROVIDING EFFECTIVE DATES AND A TERMINATION DATE.

STATEMENT OF INTENT

(1) A statement of intent is required for this bill because in [section 9] the department of health and environmental sciences is authorized to adopt rules to provide for the installation, location, and operation of vessel

pumpout stations. The legislature intends that those rules regulate facilities to transfer and dispose of sewage from marine sanitation devices, floating restrooms, and onshore toilets, all of which must be operated in a manner to prevent the discharge of sewage into the waters of the state and maintained in good working order and regularly cleaned. The rules may require a vessel pumpout facility to be equipped with a meter to measure use of the facility.

(2) A statement of intent is further required because 23-2-529 requires the fish and game commission to adopt rules regarding the proper observation and safe towing of persons on water skis or similar devices. It is intended that the commission's determination of the necessity for rules be based on the density of use of a body of water. Where applicable, the rules should address:

(a) the proper and continuous observation of the person being towed; and

(b) display of a flag when the person being towed falls into the water, including the size, color, condition, and mounting of the flag and the length of time the flag should be displayed.

(2) Every motorboat or vessel ~~shall~~ *must* have the carburetor or carburetors of ~~every engine therein~~ *each of its engines* (except outboard motors)

using gasoline as fuel equipped with an efficient flame arrester, backfire trap, or other similar device.

The department may require a test at dockside to determine exhaust noise level.

(b) The provisions of subsection (3)(a) do not apply to a motorboat:

(i) competing in a state-sanctioned regatta or boat race while on trial runs between 9 a.m. and 5 p.m. and during a period not more than 48 hours immediately preceding the regatta or boat race; ~~or~~

(5) When in operation or at anchor or moored away from a docking facility between sunset and sunrise, all vessels ~~shall~~ *must* display lights as prescribed by the department.

(6) The department may designate waters where and the time of year on these waters when all persons aboard a motorboat or vessel ~~must~~ *shall* wear approved life preservers at all times.

(7) Vessels, including houseboats and floating cabins, equipped with a galley or toilet ~~shall~~ *must* have a wastewater holding system sealed to prevent the discharge of water-carried waste products, whether treated or untreated, into the surrounding waters.

(8) The department may adopt rules modifying the equipment requirements contained in this section to the extent necessary to keep these requirements in conformity with the provisions of the federal navigation and safety laws or with the navigation and safety rules promulgated by the United States coast guard.

(9) A person may not operate or give permission for the operation of a vessel ~~which~~ *that* is not equipped as required by this section."

Section 3. Section 23-2-523, MCA, is amended to read:

"**23-2-523. Prohibited operation and mooring — enforcement.** (1) ~~No~~ *A* person may *not* operate or knowingly permit ~~any~~ *a* person to operate ~~any~~ *a* motorboat or vessel or manipulate any water skis, surfboard, or similar device or other contrivance in a reckless or negligent manner so as to endanger the life, limb, or property of any person *by:*

(a) engaging in maneuvers that unreasonably or unnecessarily endanger life, limb, or property, including but not limited to weaving through congested vessel traffic or jumping the wake of another vessel unreasonably or unnecessarily close to the other vessel or when visibility around the other vessel is obstructed and including swerving at the last possible moment to avoid collision, following directly behind a waterskier, speeding in confined or restricted areas, and buzzing or wetting down others, which constitutes reckless operation of a vessel;

(b) crossing or jumping the wake of another vessel when within 100 yards of the vessel or within 100 yards of a waterskier being towed by the vessel, except when directly entering or leaving a public or private marina, waterski facility, or other watercraft docking or loading area.

(2) ~~No~~ *A* person may *not* operate any motorboat, including a sailboat propelled by a motor of any kind, or manipulate any water skis, surfboard, or similar device attached to a motorboat while under the influence of alcohol or drugs.

(3) It is unlawful for the owner of ~~any~~ *a* motorboat or vessel or ~~any~~ *a* person having ~~such~~ *the motorboat or vessel* in charge or in control to authorize or knowingly permit the same to be operated by ~~any~~ *a* person who by reason of physical or mental disability is incapable of operating ~~such~~ *the* watercraft under the prevailing circumstances.

(4) ~~No~~ *A* person may *not* operate or knowingly permit ~~any~~ *a* person to operate ~~any~~ *a* motorboat or vessel at a rate of speed greater than will permit ~~such~~ *the* person, in the exercise of reasonable care, to bring the vessel to a stop within the assured clear distance ahead. However, nothing in this part is intended to prevent the operator of a vessel actually competing in a regatta ~~which~~ *that* is sanctioned by an appropriate governmental unit from attempting to attain high speeds on a marked racing course.

(5) ~~No~~ *A* person may *not* make a reckless approach to, departure from, or passage by a dock, ramp, diving board, or float.

(6) Skiers being pulled by motorboats must have on their person a ~~life preserver, buoyant vest, or ski belt~~ *United States coast guard approved personal flotation device in good and serviceable condition.*

(7) ~~No~~ *A* person may *not* moor a vessel to ~~any of the~~ buoys or beacons placed in any waters of this state by the authority of the United States, an agency of the United States, or the department or in any manner hang on with a vessel to such buoy or beacon, except in the act of maintenance work on ~~such~~ *the* buoy or beacon, nor may any person deface, remove, or destroy ~~any such~~ *a* buoy, beacon, or other authorized navigational marker maintained in the waters of this state.

(8) If an officer whose duty it is to enforce the sections of this law observes a vessel being used without sufficient lifesaving or firefighting devices or in an overloaded or other unsafe condition and in his judgment such use creates an especially hazardous condition, he may direct the operator to take whatever immediate and reasonable steps would be necessary for the safety of those aboard the vessel, including directing the operator to return to *a* mooring or launching site and to remain there until the situation creating the hazard is corrected or ended.

(9) The population density and heavy recreational use of certain lakes require a noise standard more restrictive than the standard set in 23-2-526, in order to protect the public health and safety. Unless operated on a river or stream in compliance with a commission rule adopted under 23-2-521(9), a person may not operate a motorboat or personal watercraft on Flathead Lake, situated in Lake and Flathead Counties, Echo Lake, situated in Flathead County, or Swan Lake, situated in Lake County, in proximity to the shoreline if the noise emitted is greater than 75 dbA measured at the shoreline in accordance with the shoreline sound level measurement procedure (SAE J1970).

(10) Unless accompanied by a person 18 years of age or older, a person 12 years of age or younger may not operate a motorboat or a personal watercraft that is powered by a motor rated at more than 10 horsepower. After December 31, 1993, a person under 15 years of age may not operate a vessel or personal watercraft powered by a motor rated at more than 10 horsepower without possessing a valid Montana motorboat operator's safety certificate or evidence of completion of a Montana-approved water safety course.

(11) A person who owns or has charge or control of a motorboat or personal watercraft powered by a motor rated at more than 10 horsepower may not authorize or knowingly permit the motorboat or personal watercraft to be operated:

(a) by a person 12 years of age or younger unless accompanied by a person 18 years of age or older; or

(b) after December 31, 1993, by a person under 15 years of age unless the person possesses a valid Montana motorboat operator's safety certificate or evidence of completion of a Montana-approved water safety course or is accompanied by a person 18 years of age or older.

(12) A person may not rent a motorboat or a personal watercraft powered by a motor rated at more than 10 horsepower to a person under 18 years of age."

Section 4. Section 23-2-526, MCA, is amended to read:

"**23-2-526. Overloading — overpowering — noise limitations.** (1) No vessel shall be loaded with passengers or cargo beyond its safe carrying capacity, taking into consideration weather and other normal operating conditions.

(2) No vessel shall be equipped with any motor or other propulsion machinery beyond its safe power capacity, taking into consideration the type and construction of such watercraft and other existing operating conditions.

(3) ~~For~~ *Except as provided in 23-2-523(9), for* the purposes of 45-8-101 and 45-8-111, the operation of a motorboat *or personal watercraft* that emits noise in excess of 86 dbA when measured at a distance of 50 feet *or emits exhaust noise in excess of 90 dbA measured 1 meter from the muffler at idle speed in accordance with the stationary sound level measurement procedure for pleasure motorboats (SAE J2005)* is presumed to be a public nuisance and constitute disorderly conduct, except when otherwise lawfully operated under a motorboat racing permit issued by a political subdivision of the state."

Section 5. Section 23-2-529, MCA, is amended to read:

"**23-2-529. Water skis and surfboards.** (1) ~~No~~ *A* person may *not* operate a motorboat or vessel on any waters of this state for the purpose of towing a person or persons on water skis, a surfboard, or similar device unless the operator is ~~at least 12 years of age and there is~~ *accompanied by an observer. If the operator is 12 years of age or younger, there must be* a second person, at least ~~12~~ *18* years of age, in the vessel to observe the person being towed. *The fish and game commission shall adopt rules regarding the proper observation and safe towing of persons on water skis or similar devices, based on density of use of a body of water.*

(2) ~~No~~ *A* person may *not operate a motorboat or vessel towing a person* ~~engage~~ *engaged* in waterskiing, surfboarding, or similar activity or towing some other contrivances *nor may a person engage in those activities* at any time between the hours from ~~1 hour after~~ sunset to ~~1 hour before~~ sunrise, except that this subsection does not apply to a performer engaged in a professional exhibition or a person engaged in a regatta or race authorized under this part.

(3) All right-of-way rules applying to a towing vessel apply to a person being towed."

Section 6. Section 23-2-530, MCA, is amended to read:

"**23-2-530. Education program.** The department shall coordinate a statewide boat safety education program, *including a home study testing program for motorboat operators.*"

Section 7. **Personal watercraft operation.** In addition to all other applicable provisions in this part, a person may not operate a personal watercraft:

(1) unless each person operating or riding on the vessel is wearing a United States coast guard approved type I, II, III, or V personal flotation device;

(2) if the vessel is equipped by the manufacturer with a lanyard type engine cutoff switch unless the lanyard is attached to the operator's person, clothing, or personal flotation device as is appropriate for the specific vessel; or

(3) in a reckless or negligent manner. Actions prohibited in 23-2-523 are considered reckless operation.

Section 8. **Restrictions on manufacture and sale.** A motorboat or vessel that fails to comply with the provisions of 23-2-521(3) may not be manufactured in Montana after [the effective date of this act] and may not be sold or offered for sale in Montana after January 1, 1994.

Section 9. **Department of health and environmental sciences to adopt rules on vessel pumpout facilities.** (1) The department of health and environmental sciences shall adopt rules to protect water quality and aquatic ecosystems by establishing guidelines for the installation of vessel pumpout facilities.

(2) In adopting the rules, the department shall use these definitions:

(a) "Vessel terminal" means a private or public shoreside installation on any waters of Montana that provides mooring, docking, berthing, and other facilities for the use of vessels.

(b) "Marine sanitation device" means any equipment on board a vessel that is designed to receive, retain, treat, or discharge sewage, and any process to treat the sewage.

(3) The rules must include standards for the construction, operation, and maintenance of vessel pumpout facilities.

(4) Nothing in this section may be construed to require the department to install pumpout facilities without prior legislative approval and an appropriation.

Section 10. Section 23-2-512, MCA, is amended to read:

"**23-2-512. Identification number.** (1) The owner of each motorboat, sailboat, or personal watercraft requiring numbering by this state shall file an application for number in the office of the county treasurer where the motorboat, sailboat, or personal watercraft is owned, on forms prepared and furnished by the department of justice. The application must be signed by the owner of the motorboat, sailboat, or personal watercraft and be accompanied by a fee of ~~$2~~ *$2.50*. Any alteration, change, or false statement contained in the application will render the certificate of number void. Upon receipt of the application in approved form, the county treasurer shall issue to the applicant a certificate of number prepared and furnished by the department of justice, stating the number assigned to the motorboat, sailboat, or personal watercraft and the name and address of the owner.

(2) The applicant, upon the filing of the application, shall pay to the county treasurer the fee in lieu of tax required for a motorboat 10 feet in length or longer, a sailboat 12 feet in length or longer, or a personal watercraft for the current year of certification before the application for certification or recertification may be accepted by the county treasurer.

(3) Should the ownership of a motorboat, sailboat, or personal watercraft change, a new application form with the certification fee must be filed within a reasonable time with the county treasurer and a new certificate of number assigned in the same manner as provided for in an original assignment of number.

(4) If an agency of the United States government has in force a comprehensive system of identification numbering for motorboats in the United States, the numbering system employed pursuant to this part by the department of justice must be in conformity.

(5) Every certificate of number and the license decals assigned under this part continues in effect for a period not to exceed 1 year unless terminated or discontinued in accordance with the provisions of this part. Certificates of number and license decals must show the date of expiration and may be renewed by the owner in the same manner provided for in the initial securing of the certificate.

(6) Certificates of number expire on December 31 of each year and may not be in effect unless renewed under this part.

(7) In event of transfer of ownership, the purchaser shall furnish the county treasurer notice within a reasonable time of the acquisition of all or any part of his interest, other than the creation of a security interest, in a motorboat, sailboat, or personal watercraft numbered in this state or of the loss, theft, destruction, or abandonment of the motorboat, sailboat, or personal watercraft. The transfer, loss, theft, destruction, or abandonment terminates the certificate of number for the motorboat, sailboat, or personal watercraft. Recovery from theft or transfer of a part interest that does not affect the owner's right to operate the motorboat, sailboat, or personal watercraft does not terminate the certificate of number.

(8) A holder of a certificate of number shall notify the county treasurer within reasonable time if his address no longer conforms to the address appearing on the certificate and furnish the county treasurer with his new address. The department of justice may provide by rule for the surrender of the certificate bearing the former address and its replacement with a

certificate bearing the new address or the alteration of an outstanding certificate to show the new address of the holder.

(9) (a) The number assigned must be painted on or attached to each outboard side of the forward half of the motorboat, sailboat, or personal watercraft or, if there are no such sides, at a corresponding location on both outboard sides of the foredeck of the motorboat, sailboat, or personal watercraft. The number assigned must read from left to right in Arabic numerals and block characters of good proportion at least 3 inches tall excluding border or trim of a color that contrasts with the color of the background and be so maintained as to be clearly visible and legible. The number may not be placed on the obscured underside of the flared bow where it cannot be easily seen from another vessel or ashore. No numerals, letters, or devices other than those used in connection with the identifying number issued may be placed in the proximity of the identifying number. No numerals, letters, or devices that might interfere with the ready identification of the motorboat, sailboat, or personal watercraft by its identifying number may be carried as to interfere with the motorboat's, sailboat's, or personal watercraft's identification. No number other than the number and license decal assigned to a motorboat, sailboat, or personal watercraft or granted reciprocity under this part may be painted, attached, or otherwise displayed on either side of the forward half of the motorboat, sailboat, or personal watercraft.

(b) The certificate of number shall be pocket size and available to federal, state, or local law enforcement officers at all reasonable times for inspection on the motorboat, sailboat, or personal watercraft whenever the motorboat, sailboat, or personal watercraft is on waters of this state.

(c) Boat liveries are not required to have the certificate of number on board each motorboat, sailboat, or personal watercraft, but a rental agreement must be carried on board livery motorboats, sailboats, or personal watercraft in place of the certificate of number.

(10) *(a)* ~~Fees~~ *Except as provided in subsection (10)(b), fees,* other than the fee in lieu of tax, collected under this section shall be transmitted to the state treasurer, who shall deposit the fees in the motorboat or sailboat certificate identification account of the state special revenue fund. These fees shall be used only for the administration and enforcement of this part, as amended.

(b) Of the fee collected under the provisions of subsection (1), 20% must be deposited by the state treasurer in an account in the state special revenue fund to the credit of the department to be used to provide necessary education for boat owners and acquire decibel meters, as required to implement the provisions of 23-2-523(9) and 23-2-526(3), and to acquire marine sewage pumpout equipment.

(11) An owner of a motorboat, sailboat, or personal watercraft must within a reasonable time notify the department of justice, giving the motorboat's, sailboat's, or personal watercraft's identifying number and the owner's name when the motorboat, sailboat, or personal watercraft is

transferred, lost, destroyed, abandoned, or frauded or within 60 days after change of state of principal use or if a motorboat becomes documented as a vessel of the United States."

Section 11. **Appropriation.** All the money in the account established in 23-2-512(10)(b) is appropriated to the department of fish, wildlife, and parks for use during the biennium ending June 30, 1993, to provide necessary education for boat owners and acquire decibel meters, as required to implement the provisions of 23-2-523(9) and 23-2-526(3), and to acquire marine sewage pumpout equipment.

Section 12. **Codification instruction.** [Sections 7, 8, and 9] are intended to be codified as an integral part of Title 23, chapter 2, part 5, and the provisions of Title 23, chapter 2, part 5, apply to [sections 7, 8, and 9].

Section 13. **Termination date.** The amendments to section 23-2-512 provided in [section 10] terminate July 1, 1993.

Section 14. **Effective dates.** (1) [Sections 1 through 10, 12, 13, and this section] are effective on passage and approval.

(2) [Section 11] is effective July 1, 1991.

Approved April 29, 1991.

A disposal, discharge, seepage, drainage, infiltration, flow, or injection of fluid that is authorized under a rule, permit, or order of the board is not pollution under this chapter.

(14) "Pool" means an underground reservoir containing a common accumulation of oil or gas or both; each zone of a structure which is completely separated from any other zone in the same structure is a pool, as that term is used in this chapter.

(15) "Producer" means the owner of a well or wells capable of producing oil or gas or both.

(16) "Responsible person" means a person who is determined by the board under 82-10-402 to have abandoned an oil or gas well, injection well, *disposal well, water source well, drill site,* sump, ~~or~~ seismographic shot hole, *or other area where oil and gas drilling and production operations were conducted* ~~and who is:~~

~~(a) a corporation, association, partnership, or other business organization with assets in excess of $250,000; or~~

~~(b) if the business organization does not have assets in excess of $250,000, a natural person with primary ownership in the business organization~~.

(17) "State waters" means any body of water, either surface or underground.

(18) "Waste" means:

(a) physical waste, as that term is generally understood in the oil and gas industry;

(b) the inefficient, excessive, or improper use of or the unnecessary dissipation of reservoir energy;

(c) the location, spacing, drilling, equipping, operating, or producing of any oil or gas well or wells in a manner which causes or tends to cause reduction in the quantity of oil or gas ultimately recoverable from a pool under prudent and proper operations or which causes or tends to cause unnecessary or excessive surface loss or destruction of oil or gas; and

(d) the inefficient storing of oil or gas. (The production of oil or gas from any pool or by any well to the full extent that the well or pool can be produced in accordance with methods designed to result in maximum ultimate recovery, as determined by the board, is not waste within the meaning of this definition.)"

Section 2. Section 82-11-103, MCA, is amended to read:

"**82-11-103. Lands subject to law.** This chapter applies to all lands in the state lawfully subject to its ~~taxation and~~ police powers, *including all state-owned lands*. It applies to lands of the United States or to lands subject to the jurisdiction of the United States only to the extent that control and supervision of conservation of oil and gas by the United States on its lands fails to effect the intent and purposes of this chapter and otherwise applies to those lands to ~~such~~ *the* extent ~~as~~ *that* any officer of the United States having jurisdiction or his duly authorized representative approves any of the provisions of this chapter or an order of the board ~~which~~ *that* affects those lands. This chapter also applies to any lands committed to a unit agreement approved by the secretary of the interior or his duly authorized representative, except that the board may, with respect to those unit agreements, suspend the application of this chapter or any part of this chapter so long as the conservation of oil and gas and the prevention of waste as provided in this chapter is accomplished under the unit agreements. The suspension does not relieve an operator or owner from making ~~such~~ reports ~~as~~ *that* may be required by the board with respect to operations and production under the unit agreement, and the suspension does not relieve an operator or owner from the payment of taxes on his oil and gas production or payment for permit fees as required by this chapter."

Section 3. Section 82-11-104, MCA, is amended to read:

"**82-11-104. Section 4. Section 82-11-161, MCA, is amended to read:

"**82-11-161. Oil and gas production damage mitigation account — statutory appropriation.** (1) There is an oil and gas production damage mitigation account within the state special revenue fund established in 17-2-102. The oil and gas production damage mitigation account is controlled by the board.

(2) On July 1, 1991, and at the beginning of each succeeding biennium, there must be allocated to the oil and gas production damage mitigation account $50,000 from the interest income of the resource indemnity trust fund, except if at the beginning of a biennium the unobligated cash balance in the oil and gas production damage mitigation account:

(a) equals or exceeds $200,000, no allocation will be made; or

(b) is less than $200,000, then an amount less than or equal to the difference between the unobligated cash balance and $200,000, but not more than $50,000, must be allocated to the oil and gas production damage mitigation account from the interest income of the resource indemnity trust fund.

(3) In addition to the allocation provided in subsection (2), there must be deposited in the oil and gas production damage mitigation account:

(a) all funds received by the board pursuant to 82-11-136; and

(b) all fees received by the board from owners of producing wells pursuant to 82-11-162.

(4) If a sufficient balance exists in the account, funds are statutorily appropriated, as provided in 17-7-502, from the oil and gas production damage mitigation account, upon the authorization of the board, to pay the reasonable costs of properly plugging a well *and either reclaiming or restoring, or both, a drill site or other drilling or producing area damaged by oil and gas operations* if the board determines that the well, sump, ~~or~~ hole, *drill site, or drilling or producing area* has been abandoned and the responsible person cannot be identified or located or *if* the responsible person ~~does not have sufficient funds to pay the costs~~ *fails or refuses to properly plug, reclaim, or restore the well, drill site, or drilling or producing area within a reasonable time after demand by the board.* The responsible person shall, however, pay costs to the extent of his available resources and is subsequently liable to fully reimburse the account or is subject to a lien on property as provided in 82-11-164 for costs expended from the account to properly plug, *reclaim, or restore* the well, *drill site, or drilling or producing area* and to mitigate any damage ~~caused by the well~~ *for which he is responsible.*

(5) Interest from funds in the oil and gas production damage mitigation account accrues to that account.

(6) The board shall submit to the legislature at the beginning of each regular session a complete financial report on the oil and gas production damage mitigation account, including a description of all expenditures made since the preceding report."

Section 5. Section 82-11-164, MCA, is amended to read:

"**82-11-164. Lien created.** (1) The oil and gas production damage mitigation account has a lien in the amount of the expenditure from the account under 82-11-161(4), plus interest accrued at the rate of 10% a year, against all real and personal property in this state owned by~~:~~

~~(a)~~ the responsible person~~, if that person is subsequently identified or located;~~ or

~~(b)~~ *in which* the responsible person~~, if that person is known but cannot or will not fully reimburse the oil and gas production damage mitigation account~~ *has an interest.*

(2) The lien created under subsection (1) must be filed in the office of the secretary of state and must attach to all real or personal property of the responsible person.

(3) A lien created by this section is valid until paid in full or otherwise discharged. The lien must be foreclosed in accordance with applicable laws governing foreclosure of ~~mortgages and~~ liens."

(a) provides the following data for each designated stream reach and each pilot lease entered into under subsection (2):

(i) the length of the stream reach and how it is determined;

(ii) technical methods and data used to determine critical streamflow or volume needed to preserve fisheries;

(iii) legal standards and technical data used to determine and substantiate the amount of water available for instream flows through leasing of existing rights;

(c) The application for a lease authorization must include specific information on the length and location of the stream reach in which the streamflow must be maintained or enhanced and must provide a detailed streamflow measuring plan that describes the points where and the manner in which the streamflow must be measured.

(d) The maximum quantity of water that may be leased is the amount historically diverted by the lessor. However, only the amount historically consumed, or a smaller amount if specified by the department in the lease authorization, may be used to maintain or enhance streamflows below the lessor's point of diversion.

(e) The lease may not be issued for a term of more than ~~4~~ *10* years, *but it may be renewed once for up to 10 years, except that a lease of water made available from the development of a water conservation or storage project is restricted to a term of not more than 20 years.* ~~but may be renewed for up to 10 years per renewal, if allowed by law and upon notification to the department. If this section terminates without reauthorization by the legislature, all leases and lease authorizations expire on the date of termination.~~ Upon receiving notice of a lease renewal, the department shall notify other appropriators potentially affected by the lease and shall allow 30 days for submission of new evidence of adverse effects to other water rights. A lease authorization is not required for a renewal unless an appropriator other than an appropriator described in subsection (2)(i) submits evidence of adverse effects to his rights that has not been considered previously. If new evidence is submitted, a lease authorization must be obtained according to the requirements of 85-2-402.

(f) During the term of the ~~original~~ lease, the department may modify or revoke the lease authorization if an appropriator other than an appropriator described in subsection (2)(i) proves by substantial credible evidence that his water right is adversely affected.

(g) The priority of appropriation for a lease under this section is the same as the priority of appropriation of the right that is leased.

(h) Neither a change in appropriation right nor any other authorization is required for the reversion of the appropriation right to the lessor's previous use.

(i) A person issued a water use permit with a priority of appropriation after the date of filing of an application for a lease authorization under this section may not object to the exercise of the lease according to its terms~~, the renewal of the lease,~~ or the reversion of the appropriation right to the lessor according to the lessor's previous use.

(j) The department of fish, wildlife, and parks shall pay all costs associated with installing ~~measuring~~ devices or providing personnel to measure streamflows according to the measuring plan submitted under this section.

(3) *(a) The department of fish, wildlife, and parks shall complete and submit to the board, commission, and water policy committee an annual study progress report by December 1 of each year. This report must include the applicable information listed in subsection (1) for each lease. If the department of fish, wildlife, and parks has not leased water rights under this section by December 1 of any year, the department of fish, wildlife, and parks shall provide compelling justification for that fact in the study progress report.*

(b) A *final* study report must be adopted by the board and commission and submitted to the water policy committee, which shall complete ~~a~~ *the* final report by December 1, ~~1990~~ *1998.*

(4) This section does not create the right for a person to bring suit to compel the renewal of a lease that has expired. (Terminates June 30, ~~1993~~ 1999—sec. 11, Ch. 658, L. 1989.) "

Section 2. Section 85-2-437, MCA, is amended to read:

"**85-2-437.** *(Temporary)* **Board designation of eligible stream reaches.** (1) The department of fish, wildlife, and parks, with the consent of the commission, may apply to the board for designation of stream reaches for which water leasing to maintain or enhance streamflows pursuant to 85-2-436 may occur.

(2) The board may declare a stream reach eligible for leasing pursuant to 85-2-436 only if it finds that water leasing is necessary to maintain or enhance streamflows for fisheries.

(3) The board may designate no more than ~~five~~ *10* stream reaches in the state where water leasing pursuant to 85-2-436 may occur. *If the department of fish, wildlife, and parks determines that a water lease cannot be reasonably obtained on a designated stream reach, the board may remove the designation from that stream reach and designate another stream reach pursuant to this section. (Terminates June 30, ~~1993~~ 1999—sec. 11, Ch. 658, L. 1989.)* "

Section 3. **Lease validity.** All leases entered into prior to June 30, 1999, remain valid until the expiration date of the lease.

Section 4. Section 11, Chapter 658, Laws of 1989, is amended to read:

"Section 11. **Termination.** [This act] terminates June 30, ~~1993~~ *1999.*"

Section 5. **Appropriation.** There is appropriated for the biennium ending June 30, 1993, to the department of fish, wildlife, and parks $22,500 from the federal special revenue fund and $7,500 from the state special revenue fund provided for in 87-1-601(1) to lease existing water rights as provided in 85-2-436(2)(a).

If a protest is filed, the department must reconsider the proposed assessment and, if the taxpayer has so requested, must grant the taxpayer an oral hearing. After consideration of the protest and the evidence presented at any oral hearing, the department's action upon the protest is final when it mails notice of its action to the taxpayer.

CHAPTER NO. 745

[HB 74]

AN ACT TO AUTHORIZE A LEVY FOR JUVENILE DETENTION PROGRAMS; TO EXCLUDE THE LEVY FROM THE PROPERTY TAX LIMITATIONS OF INITIATIVE MEASURE NO. 105; AMENDING SECTIONS 15-10-402 AND 15-10-412, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Definitions.** As used in [sections 1 and 2], unless the context requires otherwise, the following definitions apply:

(1) "Detention" means the holding or temporary placement of a youth in a facility other than the youth's own home for the purpose of ensuring the continued custody of the youth at any time after the youth is taken into custody and before final disposition of his case.

(2) "Juvenile detention program" means services to provide for the lawful detention or shelter care of youth. The term includes:

(a) youth evaluations ordered by the court under 41-5-523; and

(b) programs for the transportation of youth to appropriate detention facilities or shelter care facilities.

(3) "Local government" has the same meaning as provided in 7-12-1103.

(4) "Shelter care" has the same meaning as provided in 41-5-103.

(5) "Youth" means an individual who is less than 18 years of age who is alleged to be a delinquent youth or youth in need of supervision as those terms are defined in 41-5-103.

Section 2. **Levy for juvenile detention programs.** (1) If approved by a majority of the qualified electors voting on the question, a local government may impose a levy on the taxable value of all property within its jurisdiction in an amount determined by the governing body for the purpose of financing the establishment and operation of juvenile detention programs.

(2) Local governments may use the funds derived from a levy authorized in subsection (1) to contract with other units of local government to purchase services from available juvenile detention programs consistent with the purposes of the levy as stated in subsection (1).

Section 3. Section 15-10-402, MCA, is amended to read:

"**15-10-402. Property tax limited to 1986 levels.** (1) Except as provided in subsections (2) and (3), the amount of taxes levied on property described in 15-6-133, 15-6-134, 15-6-136, 15-6-142, and 15-6-144 may not, for any taxing jurisdiction, exceed the amount levied for taxable year 1986.

(2) The limitation contained in subsection (1) does not apply to levies for rural improvement districts, Title 7, chapter 12, part 21; special improvement districts, Title 7, chapter 12, part 41; elementary and high school districts, Title 20; *juvenile detention programs authorized under [section 2];* or bonded indebtedness.

(3) New construction or improvements to or deletions from property described in subsection (1) are subject to taxation at 1986 levels.

(4) As used in this section, the "amount of taxes levied" and the "amount levied" mean the actual dollar amount of taxes imposed on an individual piece of property, notwithstanding an increase or decrease in value due to inflation, reappraisal, adjustments in the percentage multiplier used to convert appraised value to taxable value, changes in the number of mills levied, or increase or decrease in the value of a mill."

Section 4. Section 15-10-412, MCA, is amended to read:

"**15-10-412. Property tax limited to 1986 levels — clarification — extension to all property classes.** Section 15-10-402 is interpreted and clarified as follows:

(1) The limitation to 1986 levels is extended to apply to all classes of property described in Title 15, chapter 6, part 1.

(2) The limitation on the amount of taxes levied is interpreted to mean that, except as otherwise provided in this section, the actual tax liability for an individual property is capped at the dollar amount due in each taxing unit for the 1986 tax year. In tax years thereafter, the property must be taxed in each taxing unit at the 1986 cap or the product of the taxable value and mills levied, whichever is less for each taxing unit, except in a taxing unit that levied a tax in tax years 1983 through 1985 but did not levy a tax in 1986, in which case the actual tax liability for an individual property is capped at the dollar amount due in that taxing unit for the 1985 tax year.

(3) The limitation on the amount of taxes levied does not mean that no further increase may be made in the total taxable valuation of a taxing unit as a result of:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property;

(e) reclassification of property;

(f) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(g) transfer of property from tax-exempt to taxable status;

(h) revaluations caused by:

(i) cyclical reappraisal; or

(ii) expansion, addition, replacement, or remodeling of improvements; or

(i) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.

(4) The limitation on the amount of taxes levied does not mean that no further increase may be made in the taxable valuation or in the actual tax liability on individual property in each class as a result of:

(a) a revaluation caused by:

(i) construction, expansion, replacement, or remodeling of improvements that adds value to the property; or

(ii) cyclical reappraisal;

(b) transfer of property into a taxing unit;

(c) reclassification of property;

(d) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(e) annexation of the individual property into a new taxing unit;

(f) conversion of the individual property from tax-exempt to taxable status; or

(g) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.

(5) Property in classes four, twelve, and fourteen is valued according to the procedures used in 1986, including the designation of 1982 as the base year, until the reappraisal cycle beginning January 1, 1986, is completed and new valuations are placed on the tax rolls and a new base year designated, if the property is:

(a) new construction;

(b) expanded, deleted, replaced, or remodeled improvements;

(c) annexed property; or

(d) property converted from tax-exempt to taxable status.

(6) Property described in subsections (5)(a) through (5)(d) that is not class four, class twelve, or class fourteen property is valued according to the procedures used in 1986 but is also subject to the dollar cap in each taxing unit based on 1986 mills levied.

(7) The limitation on the amount of taxes, as clarified in this section, is intended to leave the property appraisal and valuation methodology of the department of revenue intact. Determinations of county classifications, salaries of local government officers, and all other matters in which total taxable valuation is an integral component are not affected by 15-10-401 and 15-10-402 except for the use of taxable valuation in fixing tax levies. In fixing tax levies, the taxing units of local government may anticipate the deficiency in revenues resulting from the tax limitations in 15-10-401 and 15-10-402, while understanding that regardless of the amount of mills levied, a taxpayer's liability may not exceed the dollar amount due in each taxing unit for the 1986 tax year unless:

(a) the taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year. If a taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year, it may levy additional mills to compensate for the decreased taxable valuation, but in no case may the mills levied exceed a number calculated to equal the revenue from property taxes for the 1986 tax year in that taxing unit.

(b) a levy authorized under Title 20 raised less revenue in 1986 than was raised in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, raise each year thereafter an additional number of mills but may not levy more revenue than the 3-year average of revenue raised for that purpose during 1984, 1985, and 1986;

(c) a levy authorized in 50-2-111 that was made in 1986 was for less than the number of mills levied in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, levy each year thereafter an additional number of mills but may not levy more than the 3-year average number of mills levied for that purpose during 1984, 1985, and 1986.

(8) The limitation on the amount of taxes levied does not apply to the following levy or special assessment categories, whether or not they are based on commitments made before or after approval of 15-10-401 and 15-10-402:

(a) rural improvement districts;

(b) special improvement districts;

(c) levies pledged for the repayment of bonded indebtedness, including tax increment bonds;

(d) city street maintenance districts;

(e) tax increment financing districts;

(f) satisfaction of judgments against a taxing unit;

(g) street lighting assessments;

(h) revolving funds to support any categories specified in this subsection (8);

(i) levies for economic development authorized pursuant to 90-5-112(4); ~~and~~

(j) levies authorized under [section 2] for juvenile detention programs; and

~~(j)~~*(k)* elementary and high school districts.

(9) The limitation on the amount of taxes levied does not apply in a taxing unit if the voters in the taxing unit approve an increase in tax liability following a resolution of the governing body of the taxing unit containing:

(a) a finding that there are insufficient funds to adequately operate the taxing unit as a result of 15-10-401 and 15-10-402;

(b) an explanation of the nature of the financial emergency;

(c) an estimate of the amount of funding shortfall expected by the taxing unit;

(d) a statement that applicable fund balances are or by the end of the fiscal year will be depleted;

(e) a finding that there are no alternative sources of revenue;

(f) a summary of the alternatives that the governing body of the taxing unit has considered; and

(g) a statement of the need for the increased revenue and how it will be used.

(10) (a) The limitation on the amount of taxes levied does not apply to levies required to address the funding of relief of suffering of inhabitants caused by famine, conflagration, or other public calamity.

(b) The limitation set forth in this chapter on the amount of taxes levied does not apply to levies to support a city-county board of health as provided in Title 50, chapter 2, if the governing bodies of the taxing units served by the board of health determine, after a public hearing, that public health programs require funds to ensure the public health. A levy for the support of a local board of health may not exceed the 5-mill limit established in 50-2-111.

(11) The limitation on the amount of taxes levied by a taxing jurisdiction subject to a statutory maximum mill levy does not prevent a taxing jurisdiction from increasing its number of mills beyond the statutory maximum mill levy to produce revenue equal to its 1986 revenue.

(12) The limitation on the amount of taxes levied does not apply to a levy increase to repay taxes paid under protest in accordance with 15-1-402."

Section 5. **Codification instruction.** [Sections 1 and 2] are intended to be codified as an integral part of Title 7, chapter 6, and the provisions of Title 7, chapter 6, apply to [sections 1 and 2].

Section 6. **Effective date.** [This act] is effective July 1, 1991.

Approved May 15, 1991.

CHAPTER NO. 746

[HB 93]

AN ACT TO IMPOSE A UTILIZATION FEE ON NURSING FACILITIES FOR BED DAYS REIMBURSED BY THIRD-PARTY PAYORS BEGINNING IN FISCAL YEAR 1992; TO AUTHORIZE THE DEPARTMENT OF REVENUE TO COLLECT THE FEE; TO PROVIDE FOR THE ASSESSMENT, COLLECTION, AND REFUND OF THE FEE; TO REQUIRE PROCEEDS FROM THE FEE TO BE DEPOSITED IN THE GENERAL FUND; TO PROVIDE AN APPROPRIATION; AND PROVIDING EFFECTIVE DATES AND AN APPLICABILITY DATE.

WHEREAS, the Legislature recognizes that the failure to fully fund the cost of nursing home care for Medicaid beneficiaries creates a burden on individuals who pay privately for nursing home care by shifting cost from Medicaid to non-Medicaid residents in our state's nursing homes; and

WHEREAS, the state has the potential of facing a lawsuit from nursing homes if the Legislature fails to fully fund the cost of nursing home care; and

WHEREAS, the Legislature desires to alleviate the cost-shifting from Medicaid to other patients, while bearing in mind the financial circumstances facing the state; and

WHEREAS, it is the intent of the Legislature to find creative financing solutions and to maximize federal participation in the cost of programs wherever possible; and

WHEREAS, it is the intent of the Legislature to use the utilization fee established in this bill as a means of providing additional Medicaid reimbursements to nursing homes; and

WHEREAS, it is the intent of the Legislature that nursing homes carefully consider the increased Medicaid revenues made available by this legislation when determining reasonable rates to be charged to non-Medicaid patients in their facilities; and

WHEREAS, the Legislature enacts the following legislation as a means of relieving privately paying individuals in nursing homes from the burden of costs shifted from the Medicaid program and of maximizing federal funding of this program.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 15] grants the department of revenue authority to adopt rules necessary to implement and administer [sections 1 through 15].

It is the intent of the legislature that, in adopting rules, the department:

(1) provide procedures and forms for reporting bed days that are subject to payment of the utilization fee imposed in [section 2];

(2) establish requirements for the maintenance of records and other documents required to ensure proper payment of the utilization fee;

(3) develop a process for the estimation and collection of delinquent or unpaid fees;

(4) provide a process for the reconciliation of disputes relating to the payment of utilization fees; and

(5) establish other procedures for the efficient administration of the utilization fee.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Definitions.** For purposes of [sections 1 through 15], unless the context requires otherwise, the following definitions apply:

(1) "Bed day" means each whole 24-hour period that a resident of a nursing facility is present in the facility and receiving skilled nursing care or intermediate nursing care or in which a bed is held for a resident while he is on temporary leave from the facility. The term includes all periods for which the nursing facility is reimbursed by a third-party payor, including but not limited to a private or governmental insurer or public assistance program, but it does not include any period for which the nursing facility may be reimbursed only by the resident, a friend of the resident, or a member of the resident's family. The term also includes the day of a resident's admission to a nursing facility and the day of the resident's death, even though the resident is present less than a whole 24-hour period on these days.

(2) "Calendar quarter" means the period of 3 consecutive months ending March 31, June 30, September 30, or December 31.

(3) "Department" means the department of revenue.

(4) "Nursing facility" or "facility" means a health care facility licensed by the department of health and environmental sciences as a nursing facility to provide skilled nursing care or intermediate nursing care. The term includes nursing facilities, whether they are:

(a) operated as nonprofit or for-profit facilities;

(b) freestanding or part of another health care facility; or

(c) publicly or privately operated.

(5) "Skilled nursing care" and "intermediate nursing care" have the same meaning as those terms are defined in 50-5-101.

(6) "Report" means the report of bed days required in [section 3].

(7) "Utilization fee" or "fee" means the fee required to be paid for each bed day in a nursing facility, as provided in [section 2].

Section 2. **Utilization fee for bed days in nursing facilities.** A nursing facility in the state shall pay to the department of revenue a utilization fee in the amount of $1 for each bed day in the facility during fiscal year 1992 and $2 for each bed day in the facility during fiscal year 1993 and each year thereafter.

Section 3. **Reporting and collection of fee.** (1) A nursing facility shall report to the department of revenue, following the end of each calendar quarter, the number of bed days in the facility during the quarter. The report must be in the form prescribed by the department and is due on or before the last day of the month following the close of each calendar quarter. The report must be accompanied by a payment in an amount equal to the fee required to be paid under [section 2].

(2) The department of health and environmental sciences shall provide the department at the end of each calendar quarter with a list of facilities as defined in [section 1(4)].

Section 4. **Audit — records.** (1) The department of revenue may audit the records and other documents of any nursing facility to ensure that the proper utilization fee has been collected.

(2) The department may require the facility to provide records and other documentation, including books, ledgers, and registers, necessary for the department to verify the proper amount of the utilization fee paid.

(3) A facility shall maintain and make available for inspection by the department sufficient records and other documentation to demonstrate the number of bed days in the facility subject to the utilization fee. The facility shall maintain these records for a period of at least 5 years from the date the report is due.

Section 5. **Periods of limitation.** (1) Except as otherwise provided in this section, a deficiency may not be assessed or collected with respect to the quarter for which a report is filed unless the notice of additional fees proposed to be assessed is mailed within 5 years from the date the report was filed. For the purposes of this section, a report filed before the last day prescribed for filing is considered filed on the last day. If, before the expiration of the period prescribed for assessment of the fee, the facility consents in writing to an assessment after the 5-year period, the fee may be assessed at any time prior to the expiration of the period agreed upon.

(2) A refund or credit may not be paid or allowed with respect to the year for which a report is filed after 5 years from the last day prescribed for filing the report or after 1 year from the date of the overpayment, whichever period expires later, unless before the expiration of the period, the facility files a claim or the department has determined the existence of the overpayment and has approved the refund or credit. If the facility has agreed in writing under the provisions of subsection (1) to extend the time within which the department may propose an additional assessment, the period within which a claim for refund or credit is filed or a credit or refund allowed in the event no claim is filed is automatically extended.

Section 6. **Penalty and interest for delinquent fees — waiver.** (1) If the fee for any facility is not paid on or before the due date of the report as provided in [section 3(1)], a penalty of 10% of the amount of the fee due must be assessed unless it is shown that the failure was due to reasonable cause and not neglect.

(2) If any fee due under [section 2] is not paid when due, interest is added to the tax due at the rate of 12% a year from the due date until paid.

Section 7. **Estimated fee on failure to file.** (1) If a facility fails to file the report as required, the department is authorized to make an estimate of the fees due from the facility from any information in its possession.

(2) For the purpose of ascertaining the correctness of any report or for the purpose of making an estimate of bed day use of any facility where information has been obtained, the department may:

(a) examine or cause to have examined by any designated agent or representative any books, papers, records, or memoranda bearing upon the matters required to be included in the report;

(b) require the attendance of any officer or employee of the facility rendering the report or the attendance of any other person in the premises having relevant knowledge; and

(c) take testimony and require production of any other material for its information.

Section 8. **Deficiency assessment — hearing.** (1) If the department determines that the amount of fees due are greater than the amount disclosed by the report, it shall mail to the facility a notice of the additional fees proposed to be assessed. Within 30 days after the mailing of the notice, the facility may file with the department a written protest against the proposed additional fees, setting forth the grounds upon which the protest is based, and may request in its protest an oral hearing or an opportunity to present additional evidence relating to its fees liability. If no protest is filed, the amount of the additional fees proposed to be assessed becomes final upon the expiration of the 30-day period. If such protest is filed, the department shall reconsider the proposed assessment and, if the facility has so requested, shall grant the facility an oral hearing. After consideration of the protest and the evidence presented in the event of an oral hearing, the department's action upon the protest is final when it mails notice of its action to the facility.

(2) When a deficiency is determined and the fees become final, the department shall mail notice and demand to the facility for payment, and the fees become due and payable at the expiration of 10 days from the date of the notice and demand. Interest on any deficiency assessment bears interest from the date specified in [section 5] for payment of the fees. A certificate by the department of the mailing of the notices specified in this section is prima facie evidence of the computation and levy of the deficiency in the fees and of the giving of the notices.

Section 9. **Closing agreements.** (1) The director of the department or any person authorized in writing by him is authorized to enter into an agreement with any facility relating to the liability of the facility in respect to the fees imposed by [sections 1 through 15] for any period.

(2) An agreement under this section is final and conclusive, and except upon a showing of fraud or malfeasance or misrepresentation of a material fact:

(a) the case may not be reopened as to matters agreed upon or the agreement modified by any officer, employee, or agent of this state; and

(b) in any suit, action, or proceeding under the agreement or any determination, assessment, collection, payment, abatement, refund, or credit made in accordance with the agreement, the agreement may not be annulled, modified, set aside, or disregarded.

Section 10. **Credit for overpayment — interest on overpayment.** (1) If the department determines that the amount of fees, penalty, or interest due for any year is less than the amount paid, the amount of the overpayment must be credited against any fees, penalty, or interest then due from the facility and the balance must be refunded to the facility or its successor through reorganization, merger, or consolidation or to its shareholders upon dissolution.

(2) Except as provided in subsections (2)(a) and (2)(b), interest is allowed on overpayments at the same rate as is charged on delinquent fees due from the due date of the report or from the date of overpayment, whichever date is later, to the date the department approves refunding or crediting of the overpayment. Interest does not accrue during any period during which the processing of a claim for refund is delayed more than 30 days by reason of failure of the facility to furnish information requested by the department for the purpose of verifying the amount of the overpayment. No interest is allowed:

(a) if the overpayment is refunded within 6 months from the date the report is due or from the date the return is filed, whichever is later; or

(b) if the amount of interest is less than $1.

(3) A payment not made incident to a discharge of actual utilization fee liability or a payment reasonably assumed to be imposed by [sections 1 through 15] is not considered an overpayment with respect to which interest is allowable.

Section 11. **Application for refund — appeal from denial.** If the department disallows a claim for refund, it shall notify the facility. At the expiration of 30 days from the mailing of the notice, the department's action becomes final unless within the 30-day period the facility appeals in writing from the action of the department to the state tax appeal board. If an appeal is made, the board shall grant the taxpayer an oral hearing. After consideration of the appeal and evidence presented, the board shall mail notice to the taxpayer of its determination. The board's determination is final when it mails notice of its action to the taxpayer.

Section 12. **Warrant for distraint.** If the utilization fee is not paid when due, the department of revenue may issue a warrant for distraint as provided in Title 15, chapter 1, part 7.

Section 13. **Disposition of fee.** All proceeds from the collection of utilization fees, including penalties and interest, must be deposited in the state general fund.

Section 14. **Relation to other taxes and fees.** The utilization fee imposed under [section 2] is in addition to any other taxes and fees required by law to be paid by nursing facilities.

Section 15. **Rulemaking authority.** The department of revenue may adopt rules necessary to implement and administer [sections 1 through 15].

Section 16. **Appropriation.** The following money is appropriated to the department of social and rehabilitation services to fund increases in medicaid rates to nursing facilities:

Fiscal Year 1992	
State General Fund	$1,239,048
Federal Funds	3,140,761
Total Funds	$4,379,809
Fiscal Year 1993	
State General Fund	$1,253,979
Federal Funds	3,208,580
Total Funds	$4,462,559

Section 17. **Codification instruction.** [Sections 1 through 15] are intended to be codified as an integral part of Title 15, and the provisions of Title 15 apply to [sections 1 through 15].

Section 18. **Contingent voidness.** (1) If federal law or policy is amended to allow a nursing facility to bill a person receiving nursing care for which the facility is being reimbursed by medicare or medicaid for the utilization fee provided in [section 2], [this act] is void as of the effective date of the change in federal law or policy.

(2) If federal law or policy is amended so that the utilization fees collected pursuant to [this act] may not be considered as the state's share in claiming federal financial participation under the medicaid program, [this act] is void as of the effective date of the change in federal law or policy.

(3) If the federal government refuses to participate in or denies approval of any plan for medicaid payments to nursing facilities on grounds that it considers the payments to be reimbursement to facilities for payment of the utilization fees, [this act] is void as of the date of receipt by the department of social and rehabilitation services of notice of an official determination of such refusal or denial.

(4) If [this act] becomes void under the provisions of this section, all fees received or collected by the department prior to the date upon which the act becomes void must be deposited in accordance with [section 13] and a person or party may not receive a refund of any fees received or collected by the department prior to the date upon which [this act] becomes void.

Section 19. **Coordination instruction.** If Senate Bill No. 445 is passed and approved and if it includes a section adopting a uniform tax appeal procedure, then the language contained in [sections 7(1) and 11 of this act] is void and the provisions of Senate Bill No. 445 govern the appeal procedures.

Section 20. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 21. **Nonapplicability.** [Sections 1 through 15] and the fee established under [section 2] do not apply to facilities licensed to provide intermediate developmental disability care and facilities reimbursed as institutions for mental disease under the medicaid program.

Section 22. **Effective dates — applicability.** (1) [Sections 15, 17 through 21, and this section] are effective on passage and approval.

(2) [Sections 1 through 14 and 16] are effective July 1, 1991, and apply to all bed days on or after July 1, 1991.

Approved May 15, 1991.

CHAPTER NO. 748

[HB 131]

AN ACT CREATING THE HUMAN SKELETAL REMAINS AND BURIAL SITE PROTECTION ACT; CREATING A BURIAL PRESERVATION BOARD; ESTABLISHING REPORTING AND NOTIFICATION PROCEDURES REGARDING DISTURBANCE OF A BURIAL SITE; PROVIDING FOR FIELD REVIEW AND SCIENTIFIC ANALYSIS; PROVIDING DISINTERMENT AND REINTERMENT PROCEDURES; PROVIDING FOR FEES AND CIVIL AND CRIMINAL PENALTIES; PROVIDING FOR DISPOSITION OF FEES, GRANTS, AND DONATIONS; EXEMPTING PARTS OF MEETINGS FROM THE OPEN MEETING LAWS UNDER CERTAIN CONDITIONS; PROVIDING FOR CONFIDENTIALITY OF RECORDS; GRANTING THE BOARD RULEMAKING AUTHORITY; PROVIDING FOR A 2-YEAR STATUTORY APPROPRIATION; APPROPRIATING MONEY FROM THE GENERAL FUND; AMENDING SECTIONS 2-6-101, 2-6-102, AND 17-7-502, MCA; AND PROVIDING EFFECTIVE DATES AND A TERMINATION DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 4] grants to the burial preservation board rulemaking authority to implement the provisions of this bill. At a minimum, it is the intent of the legislature that the board adopt rules:

(1) governing the conduct of board business;

(2) establishing and maintaining a registry of burial sites located in the state;

(3) establishing criteria for conducting field reviews upon notification of a discovery of human skeletal remains, burial sites, or burial materials; and

(4) establishing guidelines and forms for the issuance of a permit for scientific analysis of human remains or burial materials.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [Sections 1 through 10 and 13] may be cited as the "Human Skeletal Remains and Burial Site Protection Act".

Section 2. **Legislative findings and intent.** (1) The legislature of the state of Montana finds that:

(a) the state and its citizens have an obligation to protect from disturbance or destruction all human skeletal remains, burial sites, and burial material, including those in marked, unmarked, unrecorded, registered, or unregistered graves or burial grounds located on state or private lands that are not protected as cemeteries or graveyards under existing state law;

(b) marked, unmarked, unrecorded, registered, or unregistered graves or burial grounds not protected as cemeteries or graveyards under existing state law are increasingly subject to pilferage, disturbance, and destruction for commercial purposes, including land development, agriculture, mining, and the sale of artifacts;

(c) private collection of artifacts may result in the destruction of burial sites. Existing law reflects the value society places on preserving human burial sites, but the law does not clearly provide equal and adequate protection or incentives to ensure preservation and protection of all burial sites in the state regardless of ethnic origin, burial context, or age.

(d) while some human skeletal remains and burial sites may be of interest to science, the needs of the scientific community to gather information and material from burial sites must be balanced with the legal, moral, and religious rights and obligations of tribal groups, next of kin, or descendants;

(e) preservation in place is the preferred policy for all human skeletal remains, burial sites, and burial material; and

(f) notwithstanding any other provision of law, [sections 1 through 10 and 13] are the exclusive laws governing the treatment of human skeletal remains, burial sites, and burial materials.

(2) It is the intent of the legislature to:

(a) ensure that all burials be accorded equal treatment and respect for human dignity without reference to ethnic origin, cultural background, or religious affiliation;

(b) provide adequate protection for all interests related to any burial site encountered during archaeological excavation or agricultural, mining, construction, or other ground-disturbing activity on state and private lands without causing avoidable or undue delay or hardship for any person who has an interest in using the land on which the burial site is located;

(c) recognize the interests, concerns, and obligations of those having a kinship, tribal, cultural, or religious affiliation with the burial site and balance those interests against the interests of scientists, landowners, and developers;

(d) provide to the board an exemption from the open meeting and public records laws when public disclosure of the location of a burial site could result in pilferage, disturbance, or destruction of the site; and

(e) recognize the need for forensic examination of human skeletal remains, burial sites, and burial material if the county coroner, county attorney, or state medical examiner determines an examination is necessary under state law.

Section 3. **Definitions.** As used in [sections 1 through 10 and 13], the following definitions apply:

(1) "Board" means the burial preservation board established in [section 4].

(2) "Burial material" means any item found at the burial site or with the human skeletal remains and directly associated with the burial or burial site.

(3) "Burial site" means, except for cemeteries and graveyards protected under existing state law, any natural or prepared physical location, whether originally below, on, or above the surface of the earth, into which human remains were intentionally deposited as a part of the death rites or ceremonies of a culture.

(4) "Human skeletal remains" means any part of the human body in any state of decomposition taken from a burial site.

(5) "Marked, unmarked, unrecorded, registered, or unregistered grave or burial ground" means any place, except a cemetery or graveyard protected under existing state law, where human skeletal remains are or have been interred.

(6) "Scientifically justifiable" means that the human skeletal remains or burial material has a potential to address specific research questions in the science of anthropology, history, or biology.

(7) "Tribal group" means an Indian tribe recognized by the United States secretary of the interior or recognized as a tribe by other Indian nations.

Section 4. **Board — composition — rights — responsibilities.** (1) There is a burial preservation board. The board is composed of:

(a) one representative of each of the seven reservations, appointed by the governor from a list of up to three nominees provided by each of the respective tribal governments;

(b) one person appointed by the governor from a list of up to three nominees submitted by the Little Shell band of Chippewa Indians;

(c) one person appointed by the governor from a list of up to three nominees submitted by the Montana state historic preservation officer;

(d) one representative of the Montana archaeological association appointed by the governor from a list of up to three nominees submitted by the Montana archaeological association;

(e) one physical anthropologist appointed by the governor;

(f) one representative of the Montana coroners' association appointed by the governor from a list of up to three nominees submitted by the Montana coroners' association; and

(g) one representative of the public, appointed by the governor, who is not associated with tribal governments; state government; the fields of historic preservation, archaeology, or anthropology; or the Montana coroners' association.

(2) Members of the board shall serve staggered 2-year terms. A vacancy on the board must be filled in the same manner as the original appointment and only for the unexpired portion of the term.

(3) The board shall:

(a) provide for the establishment and maintenance of a registry of burial sites located in the state;

(b) designate the appropriate member or members of the board or a representative or representatives of the board to conduct a field review upon notification of the discovery of human skeletal remains, a burial site, or burial materials;

(c) assist interested landowners in the development of agreements with the board for the treatment and disposition, with appropriate dignity, of human skeletal remains and burial material;

(d) mediate, upon application of either party, disputes that may arise between a landowner and known descendants that relate to the treatment and disposition of human skeletal remains and burial material;

(e) assume responsibility for final treatment and disposition of human skeletal remains and burial material if the field review recommendation is not accepted by the board's representatives and the landowner;

(f) establish a nonrefundable application fee, not to exceed $50, for a permit for scientific analysis of human skeletal remains or burial material from burial sites as provided by [section 6];

(g) issue permits authorizing scientific analysis;

(h) accept grants or real or in-kind donations to carry out the purposes of [sections 1 through 10 and 13];

(i) adopt rules necessary to administer and enforce the provisions of [sections 1 through 10 and 13]; and

(j) perform any other duties necessary to implement the provisions of [sections 1 through 10 and 13].

(4) The board is allocated to the department of commerce for administrative purposes only as prescribed in 2-15-121.

(5) Members of the board shall serve without pay but are entitled to reimbursement for travel, meals, and lodging pursuant to 2-18-501 through 2-18-503.

Section 5. **Discovery — reporting requirements — field review.** (1) A person who by archaeological excavation or by agricultural, mining, construction, or other ground-disturbing activity discovers human skeletal remains, a burial site, or burial material shall immediately notify the county coroner. Failure to notify the county coroner subjects a person to the penalty provided in [section 8].

(2) Upon discovery of human skeletal remains, a burial site, or burial material, excavation or further disturbance must cease until the coroner has determined whether the remains are subject to the provisions of Title 46, chapter 4, or any other related provisions of law concerning the investigation of the circumstances, manner, and cause of death or whether a forensic examination of the human skeletal remains, burial site, or burial material is necessary. The coroner shall make his determination within 2 working days from the time the person responsible for the excavation notifies him of the discovery or recognition of the remains. If the coroner cannot make the determination within 2 working days, he shall notify a member of the board of the reason for and the approximate length of the delay. The coroner shall take all reasonable steps to make his determination without removing or causing further disturbance of the remains.

(3) If a forensic examination, action under Title 46, chapter 4, or action under any other related provisions of law concerning the investigation of the circumstances, manner, and cause of death is necessary and yields evidence of criminal activity, the evidence may be seized by the coroner or law enforcement agency with jurisdiction for use in a criminal proceeding as provided by law.

(4) If the coroner determines that the remains are not subject to the provisions of Title 46, chapter 4, or any other provisions of law concerning the investigation of the circumstances, manner, and cause of death and that a forensic examination is not necessary, he shall telephone the state historic preservation officer within 24 hours. Within 24 hours of notification, the state historic preservation officer shall contact either the landowner and the board or the landowner and the board member representing the nearest reservation and notify them of the discovery of human skeletal remains, a burial site, or burial material.

(5) If the state historic preservation officer cannot be contacted, the coroner shall notify a member of the board or the law enforcement agency of the nearest reservation within 24 hours. The board or the agency shall immediately notify the landowner and the board member representing that reservation.

(6) Within 36 hours after the board receives notification of a discovery of human skeletal remains, a burial site, or burial material, the board shall designate representatives to conduct, with the permission of the landowner, an initial field review. If the field review cannot be completed within the next 36 hours, the board's representatives shall negotiate with the landowner or his representative for a reasonable time extension to complete the review. The field review must include:

(a) a determination of whether the site can be preserved;

(b) negotiation with the landowner concerning onsite reburial or disinterment and reburial; and

(c) a recommendation, including a timeframe, concerning final treatment or disposition of the human skeletal remains or burial material.

(7) If the board's representatives fail to make a recommendation or if the landowner and the board cannot agree and mediation fails to provide, within 40 days after notification to the board, a resolution acceptable to the landowner and the board, the human skeletal remains and burial materials must be removed and control is vested in the board. The board shall give control of the remains or materials in the following priority to:

Section 6. **Scientific analysis — permit required.** (1) Although onsite reburial is preferred, the board may, upon petition by a person seeking permission to perform scientific analysis, grant a permit for the scientific removal and analysis of human skeletal remains and burial material upon proof and determination by the board that the analysis is scientifically justifiable. A petition for a permit must include:

(a) payment of the nonrefundable application fee provided for in [section 4]; and

(b) a brief narrative describing the methodology to be used, the timeframe needed to complete the scientific study, and any other information specifically requested by the board relating to the proposed study.

(2) The methodology proposed must be reviewed by the state historic preservation officer or his designated representative and the physical anthropologist on the board, and a recommendation must be made to the full board. Once approved by the board, any change in methodology or in the timeframe must be approved by the board before the original timeframe expires. The timeframe for scientific study may not exceed 12 months from the date of issuance of the permit.

(3) A permit for scientific analysis issued by the board is subject to terms, conditions, and procedures prescribed by the board and must include

the condition that a permittee shall pay all costs of excavation, study, and disposition.

(4) The board shall either issue or deny a permit within 30 working days from the date of the permit petition. If the board denies a permit upon a finding that scientific analysis is not justifiable, the board shall provide the applicant with a written statement outlining the grounds for its finding. The applicant may appeal the decision of the board under the provisions of Title 2, chapter 4, part 6, of the Montana Administrative Procedure Act.

(5) The board may suspend or revoke a permit pursuant to the Montana Administrative Procedure Act upon a finding that the permittee has violated any provision of [sections 1 through 10 and 13] or any term, condition, or procedure of a permit issued by the board.

(2) Burial site records are confidential and available only to criminal justice agencies or to federal, state, and tribal personnel or their appointed representatives legally charged with administering laws protecting cultural resources.

(3) Statistical information compiled from burial site records must be made available to the general public. Any information concerning burial site records that is released to a criminal justice agency is confidential criminal justice information, as defined in 44-5-103, and is subject to dissemination pursuant to 44-5-303.

A statement of intent is required for this bill to provide guidance to the department of health and environmental sciences concerning rulemaking to establish the specific terms and conditions of financial assurance that a liable person is required to provide pursuant to 75-10-719 and 75-10-721. The department shall consult and to the greatest extent practicable rely upon financial assurance concepts and requirements contained in federal regulations that implement the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-10-704, MCA, is amended to read:

"**75-10-704. Environmental quality protection fund.** (1) There is created in the state special revenue fund an environmental quality protection fund to be administered as a revolving fund by the department. The department is authorized to expend amounts from the fund necessary to carry out the purposes of this part.

(2) The fund may be used by the department only to carry out the provisions of this part and for remedial actions taken by the department pursuant to this part in response to a release of hazardous or deleterious substances.

(3) The department shall:

(a) establish and implement a system for prioritizing sites for remedial action based on potential effects on human health and the environment; and

(b) investigate, negotiate, and take legal action, as appropriate, to identify responsible parties, to obtain the participation and financial contribution of responsible parties for the remedial action, to achieve remedial action, and to recover costs and damages incurred by the state.

(b) all administrative penalties assessed pursuant to 75-10-714 and all civil penalties assessed pursuant to 75-10-711(5);

(c) funds appropriated to the fund by the legislature; and

(d) funds received from the interest income of the resource indemnity trust fund pursuant to 15-38-202.

(5) Whenever a legislative appropriation is insufficient to carry out the provisions of this part and additional money remains in the fund, the department shall seek additional authority to spend money from the fund

through the budget amendment process provided for in Title 17, chapter 7, part 4.

(6) Whenever the amount of money in the fund is insufficient to carry out remedial action, the department may apply to the governor for a grant from the environmental contingency account established pursuant to 75-1-1101.

(7) The department shall submit to the legislature at the beginning of each regular session a complete financial report on the fund, including a description of all expenditures made since the preceding report."

Section 2. Section 75-10-711, MCA, is amended to read:

"**75-10-711. Remedial action — orders — penalties — judicial proceedings.** (1) The department may take remedial action whenever:

(a) there has been a release or there is a substantial threat of a release into the environment that may present an imminent and substantial endangerment to the public health, welfare, or safety or the environment; and

(b) the appropriate remedial action will not be done properly and expeditiously by any person liable under 75-10-715(1).

(2) Whenever the department is authorized to act pursuant to subsection (1) or has reason to believe that a release has occurred or is about to occur, the department may undertake remedial action in the form of any investigation, monitoring, survey, testing, or other information-gathering as authorized by 75-10-707 that is necessary and appropriate to identify the existence, nature, origin, and extent of the release or the threat of release and the extent and imminence of the danger to the public health, safety, or welfare or the environment.

(3) Any person liable under 75-10-715(1) must take immediate action to contain, remove, and abate the release. Except as provided in 75-10-712, the department is authorized to draw upon the fund to take action under subsection (1) if it has made diligent good faith efforts to determine the identity of the person or persons liable for the release or threatened release and:

(b) the person or persons determined by the department to be liable under 75-10-715(1) have been informed in writing of the department's determination and have been requested by the department to take appropriate remedial action but are unable or unwilling to take action in a timely manner; and

(c) the written notice to each person informs him that if he is subsequently found liable pursuant to 75-10-715(1), he may be required to reimburse the fund for the state's remedial action costs and may be subject to penalties pursuant to 75-10-715(3).

(4) Whenever the department is authorized to act pursuant to subsection (1) or has reason to believe that a release that may pose an imminent and substantial threat to public health, safety, or welfare or the environment has occurred or is about to occur, it may issue to any person liable under 75-10-715(1) cease and desist, remedial, or other orders as may be necessary or appropriate to protect public health, safety, or welfare or the environment.

(5) A person who violates or fails or refuses to comply with an order issued under 75-10-707 or this section may, in an action brought to enforce the order, be assessed a civil penalty of not more than $10,000 for each day in which a violation occurs or a failure or refusal to comply continues. In determining the amount of any penalty assessed, the court may take into account the nature, circumstances, extent, and gravity of the noncompliance and, with respect to the person liable under 75-10-715(1), his ability to pay; any prior history of such violations; the degree of culpability; the economic benefit or savings, if any, resulting from the noncompliance; and any other matters as justice may require. Civil penalties collected under this subsection must be deposited into the environmental quality protection fund established in 75-10-704.

(6) A court has jurisdiction to review an order issued under 75-10-707 or this section only in the following actions:

(d) an action by a person to whom an order has been issued to determine the validity of the order, only if the person has been in compliance and continues in compliance with the order pending decision of the court.

(7) In considering objections raised in a judicial action regarding orders issued under this part, the court shall uphold and enforce an order issued by the department unless the objecting party can demonstrate, on the administrative record, that the department's decision to issue the order was arbitrary and capricious or otherwise not in accordance with law.

(8) Instead of issuing a notification or an order under this section, the department may bring an action for legal or equitable relief in the district court of the county where the release or threatened release occurred or in the first judicial district as may be necessary to abate any imminent and substantial endangerment to the public health, safety, or welfare or the environment resulting from the release or threatened release.

(9) The department may take remedial action pursuant to subsection (1) at a site that is regulated under the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, Public Law 96-510, if

the department determines that remedial action is necessary to carry out the purposes of this part."

Section 3. Section 75-10-713, MCA, is amended to read:

(3) The department may exempt any portion of a remedial action that is conducted entirely on site from a state or local permit that would, in the absence of the remedial action, be required if the remedial action is carried out in accordance with the standards established under subsection (1) and this part.

(4) The department may require financial assurance from a liable person in an amount that the department determines will ensure the long-term operation and maintenance of the remedial action site. The permit must be renewed for additional 4-year periods upon payment of a $25 fee per renewal and upon request for renewal made within 90 days before expiration of the permit. The permit and each renewal must be in triplicate, in a form prescribed by the department of justice, and must at a minimum include the name, address, physical description, signature, driver's license or state identification card number, and a picture of the permittee. The permit must state that federal and state laws on possession of firearms and other weapons differ and that a person who violates the federal law may be prosecuted in federal court and the Montana permit will not be a defense. The permittee must be given the original, and the sheriff shall keep a copy and send a copy to the department of justice, which shall keep a central repository record of all permits. Replacement of a lost permit must be treated as a renewal under this subsection.

(4) The sheriff shall conduct a criminal record and background check of an applicant, may require an applicant to submit his fingerprints, and may charge the applicant $5 for fingerprinting.

(5) Permit, background, and fingerprinting fees may be retained by the sheriff and used to implement [sections 1 through 5].

Section 3. **Denial of renewal — revocation of permit.** A permit to carry a concealed weapon may be revoked or its renewal denied by the sheriff of the county in which the permittee resides if circumstances arise that would require the sheriff to refuse to grant the permittee an original license.

Section 4. **Appeal.** The denial or revocation of a permit to carry a concealed weapon or refusal of a renewal is subject to appeal to the district court and from that court to the Montana supreme court.

Section 5. **Permittee change of county of residence — notification to sheriffs and chief of police.** A person with a permit to carry a concealed weapon who changes his county of residence shall within 10 days of the change inform the sheriffs of both the old and new counties of residence of his change of residence and that he holds the permit. If his residence changes either from or to a city or town with a police force, he shall also inform the chief of police in each of those cities or towns that has a police force.

Section 6. **Immunity from liability.** A sheriff, employee of a sheriff's office, or county is not liable for damages in a civil action by a person or entity claiming death, personal injury, or property damage arising from alleged wrongful or improper grant, renewal, or failure to revoke a permit to carry a concealed weapon, except for actions that constitute willful misconduct or gross negligence.

Section 7. **Carrying a concealed weapon while under the influence.** A person commits the offense of carrying a concealed weapon while under the influence if he purposely or knowingly carries a concealed weapon while under the influence of an intoxicating substance. It is not a defense that the person had a valid permit to carry a concealed weapon. A person convicted of the offense shall be imprisoned in the county jail for a term not to exceed 6 months or fined an amount not to exceed $500, or both.

Section 8. **Carrying a concealed weapon in a prohibited place.** (1) A person commits the offense of carrying a concealed weapon in a prohibited place if he purposely or knowingly carries a concealed weapon in:

CHAPTER NO. 760

[HB 832]

AN ACT ALLOCATING 20 PERCENT OF AN INCREASE IN GROSS PROCEEDS TAX TO THE LOCAL GOVERNMENT UNIT IN WHICH THE ORE WAS LOCATED IF CERTAIN CRITERIA ARE MET; ALLOCATING THE APPLICABLE METAL MINES LICENSE TAX TO THOSE COUNTIES IDENTIFIED AS EXPERIENCING IMPACTS IF AN IMPACT PLAN HAS BEEN PREPARED; AMENDING SECTIONS 15-37-117 AND 90-6-404, MCA; AND PROVIDING A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 90-6-404, MCA, is amended to read:

"**90-6-404. Allocation of taxable valuation for local taxation purposes.** When property of a large-scale mineral development is subject to the provisions of 90-6-403, the increase in taxable valuation must be allocated by the department of revenue as follows:

(1) If the board determines that the local government unit in which the ore body or the mineral deposit being mined is located is not affected by the development and if this determination is shown on the impact plan, 20% of the total increase in taxable valuation of the gross proceeds must be allocated to that local government unit. This provision is intended to establish a minimum allocation for the units and does not prohibit proof by a unit that actual direct impacts would exceed 20% of the total impacts of the development.

~~(1)~~*(2)* The ~~total~~ *remaining* increase in taxable valuation of the mineral development must be allocated between affected counties and affected municipalities according to the following formula based on the place of residence of mineral development employees:

(a) A portion, not to exceed 20%, to affected municipalities, based on that percentage of the total number of mineral development employees that reside within municipal boundaries. The taxable valuation allocated to affected municipalities must be distributed to each municipality according to its percentage of the total number of mineral development employees who reside within municipal boundaries. That portion of the taxable valuation distributed to a municipality pursuant to this section is subject to the same county mill levy as other taxable properties located in the municipality.

(b) The remaining portion of the taxable valuation must be distributed to each affected county according to its percentage of the total number of mineral development employees that reside within the county.

~~(2)~~*(3)* The ~~total~~ increase in taxable valuation *equal to that subject to subsection (2)* must be distributed pro rata among each affected high school district according to the percentage of the total number of mineral development high school students that reside within each district.

~~(3)~~*(4)* The ~~total~~ increase in taxable valuation *equal to that subject to subsection (2)* must be distributed pro rata among each affected elementary school district according to the percentage of the total number of mineral development elementary school students that reside within each district.

(5) The distribution formula specified in subsections (2) through (4) may be modified by an impact plan approved as provided in 90-6-307 or amended as provided in 90-6-311, if the modification is needed in order to ensure a reasonable correspondence between the occurrence of increased costs resulting from the mineral development and the allocation of taxable valuation resulting from the mineral development."

Section 2. Section 15-37-117, MCA, is amended to read:

"**15-37-117. Disposition of metalliferous mines license taxes.** (1) Metalliferous mines license taxes collected under the provisions of this part are allocated as follows:

(a) to the credit of the general fund of the state, 58% of total collections each year;

(b) to the state special revenue fund to the credit of a hard-rock mining impact trust account, 1.5% of total collections each year;

(c) to the state resource indemnity trust fund, 15.5% of total collections each year;

(d) *to the county or counties identified as experiencing fiscal and economic impacts, resulting in increased employment or local government costs, under an impact plan for a large-scale mineral development prepared and approved pursuant to 90-6-307, in direct proportion to the fiscal and economic impacts determined in the plan, or, if no impact plan has been prepared,* to the county in which the mine is located, 25% of total collections each year, to be allocated by the county commissioners as follows:

(i) not less than 40% to the county hard-rock mine trust reserve account established in 7-6-2225; and

(ii) all money not allocated to the account pursuant to subsection (1)(d)(i) to be further allocated as follows~~, except that more than one entity may share an allocation if a jurisdictional revenue disparity is identified pursuant to subsection (2)~~:

(A) 33 1/3% is allocated to the county for planning or economic development activities;

(B) 33 1/3% is allocated to the elementary school districts within the county that have been affected by the development or operation of the metal mine; and

(C) 33 1/3% is allocated to the high school districts within the county that have been affected by the development or operation of the metal mine.

(2) When an impact plan for a large-scale mineral development approved pursuant to 90-6-307 identifies a jurisdictional revenue disparity, the county shall distribute the proceeds allocated under subsection (1)(d) in a manner similar to that provided for property tax sharing under Title 90, chapter 6, part 4.

(3) The department shall return to the county in which metals are produced the tax collections allocated under subsection (1)(d). The allocation to the county described by subsection (1)(d) is a statutory appropriation pursuant to 17-7-502."

Section 3. **Retroactive applicability.** [This act] applies retroactively, within the meaning of 1-2-109, to all large-scale mineral developments required to comply with 90-6-307 that did not have an impact plan approved pursuant to 90-6-307, as of December 31, 1990.

Approved May 16, 1991.

~~(3)~~*(4)* "Invitation for bids" means all documents, whether attached or incorporated by reference, utilized for soliciting bids.

~~(4)~~*(5)* "Office supply" means an item included under the office supply commodity class codes maintained by the department.

Section 2. Section 18-4-303, MCA, is amended to read:

"**18-4-303. Competitive sealed bidding.** (1) An invitation for bids must be issued and must include a purchase description and conditions applicable to the procurement.

(2) Adequate public notice of the invitation for bids must be given a reasonable time prior to the date set forth therein for the opening of bids, in accordance with rules adopted by the department. Notice may include publication in a newspaper of general circulation at a reasonable time prior to bid opening.

(3) Bids must be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation for bids. Each bidder has the right to be present, either in person or by agent, when the bids are opened and has the right to examine and inspect all bids. The amount of each bid and such other relevant information as may be specified by rule, together with the name of each bidder, must be recorded. The record must be open to public inspection. After the time of award, all bids and bid documents must be open to public inspection in accordance with the provisions of 2-6-102 *and are subject to the requirements of subsection (4).*

(4) Bids must be available for public inspection when the bids are opened if:

(b) acceptance of bids would result in the displacement of five or more state employees.

~~(4)~~*(5)* Bids must be unconditionally accepted without alteration or correction, except as authorized in this chapter. Bids must be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability, such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in evaluation for award must be objectively measurable, such as discounts, transportation costs, and total or life-cycle costs. The invitation for bids shall set forth the evaluation criteria to be used. Only criteria set forth in the invitation for bids may be used in bid evaluation.

~~(5)~~*(6)* Correction or withdrawal of inadvertently erroneous bids, before or after award, or cancellation of awards or contracts based on such bid mistakes may be permitted in accordance with rules adopted by the department. After bid opening no changes in bid prices or other provisions of bids prejudicial to the interest of the state or fair competition may be permitted. Except as otherwise provided by rule, all decisions to permit the correction or withdrawal of bids or to cancel awards or contracts based on bid mistakes must be supported by a written determination made by the department.

~~(6)~~*(7)* The contract must be awarded with reasonable promptness by written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the invitation for bids, including the preferences established by Title 18, chapter 1, part 1. If all bids exceed available funds as certified by the appropriate fiscal officer and the low responsive and responsible bid does not exceed such funds by more than 5%, the director or the head of a purchasing agency is authorized, in situations where time or economic considerations preclude resolicitation of a reduced scope, to negotiate an adjustment of the bid price, including changes in the bid requirements, with the low responsive and responsible bidder in order to bring the bid within the amount of available funds.

~~(7)~~*(8)* When it is considered impractical to initially prepare a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced offers, to be followed by an invitation for bids limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation."

Section 3. **Effective date.** [This act] is effective on passage and approval.

Approved May 15, 1991.

CHAPTER NO. 763

[HB 973]

AN ACT TO PROVIDE EXPENSE REIMBURSEMENT TO CERTAIN TANK OWNERS AND OPERATORS; AMENDING SECTIONS 75-11-301, 75-11-302, 75-11-307, 75-11-308, AND 75-11-318, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill in order to provide guidance to the petroleum tank release compensation board, the department of health and environmental sciences, and the department of revenue for the adoption of rules authorized by the bill. The petroleum tank release compensation board shall adopt rules that:

(1) govern submission of claims from owners and operators to the board and to the department of health and environmental sciences for reimbursement from the petroleum tank release cleanup fund;

(2) establish procedures for determining eligibility of tank owners and operators for reimbursement from the petroleum tank release cleanup fund and the validity of claims; and

(3) are necessary for administration of the petroleum tank release cleanup fund and other provisions of this bill, provided that the rules may not conflict with the eligibility requirements and procedures provided for in this bill and Title 75, chapter 11, part 3; rules previously adopted under that part; and laws, rules, and procedures of the federal government or the department of health and environmental sciences pertaining to petroleum storage tank releases eligible for reimbursement from the petroleum tank release cleanup fund.

The department of health and environmental sciences may adopt rules or revise existing rules as necessary to implement and incorporate the provisions of this bill into the department's existing procedures and its requirements pertaining to releases from underground storage tanks.

The department of revenue shall adopt rules governing the collection of the petroleum storage tank cleanup fee, including reporting and recordkeeping requirements, the method and timing of payments from distributors, examination of records, and other provisions necessary to ensure that the petroleum storage tank cleanup fee is properly and efficiently collected.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-11-301, MCA, is amended to read:

"**75-11-301. Findings and purposes.** (1) The legislature finds that the use of petroleum products stored in tanks contributes significantly to the economic well-being and quality of life of Montana citizens.

(2) The legislature finds that leaks, spills, and other releases of petroleum products from storage tanks endanger public health and safety, ground water quality, and other state resources.

(3) The legislature finds that current administrative and financial resources of the public and private sectors are inadequate to address problems caused by releases from petroleum storage tanks and need to be supplemented by a major program of release detection and corrective action.

(4) The legislature finds that proper funding for the program is through a petroleum storage tank cleanup fee paid by persons who use and receive the benefits of petroleum products. The legislature further finds that this general use fee, provided for in 75-11-314, is intended solely to support a program to pay for corrective action and damages caused by releases from petroleum storage tanks. The general use fee is collected from distributors for administrative convenience and is not intended as a method for collecting highway revenue pursuant to the provisions of Article VIII, section 6, of the Montana constitution. The fee is intended to implement the legislature's duty to provide for the administration and enforcement of maintaining and improving a clean and healthful environment for present and future generations, as required by Article IX, section 1, of the Montana constitution.

(5) The purposes of this part are to:

(a) protect public health and safety and the environment by providing prompt detection and cleanup of petroleum tank releases;

(b) provide adequate financial resources and effective procedures through which tank owners and operators may undertake and be reimbursed for corrective action and payment to third parties for damages caused by releases from petroleum storage tanks; and

(c) assist *certain* tank owners and operators in meeting financial assurance requirements under state and federal law governing releases from petroleum storage tanks."

The total amount of allowable costs that are approved for the special education budget may not, under any condition, be less than the foundation program amount for one regular ANB for each full-time special pupil in the school district.

(3) If a special education program is implemented or expanded during a given school term too late to be included in the determination of the district foundation program for the school year as prescribed in this part, allowable costs approved under the budgeting provisions of subsections (1) and (2) for the operation of the program during the given year must be funded from any legislative appropriation for contingency financing for special education. Contingency funds granted under this subsection must be deposited in a separate account of the miscellaneous programs fund of the district as provided in 20-9-507. However, if contingency funds are not available, then subject to the approval of the program by the superintendent under the ~~emergency~~ budget *amendment* provisions of 20-9-161~~(5)~~*(6)*, allowable costs for the given year may be *funded in the miscellaneous programs fund by other revenue sources and* added to the foundation program amount for special education for the subsequent school year *under the provisions of [section 50]*. The ~~cash~~ *operating* reserve may not be more than 20% of the final transportation fund budget for the ensuing school fiscal year and is for the purpose of paying transportation fund warrants issued by the district under the final transportation fund budget.

(4) The district levy requirement for each district's transportation fund must be computed by:

(a) subtracting the schedule amount calculated in subsection (1) from the total preliminary transportation budget amount and, for an elementary district, adding the difference to the district obligation to finance one-third of the schedule amount as determined in subsection (2); and

(b) subtracting the amount of money available to reduce the property tax on the district, as determined in subsection (3), from the amount determined in subsection (4)(a).

(5) The county levy requirement for the financing of the county transportation reimbursement to high school districts is computed by adding all requirements for all the high school districts of the county, including the county's obligation for reimbursements in joint high school districts.

Section 50. **Approval to amend general fund budget for ensuing school fiscal year.** (1) The trustees of a district may determine that expenses from the following sources will need to be funded by the general fund budget in the ensuing school fiscal year:

(a) a budget amendment authorized under the provisions of 20-9-161 through 20-9-163;

(b) metal mines tax reserve fund authorized in 20-9-231;

(c) special education expenditures approved under the provisions of 20-9-321(3);

(d) transfer of services from or dissolution of a special education cooperative; and

(e) tuition receipts deposited in the miscellaneous programs fund.

(2) Whenever the trustees determine that expenses from the sources in subsection (1) will need to be funded by the general fund in the ensuing year, the trustees shall petition the superintendent of public instruction for approval to add the expenditures from any of the sources to the current year's general fund budget for the purposes of calculating the ensuing year's general fund budget limitation. The petition must set forth in writing the specific reasons for the request and a report of the actual expenditures.

(3) The superintendent of public instruction shall promptly approve or disapprove the petition for approval to add the expenditures from the sources in subsection (1) to the current year's general fund budget for the purposes of calculating the ensuing year's general fund budget.

Section 51. **Definition of emergency for budgeting purposes.** As used in this chapter, unless the context clearly indicates otherwise, the term "emergency" for the purpose of community college budgeting means:

(1) the destruction or impairment of any community college district property necessary to the maintenance of the district, by fire, flood, storm, riot, insurrection, or act of God, to an extent rendering the property unfit for its present use;

(2) a judgment for damages against the district issued by a court after the adoption of the budget for the current year;

(3) an enactment of legislation after the adoption of the budget for the current year that imposes an additional financial obligation on the district; or

(4) any other reason of similar consequence that has been approved by the board of regents upon petition by the trustees of the district.

Section 52. **Resolution for emergency budget — petition to the board of regents.** (1) Whenever the trustees of a community college district decide that an emergency exists, they may adopt a resolution proclaiming the emergency by a unanimous vote of all members present at any meeting for which each trustee has been given reasonable notice of the time and place of holding the meeting. The emergency resolution must also state the facts constituting the emergency, the estimated amount of money required to meet the emergency, the funds affected by the emergency, and the time and place the board will meet for the purpose of considering and adopting an emergency budget for the funds for the current school fiscal year.

(2) If the trustees decide that an emergency exists for any reason other than the conditions specified in 20-9-161 (1) through (3), they shall petition the board of regents for permission to adopt a resolution of emergency. The petition must set forth in writing the reasons for the request, the district funds affected by the emergency, the estimated amount of money required to meet the emergency for each affected fund, the anticipated sources of financing for the emergency expenditures, and any other information required by the board of regents. The petition must be signed by each trustee.

(3) The board of regents shall promptly approve or disapprove the petition requesting approval to adopt a resolution of emergency. If the petition is approved, the trustees may adopt a resolution of emergency and take all other steps required for the adoption of an emergency budget. Approval of a petition by the board of regents authorizes the board of trustees to initiate emergency budget proceedings by resolution and does not relieve the trustees of the necessity of complying with the requirements of the emergency budgeting laws.

Section 53. **Emergency budget limitation, preparation, and adoption procedures.** (1) The meeting of the trustees of a community college district to consider and adopt an emergency budget must be open to the public, and any taxpayer in the district has the right to appear and be heard. If at the meeting a majority of the trustees present find that an emergency exists, the trustees may make and adopt a preliminary emergency budget, on the regular budget form, setting forth fully the facts constituting the emergency. In adopting the preliminary emergency budget, the trustees may budget for any fund that was included on the final budget of the district for the current fiscal year. The budget must be itemized to show the amount appropriated for each item as required on the budget form.

(2) When the emergency is the result of increased enrollment, the maximum amount of the emergency budget for all funds must be determined by budget amendment.

(3) If another type of emergency occurs, the budget must be limited to the expenditures considered by the trustees to be reasonable and necessary to finance the conditions of the emergency and the preliminary emergency budget must include the details of the proposed expenditures.

(4) After a majority of the trustees have voted to adopt the emergency budget, it must be signed by the chairman of the trustees and the clerk of the district and copies must be sent to the county superintendent, the county treasurer, and the board of regents.

Section 54. **Determination of available financing — fixing and levying property taxation for an emergency budget.** (1) After the last day of the fiscal year for which an emergency budget has been adopted, the county treasurer shall determine the amount of the cash balance that is available to finance the emergency budget's outstanding warrants or registered warrants for each fund included on the emergency budget. The available amount of the cash balance of each fund must be determined by deducting from the county treasurer's year-end cash balance for the fund the outstanding warrants or registered warrants issued under the regularly adopted final budget for the fund and the cash reserve for the fund that the trustees have established, within the limitations of law, for the following fiscal year.

(2) The county treasurer shall prepare and deliver a statement on the financial status of each fund included on an emergency budget for a district that had an emergency budget during the preceding year to the board of

county commissioners by the first Monday in August. The statement for each district emergency budget must include:

(a) the total amount of emergency warrants that are outstanding or registered against each fund of the district;

(b) the amount of the cash balance in each fund included on the emergency budget that is available to finance the outstanding warrants or registered warrants; and

(c) after consideration of the available money in subsection (2)(b), the additional amount of money that is required to finance the outstanding warrants or registered warrants and interest on the warrants and that must be raised by a tax levy.

(3) For each fund of the emergency budget of each district requiring a tax levy as established by subsection (2)(c), the board of county commissioners shall, at the time all other district and county taxes are fixed and levied, levy a tax on the taxable property of each applicable district that will raise sufficient financing to pay the amount established by the county treasurer.

Section 55. Section 15-1-501, MCA, is amended to read:

"**15-1-501. Disposition of money from certain designated license and other taxes.** (1) The state treasurer shall deposit to the credit of the state general fund all money received by him from the collection of:

The application shall be made on a form prescribed by the department. The department shall make the forms available through its offices and the offices of the county clerk and recorders. The department shall return a defective application for correction or completion, together with the reasons for returning it. An application does not lose priority of filing because of defects if the application is corrected, completed, and refiled with the department within 30 days after its return to the applicant or within a further time as the department may allow. If an application is not corrected and completed within 30 days or within a further time as the department allows, up to 3 months, the priority date of the application shall be the date of refiling the application with the corrections with the department. An application not corrected within 3 months shall be terminated.

(2) In addition to the application filing fee prescribed by the board by rule pursuant to 85-2-113, a person applying for a permit under subsection (1) shall pay a fee of $1 per acre-foot of ground water appropriated. The fees collected by the department under this subsection must be deposited in the ground water assessment account, established in [section 4], within the state special revenue fund."

Section 13. Section 85-2-306, MCA, is amended to read:

"**85-2-306. Exceptions to permit requirements** — *fee.* (1) Ground water may be appropriated only by a person who has a possessory interest in the property where the water is to be put to beneficial use and exclusive property rights in the ground water development works or, if another person has rights in the ground water development works, the written consent of the person with those property rights. Outside the boundaries of a controlled ground water area, a permit is not required before appropriating ground water by means of a well or developed spring with a maximum appropriation of less than 100 gallons per minute, except that a combined appropriation from the same source from two or more wells or developed springs exceeding this limitation requires a permit. Within 60 days of completion of the well or developed spring and appropriation of the ground water for beneficial use, the appropriator shall file a notice of completion with the department on a form provided by the department at its offices and at the offices of the county clerk and recorders *and pay a filing fee.* Upon receipt of the notice, the department shall review the notice and may, before issuing a certificate of water right, return a defective notice for correction or completion, together with the reasons for returning it. A notice does not lose priority of filing because of defects if the notice is corrected, completed, and refiled with the department within 30 days or within a further time as the department may allow, not to exceed 6 months. If a notice is not corrected and completed within the time allowed, the priority date of appropriation shall be the date of refiling a correct and complete notice with the department. A certificate of water right may not be issued until a correct and complete notice has been filed with the department. The original of the certificate shall be sent to the appropriator. The department shall keep a copy of the certificate in its office in Helena. The date of filing of the notice of completion is the date of priority of the right.

(2) An appropriator of ground water by means of a well or developed spring first put to beneficial use between January 1, 1962, and July 1, 1973, who did not file a notice of completion, as required by laws in force prior to April 14, 1981, with the county clerk and recorder shall file a notice of completion, as provided in subsection (1) of this section, with the department to perfect the water right. The filing of a claim of existing water right pursuant to 85-2-221 is sufficient notice of completion under this subsection. The priority date of the appropriation shall be the date of the filing of a notice as provided in subsection (1) of this section or the date of the filing of the claim of existing water right. An appropriation under this subsection is an existing right, and a permit is not required; however, the department shall acknowledge the receipt of a correct and complete filing of a notice of completion, except that for an appropriation of less than 100 gallons per minute, the department shall issue a certificate of water right. If a certificate is issued under this section, a certificate need not be issued under the adjudication proceedings provided for in 85-2-236.

(3) A permit is not required before constructing an impoundment or pit and appropriating water for use by livestock if the maximum capacity of the impoundment or pit is less than 15 acre-feet and the appropriation is less than 30 acre-feet per year and is from a source other than a perennial flowing stream and the impoundment or pit is to be constructed on and will be accessible to a parcel of land that is owned or under the control of the applicant and that is 40 acres or larger. As used in this subsection, a perennial flowing stream means a stream which historically has flowed continuously at all seasons of the year, during dry as well as wet years.

However, within 60 days after constructing the impoundment or pit, the appropriator shall apply for a permit as prescribed by this part. Upon receipt of a correct and complete application for a stockwater provisional permit, the department shall then automatically issue a provisional permit. If the department determines after a hearing that the rights of other appropriators have been or will be adversely affected, it may revoke the permit or require the permittee to modify the impoundment or pit and may then make the permit subject to such terms, conditions, restrictions, or limitations it considers necessary to protect the rights of other appropriators.

(4) A person may also appropriate water without applying for or prior to receiving a permit under rules adopted by the board under 85-2-113.

(5) In addition to the filing fee prescribed by the board by rule pursuant to 85-2-113, a person filing a notice under subsection (1) shall pay a $10 fee, and the department shall deposit $10 of each filing fee collected pursuant to subsection (1) in the ground water assessment account, established in [section 4], within the state special revenue fund."

Section 14. Section 15-38-101, MCA, is amended to read:

"**15-38-101. Short title.** This chapter shall be known and may be cited as "The Montana Resource Indemnity Trust *and Ground Water Assessment* Act"."

Section 15. Section 15-38-102, MCA, is amended to read:

"**15-38-102. Legislative policy.** It is the policy of the state of Montana to indemnify its citizens for the loss of long-term value resulting from the depletion of its mineral resource base and for environmental damage caused by mineral development. This policy of indemnification is achieved by establishing a permanent resource indemnity trust, *as required by Article IX, section 2, of the Montana constitution, by supporting ground water assessment programs* from the proceeds of a tax levied on mineral extraction, and by allocating spendable ~~trust~~ revenues:

(1) to protect and restore the environment from damages resulting from mineral development; ~~and~~

(2) to support a variety of development programs that benefit the economy of the state and the lives of Montana citizens*; and*

(3) to assess the state's ground water resources."

Section 16. Section 15-38-106, MCA, is amended to read:

"**15-38-106. Payment of tax — records — collection of taxes — refunds.** (1) The tax imposed by this chapter shall be paid by each person to which the tax applies, on or before March 31, on the value of product in the year preceding January 1 of the year in which the tax is paid. The tax shall be paid to the department at the time the statement of yield for the preceding calendar year is filed with the department.

(2) The department shall deposit the proceeds of the tax in the resource indemnity trust fund of the nonexpendable trust fund type, *except that 14.1% of the proceeds must be deposited in the ground water assessment account established by [section 5]*. Every person to whom the tax applies shall keep records in accordance with 15-38-105, and the records are subject to inspection by the department upon reasonable notice during normal business hours.

(3) The department shall examine the statement and compute the taxes thereon, and the amount computed by the department shall be the taxes imposed, assessed against, and payable by the taxpayer. If the tax found to be due is greater than the amount paid, the excess shall be paid by the taxpayer to the department within 30 days after written notice of the amount of deficiency is mailed by the department to the taxpayer. If the tax imposed is less than the amount paid, the difference must be applied as a tax credit against tax liability for subsequent years or refunded if requested by the taxpayer."

Section 17. **Name change.** In the provisions of the Montana Code Annotated, the code commissioner is instructed to change the term "resource indemnity trust tax", meaning the tax created by Title 15, chapter 38, to "resource indemnity and ground water assessment tax".

Section 18. **Appropriation.** There is appropriated to the Montana bureau of mines and geology for the biennium ending June 30, 1993, all funds in the ground water assessment account, established in [section 4], in the state special revenue fund, for purposes of establishing a ground water monitoring program and a ground water characterization program.

Section 19. **Codification instruction.** (1) [Sections 1 through 7] are intended to be codified as an integral part of Title 85, chapter 2, and the provisions of Title 85, chapter 2, apply to [sections 1 through 7].

(2) [Section 8] is intended to be codified as an integral part of Title 2, chapter 15, part 15, and the provisions of Title 2, chapter 15, part 15, apply to [section 8].

Section 20. **Coordination instruction.** If Senate Bill No. 407 is passed and approved and does not contain a provision that allocates a portion of public water supply system fees to the ground water assessment account, then [section 4(4)(d) of this act] is void.

Section 21. **Effective dates.** (1) [Sections 1 through 4, 6 through 13, 18 through 20, 22, and this section] are effective July 1, 1991.

(2) [Sections 5 and 14 through 17] are effective July 1, 1993.

Section 22. **Termination.** [Subsections (4)(a) through (4)(d) of section 4] and [sections 9 through 13 of this act] terminate July 1, 1993.

Approved May 15, 1991.

(b) grants or contributions from the state or federal government; or

(c) other sources.

(2) The bonds may be issued by resolution of the joint district without an election and without any limitation of the amount, except that bonds may not be issued at any time if the total amount of principal and interest to become due in any year on the bonds and on any then-outstanding bonds for which revenue from the same source or sources is pledged exceeds the amount of the revenue to be received in that year as estimated in the resolution authorizing the issuance of the bonds. The board shall take all action necessary and possible to impose, maintain, and collect rates, charges, rentals, and taxes, if any are pledged, sufficient to make the revenue from the pledged source in a year at least equal to the amount of the principal and interest due in that year.

(3) The bonds may be sold at public or private sale and may bear interest as provided in 17-5-102. Except as otherwise provided in [sections 17 through 26], bonds issued pursuant to [sections 17 through 26] by a joint district may be payable in principal and interest solely from revenues of the joint district and must state on their face the applicable limitations or restrictions regarding the source from which the principal and interest are payable.

The sums required from time to time to pay principal and interest and to create and maintain a reserve for the bonds may be paid from any revenue referred to in [sections 17 through 26] prior to the payment of current costs of operation and maintenance of the solid waste management system.

Section 24. **Joint district bonds authorized.** (1) Upon approval of the board of directors of the joint district, a joint district may borrow money by the issuance of its bonds to:

(a) provide funds for payment of part or all of the cost of acquisition of property, construction of improvements, and purchase of equipment;

(2) The amount of bonds issued for the purposes provided in subsection (1) and outstanding at any time may not exceed 22.5% of the taxable value of the property in the joint district as ascertained by the last assessment for state and county taxes prior to the issuance of the bonds.

(3) Each year at the time of levying county taxes, the board of county commissioners of each county in the joint district shall fix and levy a tax upon all property in the county within the joint district that is sufficient to

raise the amount certified by the board of directors of the joint district for payment of bonded indebtedness of the district.

(4) The bonds must be authorized, sold, and issued and provisions must be made for their payment in the manner and subject to the conditions and limitations prescribed for bonds of school districts in Title 20, chapter 9, part 4. The issuance of the bonds must be approved in each county by the joint district electorate voting on the question.

Section 25. **Debt service fund.** A joint district may create a debt service fund and accumulate in the fund a sum not to exceed an amount equal to the total amount of principal and interest due in any 2 subsequent years.

(b) The taxable value of property in class three is determined as a function of the certified statewide percentage increase in accordance with the table shown below.

0	30.00

20	25.00
30	23.08
40	21.43

(5) For the purpose of complying with the Railroad Revitalization and Regulatory Reform Act of 1976, as it read on January 1, 1986, the rate "R" referred to in this section is the equalized average tax rate generally applicable to commercial and industrial property, except class ~~fifteen~~ *twelve* property, as commercial property is defined in 15-1-101(1)(d)."

Section 9. Section 15-6-155, MCA, is amended to read:

"**15-6-155. Application for classification as ~~class twenty~~ *nonproductive* property — local government approval required.** (1) A person applying for classification of property as ~~class twenty~~ *nonproductive* property *under 15-6-134(1)(e)* shall make an application to the department of revenue on a form provided by the department without cost.

(2) The department may not grant an application for classification of property as ~~class twenty~~ *nonproductive* property unless the governing body of the affected county or incorporated city or town approves the application by resolution, following due notice as defined in 76-15-103 and a public hearing, for its respective jurisdiction.

(3) The resolution provided for in subsection (2) must specify the property that the taxing jurisdiction approves for classification as ~~class twenty~~ *nonproductive* property *under 15-6-134(1)(e)*.

(4) The property valuation reduction ~~granted to class twenty property under 15-6-150~~ applies only to the number of mills levied and assessed for local high school district and elementary school district purposes and to the number of mills levied and assessed by an approving governing body over which it has sole discretion. In no case may the property valuation reduction ~~for class twenty property~~ apply to levies or assessments required under Title 15, chapter 10; 20-9-331; 20-9-333; or otherwise required under state law."

Section 10. Section 15-8-205, MCA, is amended to read:

"**15-8-205. Initial assessment of class ~~twelve~~ *four trailer and mobile home* property — when.** The county assessor shall assess all class ~~twelve~~ *four trailer and mobile home* property immediately upon arrival in the county if the taxes have not been previously paid for that year in another county in Montana."

Section 11. Section 15-10-402, MCA, is amended to read:

"**15-10-402. Property tax limited to 1986 levels.** (1) Except as provided in subsections (2) and (3), the amount of taxes levied on property described in 15-6-133, 15-6-134, 15-6-136~~, 15-6-142~~, and 15-6-144 may not, for any taxing jurisdiction, exceed the amount levied for taxable year 1986.

(2) The limitation contained in subsection (1) does not apply to levies for rural improvement districts, Title 7, chapter 12, part 21; special improvement districts, Title 7, chapter 12, part 41; elementary and high school districts, Title 20; or bonded indebtedness.

(3) New construction or improvements to or deletions from property described in subsection (1) are subject to taxation at 1986 levels.

(4) As used in this section, the "amount of taxes levied" and the "amount levied" mean the actual dollar amount of taxes imposed on an individual piece of property, notwithstanding an increase or decrease in value due to inflation, reappraisal, adjustments in the percentage multiplier used to convert appraised value to taxable value, changes in the number of mills levied, or increase or decrease in the value of a mill."

Section 12. Section 15-10-412, MCA, is amended to read:

"**15-10-412. Property tax limited to 1986 levels — clarification — extension to all property classes.** Section 15-10-402 is interpreted and clarified as follows:

(1) The limitation to 1986 levels is extended to apply to all classes of property described in Title 15, chapter 6, part 1.

(2) The limitation on the amount of taxes levied is interpreted to mean that, except as otherwise provided in this section, the actual tax liability for an individual property is capped at the dollar amount due in each taxing unit for the 1986 tax year. In tax years thereafter, the property must be taxed in each taxing unit at the 1986 cap or the product of the taxable value and mills levied, whichever is less for each taxing unit, except in a taxing unit that levied a tax in tax years 1983 through 1985 but did not levy a tax in 1986, in which case the actual tax liability for an individual property is capped at the dollar amount due in that taxing unit for the 1985 tax year.

(3) The limitation on the amount of taxes levied does not mean that no further increase may be made in the total taxable valuation of a taxing unit as a result of:

(a) annexation of real property and improvements into a taxing unit;

(b) construction, expansion, or remodeling of improvements;

(c) transfer of property into a taxing unit;

(d) subdivision of real property;

(e) reclassification of property;

(f) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(g) transfer of property from tax-exempt to taxable status;

(h) revaluations caused by:

(i) cyclical reappraisal; or

(ii) expansion, addition, replacement, or remodeling of improvements; or

(i) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.

(4) The limitation on the amount of taxes levied does not mean that no further increase may be made in the taxable valuation or in the actual tax liability on individual property in each class as a result of:

(a) a revaluation caused by:

(i) construction, expansion, replacement, or remodeling of improvements that adds value to the property; or

(ii) cyclical reappraisal;

(b) transfer of property into a taxing unit;

(c) reclassification of property;

(d) increases in the amount of production or the value of production for property described in 15-6-131 or 15-6-132;

(e) annexation of the individual property into a new taxing unit;

(f) conversion of the individual property from tax-exempt to taxable status; or

(g) increases in property valuation pursuant to 15-7-111(4) through (8) in order to equalize property values annually.

(5) Property in classes four~~, twelve,~~ and ~~fourteen~~ *eleven* is valued according to the procedures used in 1986, including the designation of 1982 as the base year, until the reappraisal cycle beginning January 1, 1986, is completed and new valuations are placed on the tax rolls and a new base year designated, if the property is:

(a) new construction;

(b) expanded, deleted, replaced, or remodeled improvements;

(c) annexed property; or

(d) property converted from tax-exempt to taxable status.

(6) Property described in subsections (5)(a) through (5)(d) that is not class four~~, class twelve,~~ or class ~~fourteen~~ *eleven* property is valued according to the procedures used in 1986 but is also subject to the dollar cap in each taxing unit based on 1986 mills levied.

(7) The limitation on the amount of taxes, as clarified in this section, is intended to leave the property appraisal and valuation methodology of the department of revenue intact. Determinations of county classifications, salaries of local government officers, and all other matters in which total taxable valuation is an integral component are not affected by 15-10-401 and 15-10-402 except for the use of taxable valuation in fixing tax levies. In fixing tax levies, the taxing units of local government may anticipate the

deficiency in revenues resulting from the tax limitations in 15-10-401 and 15-10-402, while understanding that regardless of the amount of mills levied, a taxpayer's liability may not exceed the dollar amount due in each taxing unit for the 1986 tax year unless:

(a) the taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year. If a taxing unit's taxable valuation decreases by 5% or more from the 1986 tax year, it may levy additional mills to compensate for the decreased taxable valuation, but in no case may the mills levied exceed a number calculated to equal the revenue from property taxes for the 1986 tax year in that taxing unit.

(b) a levy authorized under Title 20 raised less revenue in 1986 than was raised in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, raise each year thereafter an additional number of mills but may not levy more revenue than the 3-year average of revenue raised for that purpose during 1984, 1985, and 1986;

(c) a levy authorized in 50-2-111 that was made in 1986 was for less than the number of mills levied in either 1984 or 1985, in which case the taxing unit may, after approval by the voters in the taxing unit, levy each year thereafter an additional number of mills but may not levy more than the 3-year average number of mills levied for that purpose during 1984, 1985, and 1986.

(8) The limitation on the amount of taxes levied does not apply to the following levy or special assessment categories, whether or not they are based on commitments made before or after approval of 15-10-401 and 15-10-402:

(a) rural improvement districts;

(b) special improvement districts;

(c) levies pledged for the repayment of bonded indebtedness, including tax increment bonds;

(d) city street maintenance districts;

(e) tax increment financing districts;

(f) satisfaction of judgments against a taxing unit;

(g) street lighting assessments;

(h) revolving funds to support any categories specified in this subsection (8);

(i) levies for economic development authorized pursuant to 90-5-112(4); and

(j) elementary and high school districts.

(9) The limitation on the amount of taxes levied does not apply in a taxing unit if the voters in the taxing unit approve an increase in tax

liability following a resolution of the governing body of the taxing unit containing:

(a) a finding that there are insufficient funds to adequately operate the taxing unit as a result of 15-10-401 and 15-10-402;

(b) an explanation of the nature of the financial emergency;

(c) an estimate of the amount of funding shortfall expected by the taxing unit;

(d) a statement that applicable fund balances are or by the end of the fiscal year will be depleted;

(e) a finding that there are no alternative sources of revenue;

(f) a summary of the alternatives that the governing body of the taxing unit has considered; and

(g) a statement of the need for the increased revenue and how it will be used.

(10) (a) The limitation on the amount of taxes levied does not apply to levies required to address the funding of relief of suffering of inhabitants caused by famine, conflagration, or other public calamity.

(b) The limitation set forth in this chapter on the amount of taxes levied does not apply to levies to support a city-county board of health as provided in Title 50, chapter 2, if the governing bodies of the taxing units served by the board of health determine, after a public hearing, that public health programs require funds to ensure the public health. A levy for the support of a local board of health may not exceed the 5-mill limit established in 50-2-111.

(11) The limitation on the amount of taxes levied by a taxing jurisdiction subject to a statutory maximum mill levy does not prevent a taxing jurisdiction from increasing its number of mills beyond the statutory maximum mill levy to produce revenue equal to its 1986 revenue.

(12) The limitation on the amount of taxes levied does not apply to a levy increase to repay taxes paid under protest in accordance with 15-1-402."

Section 13. Section 15-16-611, MCA, is amended to read:

"**15-16-611. Reduction of property tax for property destroyed by natural disaster.** (1) The department of revenue shall, upon showing by a taxpayer that some or all of the improvements on his real property or a trailer or mobile home ~~as described in 15-6-142~~ have been destroyed to such an extent that such improvements have been rendered unsuitable for their previous use by natural disaster, adjust the taxable value on the property, accounting for the destruction.

(2) The county treasurer shall adjust the tax due and payable for the current year on the property under 15-16-102 as provided in subsection (3) of this section.

(3) To determine the amount of tax due for destroyed property, the county treasurer shall:

(a) multiply the amount of tax levied and assessed on the original taxable value of the property for the year by the ratio that the number of days in the year that the property existed before destruction bears to 365; and

(b) multiply the amount of tax levied and assessed on the adjusted taxable value of the property for the remainder of the year by the ratio that the number of days remaining in the year after the destruction of the property bears to 365.

(4) This section does not apply to delinquent taxes owed on the destroyed property for a year prior to the year in which the property was destroyed.

(5) For the purposes of this section, "natural disaster" includes but is not limited to fire, flood, earthquake, or wind."

Section 14. Section 67-3-204, MCA, is amended to read:

"67-3-204. **Fee in lieu of tax on registered aircraft — decal.** (1) Except as provided in subsection (3), aircraft required to be registered in Montana are subject to a fee. The registration fee is in lieu of property tax.

(2) The department shall issue a decal to the owner of the aircraft required to be registered at the time of payment of the registration fee in lieu of tax, as provided in 67-3-201. No aircraft subject to a fee in lieu of tax may be operated in this state unless there is displayed on the aircraft a decal as visual proof that the fee in lieu of tax has been paid for the aircraft and that the aircraft is registered for the current year.

(3) Aircraft that meet the description of property described in ~~15-6-147~~ *15-6-145* are exempt from the fee imposed by subsection (1). Aircraft subject to the fee in lieu of tax are exempt from all other taxation."

Section 15. **Repealer.** (1) Sections 15-6-142, 15-6-148, 15-6-149, 15-6-150, 15-6-153, and 15-6-154, MCA, are repealed.

(2) Section 15-6-155, MCA, is repealed.

(3) Section 15-6-147, MCA, is repealed.

Section 16. **Coordination instruction.** (1) If House Bill No. 340 is passed by the 52nd legislature and approved by the governor, then the code commissioner is instructed, at the time of codification of that enactment, to change references in that enactment from class thirteen property to class ten property.

(2) The code commissioner is instructed to change references to classes of property in enactments of the 52nd legislature to conform to the classifications established in [this act].

Section 17. **Termination.** Subsections (1)(e) and (2)(d) of 15-6-134 terminate January 1, 1993.

Section 18. **Effective dates — applicability.** (1) Except as provided in subsection (2), [this act] is effective on passage and approval and applies to tax years beginning on or after January 1, 1992.

(2) [Section 15(2)] is effective January 1, 1993.

(3) The amendments to class fifteen property contained in 15-6-145, as amended by [section 8], except those amendments that change the number of the class, and the repeal of 15-6-147 in [section 15] are effective on passage and approval and apply retroactively, within the meaning of 1-2-109, to tax years beginning on or after January 1, 1991.

Approved May 15, 1991.

(3) For purposes of obtaining cash for the construction litigation appropriation authority in [section 6(1)], the architecture and engineering division of the department of administration is authorized to request a budget amendment for transfer of any excess long-range building project funds from any agency so long as the amendment does not move funds required to complete any authorized agency project.

(4) The following money is appropriated to the department of administration in the indicated amounts for the purpose of planning projects described in [section 12] and authorized in [section 13]:

Section 13. **Authorization of bonds.** The board of examiners is authorized to issue and sell general obligation long-range building program bonds in an amount not exceeding $61,260,830 for the projects described in [section 12] over and above the amount of general obligation long-range building program bonds outstanding on January 1, 1991, to be issued in accordance with the terms and in the manner required by Title 17, chapter 5, part 8. The authority granted to the board by this section is in addition to any other authorization to the board to issue and sell general obligation long-range building program bonds.

Section 14. **Capital projects reauthorization.** (1) The appropriations for capital projects authorized in section 5, House Bill No. 900, Laws of 1983, and in section 6, House Bill No. 5, Laws of 1987, for the Creston Springs hatchery operated by the department of fish, wildlife, and parks are appropriated through the biennium ending June 30, 1993, for a kokanee salmon facility.

(2) The appropriation for capital projects authorized in section 6, House Bill No. 777, Laws of 1989, for the construction of statewide sandhouses operated by the department of highways is appropriated through the biennium ending June 30, 1993, for the construction of an equipment storage garage near Lincoln.

(3) The appropriations for capital projects authorized in sections 6 and 8(1) of House Bill No. 777, Laws of 1989, for the Lake Elmo improvements project are reappropriated as follows: Through June 30, 1991, appropriated funds are reserved for the Lake Elmo improvements project. Any capital projects funds that have not by that date been matched with local funds on a cash basis, through a deposit of cash with the department of fish, wildlife, and parks accounts, are no longer reserved for the project. Any remaining balance of capital projects funds not designated for Lake Elmo improvements as of July 1, 1991, are available to the department of fish, wildlife, and parks to expend for state parks improvements. Funds for these projects must be matched equally by local funds. The department of administration may expend only that portion of the appropriation that is equally matched with local funds on a cash basis. In-kind services may not be considered for matching purposes.

Section 15. **Planning and design.** The department of administration may proceed with the planning and design of capital projects prior to the sale of bonds or the receipt of other funding sources. The department may use interaccount loans in accordance with 17-2-107 to pay planning and design costs incurred prior to the receipt of bond proceeds or other funding sources.

Section 16. **Capital projects — contingent funds.** (1) If a capital project is financed in whole or in part with appropriations contingent upon the receipt of other funding sources, the department of administration may not let such projects for bid until the agency has submitted a financial plan for approval by the director of the department of administration. A financial plan may not be approved by the director if:

(a) the level of funding provided under the financial plan deviates substantially from the funding levels provided in [sections 1 through 17] for that project; or

(b) the scope of the project must be substantially altered or revised from the preliminary plans presented for that project in the 1992-93 long-range building program presented to the 52nd legislature.

(2) The funds appropriated in [section 6(1)] for the construction of an engineering/physical sciences complex at Montana state university and for the construction of a business administration building at the university of

Montana are from higher education funds and/or donations and must be committed to the universities before expenditure of state bond proceeds for construction.

Section 17. **Legislative consent.** The appropriations authorized in [sections 1 through 17] constitute legislative consent for the capital projects contained in [sections 1 through 17] within the meaning of 18-2-102.

Section 18. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 19. **Requirements for approval of state debt.** Because [section 13] authorizes the creation of a state debt, a vote of two-thirds of the members of each house is required for enactment of [sections 12 and 13]. If [section 13] is not approved by the required vote, [sections 12, except for the Libby armory project, and 13] are void. The remaining sections of [this act] are valid and remain in effect in all valid applications upon enactment.

Section 20. **Effective date.** [This act] is effective on passage and approval.

Section 21. **Priority of projects.** Any projects funded by appropriations made from the long-range building program capital projects fund in other appropriation bills have a lower priority than capital projects funded by appropriations in [this act].

(2) The 50th legislature, in House Bill No. 7, Laws of 1987, approved the sale of $26 million of coal severance tax bonds for development of the Broadwater dam hydropower project. Any unspent portion of these funds is reauthorized for expenditure until completion of the project.

Section 4. **Conditions of loans.** (1) Disbursement of funds under [sections 1 through 7] for loans is subject to the following conditions that must be met by project sponsors:

(a) approval of a scope of work and budget for the project by the department of natural resources and conservation. Reductions in a scope of work or budget may not affect priority activities or improvements.

(b) documented commitment of other funds required for project completion;

(c) satisfactory completion of conditions described in the recommendations section of the project narrative in the renewable resource and water development program project evaluations and recommendations report for the 1992-93 biennium or, in the case of emergency applications, conditions specified at the time of written notification of approved loan authority;

(d) execution of a loan agreement with the department of natural resources and conservation; and

(e) accomplishment of other specific requirements considered necessary by the department to accomplish the purpose of the loan as evidenced from the application to the department or from the proposal to the legislature.

(2) Each sponsor authorized for a loan from coal severance tax bond proceeds may be required to pay to the department a pro rata share of the bond issuance costs and the administrative costs incurred by the department to complete the loan transaction.

Section 5. **Interest rates on loans.** Loans made from proceeds of coal severance tax bonds must be at interest rates specified in [section 1] except that when loan requests are reduced, interest rates must be recalculated based on the methodology described in the renewable resource and water development program project evaluations and recommendations report for the 1992-93 biennium. If the bonds or notes bear interest at an adjustable rate, the department of natural resources and conservation shall establish, at the time of the sale of each bond, an assured rate of interest thereon as if the bond bore interest at a fixed rate. The assured rate of interest so established must be the rate of interest on the bonds for the purpose of calculating the interest rates on the loans pursuant to [section 1].

Section 6. **Private and discount purchase of loans.** Loans to political subdivisions and local government entities and bonds, warrants, and notes issued in evidence of the loans may be made and purchased by and sold to the department of natural resources and conservation at a discount and at private negotiated sale, notwithstanding the provisions of any other law applicable to such political subdivisions or local government entities.

Section 7. **Appropriations established.** For any entity of state government that receives a loan under [sections 1 through 7], an appropriation is established for the amount of the loan upon award of the loan by the department of natural resources and conservation.

Section 8. **Authorization to issue revenue bonds.** (1) In addition to the authority contained in 17-5-716, the board of examiners may issue revenue bonds of the state to refund in whole or in part bonds issued to finance water development projects approved by the legislature pursuant to Title 17, chapter 5, part 7, and Title 85, chapter 1, part 6. The principal and interest on refunding bonds issued pursuant to this section are payable solely from the project or projects for which the refunded bonds were issued.

(2) The revenue bonds may be issued in an amount sufficient to refund all or a portion of the outstanding bonds, to pay costs incident to the issuance and sale of the refunding bonds, and to fund the establishment of necessary reserves. The refunding bonds must be designated as "State of Montana Water Development Revenue Bonds". All the power and authority granted to the board of examiners and provisions with respect to the issuance of bonds under Title 17, chapter 5, part 7, except for the provision pledging the coal severance tax to the payment of the bonds, apply to the issuance of the revenue bonds. In authorizing the issuance of the revenue bonds, the board of examiners shall determine that the refunding of the outstanding bonds and the issuance of the revenue bonds are in the best interest of the state.

(3) Revenue bonds may not be issued under this section to refund bonds issued to fund a loan to a political subdivision or local government body

unless the political subdivision or local government body whose loan repayments would be pledged to the payment of the refunding bonds has consented to the refunding.

(4) Revenue bonds issued pursuant to this section without the pledge of the coal severance tax to the payment of the bonds are not coal severance tax bonds or a state debt.

Section 9. **Codification instruction.** [Section 8] is intended to be codified as an integral part of Title 17, chapter 5, part 7, and the provisions of Title 17, chapter 5, part 7, apply to [section 8].

Section 10. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 11. **Requirements for approval of state debt.** Because [section 2] authorizes the creation of a state debt and appropriates money that would otherwise be deposited in the coal severance tax permanent fund, a vote of three-fourths of the members of each house is required for enactment of [section 2].

Section 12. **Effective date.** [This act] is effective on passage and approval.

Approved May 17, 1991.

CHAPTER NO. 783

[HB 340]

AN ACT TO GENERALLY REVISE THE TAXATION OF PRIVATE FOREST LANDS; DEFINING FOREST LAND AND FOREST PRODUCTIVITY VALUE; REQUIRING THE DEPARTMENT OF REVENUE TO VALUE FOREST LANDS OF 15 ACRES OR MORE ON THE BASIS OF PRODUCTIVITY BY CAPITALIZING THE NET INCOME OF FOREST LAND; AUTHORIZING THE DEPARTMENT OF REVENUE TO ESTABLISH FOREST VALUATION ZONES; PROVIDING FOR A TRANSITION PERIOD IN THE TAXATION OF FOREST LANDS BY EXTENDING THE TERMINATION DATE OF CLASS THIRTEEN PROPERTY; PROVIDING THAT CLASS THIRTEEN WILL APPLY TO THE TAXATION OF FOREST LANDS BEGINNING JANUARY 1, 1994; EXEMPTING TIMBER FROM AD VALOREM PROPERTY TAXATION; IMPOSING AN ASSESSMENT ON ALL PRIVATELY OWNED TIMBERLAND; PROVIDING AN APPROPRIATION; AMENDING SECTIONS 15-1-101, 15-6-143, 15-6-201, AND 15-8-111, MCA, AND SECTION 10, CHAPTER 681, LAWS OF 1985; AND PROVIDING EFFECTIVE DATES, APPLICABILITY DATES, AND A TERMINATION DATE.

WHEREAS, the Department of Revenue does not have adequate resources to properly administer the existing standing inventory method of taxing forest lands; and

WHEREAS, the standing inventory method of taxing forest lands encourages landowners to harvest timber without regard to good forest management; and

WHEREAS, the valuation of forest lands in Montana is often based on outdated information; and

WHEREAS, the Forest Taxation Subcommittee of the Revenue Oversight Committee found that the forest productivity method of taxing forest lands encourages good forest management and is a more equitable method of taxing forest lands; and

WHEREAS, the forest productivity method of taxing forest lands is in the long run easier and less costly to administer than the standing inventory method; and

WHEREAS, the Forest Taxation Subcommittee of the Revenue Oversight Committee recommends that forest lands be taxed on the basis of productivity; and

WHEREAS, it is the intent of the Legislature to implement the recommendation of the Forest Taxation Subcommittee of the Revenue Oversight Committee.

THEREFORE, it is the purpose of this bill to implement the recommendation to change the method of taxing forest lands in the state.

STATEMENT OF INTENT

A statement of intent is required for this bill because the department of revenue is granted authority to adopt rules for the administration and enforcement of the forest productivity method of taxing forest lands.

The legislature contemplates that rules adopted by the department should, at a minimum, address the following:

(1) guidelines for information that must be contained in the statement of intent submitted by the forest landowner as provided for in [section 2(5)(b)];

(2) the form to be used by the forest landowner for the statement of intent;

(3) the procedures for determining appropriate forest valuation zones and for computing forest land valuation schedules;

(4) the notification of landowners who may be eligible for forest land classification under this bill;

(5) the process by which a landowner may appeal the valuation of the owner's forest land; and

(6) the definition of terms and establishment of procedures as appropriate for the efficient administration of the forest productivity method of taxation.

In determining forest productivity values and in computing forest land valuation schedules, the department shall use the assistance of the university of Montana. The legislature also intends that, in implementing this bill, the department seek the advice of the department of state lands, landowners of private forest lands, the timber industry, and local governments.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [Sections 1 through 5] may be cited as the "Forest Lands Tax Act".

Section 2. **Definitions.** For the purposes of [sections 1 through 5], unless the context requires otherwise, the following definitions apply:

(1) "Culmination of mean annual increment" means the point of optimum net wood production on an acre of forest land.

(2) "Cultivated Christmas trees" means Christmas trees that are grown on land prepared by intensive cultivation and tilling, such as by plowing or turning over the soil, and on which all unwanted plant growth is controlled for the exclusive purpose of raising Christmas trees.

(3) "Department" means the department of revenue.

(4) "Forest" means forest land and the timber on the land.

(5) "Forest land" means contiguous land of 15 acres or more in one ownership that is capable of producing timber that can be harvested in commercial quantity and is producing timber unless the trees have been removed by man through harvest, including clearcuts, or by natural disaster, including but not limited to fire. Forest land includes land:

(a) that has not been converted to another use; or

(b) that has a dedicated use that is evidenced by a statement of intent by the owner for the eventual harvest of timber.

(6) "Forest productivity value" means the value of forest land for assessment purposes, which value is determined only on the basis of its ability to produce timber, other forest products, and associated agricultural products through an income approach provided for in [section 3].

(7) "Harvest" means an activity related to the cutting or removal of timber for use or sale as a forest product.

(8) "Landowner" means an individual, corporation, association, company, firm, joint venture, syndicate, or trust.

(9) "Mean annual net wood production" means the average net usable volume of wood 1 acre of forest land will grow in 1 year under average current and actual forest conditions and under current and reasonable management practices for each forest valuation zone established under [section 3].

(10) "Stumpage value" means the amount that timber would sell for under an arm's-length transaction made in the ordinary course of business, expressed in terms of dollars per unit of measure.

(11) "Timber" means all wood growth on privately owned land, mature or immature, alive or dead, standing or down, that is capable of furnishing raw material used in the manufacture of lumber or other forest products. The term does not include cultivated Christmas trees.

Section 3. **Legislative intent — value of forest lands — valuation zones.** (1) In order to encourage landowners of private forest lands to retain and improve their holdings of forest lands, to promote better forest practices, and to encourage the investment of capital in reforestation, forest lands must be classified and assessed under the provisions of this section.

(2) The forest productivity value of forest land must be determined by:

(a) capitalizing the value of the mean annual net wood production at the culmination of mean annual increment plus other agriculture-related income, if any; less

(b) annualized expenses, including but not limited to the establishment, protection, maintenance, improvement, and management of the crop over the rotation period.

(3) To determine the forest productivity value of forest lands, the department shall:

(a) divide the state into appropriate forest valuation zones, with each zone designated so as to recognize the uniqueness of marketing areas, timber types, growth rates, access, operability, and other pertinent factors of that zone; and

(b) establish a uniform system of forest land classification that takes into consideration the productive capacity of the site to grow forest products and furnish other associated agricultural uses.

(4) In computing the forest land valuation schedules for each forest valuation zone to take effect on January 1, 1994, the department shall determine the productive capacity value of all forest lands in each forest valuation zone using the formula V = I/R, where:

(a) V is the per-acre forest productivity value of the forest land;

(b) I is the per-acre net income of forest lands in each valuation zone and is determined by the department using the formula I = (M x SV) + AI - C, where:

(i) I is the per-acre net income;

(ii) M is the mean annual net wood production;

(iii) SV is the stumpage value;

(iv) AI is the per-acre agriculture-related income; and

(v) C is the per-unit cost of the forest product and agricultural product produced, if any; and

(c) R is the capitalization rate determined by the department as provided in subsection (6).

(5) Net income must:

(a) be calculated for each year of a base period, which is the most recent 5-year period for which data is available;

(b) be based on a rolling average of stumpage value of timber harvested within the forest valuation zone and on the associated production cost data for the base period from sources considered appropriate by the department; and

(c) include agriculture-related net income for the same time period as the period used to determine average stumpage values.

(6) The capitalization rate must be calculated for each year of the base period and is the annual average interest rate on agricultural loans as reported by the federal land bank association of Spokane, Washington, plus the effective tax rate.

(7) The effective tax rate must be calculated for each year of the base period by dividing the total estimated tax due on forest lands subject to the provisions of this section by the total forest value of those lands.

(8) For the purposes of this section, if forest service sales are used in the determination of stumpage values, the department shall take into account purchaser road credits.

(9) In determining the forest productivity value of forest lands and in computing the forest land valuation schedules, the department shall use information and data provided by the university of Montana.

Section 4. **Reduction in valuation on forest lands for trees destroyed by natural disaster.** (1) Forest lands upon which, at any time after December 31, 1993, trees are destroyed by fire, disease, insect infestation, or other natural disaster so that the lands affected will not meet minimum stocking requirements are eligible for a reduction in value for the first 20 tax years following the loss.

(2) If a landowner shows to the department's satisfaction that the landowner's forest lands have been destroyed as provided in subsection (1), the department shall reduce the value of the forest land by 50% of the original forest productivity value per year.

Section 5. **Administration — rules.** The department shall:

(1) administer and enforce the provisions of [sections 1 through 5];

(2) arrange for the preparation and distribution of forms and information necessary to administer the provisions of [sections 1 through 5]; and

(3) promulgate rules necessary to administer and enforce the provisions of [sections 1 through 5].

Section 6. Section 15-6-143, MCA, is amended to read:

"**15-6-143.** *(Temporary)* **Class thirteen property — description — taxable percentage.** (1) Class thirteen property includes all timberland.

(2) Timberland is contiguous land exceeding 15 acres in one ownership that is capable of producing timber that can be harvested in commercial quantity.

CHAPTER NO. 786

[HB 452]

AN ACT PROVIDING A 7-YEAR TAXABLE VALUE DECREASE FOR QUALIFYING MACHINERY AND EQUIPMENT OF EXPANDING INDUSTRIES THAT PROCESS MONTANA RAW MATERIALS OR USE MONTANA SEMIFINISHED PRODUCTS IN MANUFACTURING; DEFINING QUALIFYING PROPERTY; PROVIDING FOR GOVERNING BODY APPROVAL; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because the department of revenue is granted authority to adopt rules for the administration of this bill.

The legislature contemplates that rules adopted by the department should, at a minimum, provide the following:

(1) guidelines for information that must be contained in the application for taxable value decrease;

(2) the forms to be used by a firm to apply for the taxable value decrease and to report employment associated with the use of qualifying property;

(3) the procedures to ensure that a taxpayer receiving a taxable value decrease under this bill does not receive any other property tax reduction for qualifying property;

(4) the definition of terms and establishment of procedures that are appropriate for the efficient administration of the taxable value decrease;

(5) procedures for the annual recomputation of numbers of existing employees and numbers of new employees;

(6) criteria the department intends to use to safeguard the faithful reporting of existing and new employees to deter taxpayers from using temporary measures or other artifices to deflate the number of existing employees or inflate the number of new employees contrary to the spirit of the program; and

(7) procedures for the department to review the specific responsibilities of each new employee to ensure that the employee is a qualifying employee.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Purpose.** The purpose of [sections 1 through 5] is to encourage value-added manufacturing in Montana by providing a taxable value decrease for a 7-year period for qualifying personal property of expanding industries that process Montana raw materials or use Montana semifinished products in manufacturing.

Section 2. **Definitions.** Unless the context requires otherwise, in [sections 1 through 5], the following definitions apply:

(1) "Expansion" means that after December 31, 1991, the industry has added qualifying property within the jurisdiction either in the first tax year in which the taxable value decrease provided for in [section 3] is to be received or in the preceding tax year. Expansion does not include property that:

(a) has qualified for the tax exemption under 15-24-1402; or

(b) will create an adverse impact on existing state, county, or municipal services.

(2) "Industry" is a firm that engages in the mechanical or chemical transformation of materials or substances into new products in the manner defined as manufacturing in the 1987 Standard Industrial Classification Manual prepared by the United States office of management and budget and that engages in the:

(a) processing of Montana raw materials such as minerals, ore, oil, gas, coal, agricultural products, and forestry products; or

(b) processing of semifinished products produced in Montana that are used by the industry as a raw material in further manufacturing.

(3) "Qualifying employee" means a person:

(a) whose job was created as a result of expansion; and

(b) whose position pays not less than three-quarters of the amount of the average wage as determined by the quarterly statistical report published by the department of labor and industry.

(4) "Qualifying property" means machinery and equipment that results in the hiring of qualifying employees used for the manufacture or processing of products described in subsection (2).

Section 3. **Expanding industry taxable value decrease — application — approval — reports.** (1) After December 31, 1991, an existing industry with qualifying property that represents an expansion of the industry is entitled to receive a decrease in the tax rate for class eight property if the property results in the hiring of full-time qualifying employees for each year in which the taxable value decrease is in effect.

(2) A person, firm, or other group seeking to qualify its property for the taxable value decrease under subsection (1) shall apply to the department of revenue on a form provided by the department. The application must include:

(a) the description of the personal property that may qualify for the taxable value decrease;

(b) the date on which the qualifying property is intended to be operational;

(c) the rate of pay and number of existing employees and new employees to be used in the operation of the qualifying property;

(d) a statement that the new employees are in addition to the existing workforce of the industry and the specific responsibilities of each new employee; and

(e) a statement that all the applicant's taxes are paid in full.

(3) The department shall make an initial determination as to whether the industry qualifies for the taxable value decrease.

(4) (a) If the department determines that the property qualifies for a taxable value decrease, the governing body of the affected county, consolidated government, incorporated city or town, or school district shall give due notice as defined in 76-15-103 and hold a public hearing. Each governing body may either approve or disapprove the grant of taxable value decrease. A governing body may not grant approval for the project until all of the applicant's taxes have been paid in full. Taxes paid under protest do not preclude approval.

(b) The resolution provided for in subsection (4)(a) must include the document that grants approval of the application that was submitted to the department by the taxpayer seeking the taxable value decrease.

(5) The tax reduction described in subsection (1) applies to:

(a) the number of mills levied and assessed by each governing body approving the benefit over which the governing body has sole discretion; and

(b) statewide levies if the governing body approving the tax reduction is a county, consolidated government, or incorporated city or town.

(6) The number of new employees used by the department to calculate the taxable value decrease in subsection (7), must be determined by the wages paid to qualifying employees. A qualifying employee paid the amount of the average wage as determined by the quarterly statistical report published by the department of labor and industry is considered one new employee. Qualifying employees are considered equivalent new employees if they are paid three-quarters of the average wage or more. The qualifying employee is the equivalent of a new employee in the same fraction that his

wages are to the average wage, but a qualifying employee may not be considered more than two new employees.

(7) (a) Qualifying property is entitled to a decrease in the taxable rate of class eight property based upon a percentage difference between a possible low rate of 3% and a high rate of the existing class eight property tax rate. The reduced taxable value rate is determined by calculating the inverse of the number of equivalent new employees divided by the number of existing employees and multiplying the product of that calculation by the decimal equivalent of the tax rate for class eight property.

(b) For each year that the taxable value decrease is in effect, the taxpayer shall report by March 1 to the department on forms prescribed by the department the wages of and the number of qualifying employees that are used in the operation of the qualifying property for which the taxable value decrease was granted.

Section 4. **Exclusion from other property tax reductions or exemptions.** If a taxable value decrease is taken pursuant to [sections 1 through 5], other property tax reductions or exemptions, including but not limited to those provided in 15-6-135, 15-24-1402, and 15-24-1501, are not allowed for the qualifying property.

Section 5. **Rules.** The department of revenue shall prescribe rules necessary to carry out the purposes of [sections 1 through 5].

Section 6. **Codification instruction.** [Sections 1 through 5] are intended to be codified as an integral part of Title 15, chapter 24, and the provisions of Title 15, chapter 24, apply to [sections 1 through 5].

Section 7. **Effective date — applicability.** [This act] is effective on passage and approval and applies to tax years beginning after December 31, 1991.

Approved May 17, 1991.

Section 3. Section 17-2-108, MCA, is amended to read:

"**17-2-108. Expenditure of nongeneral fund money first.** *(1)* An office or entity of the executive, legislative, or judicial branch of state government shall apply expenditures against *appropriated* nongeneral fund money whenever possible before using general fund appropriations.

If directed by an appropriation act, the approving authority shall decrease the general fund appropriation of an agency by the amount of money received from nonfederal sources in excess of the appropriation unless the decrease is contrary to state law, state rule, or a contract or unless the approving authority certifies that the services to be funded by the additional money are significantly different than those for which the agency received the general fund appropriation. An approved original operating budget must comply with state law and statements of intent adopted as part of a bill.

(2) The expenditure of money appropriated in the general appropriations act to the university system units, as defined in [section 5], is contingent upon approval of an operating budget by October 1 of each fiscal year. All other requirements in this section apply to the university system.

Agencies shall reserve enough money in each fund to pay for audit costs and to the maximum extent allowable under federal regulations shall charge audit costs to federal funds.

Section 12. **Access to records of contracting entities.** Money may not be spent by a state agency under a contract with a nonstate entity unless the contract contains a provision that allows the legislative auditor and the legislative fiscal analyst sufficient access to the records of the nonstate entity to determine whether the parties have complied with the terms of the contract. The access to records is necessary to carry out the functions provided for in Title 5, chapters 12 and 13. A state agency may terminate a contract, without incurring liability, for the refusal of a nonstate entity to allow access to records as required by this section.

Section 13. **Expansion to be authorized.** An existing capital project may not be expanded beyond the scope of the project approved by the legislature unless the expansion of the project is authorized by an approved long-range building program budget amendment.

Section 15. Section 75-10-621, MCA, is amended to read:

"75-10-621. Hazardous waste/CERCLA special revenue account. (1) There is a hazardous waste/CERCLA special revenue account within the state special revenue fund established in 17-2-102.

(3) Appropriations may be made from the hazardous waste/CERCLA account only for the following purposes and subject to the following conditions:

(a) funds are statutorily appropriated, as provided in 17-7-502(4), to the CERCLA match debt service account necessary to make principal, interest, and premium payments due on CERCLA bonds;

(b) not more than one-half of the interest income received for any biennium from the resource indemnity trust fund may be appropriated on a biennial basis for:

(i) state participation in remedial action under section 104 of CERCLA;

(ii) state costs for maintenance of sites at which remedial action under CERCLA has been completed; and

(iii) the state share to obtain matching federal funds for underground storage tank corrective action.

(4) For the purposes of subsection (3)(c), the legislature finds that a need for state special revenue to obtain matching federal funds for underground storage tank corrective action or for remedial action under section 104 of CERCLA constitutes a serious unforeseen and unanticipated circumstance for the purpose of meeting the definition of "emergency" in ~~17-7-401~~ *17-7-102.* The legislature further finds that the inability of the department to match such federal funds as may become available would seriously impair the functions of the department in carrying out its responsibilities under Title 75, chapter 10, parts 4 and 6.

(5) There is no dollar limit to the hazardous waste/CERCLA account. Unused balances remain in the account until such time as appropriated by the legislature for the purposes specified in this section."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-8-401, MCA, is amended to read:

"**61-8-401. Persons under the influence of alcohol or drugs.** (1) It is unlawful and punishable as provided in 61-8-714 and 61-8-723 for any person who is under the influence of:

(a) alcohol to drive or be in actual physical control of a vehicle upon the ways of this state open to the public;

(b) a ~~narcotic~~ *dangerous* drug to drive or be in actual physical control of a vehicle within this state;

(c) any other drug to drive or be in actual physical control of a vehicle within this state; or

(d) alcohol and any *dangerous or other* drug to drive or be in actual physical control of a vehicle within this state.

(2) The fact that any person charged with a violation of subsection (1) is or has been entitled to use alcohol or such a drug under the laws of this state does not constitute a defense against any charge of violating subsection (1).

(3) "Under the influence" means that as a result of taking into the body alcohol, drugs, or any combination thereof, a person's ability to safely operate a motor vehicle has been diminished.

(4) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person driving or in actual physical control of a vehicle while under the influence of alcohol, the concentration of alcohol in the ~~person's blood~~ *person* at the time alleged, as shown by ~~chemical~~ analysis of the person's blood, urine, *or* breath, ~~or other bodily substance,~~ shall give rise to the following ~~presumptions~~ *inferences*:

(a) If there was at that time an alcohol concentration of 0.05 or less, it ~~shall~~ *may* be ~~presumed~~ *inferred* that the person was not under the influence of alcohol.

(b) If there was at that time an alcohol concentration in excess of 0.05 but less than 0.10, that fact shall not give rise to any ~~presumption~~ *inference* that the person was or was not under the influence of alcohol but such fact may be considered with other competent evidence in determining the guilt or innocence of the person.

(c) If there was at that time an alcohol concentration of 0.10 or more, it ~~shall~~ *may* be ~~presumed~~ *inferred* that the person was under the influence of alcohol. ~~Such presumption~~ *The inference* is rebuttable.

(5) The provisions of subsection (4) do not limit the introduction of any other competent evidence bearing upon the issue of whether the person was under the influence of alcohol, *drugs, or a combination of the two.*

(6) Each municipality in this state is given authority to enact 61-8-406, 61-8-408, 61-8-714, 61-8-722, and subsections (1) through (5) of this section, with the word "state" in 61-8-406 and subsection (1) of this section changed to read "municipality", as an ordinance and is given jurisdiction of the enforcement of the ordinance and of the imposition of the fines and penalties therein provided.

(7) Absolute liability as provided in 45-2-104 will be imposed for a violation of this section."

Section 2. Section 61-8-402, MCA, is amended to read:

"**61-8-402. ~~Chemical blood~~ *Blood,* breath, or urine tests.** (1) Any person who operates *or is in actual physical control of* a vehicle upon ways of this state open to the public shall be deemed to have given consent, subject to the provisions of 61-8-401, to a ~~chemical~~ test of his blood, breath, or urine for the purpose of determining ~~the alcoholic content of his blood~~ *any measured amount or detected presence of alcohol in his body* if arrested by a peace officer for driving or *for being* in actual physical control of a vehicle while under the influence of alcohol, *drugs, or a combination of the two.* The test shall be administered at the direction of a peace officer having reasonable grounds to believe the person to have been driving or in actual physical control of a vehicle upon ways of this state open to the public, while under the influence of alcohol, *drugs, or a combination of the two.* The arresting officer may designate which ~~one of the aforesaid~~ *test or* tests shall be administered.

(2) Any person who is unconscious or who is otherwise in a condition rendering him incapable of refusal shall be deemed not to have withdrawn the consent provided by subsection (1) of this section.

(3) If a ~~resident~~ driver under arrest refuses upon the request of a peace officer to submit to a ~~chemical~~ test designated by the arresting officer as provided in subsection (1) ~~of this section~~, none shall be given, but the officer shall, on behalf of the department, immediately seize his driver's license. The peace officer shall forward the license to the department, along with a sworn report that he had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a vehicle upon ways of this state open to the public, while under the influence of alcohol, *drugs, or a combination of the two,* and that the person had refused to submit to the test upon the request of the peace officer. Upon receipt of the report, the

department shall suspend the license for the period provided in subsection (5).

(4) Upon seizure of a ~~resident~~ driver's license, the peace officer shall issue, on behalf of the department, a temporary driving permit, which is valid for 72 hours after the time of issuance.

(5) The following suspension and revocation periods are applicable upon refusal to submit to a ~~chemical~~ test:

(a) upon a first refusal, a suspension of 90 days with no provision for a restricted probationary license;

(b) upon a second or subsequent refusal within 5 years of a previous refusal, as determined from the records of the department, a revocation of 1 year with no provision for a restricted probationary license.

(6) ~~Like refusal by a~~ *A* nonresident *driver's license seized under this section* ~~shall~~ *must* be ~~subject to suspension~~ *sent* by the department ~~in like manner, and the same temporary driving permit shall be issued to nonresidents~~ *to the licensing authority of the nonresident's home state with a report of the nonresident's refusal to submit to a test.*

(7) All such suspensions are subject to review as hereinafter provided."

Section 3. Section 61-8-403, MCA, is amended to read:

"**61-8-403. Right of appeal to court.** The department shall immediately notify any person whose license or privilege to drive has been suspended or revoked, as hereinbefore authorized, in writing and such person shall have the right to file a petition within 30 days thereafter for a hearing in the matter in the district court in the county wherein such person resides or in the district court in the county in which this arrest was made. Such court is hereby vested with jurisdiction and it shall be its duty to set the matter for hearing upon 10 days' written notice to the county attorney of the county wherein the appeal is filed and such county attorney shall represent the state, and thereupon the court shall take testimony and examine into the facts of the case, except that the issues shall be limited to whether a peace officer had reasonable grounds to believe the person had been driving or was in actual physical control of a vehicle upon ways of this state open to the public, while under the influence of alcohol, *drugs, or a combination of the two,* whether the person was placed under arrest, and whether such person refused to submit to the test. The court shall thereupon determine whether the petitioner is entitled to a license or is subject to suspension as heretofore provided."

Section 4. Section 61-8-404, MCA, is amended to read:

"**61-8-404. Evidence admissible — conditions of admissibility.** (1) Upon the trial of any criminal action or other proceeding arising out of acts alleged to have been committed by any person in violation of 61-8-401 or 61-8-406:

(a) evidence of ~~the~~ *any measured amount or detected presence of* ~~amount of~~ alcohol in the ~~person's blood~~ *person* at the time of the act alleged, as shown by ~~a chemical~~ *an* analysis of his blood, breath, or urine, is admissible; and

(b) a report of the facts and results of any ~~chemical~~ test of a person's blood, breath, or urine administered under 61-8-402 is admissible in evidence if:

(i) the breath ~~analysis report~~ *test* was ~~prepared and verified~~ *performed* by ~~the~~ *a* person ~~who performed the test~~ *certified by the forensic sciences division of the department to administer breath tests* or the blood or urine test was a laboratory analysis and the analysis was done in a laboratory operated by the department ~~of justice~~ or by any other laboratory or facility certified or exempt from certification under the rules of the department; and

(ii) ~~the report was prepared in accordance with any applicable rules of the department; and~~

~~(iii)~~ if the test was on a blood sample, the person withdrawing the blood ~~must have been~~ *was* competent to do so under 61-8-405(1).

(2) If the person under arrest refused to submit to the test as ~~hereinabove~~ provided *in this section*, proof of refusal ~~shall be~~ *is* admissible in any criminal action or proceeding arising out of acts alleged to have been committed while the person was driving or in actual physical control of a vehicle upon the ways of this state open to the public, while under the influence of alcohol, *drugs, or a combination of the two.*

(3) The provisions of this part do not limit the introduction of any other competent evidence bearing on the question of whether the person was under the influence of alcohol, *drugs, or a combination of the two.*"

Section 5. Section 61-8-405, MCA, is amended to read:

"**61-8-405. Administration of tests.** (1) Only a physician or registered nurse or other qualified person under the supervision and direction of a physician or registered nurse acting at the request of a peace officer may withdraw blood for the purpose of determining ~~alcoholic content~~ *any measured amount or detected presence of alcohol in the person.* This limitation does not apply to the taking of breath or urine specimens.

(2) The person ~~tested~~ may, at his own expense, have a physician or registered nurse of his own choosing administer a test, in addition to any administered at the direction of a peace officer, for the purpose of determining ~~the amount of alcohol in his blood~~ *any measured amount or detected presence of alcohol in the person* at the time alleged, as shown by ~~chemical~~ analysis of his blood, breath, or urine. The failure or inability to obtain an additional test by a person does not preclude the admissibility in evidence of the test taken at the direction of a peace officer.

(3) Upon the request of the person tested, full information concerning the test taken at the direction of the peace officer must be made available to him or his attorney.

(4) No physician or registered nurse or other qualified person under the supervision and direction of a physician or registered nurse shall incur any civil or criminal liability as a result of the proper administering of a blood test when requested in writing by a peace officer to administer such a test.

(5) If ~~the~~ *a* test given under 61-8-402 or 61-8-806 is a ~~chemical~~ test of urine, the person tested must be given such privacy in the taking of the urine specimen as will ~~insure~~ *ensure* the ~~accuracy~~ *integrity* of the specimen and, at the same time, maintain the dignity of the individual involved.

(6) The department ~~of justice~~ in cooperation with any appropriate agency shall adopt uniform rules for the giving of ~~blood-alcohol~~ tests and may require certification of training to administer the tests as considered necessary."

Section 6. Section 61-8-406, MCA, is amended to read:

"**61-8-406. Operation of vehicle by a person with alcohol concentration of 0.10 or more.** It is unlawful and punishable as provided in 61-8-722 and 61-8-723 for any person to drive or be in actual physical control of a vehicle upon the ways of this state open to the public while the *person's* alcohol concentration ~~in his~~, *as shown by analysis of the person's* blood, breath, or urine, is 0.10 or more. Absolute liability as provided in 45-2-104 will be imposed for a violation of this section."

Section 7. Section 61-8-714, MCA, is amended to read:

"**61-8-714. Penalty for driving under the influence of alcohol or drugs.** (1) A person convicted of a violation of 61-8-401 shall be punished by imprisonment in the county jail for not less than 24 consecutive hours or more than 60 days and shall be punished by a fine of not less than $100 or more than $500. The jail sentence may not be suspended unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being.

(2) On a second conviction, he shall be punished by a fine of not less than $300 or more than $500 and by imprisonment for not less than 7 days, at least 48 hours of which must be served consecutively, or more than 6 months. Three days of the jail sentence may not be suspended unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being.

(3) On the third or subsequent conviction, he shall be punished by imprisonment for a term of not less than 30 days, at least 48 hours of which must be served consecutively, or more than 1 year, and by a fine of not less than $500 or more than $1,000. Notwithstanding any provision to the contrary providing for suspension of execution of a sentence imposed under this subsection, the imposition or execution of the first 10 days of the jail

sentence imposed for a third or subsequent offense that occurred within 5 years of the first offense may not be deferred or suspended.

(4) In addition to the punishment provided in this section, regardless of disposition, the defendant shall complete an alcohol information course at an alcohol treatment program approved by the department of institutions, which may, in the sentencing court's discretion and upon recommendation of a certified chemical dependency counselor, include alcohol or drug treatment, or both. On conviction of a second or subsequent offense under this section, in addition to the punishment provided in this section, regardless of disposition, the defendant shall complete an alcohol information course at an alcohol treatment program approved by the department of institutions, which must include alcohol or drug treatment, or both. Each counselor providing education or treatment shall, at the commencement of the education or treatment, notify the court that the defendant has been enrolled in a course or treatment program. If the defendant fails to attend the course or the treatment program, the counselor shall notify the court of the failure. As long as the alcohol information course and treatment program are approved as provided in this subsection, the defendant may attend the information course and treatment program of his choice. The treatment provided to the defendant at a treatment program must be at a level appropriate to his alcohol problem, as determined by the judge based upon the recommendation from the certified chemical dependency counselor.

(5) For the purpose of determining the number of convictions under this section, "conviction" means a final conviction, as defined in 45-2-101, in this state, conviction for a violation of a similar statute in another state, or a forfeiture of bail or collateral deposited to secure the defendant's appearance in court in this state or another state, which forfeiture has not been vacated. An offender is considered to have been previously convicted for the purposes of ~~this section~~ *sentencing* if less than 5 years have elapsed between the commission of the present offense and a previous conviction. If there has been no additional conviction for an offense under this section for a period of 5 years after a prior conviction hereunder, then all records and data relating to the prior conviction are confidential criminal justice information as defined in 44-5-103 and public access to the information may only be obtained by district court order upon good cause shown.

(6) For the purpose of calculating subsequent convictions under this section, a conviction for a violation of 61-8-406 also constitutes a conviction for a violation of 61-8-401."

Section 8. Section 61-8-722, MCA, is amended to read:

"**61-8-722. Penalty for driving with excessive ~~blood~~ alcohol concentration.** (1) A person convicted of a violation of 61-8-406 shall be punished by imprisonment for not more than 10 days and shall be punished by a fine of not less than $100 or more than $500.

(2) On a second conviction of a violation of 61-8-406, he shall be punished by imprisonment for not less than 48 consecutive hours or more than 30 days and by a fine of not less than $300 or more than $500.

(3) On a third or subsequent conviction of a violation of 61-8-406, he shall be punished by imprisonment for not less than 48 consecutive hours or more than 6 months and by a fine of not less than $500 or more than $1,000.

(4) The provisions of 61-5-205(2), 61-5-208(2), and 61-11-203(2)(d) relating to revocation and suspension of driver's licenses shall apply to any conviction under 61-8-406.

(5) In addition to the punishment provided in this section, regardless of disposition, the defendant shall complete an alcohol information course at an alcohol treatment program approved by the department of institutions, which may include alcohol or drug treatment, or both, if considered necessary by the counselor conducting the program. Each counselor providing such education or treatment shall, at the commencement of the education or treatment, notify the court that the defendant has been enrolled in a course or treatment program. If the defendant fails to attend the course or the treatment program, the counselor shall notify the court of the failure.

(6) For the purpose of determining the number of convictions under this section, "conviction" means a final conviction, as defined in 45-2-101, in this state or a similar statute in another state or a forfeiture of bail or collateral deposited to secure the defendant's appearance in court in this state or another state, which forfeiture has not been vacated. An offender is considered to have been previously convicted for the purposes of ~~this section~~ *sentencing* if less than 5 years have elapsed between the commission of the present offense and a previous conviction. If there has been no additional conviction for an offense under this section for a period of 5 years after a prior conviction hereunder, then such prior offense shall be expunged from the defendant's record."

Section 9. Section 61-8-805, MCA, is amended to read:

"**61-8-805. Suspension for operating a commercial vehicle with a ~~blood~~ alcohol concentration of 0.04 or more — hearing.** (1) A person whose ~~blood~~ alcohol concentration is 0.04 or more while he drives or is in actual physical control of a commercial motor vehicle is subject to the suspension of his commercial vehicle operator's endorsement. If the department receives a sworn report from a peace officer that the person was operating a commercial motor vehicle while his ~~blood~~ alcohol concentration was 0.04 or more, the department shall suspend the driver's commercial vehicle operator's endorsement:

(a) for 1 year, with no provision for a restricted probationary license or endorsement, upon receipt of the first report, except that if the offense occurred in a commercial motor vehicle transporting hazardous materials, the suspension must be for 3 years; and

(b) for 10 years, with no provision for a restricted probationary license or endorsement, upon receipt of a second or subsequent report at any time as determined from the records of the department.

(2) A peace officer who determines that a commercial motor vehicle operator's ~~blood~~ alcohol concentration is 0.04 or more shall place the commercial motor vehicle operator out of service as mandated by federal regulations for 24 hours.

(3) The fact that any person charged with a violation of the provisions of subsection (1) is entitled to use alcohol under the laws of Montana is not a defense against any charge of violating the provisions of subsection (1).

(4) The department shall immediately notify in writing any person whose commercial vehicle operator's endorsement is suspended under this section. The person ~~suspended~~ has the right to file a petition within 30 days after the notice is given for a hearing in the matter in the district court in the county in which the finding of ~~blood~~ alcohol concentration was made. The court has jurisdiction and shall set the matter for hearing upon 10 days' written notice to the county attorney of the county in which the appeal is filed. The county attorney shall represent the state. The court shall take testimony and examine the facts of the case, except that the issue is limited to whether the person was driving or had actual physical control of a commercial motor vehicle while his ~~blood~~ alcohol concentration was 0.04 or more. The court shall determine whether the petitioner is entitled to a commercial vehicle operator's endorsement or is subject to suspension as provided in this section. The provisions of 61-8-404 apply to any proceedings under this section."

Section 10. Section 61-8-806, MCA, is amended to read:

The peace officer may designate a blood, breath, or urine test to be administered.

(2) A person who is unconscious or who is otherwise incapable of refusal is considered not to have withdrawn the consent provided in subsection (1).

(3) If a commercial motor vehicle operator who is a resident of Montana refuses upon the request of a peace officer to submit to a ~~chemical~~ test designated by the officer as provided in subsection (1), the test may not be given. On behalf of the department, the officer shall immediately seize the person's driver's license showing the commercial vehicle operator's endorsement and forward the license to the department, along with a sworn report that he had reasonable grounds to believe the person had been driving or was in actual physical control of a commercial motor vehicle upon ways of this state open to the public while having ~~a blood~~ *an* alcohol concentration

of 0.04 or more and that the person had refused to submit to the test upon the request of the officer. Upon receipt of the report, the department shall suspend the license for a period provided in subsection (5).

(4) Upon seizure of a resident's driver's license showing a commercial vehicle operator's endorsement, the peace officer shall issue, on behalf of the department, a temporary driving permit without the commercial vehicle operator's endorsement. The temporary driving permit is valid for 72 hours after issuance.

(5) If a commercial motor vehicle operator refuses to submit to a ~~chemical~~ test as provided in subsection (3), the department shall suspend his commercial vehicle operator's endorsement:

(b) upon a second or subsequent refusal at any time as determined from the records of the department, for 10 years, with no provision for a restricted probationary license or endorsement.

(6) A nonresident commercial motor vehicle operator who refuses to submit to a ~~chemical~~ test as provided in subsection (3) is subject to suspension by the department as provided in subsection (5) and ~~may receive~~ *must be given* a temporary driving permit as provided in subsection (4)."

The court shall thereupon, within 5 days, forward the license to the department and at the same time forward a record of such conviction to the department, providing that if such person does not possess a driver's license the court shall so indicate in its report to the department.

(2) Every court having jurisdiction over offenses committed under any act of this state or municipal ordinance regulating the operation of motor vehicles on highways shall forward, within 5 days, to the department a record of the conviction or forfeiture of bail, not vacated, of any person in the court for a violation of any such laws, other than regulations governing standing or parking, and may recommend the suspension of the driver's license of the person so convicted. The court may also recommend that the department issue a restricted probationary license ~~in lieu of the suspension required in 61-5-208(2)~~ on the condition that the individual *comply with the requirement that he* attend *and complete* ~~a driver improvement school or~~ an alcohol ~~treatment program if one is available~~ *information course as provided in 61-8-714 and 61-8-722.* The department shall issue a restricted

probationary license unless the person otherwise is not entitled to a Montana driver's license. Upon issuance of a probationary license, the licensee is subject to the restrictions set forth thereon and may not operate a vehicle in violation of those restrictions.

(3) Any court or other agency of this state, or a subdivision thereof, which has jurisdiction to take any action suspending, revoking, or otherwise limiting a license to drive shall report any such action and the adjudication upon which it is based to the department within 5 days on forms furnished by the department."

(4) No person may operate or knowingly permit any person to operate any motorboat or vessel at a rate of speed greater than will permit such person, in the exercise of reasonable care, to bring the vessel to a stop within the assured clear distance ahead. However, nothing in this part is intended to prevent the operator of a vessel actually competing in a regatta which is sanctioned by an appropriate governmental unit from attempting to attain high speeds on a marked racing course.

(5) No person may make a reckless approach to, departure from, or passage by a dock, ramp, diving board, or float.

(6) Skiers being pulled by motorboats must have on their person a life preserver, buoyant vest, or ski belt.

(8) If an officer whose duty it is to enforce the sections of this law observes a vessel being used without sufficient lifesaving or firefighting devices or in an overloaded or other unsafe condition and in his judgment such use creates an especially hazardous condition, he may direct the operator to take whatever immediate and reasonable steps would be necessary for the safety of those aboard the vessel, including directing the operator to return to mooring or launching site and to remain there until the situation creating the hazard is corrected or ended."

Section 13. Section 23-2-535, MCA, is amended to read:

(2) For interim production or new production, as defined in 15-23-601, the county assessor may not levy or assess any mills against the value of the interim production or new production, but shall instead levy a tax as follows:

However, the operator may at his option withhold from the proceeds of royalty interest, either in kind or in money, an estimated amount of the tax to be paid by him upon the royalty or royalty interest. After the withholding, any deviation between the estimated tax and the actual tax may be accounted for by adjusting subsequent withholdings from the proceeds of royalty interests."

The term does not include a state prison, a women's correctional facility, or a jail.

(2) "Crime of violence" means:

(a) a crime in which an offender uses or possesses and threatens to use a deadly weapon during the commission or attempted commission of a crime;

(b) a crime in which the offender causes a serious bodily injury or death to a person other than himself; or

(3) "Nonviolent felony offender" means a person who has entered a plea of guilty to a felony offense other than a crime of violence or who has been convicted of a felony offense other than a crime of violence.

Section 2. Section 46-18-101, MCA, is amended to read:

"**46-18-101. Correctional policy.** (1) It is the purpose of this section to declare the correctional policy of the state of Montana. Laws for the punishment of crime and for the rehabilitation of the convicted are drawn to implement the policy established by this section.

(2) The correctional policy of the state of Montana is to protect society by preventing crime through punishment and rehabilitation of the convicted. The legislature finds that an individual is responsible for and must be held accountable for his actions. Corrections laws and programs must be implemented to impress upon each individual his responsibility for obeying the law. To achieve this end, it is the policy of the state to assure that prosecution of criminal offenses occurs whenever probable cause exists and that punishment of the convicted is certain, timely, and consistent. Furthermore, it is the state's policy that persons convicted of a crime shall be dealt with in accordance with their individual characteristics, circumstances, needs, and potentialities.

(3) (a) Sentences imposed upon those convicted of crime must be based primarily on the following:

(i) the crime committed;

(ii) the prospects of rehabilitation of the offender;

(iii) the circumstances under which the crime was committed; ~~and~~

(iv) the criminal history of the offender; *and*

(v) consideration of alternatives to imprisonment of the offender in the state prison or a women's correctional facility.

(b) Dangerous offenders who habitually violate the law and victimize the public shall be removed from society and correctively treated in custody for long terms as needed. Other offenders shall be dealt with by probation, suspended sentence, *community corrections, community service,* or fine whenever such disposition appears practicable and not detrimental to the needs of public safety and the welfare of the individual. Whenever possible, sentences for offenders shall include restitution to the victim, payment of costs as provided in 46-18-232, and payment of costs of court-appointed counsel as provided in 46-8-113.

(4) It is also the policy of the state that alternatives to imprisonment, such as community corrections, should be used whenever appropriate for nonviolent felony offenders in order to provide them opportunities to gain work experience, to learn life skills, to obtain education and training, or to participate in other activities that will reduce recidivism and enable offenders to become productive members of society."

Section 3. Section 46-18-201, MCA, is amended to read:

"**46-18-201. Sentences that may be imposed.** (1) Whenever a person has been found guilty of an offense upon a verdict or a plea of guilty, the court may:

(c) impose a fine as provided by law for the offense;

(d) require payment of costs as provided in 46-18-232 or payment of costs of court-appointed counsel as provided in 46-8-113;

(e) commit the defendant to a correctional institution, with or without a fine as provided by law for the offense;

(f) with the approval of the facility or program, order the offender to be placed in a community corrections facility or program;

~~(f)~~*(g)* impose any combination of subsections (1)(b) through ~~(1)(e)~~ *(1)(f).*

(2) If any financial obligation is imposed as a condition under subsection (1)(a), sentence may be deferred for a period not exceeding 2 years for any misdemeanor or for a period not exceeding 6 years for any felony, regardless of whether any other conditions are imposed.

(3) If any restrictions or conditions imposed under subsection (1)(a) or (1)(b) are violated, the court shall consider any elapsed time and either expressly allow part or all of it as a credit against the sentence or reject all or part as a credit and state its reasons in the order. Credit, however, must be allowed for jail time already served.

(4) Except as provided in 46-18-222, the imposition or execution of the first 2 years of a sentence of imprisonment imposed under the following sections may not be deferred or suspended: 45-5-103, 45-5-202(3) relating to aggravated assault, 45-5-302(2), 45-5-303(2), 45-5-401(2), 45-5-503(2) and (3), 45-9-101(2), (3), and (5)(d), 45-9-102(3), and 45-9-103(2).

(5) Except as provided in 46-18-222, the imposition or execution of the first 10 years of a sentence of imprisonment imposed under 45-5-102 may not be deferred or suspended.

(6) Except as provided in 46-18-222, imposition of sentence in a felony case may not be deferred in the case of a defendant who has been convicted of a felony on a prior occasion, whether or not the sentence was imposed, imposition of the sentence was deferred, or execution of the sentence was suspended.

(7) If the victim was less than 16 years old, the imposition or execution of the first 30 days of a sentence of imprisonment imposed under 45-5-502(3), 45-5-503, 45-5-504, 45-5-505, or 45-5-507 may not be deferred or suspended. Section 46-18-222 does not apply to the first 30 days of such imprisonment.

(9) A person convicted of a sexual offense, as defined in 46-23-502, and sentenced to imprisonment in the state prison shall enroll in the educational phase of the prison's sexual offender program.

(10) In sentencing a nonviolent felony offender, the court shall first consider alternatives to imprisonment of the offender in the state prison, including placement of the offender in a community corrections facility or program. In considering alternatives to imprisonment, the court shall examine the sentencing criteria contained in [section 4]. If the offender is subsequently sentenced to the state prison or a women's correctional facility, the court shall state its reasons why alternatives to imprisonment were not selected, based on the criteria contained in [section 4]."

Section 4. **Criteria for sentencing nonviolent felony offenders.** Prior to sentencing a nonviolent felony offender to a term of imprisonment in the state prison or a women's correctional facility, the court shall take into account whether:

(1) the interests of justice and the needs of public safety truly require the level of security provided by imprisonment of the offender in the state prison or a women's correctional facility;

(2) the needs of the offender can be better served in the community or in a facility or program other than the state prison or a women's correctional facility;

(3) there are substantial grounds tending to excuse or justify the offense, though failing to establish a defense;

(4) the offender acted under strong provocation;

(5) the offender has made restitution or will make restitution to the victim of his criminal conduct;

(6) the offender has no prior history of conviction for a criminal act or has led a law-abiding life for a substantial period of time before the commission of the present crime;

(7) the offender's criminal conduct was the result of circumstances that are unlikely to recur;

(8) the character and attitude of the offender indicate that he is likely to commit another crime;

(9) the offender is likely to respond quickly to correctional or rehabilitative treatment; and

(10) imprisonment of the offender would create an excessive hardship on himself or his family.

Section 5. **Community corrections facilities or programs.** The department of institutions may provide community corrections facilities or programs for the rehabilitation of nonviolent felony offenders[, as authorized under House Bill No. 272].

Section 6. **Codification instruction.** [Sections 1, 4, and 5] are intended to be codified as an integral part of Title 46, chapter 18, and the provisions of Title 46, chapter 18, apply to [sections 1, 4, and 5].

Section 7. **Coordination instruction.** (1) If House Bill No. 272 is not passed and approved, the bracketed language in [section 5 of this bill] is void.

(2) If this bill and House Bill No. 272 are both passed and approved, then the definition of "community corrections" or "community corrections facility or program" contained in [section 1(1) of this act] is amended to read:

"(1) "Community corrections" or "community corrections facility or program" means a community corrections facility or program as defined in [section 3 of House Bill No. 272]."

Section 8. **Effective date.** [This act] is effective July 1, 1991.

Approved May 17, 1991.

CHAPTER NO. 795

[HB 752]

AN ACT TO ESTABLISH A PROCEDURE FOR SUMMARY DISSOLUTION OF MARRIAGE; AND PROVIDING A DELAYED EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Summary dissolution — conditions necessary at commencement of proceedings.** A marriage may be dissolved by the summary dissolution procedure specified in [sections 1 through 7] if all of the following conditions exist on the date the proceeding is commenced:

(1) Each party has met the requirements of 40-4-104 with regard to dissolution of marriage.

(2) Irreconcilable differences have caused the irretrievable breakdown of the marriage, and both parties agree that the marriage should be dissolved.

(3) There are no children from the relationship born before or during the marriage or adopted by the parties during the marriage, and the wife is not pregnant.

(4) (a) Except as provided in subsection (4)(b), neither party has any interest in real property.

(b) The limitation of subsection (4)(a) does not apply to the lease of a residence occupied by either party if the lease does not include an option to purchase and if it terminates within 1 year from the date of the filing of the petition.

(5) There are no unpaid obligations in excess of $4,000 incurred by either or both of the parties after the date of their marriage, excluding the amount of any unpaid obligations with respect to a motor vehicle with a rated carrying load in persons and property of 1 ton or less.

(6) The total fair market value of property assets, excluding all encumbrances and motor vehicles with a rated carrying load in persons and property of 1 ton or less, is less than $13,000, and neither party has separate property assets in excess of $13,000, excluding all encumbrances and motor vehicles with a rated carrying load in persons and property of 1 ton or less.

(7) The parties have executed an agreement setting forth the division of assets and the assumption of liabilities and have duly executed any documents, title certificates, bills of sale, or other evidence of transfer necessary to effectuate the agreement.

(8) The parties waive any right to maintenance.

(9) The parties, upon entry of final judgment of dissolution of marriage, irrevocably waive their respective rights to appeal the terms of the dissolution and their rights to move for a new trial on the dissolution.

(10) The parties have read and state that they understand the contents of the summary dissolution brochure provided for in [section 7].

(11) The parties desire that the court dissolve the marriage.

Section 2. **Joint petition — filing — form — contents.** (1) A proceeding for summary dissolution of marriage is commenced by filing in the district court a joint petition in the form prescribed by the court.

(2) The petition must:

(a) be signed under oath by both parties;

(b) state that, as of the date of the filing of the joint petition, each condition set forth in [section 1] has been met;

(c) state the mailing address of both parties; and

(d) state whether or not the wife elects to have her maiden or former name restored and, if so, state the name to be restored.

Section 3. **Revocation of joint petition — termination of proceeding — notice — copy to other party.** (1) At any time prior to the entry of final judgment, either party to the marriage may revoke the joint petition and thereby terminate the summary dissolution proceeding filed pursuant to [sections 1 through 7].

(2) The revocation is effected by filing with the clerk of the court in which the proceeding was commenced a notice of revocation in the form and content prescribed by the district court.

(3) The revoking party shall send a copy of the notice of revocation to the last-known address of the other party by first-class mail, postage prepaid.

Section 4. **Hearing and final judgment — entry — effect.** After 20 days from the date of the filing of the joint petition for summary dissolution, the district court shall hold a hearing at which both parties must be present, and if the court determines that the conditions in [section 1] exist, the court shall enter the final judgment dissolving the marriage. Entry of final judgment restores each party to the status of a single person and permits either to marry.

Section 5. **Final judgment as final adjudication of rights and obligations.** Except as provided in [section 6], entry of final judgment constitutes a final adjudication of the rights and obligations of the parties with respect to the status of the marriage and property rights and constitutes a waiver of their respective rights to maintenance, rights to appeal the terms of the dissolution, and rights to a new trial.

Section 6. **Actions to set aside final judgment.** (1) A final judgment made pursuant to [section 4] does not prejudice or bar the rights of either party to institute an action to set aside the final judgment for fraud, duress, accident, mistake, or other grounds recognized at law or in equity or to make a motion pursuant to the Montana Rules of Civil Procedure.

(2) The district court shall set aside a final judgment made pursuant to [section 4] regarding all matters except the status of the marriage upon proof that the parties did not meet the requirements of [section 1] on the date the petition was filed.

Section 7. **Brochure to describe proceedings — availability — distribution — contents and form.** (1) Each district court shall make available a brochure, prepared and distributed by the attorney general, describing the requirements, nature, and effect of proceedings under [sections 1 through 7].

(2) (a) In nontechnical language, the brochure must:

(i) state that it is in the best interests of the parties to consult an attorney regarding the dissolution of their marriage. The services of an attorney may be obtained through lawyer referral services, group or prepaid legal services, or legal aid organizations.

(ii) state that the brochure is not intended as a guide for self-representation in proceedings under [sections 1 through 7] and should not be relied upon exclusively by the parties;

(iii) provide a concise summary of the provisions of [sections 1 through 7] and 40-4-104;

(iv) describe the nature of services of the conciliation court, if available;

(v) state that under the provisions of [sections 1 through 7], neither party to the marriage may obtain maintenance from the other;

(vi) state in boldface type that, upon entry of final judgment, the parties' rights and obligations with respect to the marriage, including property and maintenance rights, are permanently adjudicated without right of appeal but that neither party is barred from instituting an action to set aside the final judgment for fraud, duress, accident, mistake, or other grounds recognized at law or in equity or to make a motion pursuant to the Montana Rules of Civil Procedure; and

(vii) state that until final judgment is entered, the parties retain the status of married persons and cannot remarry.

(b) The brochure may include other matters that the attorney general considers appropriate.

Section 8. **Codification instruction.** [Sections 1 through 7] are intended to be codified as an integral part of Title 40, chapter 4, part 1, and the provisions of Title 40, chapter 4, part 1, apply to [sections 1 through 7].

CHAPTER NO. 797

[HB 995]

AN ACT AUTHORIZING THE BOARD OF INVESTMENTS TO ISSUE BONDS PAYABLE BY THE EMPLOYER'S PAYROLL TAX TO PAY OFF THE UNFUNDED LIABILITY IN THE STATE'S WORKERS' COMPENSATION INSURANCE PROGRAM; CREATING A STATE DEBT; ALLOWING MUTUALLY AGREEABLE LUMP-SUM SETTLEMENTS; AMENDING SECTIONS 39-71-2321, 39-71-2351, 39-71-2352, 39-71-2503, AND 39-71-2504, MCA; REPEALING SECTION 39-71-2353, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Use of payroll tax proceeds — loans — bonds.** (1) Taxes collected under 39-71-2503 may be used only to administer and pay claims for injuries resulting from accidents that occurred before July 1, 1990, including the cost of repaying bonds issued and loan proceeds given under [section 2] and this section. If the state fund determines that, for the next 1 or more years following the date of the determination, the tax revenue, together with funds in the account required by 39-71-2321 for claims for injuries resulting from accidents that occurred before July 1, 1990, will be insufficient to administer and pay those claims, the state fund may, through its board of directors, request the budget director to certify to the board of investments that additional funding is necessary. If the budget director agrees with the state fund's board of directors that additional funding is necessary, the budget director shall certify to the board of investments the amount that the budget director determines is necessary to administer and pay claims for injuries resulting from accidents that occurred before July 1, 1990. Except as provided in subsection (2), the board of investments shall, at times and in amounts it considers necessary or advisable, finance the amount certified by the budget director by giving the state fund the proceeds of a loan or a bond issue to administer and pay claims for injuries resulting from accidents that occurred before July 1, 1990. Loans must be from reserves accumulated from premiums paid to the state fund based upon wages payable on or after July 1, 1990. The board of investments shall choose the method of financing that is most cost-effective for the state fund. A loan must bear interest at the rate the money would earn in the pooled investment fund required by 17-6-203. The board of investments may also, upon request of the board of directors of the state fund, give the state fund the proceeds of a bond issue, to be used to pay off loans made under [section 2] and this section. Bonds for the state fund must be workers' compensation bonds issued under [section 2].

(2) The total amount of loan proceeds given to the state fund plus workers' compensation bonds issued under [section 2], except bonds issued to repay loans as provided for in subsection (1), may not exceed $220 million. All loan and bond proceeds given to the state fund must be repaid to the board of investments before July 1, 2020.

Section 2. **Workers' compensation bonds — loans — form — principal and interest.** (1) Subject to the $220 million limit contained in [section 1(2)], the board of investments may not give the state fund loan proceeds or issue workers' compensation bonds unless the aggregate amount of outstanding and proposed loans and bonds can be serviced with no more than 90% of the amount of tax revenue that the department of revenue estimates will be raised by the tax imposed under 39-71-2503 during the remainder of the then current fiscal year and during each succeeding fiscal year through the end of the fiscal year in which the last then outstanding or proposed loan or bond will be repaid or retired.

(2) Bonds are limited obligations payable solely from and secured by the money deposited in the workers' compensation bond repayment account created by 39-71-2504. Each series of bonds may be issued by the board of investments at public or private sale, in denominations and form, whether payable to bearer or registered as to principal or both principal and interest, with such provisions for the conversion or exchange, bearing interest at a rate or rates or the method of determining the rate or rates, maturing at times, not later than June 30, 2020, subject to redemption at earlier times and prices and upon notice, and payable at the office of a fiscal agency of the state, as determined by the board of investments. Any action taken by the board of investments under [section 1] and this section must be approved by at least a majority vote of its members.

(3) In all other respects the board of investments is authorized to prescribe the form and terms of the bonds and shall do whatever is lawful and necessary for their issuance and payment.

(4) Bonds and any interest coupons appurtenant thereto must be signed by the members of the board of investments, and the bonds must be issued under the great seal of the state of Montana. The bonds and coupons may be executed with facsimile signatures and seal in the manner and subject to the limitations prescribed by law. The state treasurer shall keep a record of all bonds issued and sold.

(5) All loan and bond proceeds given to the state fund must be deposited to the credit of the account required by 39-71-2321 for claims for injuries resulting from accidents that occurred before July 1, 1990, and may be used only for the administration and payment of those claims and for the costs of giving the loan proceeds and issuing the bonds.

Section 3. **Mutually agreeable lump-sum settlements.** During the period beginning October 1, 1991, and ending September 30, 1992, a workers' compensation claimant and the state fund may, regardless of the lump-sum law in effect on the date of the injury, mutually agree to a lump-sum settlement of a claim. If a mutual agreement is not reached, the lump-sum law in effect on the date of the injury applies.

Section 4. Section 39-71-2321, MCA, is amended to read:

"**39-71-2321. What to be deposited in state fund.** (1) All premiums, penalties, recoveries by subrogation, interest earned upon money belonging to the state fund, and securities acquired by or through use of money must be deposited in the state fund. They must be separated into two accounts based upon whether they relate to claims for injuries resulting from accidents that occurred before July 1, 1990, or claims for injuries resulting from accidents that occur on or after that date.

(2) The ~~loan~~ proceeds *of bonds issued and loans* given to the state fund under ~~39-71-2353~~ *[sections 1 and 2]* must be deposited in the account for claims for injuries resulting from accidents that occurred before July 1, 1990."

Section 5. Section 39-71-2351, MCA, is amended to read:

"**39-71-2351. Purpose of separation of state fund liability as of July 1, 1990, and of separate funding of claims before and on or after that date.** (1) An unfunded liability exists in the state fund. It has existed since at least the mid-1980s and has grown each year. There have been numerous attempts to solve the problem by legislation and other methods. These attempts have alleviated the problem somewhat, but the problem has not been solved.

(2) The legislature has determined that it is necessary to the public welfare to make workers' compensation insurance available to all employers through the state fund as the insurer of last resort. In making this insurance available, the state fund has incurred the unfunded liability. The legislature has determined that the most cost-effective and efficient way to provide a source of funding for and to ensure payment of the unfunded liability and the best way to administer the unfunded liability is to:

(a) separate the liability of the state fund on the basis of whether a claim is for an injury resulting from an accident that occurred before July 1, 1990, or an accident that occurs on or after that date;

(b) extend the payroll tax imposed by 39-71-2503 and dedicate the tax money first to the repayment of ~~loans given~~ *bonds issued* under ~~39-71-2353~~ *[sections 1 and 2]* and then to the *repayment of loans given under [sections*

1 and 2] and the direct payment of the costs of administering and paying claims for injuries from accidents that occurred before July 1, 1990.

(3) The legislature further determines that in order to prevent the creation of a new unfunded liability with respect to claims for injuries for accidents that occur on or after July 1, 1990, certain duties of the state fund should be clarified and legislative oversight of the state fund should be increased."

Section 6. Section 39-71-2352, MCA, is amended to read:

"**39-71-2352. Separate payment structure and sources for claims for injuries resulting from accidents that occurred before July 1, 1990, and on or after July 1, 1990 — spending limit.** (1) Premiums paid to the state fund based upon wages payable before July 1, 1990, may be used only to administer and pay claims for injuries resulting from accidents that occurred before July 1, 1990. Except as provided in 39-71-2316(9) and ~~39-71-2353~~ *[section 1]*, premiums paid to the state fund based upon wages payable on or after July 1, 1990, may be used only to administer and pay claims for injuries resulting from accidents that occur on or after July 1, 1990.

(2) The state fund shall:

(a) determine the cost of administering and paying claims for injuries resulting from accidents that occurred before July 1, 1990, and separately determine the cost of administering and paying claims for injuries resulting from accidents that occur on or after July 1, 1990;

(b) keep adequate and separate accounts of the costs determined under subsection (2)(a); and

(c) fund administrative expenses and benefit payments for claims for injuries resulting from accidents that occurred before July 1, 1990, and claims for injuries resulting from accidents that occur on or after July 1, 1990, separately from the sources provided by law.

(3) The state fund may not spend more than $3 million a year to administer claims for injuries resulting from accidents that occurred before July 1, 1990."

Section 7. Section 39-71-2503, MCA, is amended to read:

"**39-71-2503. Workers' compensation payroll tax.** (1) (a) There is imposed on each employer a workers' compensation payroll tax in an amount equal to 0.28% of the employer's payroll in the preceding calendar quarter for all employments covered under 39-71-401, except that if an employer is subject to 15-30-204(2), the tax is an amount equal to 0.28% of the employer's payroll in the preceding week. This payroll tax must be used to reduce the unfunded liability in the state fund incurred for claims for injuries resulting from accidents that occurred before July 1, 1990. ~~The department must report past and projected future tax proceeds to the legislature, which shall consider the report and determine the tax rate~~

~~necessary for repayment of loans with interest.~~ *If one or more loans or bonds are outstanding, the tax must be continued at the 0.28% rate and the legislature may not modify the tax rate, the use of the tax proceeds, or this section in a manner that reduces the security for repayment of the outstanding loans or bonds, except that the legislature may forgive payment of the tax or reduce the tax rate for any 12-month period if the workers' compensation bond repayment account contains on the first day of that period an amount, regardless of the source, that is in excess of the reserve maintained in the account and that is equal to the amount needed to pay and dedicated to the payment of the principal, premium, and interest that must be paid during that period on the outstanding loans or bonds. The legislature may not increase the tax rate except upon a two-thirds vote of each house.*

(b) Each employer shall maintain the records the department requires concerning the employer's payroll. The records are subject to inspection by the department and its employees and agents during regular business hours.

(2) All collections of the tax are appropriated to and must be deposited as received in the tax account. The tax is in addition to any other tax or fee assessed against employers subject to the tax.

(3) (a) On or before the 20th day of May, August, November, and February, each employer subject to the tax shall file a return in the form and containing the information required by the department and, except as provided in subsection (3)(b), pay the amount of tax required by this section to be paid on the employer's payroll for the preceding calendar quarter.

(b) An employer subject to 15-30-204(2) shall remit to the department a weekly payment with its weekly withholding tax payment in the amount required by subsection (1)(a).

(c) A tax payment required by subsection (1)(a) must be made with the return filed pursuant to 15-30-204. The department shall first credit a payment to the liability under 15-30-202 and credit any remainder to the workers' compensation tax account provided in 39-71-2504.

(4) An employer's officer or employee with the duty to collect, account for, and pay to the department the amounts due under this section who willfully fails to pay an amount is liable to the state for the unpaid amount and any penalty and interest relating to that amount.

(5) Returns and remittances under subsection (3) and any information obtained by the department during an audit are subject to the provisions of 15-30-303, but the department may disclose the information to the department of labor and industry under circumstances and conditions that ensure the continued confidentiality of the information.

(6) The department of labor and industry and the state fund shall, on July 1, 1991, or as soon after that date as possible, give the department a list of all employers having coverage under any plan administered or regulated by the department of labor and industry and the state fund. After the lists have been given to the department, the department of labor and

industry and the state fund shall update the lists weekly. The department of labor and industry and the state fund shall provide the department with access to their computer data bases and paper files and records for the purpose of the department's administration of the tax imposed by this section.

(7) The provisions of Title 15, chapter 30, not in conflict with the provisions of this part regarding administration, remedies, enforcement, collections, hearings, interest, deficiency assessments, credits for overpayment, statute of limitations, penalties, and department rulemaking authority apply to the tax, to employers, and to the department."

Section 8. Section 39-71-2504, MCA, is amended to read:

"**39-71-2504. Workers' compensation tax account.** (1) There is a workers' compensation tax account in the state special revenue fund. The workers' compensation tax account consists of a tax account and a workers' compensation ~~loan~~ *bond* repayment account.

(2) All collections of the tax, interest and penalties on the tax, and revenue appropriated to the workers' compensation tax account under section 11, Chapter 9, Special Laws of June 1989, must be deposited in the workers' compensation tax account. All such money deposited in the workers' compensation tax account must be credited to the workers' compensation ~~loan~~ *bond* repayment account to the extent necessary to pay the principal of *and redemption premium* and interest due on workers' compensation ~~loans~~ *bonds* issued under ~~39-71-2353~~ *[sections 1 and 2] and to establish and maintain a reserve for the bonds equal to the maximum annual principal of and interest on the bonds in any future year*. The balance in the workers' compensation ~~loan~~ *bond* repayment account must be credited to the tax account within the workers' compensation tax account and is statutorily appropriated, as provided in 17-7-502, to the state fund to be used to reduce the unfunded liability in the state fund incurred for claims for injuries resulting from accidents that occurred before July 1, 1990."

Section 9. **Repealer.** Section 39-71-2353, MCA, is repealed.

Section 10. **Saving clause.** [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 11. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 12. **Codification instruction.** [Sections 1 through 3] are intended to be codified as an integral part of Title 39, chapter 71, part 23, and the provisions of Title 39, chapter 71, part 23, apply to [sections 1 through 3].

Section 13. **Requirements for approval of state debt.** Because [this act] authorizes the creation of a state debt, a vote of two-thirds of the members of each house of the legislature is required for enactment of [this act]. If [this act] is not approved by the required vote, [this act] is void.

Section 14. **Effective date.** [This act] is effective July 1, 1991.

Approved May 17, 1991.

"**33-1-711. Appeals from the commissioner.** (1) An appeal from the commissioner may be taken only from an order on hearing or with respect to a matter as to which the commissioner has refused a hearing. Any person who was a party to the hearing or whose pecuniary interests are directly and immediately affected by any order or refusal and who is aggrieved by an order or refusal may, within 30 days after the order has been mailed or delivered to the persons entitled to receive the same, the commissioner's order denying rehearing or reargument has been so mailed or delivered, or the commissioner's refusal to grant a hearing, appeal from the order on hearing or the refusal of a hearing. Any request for a stay of the commissioner's order must be made within 60 days, to run concurrently with the 30 days for appeal. The appeal must be taken to the district court of Lewis and Clark County by filing written notice of appeal in the court and by filing a copy of the notice with the commissioner, except that in appeals from the suspension or revocation of the certificate of authority of a domestic insurer or of the license of an insurance producer or surplus lines insurance producer, the person taking the appeal may at his option, in lieu of the district court of Lewis and Clark County, take the appeal to the district court of the county of Montana in which the insurer has its principal place of business or the licensee resides.

(2) Upon filing of the notice of appeal, the court has full jurisdiction and shall determine whether the filing operates as a stay of the order or action appealed from.

(3) Within 20 days after filing of the copy of the notice of appeal in his office, the commissioner shall make and return to the court in which the appeal is pending a copy of his order appealed from and a full and complete transcript, duly certified by the commissioner, of his record of the hearing upon which the order was issued, together with all exhibits and documentary evidence introduced at the hearing. If the appeal is from an action of the commissioner with respect to which a hearing was refused, the commissioner shall, within the 20-day period, make and return to the court a full and complete transcript, duly certified by him, of all documents on file in his office directly relating to the matter as to which the appeal is taken.

(4) Upon receipt of the transcripts and evidence, the court shall hear the matter ~~de novo~~ as soon as reasonably possible thereafter. Upon the hearing of the appeal, the court shall consider the evidence contained in the transcript, exhibits, and documents filed by the commissioner, together with additional proper evidence as may be offered by any party to the appeal.

(5) After hearing the appeal, the court may affirm, modify, or reverse the order or action of the commissioner, in whole or in part, or remand the action to the commissioner for further proceedings in accordance with the court's direction.

(6) Costs must be awarded as in civil actions.

(7) Appeal may be taken to the supreme court from the judgment of the district court as in other civil cases to which the state is a party. A stay of the effectiveness of any judgment may be made only by order of the supreme court upon the giving of security as that court considers proper.

(8) This section does not apply to appeals as to matters covered by chapter 16."

Failure by a contributing member to tender to the association the assessment within 30 days is grounds for termination of membership. An association member that ceases to do disability insurance business within the state remains liable for assessments through the calendar year during which disability insurance business ceased. The association may decline to levy an assessment against an association member if the assessment, as determined pursuant to this section, would not exceed $10.

(6) Any annual fiscal yearend or interim assessment levied against an association member may be offset, in an amount equal to the assessment paid to the association, against the premium tax payable by that association member pursuant to 33-2-705 for the year in which the annual fiscal yearend or interim assessment is levied. The insurance commissioner shall, each year the legislature meets in regular session, on or before January 15, report to the legislature the total amount of premium tax offset claimed by association members during the preceding biennium."

CHAPTER NO. 799

[SB 37]

AN ACT REQUIRING COUNTIES TO PROVIDE YOUTH DETENTION SERVICES; AUTHORIZING ESTABLISHMENT OF REGIONAL DETENTION FACILITIES; DEFINING COUNTY RESPONSIBILITIES FOR THE COST OF PLACING A YOUTH IN A COUNTY OR REGIONAL DETENTION FACILITY; PROVIDING STATE GRANTS TO FUND COUNTY YOUTH DETENTION SERVICES, INCLUDING YOUTH DETENTION FACILITIES, HOLDOVERS, SHORT-TERM DETENTION CENTERS, AND PROGRAMS FOR THE TRANSPORTATION OF YOUTH TO REGIONAL DETENTION FACILITIES; REQUIRING STATE APPROVAL OF COUNTY PLANS FOR PROVIDING YOUTH DETENTION SERVICES AS A CONDITION OF PROVIDING STATE GRANTS TO COUNTIES; LIMITING STATE GRANTS FOR COUNTY YOUTH DETENTION SERVICES; PROVIDING THE BOARD OF CRIME CONTROL AUTHORITY TO ADOPT RULES; CLARIFYING USE OF THE TAX ON DANGEROUS DRUGS TO FUND YOUTH DETENTION SERVICES; STATUTORILY APPROPRIATING A PORTION OF LOTTERY PROCEEDS TO FUND STATE GRANTS TO COUNTIES FOR YOUTH DETENTION SERVICES; AMENDING SECTIONS 15-25-122, 23-5-1007, 23-5-1027, 41-3-1103, 41-5-103, 41-5-105, 41-5-306, 41-5-308, 41-5-802, AND 41-5-809, MCA; AMENDING SECTIONS 14 AND 17, CHAPTER 434, LAWS OF 1989; REPEALING SECTIONS 41-5-315, 41-5-316, AND 41-5-808, MCA; AND PROVIDING EFFECTIVE DATES.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 14] grants the board of crime control authority to adopt rules necessary to implement provisions of this bill.

It is the intent of the legislature, in enacting this bill, to provide alternatives to the detention of youth in adult jails in order to meet the requirements of Senate Bill No. 38, which prohibits the detention of youth in adult jails.

In order to ensure that alternatives to jail are established, the legislature intends that each county have the primary responsibility to provide youth detention services, as required by [section 2]. In addition, in order to stimulate the development of needed services, the legislature intends to provide state grants authorized in [section 8], using state and federal funds, to assist counties in providing a spectrum of services for the detention and care of youth. These services are intended to include but are not limited to youth detention facilities, short-term detention centers, holdovers, attendant care, home detention, and programs for the transportation of youth to regional detention facilities.

The legislature intends that counties receiving state grants should share in the costs of services in order to prevent excessive utilization of services and to give counties a financial incentive to hold down program costs. For this reason, [section 10] requires that state grants be provided on a matching basis or, if in a block grant, based on a percentage of the approved cost of services.

In order to discourage the use of secure detention and to promote the use of less costly, nonsecure community-based programs, the legislature intends to provide state grants to counties at a higher rate of payment for such services, including holdovers, attendant care, and other alternatives to secure detention.

The legislature further intends that, as a condition of receiving state grants under [section 8], each county shall develop a written plan for providing youth detention services, including alternatives to secure detention. The development of county plans is required to ensure that formal planning does, in fact, occur and to make certain that state grants are not provided for services that are not well planned in advance.

As a further condition of receiving state grants under [section 8], each county shall, within a reasonable period of time, demonstrate compliance or substantial compliance with state law and policies contained in the Montana Youth Court Act relating to the detention and placement of youth. The legislature intends that the board of crime control review and monitor counties receiving grants under [section 8] to assure compliance or substantial compliance with the Montana Youth Court Act.

Finally, the legislature intends that the board of crime control adopt rules as authorized in [section 14]. In adopting rules, the board may:

(1) establish requirements for approved holdovers consistent with the definition of holdovers provided in 41-5-103(13);

(2) designate geographical areas of the state that are eligible for creation of a youth detention region under [section 4]. In designating these areas, the board shall use available state data showing the number of youth held in detention in each county of the state.

(3) adopt procedures governing the distribution and allocation of funds in accordance with [sections 10 and 11];

(4) provide a system to review and monitor counties under [section 9] to assure that counties receiving grants are in compliance or substantial compliance with the Montana Youth Court Act;

(5) provide standards for determining compliance or substantial compliance with the Montana Youth Court Act pursuant to [section 9]. These standards should be based upon comparable standards for compliance with sections 223(a)(12) and 223(a)(14) of the federal Juvenile Justice and Delinquency Prevention Act of 1974.

(6) establish a process for providing notice and fair hearings required under [section 9] in order to terminate state grants to counties that fail to attain compliance or substantial compliance with the Montana Youth Court Act.

Be it enacted by the Legislature of the State of Montana:
